Kindly note that my funds matured on 12th August 2012. My funds were kept by LM without my authority but LM has promised me by their letter that LM will refund me the whole amount together with the accrued interest before they went insolvent. So Kordamentha as Trustees should have refunded me with the whole amount together with the accrued interest and not keeping my funds in their hands. So Kordamentha as Trusties should have abided as per LM prospectus and promises as le legality.

I hope to receive my money back without further delay.

Regards

Charles Borg

Subject: Re: LM Managed Performance Fund - Update to Investors No. 16

Dear Kordamenth,

Further to my e-mail dated 24th November 2017 for which I did not receive any kind of reply.

I still insist that my matured funds should have been refunded way back since Kordamentha have been as Trustees.

Kordamentha as Trustee are still keeping my money although LM has promised me that my funds will be refunded together with the accrued interest,

So in my opinion Kordamentha as Trustees are repeating same mistake instead correcting by issuing such payments of matured funds that LM has actually has promised.

Kordamentha should abide by LM prospectus and promises as in my opinion this is the wright of way in legality.

Kindly note that I have been waiting for my matured funds since 12th August 2012 and I hope that Kordamentha effect such refund of matured funds without further delay according to legality.

Thanking you for your co-operation and assistance.

Dear Kordamentha

Reference to your e-mail dated 10th November 2017.

Kindly note that LM have kept my matured funds without my authority and promised me to send me my full amount invested together with the accrued interest since August 2012.

I assume that such responsibility was handed over to Kordamentha as Trustees just one year later being LM insolvency..

So now I understand that Kordamentha since year 2013 till to-date, I am still without my funds and so my position with LM and Kordamentha is still the same,

Kordamentha should have actioned what LM has promised to the investors who had matured funds before their insolvency because legally those matured funds should have been refunded to us since Kordamentha have taken such responsibility as Trustees.

I need to know when I shall receive my funds together with the accrued interest as I have been waiting more than five years now.

Thanking you for your co-operation and assistance and I hope that Kordamentha will not only understand my frustration but gives me my sort of light.

Dear Charles

Whilst we note your investment matured prior to closure of the fund, the Trustee reiterates that there will be no distribution made outside of the ordinary course of the winding up.

The Trustee acts in the interest of the investors and preserving the remaining value of the Fund. Until such time as substantially all possible recovery actions and litigation is complete, a distribution will not be made.

Kind Regards

Dear Kordamentha

Thank you for your e-mail of today 9th November 2017

Kindly note that I have been waiting for my funds since August 2012 which is over five years now.

Kordamentha should have abided by the promises and LM commitments that have made with me to my matured funds way back in August 2012.

Kordamentha must effect payment without further delay.

Kordamentha should not go against LM promises and prospectus. Matured funds should have been settled.

I hope to hear from you when exactly I shall receive my legitimate funds together with the accrued interest as per LM letter sent to me and Kordamentha should do exactly that LM promised to me on my matured funds.

Thanking you once again for your co-operation.

Subject: Re: LM Managed Performance Fund - Update to Investors No. 16

Dear Kordamentha

Further to my last e-mail dated 26th May 2017 for which my email was not replied.

I still insist that my funds should be refunded back IN FULL AND WITHOUT FURTHER DELAY. I repeat my case that my funds were matured in August 2012 before LM insolvency. My funds were kept by LM WITHOUT MY AUTHORITY AND AGAINST THEIR PROSPECTUS WHICH IS ILLEGAL AND IN MY OPINION THIS IS A CASE OF FRAUD.

It seems that Kordamentha are threatening all investors the same that is those funds that matured and also those funds that were not matured. My funds matured BEFORE INSOLVENCY and that is why should be paid back in full without further delay.

My funds were kept by LM without my authority and that why should be paid back without further delay.

LM kept my MATURED FUNDS WHILE LM IS STILL IN BUSINESS - SO THIS IS AGAINST THEIR PROSPECTUS AND ILLEGAL and that is why my money should be paid back in full without further delay.

It seems that Kordamentha are going to leave the decision of my case in the court hands. So if this is the whole truth, I need such decision in writing as I still understand that LM went against their prospectus and so my money have to be refunded back without further delay.

I am copying always Ms Lorraine Falzon of MFSP to confirm with her that the above is whole truth.

I hope to receive a fundamental proof by court or Kordamentha with regards to my case decision as I need my money back without further delay.

Thanking you for your co-operation and assistance.

Best Regards

Charles Borg

On Fri, May 26, 2017 at 2:14 AM, lminvestors <lminvestors@kordamentha.com> wrote:

Dear Charles,

I refer to our ongoing correspondence regarding your investment in the LM Managed Performance Fund ('the Fund').

Account transaction details

We confirm that we have received your original application form and have undertaken a review of the transaction history of your investment (as contained in the books and records of the fund).

It is apparent from the transaction history that your investment was not redeemed in full on 20 August 2012, rather, partial redemptions were processed on 20 August 2012 and 20 February 2013. It is understood that this may not have been consistent with your original instructions to the fund.

We can confirm that you are listed as a current unitholder in the fund.

Suspension and delay of redemptions prior to winding up of the fund

Based on our investigations of the fund to date, it is apparent that the fund was not processing all redemptions to unitholders in the ordinary course for a period prior to the closure of the fund in March 2013. We understand that the former Trustee was relying on clauses of the Fund's constitution which allowed a level of discretion regarding withdrawal of units (redemptions). There is also information regarding withdrawal delays and liquidity preservation rules on pages 22 and 28 of the Information Memorandum dated 25 November 2009 (attached).

It is likely that the redemption of your investment in August 2012 was impacted by withdrawal delays being implemented by the fund at the time your investment was due to mature.

Treatment of matured unitholdings

Due to the circumstances of the fund prior to appointment of the Trustee, and particularly due to the delays on unitholder withdrawals being implemented by the Fund, we consider it equitable that all unitholders, including those with investments that had matured and not been paid or those which would otherwise have matured in accordance with investor instructions, be treated equally.

Prior to any distribution made by the Trustee, Court directions will be sought in relation to this matter and we will act in accordance with such Court directions.

Should the Court directions require a different treatment of matured unitholdings, we may need to undertake an assessment of unitholders who were impacted by delayed withdrawals (including your unitholding) and potentially seek further directions in relation to these unitholders.

As per our previous correspondence, the Trustee will provide updates in respect to prospective distributions.

Regards,

KordaMentha

Dear KordaMentha

Futher tp my last e-mail sent to you on Monday 17th April 201.

As you are aware a copy of the original application was sent to you as requested for further investigation.

Since LM have kept my money after they have been matured without my authority and against their prospectus, I am still expecting my full amount of money back with further delay.

I hope that KordaMentha consider my request as soon as possible.

Thanking you once again for your co-operation and assistance.

Regards

Charles Borg

Dear KordaMentha

As you are aware a copy of the original application have been sent to you as requested for further investigation by MFSP namely Ms Lorainne Falzon.

I hope to receive all my money back because LM have kept my money after maturity without my authority. My funds matured in August 2012 and these funds should have been refunded to me in August 2012.

As you know I am still without my money back, because LM kept my money against their prospectus which is illegal.

I expect my money to be refunded without further delay.

Thanking you for your co-operation and assistance.

I am very surprised with your service because LM have ignored the agreement and kept my money after maturity without my authority. My deposit was for TWO years ONLY.

I repeat this is ILLEGAL and my money should be PAID IN FULL..

MFSP - Ms Lorianne Falzon can confirm such agreement and I am very frustrated with such situation created by LM.

I really need your reply in writing and not verbally on phone.

I hope that KordaMentha consider my situation more carefully.

I repeat again my case. My funds matured in August 2012 and my money were kept by LM without my authority. This is completely illegal and against Lm prospectus. So I am still waiting for the refund of my money in FULL.

I hope that my case will be considered by the responsible people who are taking care of such liquidation. My money should have been refunded upon maturity i because LM were not Insolvency.

I hope that this time my e-mail shall be answered and hoping a positive reply as I am really frustrated with such situation.

Thanking you in advance for your earliest co-operation and assistance.

Dear Sir / Madam -KordaMentha

As you have stated all distributors were suspended to protect the overall value of the Fund on 19 March 2013. My Funds matured BEFORE such date i.e. AUGUST 2012 and my funds were kept by LM WITHOUT MY AUTHORITY.

In my opinion this is completely illegal or Fraud.

So kindly note that I need all my funds back as soon as possible and without further delay.

Hope that the responsible persons consider my case urgently as I am really frustrated being faced with such incredible situation.

Dear Charles

Whilst we note your advice that the monies were not received, please note that KordaMentha was appointed as trustee of the Fund on 12 April 2013 and that the Fund was closed on 19 March 2013.

As a result of the Fund's closure, all distributions were suspended so as to protect the overall value of the Fund.

The Trustee does not currently have the infrastructure to trace these transactions.

Given the Fund is currently being wound up, the monies will not be repaid but will instead be included in this accounts overall unit holding for the purposes of calculating it's pro-rata share of any final distribution (if available).

Kind regards

Trustee of LM Managed Performance Fund

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Good afternoon,

As per my email of the 24th May 2016 (copy below) and a reminder on the same subject on 30th June 2016. We greatly appreciate that our questions raised in our email of 24th May 2016 will be address as soon as possible either via email or through the next Investor update. We are being bombarded with client enquiries on the future of their capital and what possibility there is, if investors in the LM Managed Performance Fund can recover some of their capital through the Australian Investor compensation scheme, since the trustees of the fund (LMIM) were regulated by the Australian Regulator.

Mr. Charles Borg is being copied in my email, because he is an investor in the LM MPF, who invested through MFSP Financial. Mr. Borg had his investment of €5,000 maturing 19th August 2012 (copy of contract note attached), months before that LMIM announced on 20th March 2013 that John Park and Ginette Muller of FTI consulting were appointed as Voluntary Administrators.

Rightly so Mr. Borg is asking that he should have received the funds as per the contract stipulated between the LM MPF and himself, and therefore he should be treated differently from other investors who had their investment maturing after 20th March 2013. We would appreciate your reply in this regard as well and copy Mr. Borg in your reply.

Kind Regards,

Lorraine Falzon

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Good afternoon,

We are a Financial Services company in Malta, regulated by the Malta Financial Services Authority, whicj introduced a number of Maltese investors in the LM Australian Income Fund and the LM Managed Performance Fund. From the updates we are receiving we are more of the view that LMIM as the trustees of the LM Managed Performance Fund, did not perform their duties in the best interest of investors, to say it mildly. MFSP Financial had investors in the LM MPF that their investment matured in January 2013 and February 2013, but funds were never paid back to investors. LMIM issued letters to such investors which we have copies of, assuring investors that their capital is safe and earning income. We both know that at that time (Jan 2013) LMIM we fully aware of the financial position of the fund (LM MPF) and they were misleading investors in believing that the fund is sound and safe. This action was taken by LMIM is solely to attract new monies into the fund.

LMIM is a regulated financial services company in Australia, its directors were also approved by the said Authority they are bound with strict regulations, first and foremost to act in the best interest of investors and to manage the funds and the underlying assets in line with the prospectus. We understand that both regulations mentioned above were not taken seriously by LMIM and the mess they did with our clients funds is unheard of, as disclosed in investors update 15. With such behaviour, investors in the LM MPF are facing losing a high percentage of their capital invested because both LMIM and LM MPF do not have sufficient funds to pay investors in the LM MPF, which means are both companies are near to insolvent.

In Malta, when a Regulated Financial Services Company is unable or likely to be unable to pay claims against it, in general this is when the licensed firm stops trading or becomes insolvent, the Investor Compensation Scheme kicks in. This scheme is a rescue fund for customers of failed investment firms which are licensed by the Malta Financial Services Authority (MFSA). The Scheme is based on the EU Directive 97/9 on investor-compensation schemes. It is financed by investment firms respectively and consumers will

not be asked to contribute to the scheme. In Malta consumers are eligible for a maximum compensation of €20,000 per person.

We are also aware that there is a similar scheme is the UK which is managed by the Financial Services Compensation Scheme. The scheme was set up under the Financial Services and Markets Act 2000 and became active on 1 December 2001. MFSP assisted investors who had a claim against a regulated UK Financial Services Company called Catalyst Investment Group because the said company was in default. Consumers were eligible for a maximum compensation of £50,000 per person.

We believe that the Australian Regulator also has in place a form of Investor Compensation Scheme. We believe that investors who were invested in the LM MPF are eligible to submit a claim against LMIM for their miss conduct.

We are aware that you are in touch with the Australian Regulator and are being updated on a regular basis with your findings. Could you please look into the above and guide us how we can assist Maltese investors to submit a claim against LMIM with the Australian Regulator.

Thanking you in anticipation,

Kind regards,

Lorraine Falzon

Subject: LM Managed Performance Fund - Update to Investors No. 16

Dear Sir / Madam

Please find attached the latest update to Investors.

Should you have any queries following your consideration of the Update, further information can be obtained by:

- accessing the KordaMentha website at http://www.kordamentha.com/creditor-information/australia/109;

- if you are unable to find the answer to your query in any of our Updates or Frequently Asked Questions listing then you may email lminvestors@kordamentha.com; (In order to manage the ongoing management costs of the Fund, due to the high volume of enquires made via email the Trustees will only review and respond to emails on a fortnightly basis).

Please note that the Trustees make every attempt to answer your enquiries on a regular basis however due to the number of queries received and our focus on managing costs of the Fund there may be some delay in responding to your individual requests. We appreciate your patience whilst we manage the large volume of emails and telephone calls received during this time.

Yours sincerely

KordaMentha

Dear Lorraine,

I apologise for the delay in response to your email.

I confirm that we are not aware of any Australian regulator compensation scheme which is available to the unitholders of the Managed Performance Fund.

The Trustee will advise unitholders if it becomes aware of any such scheme.

Regards,

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Good afternoon,

As per my email of the 24th May 2016 (copy below) and a reminder on the same subject on 30th June 2016. We greatly appreciate that our questions raised in our email of 24th May 2016 will be address as soon as possible either via email or through the next Investor update. We are being bombarded with client enquiries on the future of their capital and what possibility there is, if investors in the LM Managed Performance Fund can recover some of their capital through the Australian Investor compensation scheme, since the trustees of the fund (LMIM) were regulated by the Australian Regulator.

Mr. Charles Borg is being copied in my email, because he is an investor in the LM MPF, who invested through MFSP Financial. Mr. Borg had his investment of €5,000 maturing 19th August 2012 (copy of contract note attached),

months before that LMIM announced on 20th March 2013 that John Park and Ginette Muller of FTI consulting were appointed as Voluntary Administrators.

Rightly so Mr. Borg is asking that he should have received the funds as per the contract stipulated between the LM MPF and himself, and therefore he should be treated differently from other investors who had their investment maturing after 20th March 2013. We would appreciate your reply in this regard as well and copy Mr. Borg in your reply.

Kind Regards,

Lorraine Falzon

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Good afternoon,

We are a Financial Services company in Malta, regulated by the Malta Financial Services Authority, whicj introduced a number of Maltese investors in the LM Australian Income Fund and the LM Managed Performance Fund. From the updates we are receiving we are more of the view that LMIM as the

trustees of the LM Managed Performance Fund, did not perform their duties in the best interest of investors, to say it mildly. MFSP Financial had investors in the LM MPF that their investment matured in January 2013 and February 2013, but funds were never paid back to investors. LMIM issued letters to such investors which we have copies of, assuring investors that their capital is safe and earning income. We both know that at that time (Jan 2013) LMIM we fully aware of the financial position of the fund (LM MPF) and they were misleading investors in believing that the fund is sound and safe. This action was taken by LMIM is solely to attract new monies into the fund.

LMIM is a regulated financial services company in Australia, its directors were also approved by the said Authority they are bound with strict regulations, first and foremost to act in the best interest of investors and to manage the funds and the underlying assets in line with the prospectus. We understand that both regulations mentioned above were not taken seriously by LMIM and the mess they did with our clients funds is unheard of, as disclosed in investors update 15. With such behaviour, investors in the LM MPF are facing losing a high percentage of their capital invested because both LMIM and LM MPF do not have sufficient funds to pay investors in the LM MPF, which means are both companies are near to insolvent.

In Malta, when a Regulated Financial Services Company is unable or likely to be unable to pay claims against it, in general this is when the licensed firm stops trading or becomes insolvent, the Investor Compensation Scheme kicks in. This scheme is a rescue fund for customers of failed investment firms which are licensed by the Malta Financial Services Authority (MFSA). The Scheme is based on the EU Directive 97/9 on investor-compensation schemes. It is financed by investment firms respectively and consumers will not be asked to contribute to the scheme. In Malta consumers are eligible for a maximum compensation of €20,000 per person.

We are also aware that there is a similar scheme is the UK which is managed by the Financial Services Compensation Scheme. The scheme was set up under the Financial Services and Markets Act 2000 and became active on 1 December 2001. MFSP assisted investors who had a claim against a regulated UK Financial Services Company called Catalyst Investment Group because the said company was in default. Consumers were eligible for a maximum compensation of £50,000 per person.

We believe that the Australian Regulator also has in place a form of Investor Compensation Scheme. We believe that investors who were invested in the LM MPF are eligible to submit a claim against LMIM for their miss conduct.

We are aware that you are in touch with the Australian Regulator and are being updated on a regular basis with your findings. Could you please look into the above and guide us how we can assist Maltese investors to submit a claim against LMIM with the Australian Regulator.

Thanking you in anticipation,

Kind regards,

Lorraine Falzon

Subject: LM Managed Performance Fund - Update to Investors No. 16

Dear Sir / Madam

Please find attached the latest update to Investors.

Should you have any queries following your consideration of the Update, further information can be obtained by:

- accessing the KordaMentha website at http://www.kordamentha.com/creditor-information/australia/109;

- if you are unable to find the answer to your query in any of our Updates or Frequently Asked Questions listing then you may email lminvestors@kordamentha.com; (In order to manage the ongoing management costs of the Fund, due to the high volume of enquires made via email the Trustees will only review and respond to emails on a fortnightly basis).

Please note that the Trustees make every attempt to answer your enquiries on a regular basis however due to the number of queries received and our focus on managing costs of the Fund there may be some delay in responding to your individual requests. We appreciate your patience whilst we manage the large volume of emails and telephone calls received during this time.

Yours sincerely

Dear kordamentha
Thank you for your e-mail dated 13th may 2018.
I understand that directions by the court are to be seen with regards to the methology of distribution. But i need a fundamental proof in writing what exactly kordamentha is informing the court as regards to my case wherin the court have to be notified w ith all my e-mails so that the court will take a good decision to my case.
At this point in time since august 2012 i.e. the of my matured funds, i am still with the same position witout my matured funds and also without the accrued interest which is nearly 7 years after.

I hope to receive a fundamental proof to my request and an encouragement to get my money back which were fixed for just 2 years and now 6 years later i am in a desperate position to sustain my daily living.

Thanking you once again.
Regards
Charles borg

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

I regret again to tell you that kordamentha is ignoring the letter that lm have sent me when my funds matured. Lm promised me that they will refund me all my matured funds together with the accrued interest. My funds matured in august 2012 and kordamentha as trustees from april 2013 has kept my matured funds till todate. In my opinion this is against the rule of law and i understand that not all witholders are to be treated the same. Matured funds should have been settled. Unless i receive a fundamental wtitten reason to my case, my position to my case remain the same as from the date of my matured funds.

My funds were invested with lm for two years only because i need and still todate need my money back to sustain my daily living. Lm has promised me my money back as per their prospectus but kordamentha are still keeping my money.

I hope that kordamentha understand my position of frustration.

Thanking you for your co-operation and i hope to receive a something of encouragment as these funds has been held nearly 6 years without my authority.

Regards

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear Charles

As you are aware, we were appointed on 12 April 2013, pursuant to an Order of the Supreme Court of Queensland in Brisbane.

Our prioritise have been to:

- preserve and retain the value of the assets and investments of the Fund
- assess the overall financial position of the Fund and its investments
- enable investors' concerns and desires to be communicated
- consider and investigate the previous operation of the Fund including historical application of investors' funds and transactions involving related parties

Prior to our appointment the monies contributed by investors to the Fund, have been principally invested in loans to third parties and related parries which are supported by second ranking mortgage security chargers against real property.

It is emphasised that the Trustees considers that the assets value of the loans of the Fund to be significantly below that of the total investment contributed by investors.

We are continuing to pursue all possible recoveries actions, to ensure the best outcome for all unitholders and until such time as these actions have been finalised we do not expect to make any distribution to unitholders.

As previously advised the Trustees will seek Court directions with respect to the distribution methodology, details of these proceedings will be made available to investors.

Further details regarding court applications can be accessed on the KordaMentha website at http://www.kordamentha.com/creditor-information/australia/109

Dear kordamentha

Kindly note that i have been expecting my funds on maturity since august 2012. Such reply from kordamentha or trustees fo not seen a fair view especially in my case. Lm on my matured funds has promised me all my funds back together with the accrued interest. Kordamentha or trustees are ignoring such promises and are keeping my funds in hand against the rule of all. Such delay from kordamentha and trustees are frustating all witholders of matured funds before lm insolvency.

How long i am going to wait for my justification.i have been waiting 6 years now and j need my funds back as soon as possible for my daily living.

Kirdamentha or trustees since taking over has never informed me when i will have my money back or never given me any proof what is going on with regards of my matured funds.

I hope that kordamentha or trustees will do something fundamental to my case by sending me a written proof what they are doing to bring me back my matured funds since year 2012.

I hope that this time kordamentha understand my request and send me a better reply to encourage me for my frustration and daily living.

In my opinion your position is against the rule of law, against also the letter sent to me in writing by lm promising to refund me my matured funds together with the accrued interest. I understand that all witholders who had matured funds before lm insolvency should be refunded without further delay.

I hope that kordamentha shall refund me my matured funds according the rule of law and also as lm has promised to me with their letter in august 2012.

Regards

Charles borg

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

Reference to your e-mail of today 27th march 2018.

Kindly note again that my case is different from all unitholders because my funds were matured in august 2012. So kordamentha should not treat my case the same. Matured funds before insolvency have to be

refunded as promised by lm in writing. Kordamentha should do as lm promised and not treat me the same with all other witholders who had not matured funds.

So i again insist that kordamentha is acting against the rule of law for which u am expecting as promised by lm in writing by refunding me 100% of my funds invested together with the accrued interest since 2012 as i need to sustain my lifetime as soon as possible.

I hope to receive a positive reply with a fundamental reason and an encouragement to my frustration because i have invested for just 2 years only and on maturity funds should have been refunded and not kept by lm and kept again by kordamentha.

Thanking you for your assistance but i am still worried to my sustainabilty of my lifetime with such attidude by kordamentha by keeping my funds the same as lm. I still insist that i should not be treated the same as all unitholders.

Regards

Charles borg

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

I am very surprised with your reply. I need my money back as these were already matured before kordamentha has taken the responsability. Kordamentha should action what lm has promised to investors that had matured funds before their insolvency. By keeping my funds kordamentha is acting against the rule of law.

I hope that kordamentha gives me a better fundamental reason as i need my money to sustain my life time. These funds were invested for 2 years and matured in august 2012. This was my agreement with lm. So now i hope that kordamentha will do somthing better than lm and not repeat same mistakes by keeping my money against the rule of law.

Subject: Re: LM Managed Performance Fund - Update to Investors No. 16

Dear Kordamentha

Further to my several e-mails sent to you related to my matured funds with LM.

I am again reminding you, that according to the rule of law, Kordamentha should have refunded me my full amount invested in LM because my funds were matured before LM insolvency. So in my opinion I understand that Kordamentha is not abiding according LM promises, and so this is against the rule of law by keeping my matured funds since August 2012.

I hope that Kordamentha will refund me my full amount invested without further delay as these funds should have been refunded according to LM prospectus. Kordamentha is not abiding LM prospectus.

I have been loosing a lot of interest since my matured funds i.e. August 2012.

LM promised me in writing my 100% of my funds together with the accrued interest and Kordamentha should abide by LM prospectus and promises. Kordamentha by keeping my money is acting against LM promises or prospectus.

I hope that Kordamentha will understand my frustration considering my case because I still insist that Kordamentha should refund me my full amount invested that have matured before LM insolvency. LM prospectus and promises have to be abided by Kordamentha without further delay.

Till to-date Kordamentha never quoted any kind offundamental reason or any kind of law, why my matured funds were not refunded.

So I hope that this time I shall receive a fundamental reply to this e-mail from the responsible people as I have been and still very worried about my matured funds from August 2012 till-todate.

Regards

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear Charles

As previously advised KordaMentha was appointed as trustee of the Fund on 12 April 2013 and that the Fund was closed on 19 March 2013.

As a result of the Fund's closure, all distributions were suspended so as to protect the overall value of the Fund.

Due to the costs associated with such distributions, the Trustee intends to delay these until substanitially all possible recovery and litigation is complete and ensure the best outcome for all unitholders.

Subject: Re: LM Managed Performance Fund - Update to Investors No. 16

Dear Kordamentha

Reference to your e-mail dated 19th December 2017.

I understand that according to the rule of law and LM prospectus and written promises, Kordamentha as Trustees should have settled the funds that have matured before LM solvency. The distribution will be made afterwards.

Than the distribution should be done to those investors that hold unmatured funds before LM solvency.

So Kordamentha as Trustees has kept my matured money as from August 2012 together with the accrued interest . I have been promised by LM , 100% of the funds invested which matured in August 2012 and also the accrued interest.

The letter sent to me by LM before their insolvency should not be ignored by Kordamentha.

Kordamentha should not treat investors who had matured funds the same as of those investors who had not matured funds.

I hope that Kordamentha understand my point which is according to the rule of law.

LM kept my funds not according to their prospectus, so I hope that Kordamentha should not do the same because it is against LM prospectus by keeping my money in their hands.

I hope to receive 100% of my matured funds including also the accrued interest since August 2012 without further delay.

Thanking you for your co-operation.

Subject: Re: LM Managed Performance Fund - Update to Investors No. 16

Dear Kordamentha

Reference to your e-mail dated 17th December 2017.

I regret to advice you that I really do not agree because Kordamentha should abide by the commitments that LM has done with the investors that had matured funds before their insolvency.

I had already told you that I have a letter from LM way back August 2012 i.e. before their insolvency confirming and promises that LM will refund all matured funds at 100% together with the accrued interest.

So this agreement between LM and investors who had matured funds should be abided and taken into consideration by Kordamentha as Trusties before the distribution to the investors who did not have matured funds.

I understand that this is the most legitimate action that Kordamentha should have done and without further delay.

In my opinion Kordamentha Should abide by the rule of law as per LM promises and litigation.

Thanking you for your co-operation.

Best regards

Charles Borg

Subject: Re: LM Managed Performance Fund - Update to Investors No. 16

Dear Kordamentha

I would like to thank you for your e-mail dated 27th September 2017.

Kindly note also that LM before their insolvency have sent me a letter in which they have promised me that they shall send me my matured funds later together with the accrued interest. Although LM have kept my matured funds without my authority, LM have written to me that they shall send me my funds with the accrued interest. This letter was sent to me I think in July or August 2012. Ms Lorraine Falzon of MFSP Malta Financial Advisor whom I have always copied in my e-mails can confirm the above. So this commitment by LM should be abided by Kordamentha by sending me in full my matured funds without further delay.

Thanking you for your co-operation and I hope to receive a positive reply.

Regards

Charles Borg

Dear Kordamentha

Reference is being made to your last e-mail dated today 27th September 2017.

Kindly note that my e-mail should not be noted only but actioned as I am still waiting from Kordamentha to refund me the amount invested which have matured BEFORE LM INSOLVENCY.

Please be guided accordingly as payment should be settled according to LM prospectus. My funds should have been paid to me by August 2012 and Kordamentha should have effected payment according to Lm prospectus.

Thanking you once again for your co-operation and assistance.

Best regards

Dear Kordamentha

I understand that the Trusties should advice court authority to action that according to LM prospectus, i.e. the unitholders of matured funds before LM insolvency should NOT be treated the same as the unitholders who did not have matured funds before LM insolvency.

LM Prospectus should be taken into consideration FIRST if decision is to be taken seriously whether by court and whether by Trusties.

Kindly note that I am still waiting for my MATURED funds invested.

Thanking you for your co-operation and assistance. Hoping to receive a positive reply.

Dear Kordamentha

As you maybe aware, I have sent you two e-mails dated 15th July and 11th August 2017 and both of them were not replied by yourselves.

Such attitude do not encourage or satisfy investors.

I am just reminding you so that we innocent investors will get some sort of hope to recover our matured investment before LM became insolvent

I still insist that my funds should be refunded to me without further delay.

Matured funds should be refunded because LM did not have any wright to keep them. This may be confirmed by LM prospectus.

Your co-operation and assistance is highly appreciated.

Regards

Charles Borg

Dear KordaMentha

Reference is made to my last e-mail dated 15th July 2017 for which I did not receive any kind of reply.

I still insist that my funds should be paid up in full without any further delay.

My matured funds before LM insolvency and according to their prospectus should have been refunded to me in FULL AND WITHOUT FURTHER DELAY.

KordaMentha or the court should give ME WRITTEN EVIDENCE IF THEY ARE GOING TO TREAT ME THE SAME AS THOSE INVESTORS THAT HAD NO MATURED FUNDS.

LM PROSPECTUS DO NOT SAY THAT INVESTORS WITH MATURED FUNDS AND THOSE INVESTORS WHO HAD NO MATURED FUNDS HAVE TO BE TREATED THE SAME.

You are kindly requested to send my money back in full without any further delay.

Thanking you for your assistance and co-operation.

Best Regards

Charles Borg

On Sat, Jul 15, 2017 at 12:53 PM, charles borg <charles.c.borg@gmail.com> wrote:

Dear Kordamentha

Reference to your e-mail dated 3rd July and to my e-mail (being reply to Kordamentha) dated 3rd July 2017 also.

As I have told you several times, my funds matured before LM was insolvent. LM kept my matured money without my authority. Their prospectus does not say that LM have the right to keep my matured funds and so this is illegal. Kordamentha cannot threat all investors the same of those investors who had matured funds or not because LM prospectus do NOT say so. This decision taken by Kordamentha or court is against LM prospectus. LM kept my money illegal and so Kordamentha should refund me back my matured money. This decision should not be sent by Kordamentha to court as this is against LM prospectus. The reality for such decision should be taken by Kordamentha on what is written in the prospectus and not in court decisions.

A FUNDAMENTAL EVIDENCE IS REQUIRED FOR SUCH DECISION TO BE TAKEN WHETHER KORDAMENTHA OR COURT. I STILL INSIST THAT SUCH DECISIONS HAS TO BE TAKEN ON THE REALLITY OF LM PROSPECTUS AND NOT BY COURT.

I hope to receive my full amount of funds without further delay as I have been chasing my money which have matured on 12th August 2012 i.e. nearly five years now.

Thanking you once again for your co-operation and assistance.

Dear Kordamentha

Reference to your e-mail of today 3rd July 2017 wherein you are still threatening all investors the same that had their funds matured and not matured, I still insist that I disagree with such decision by leaving such incredible decision/directions to court.

My Money were kept by LM without my authority and such decision by LM is against their prospectus so this is completely illegal and in my opinion this is completely fraud. This is the main reason that my money should be paid back in full and without any further delay.

MATURED FUNDS BEFORE INSOLVENCY SHOULD BE PAID TO ALL INVESTORS BECAUSE LM PROSPECTUS DOES NOT COVER KORDAMENTHA OR COURT DECISION.

Hoping that my case will be treaded accordingly and as per whole truth.

Thanking you for your co-operation.

Subject: Re: LM Managed Performance Fund - Update to Investors No. 16

Dear Kordamentha

Further to my last e-mail dated 26th May 2017 for which my email was not replied.

I still insist that my funds should be refunded back IN FULL AND WITHOUT FURTHER DELAY. I repeat my case that my funds were matured in August 2012 before LM insolvency. My funds were kept by LM WITHOUT MY AUTHORITY AND AGAINST THEIR PROSPECTUS WHICH IS ILLEGAL AND IN MY OPINION THIS IS A CASE OF FRAUD.

It seems that Kordamentha are threatening all investors the same that is those funds that matured and also those funds that were not matured. My funds matured BEFORE INSOLVENCY and that is why should be paid back in full without further delay.

My funds were kept by LM without my authority and that why should be paid back without further delay.

LM kept my MATURED FUNDS WHILE LM IS STILL IN BUSINESS - SO THIS IS AGAINST THEIR PROSPECTUS AND ILLEGAL and that is why my money should be paid back in full without further delay.

It seems that Kordamentha are going to leave the decision of my case in the court hands. So if this is the whole truth, I need such decision in writing as I still understand that LM went against their prospectus and so my money have to be refunded back without further delay.

I am copying always Ms Lorraine Falzon of MFSP to confirm with her that the above is whole truth.

I hope to receive a fundamental proof by court or Kordamentha with regards to my case decision as I need my money back without further delay.

Thanking you for your co-operation and assistance.

Dear Charles,

I refer to our ongoing correspondence regarding your investment in the LM Managed Performance Fund ('the Fund').

Account transaction details

We confirm that we have received your original application form and have undertaken a review of the transaction history of your investment (as contained in the books and records of the fund).

It is apparent from the transaction history that your investment was not redeemed in full on 20 August 2012, rather, partial redemptions were processed on 20 August 2012 and 20 February 2013. It is understood that this may not have been consistent with your original instructions to the fund.

We can confirm that you are listed as a current unitholder in the fund.

Suspension and delay of redemptions prior to winding up of the fund

Based on our investigations of the fund to date, it is apparent that the fund was not processing all redemptions to unitholders in the ordinary course for a period prior to the closure of the fund in March 2013. We understand that the former Trustee was relying on clauses of the Fund's constitution which allowed a level of discretion regarding withdrawal of units (redemptions). There is also information regarding withdrawal delays and liquidity preservation rules on pages 22 and 28 of the Information Memorandum dated 25 November 2009 (attached).

It is likely that the redemption of your investment in August 2012 was impacted by withdrawal delays being implemented by the fund at the time your investment was due to mature.

Treatment of matured unitholdings

Due to the circumstances of the fund prior to appointment of the Trustee, and particularly due to the delays on unitholder withdrawals being implemented by the Fund, we consider it equitable that all unitholders, including those with investments that had matured and not been paid or those which would otherwise have matured in accordance with investor instructions, be treated equally.

Prior to any distribution made by the Trustee, Court directions will be sought in relation to this matter and we will act in accordance with such Court directions.

Should the Court directions require a different treatment of matured unitholdings, we may need to undertake an assessment of unitholders who were impacted by delayed withdrawals (including your unitholding) and potentially seek further directions in relation to these unitholders.

As per our previous correspondence, the Trustee will provide updates in respect to prospective distributions.

Dear Charles,

Thank you for your email.

As noted previously, all distributions were suspended so as to protect the overall value of the Fund on 19 March 2013. This includes but is not limited to investments that matured prior to the closure of the fund. I note that there are a number of unitholders in the same or similar situation.

As such we are unable to process any distributions to unitholders until the completion of the winding up.

The Trustee will advise if and when it is in a positon to make a distribution.

Regards,

Trustee of LM Managed Performance Fund

Dear Sir / Madam - KordaMentha

Reference is being made to my last e-mail sent to you on 23 November 2016 for which till to-date, I did not receive any kind of reply.

Appreciate if you may send me any information with regards to my funds for which I have been waiting over four years now.

Thanking you for your co-operation and assistance.

Regards

Charles Borg

Dear Sir / Madam

Kindly note that my case is completely different from any other investor. My funds matured in August 2012 and I was promised by LM that my funds will be refunded back with accrued interest. My funds were kept by LM without my authority. My funds were never paid to me till today. This is completely irregular or fraud because I did not renew my funds. My funds were kept by LM after their maturity and LM were still operating their business. LM became insolvent/bankrupt in 2013 and so my funds should be refunded to me in FULL.

I hope that you understand my situation and hope that you consider my frustration to my case in great responsibility.

Thanking you in advance for your assistance and co-operation.

Best Regards

Charles Borg

> Dear Charles

Please refer to that attached correspondence to Loraine.

As noted in prior updates to Investors, the estimated future return to Unitholders is likely to be less than five cents in a dollar.

Given the winding up process is ongoing and the outcome is contingent on current/future litigation, it is not possible to provide any certainty with respect to a final dividend.

Kind Regards

Subject: Re: LM Managed Performance Fund - Update to Investors No. 16

Dear Sir / Madam

I am Charles Borg who invested in LM Managed Performance Funds.

As you are aware Ms Lorraine Falzon from MFSP have sent you three e-mails and another was sent by myself. My funds were matured in August 2012 that is before LM became insolvent. My funds were kept by LM without my consent and I was promised by LM with two letters that they will pay me back by money together with the accrued interest later on. My funds were never refunded since to-date and also the accrued interest. So I was completely betrayed by LM.

My funds were invested for two years only that is from August 2010 to August 2012 and I am still without my Eur 5000 and accured interest. My case is completely different from other investors because my funds

matured in 2012 before LM went bankrupt and my funds were kept by LM without my authority.

So, I need to know when such funds will be refunded to me from all the responsible authorized persons at your earliest convenience because I have been waiting for my funds over four year now.

I would like to thank all concerned in advance for the earliest assistance and co-operation to the above. I hope also to consider my frustration in such a situation.

Best Regards

Charles Borg

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Good afternoon,

As per my email of the 24th May 2016 (copy below) and a reminder on the same subject on 30th June 2016. We greatly appreciate that our questions raised in our email of 24th May 2016 will be address as soon as possible either via email or through the next Investor update. We are being bombarded with client enquiries on the future of their capital and what possibility there is, if investors in the LM Managed Performance Fund can recover some of their capital through the Australian Investor compensation scheme, since the trustees of the fund (LMIM) were regulated by the Australian Regulator.

Mr. Charles Borg is being copied in my email, because he is an investor in the LM MPF, who invested through MFSP Financial. Mr. Borg had his investment of €5,000 maturing 19th August 2012 (copy of contract note attached), months before that LMIM announced on 20th March 2013 that John Park and Ginette Muller of FTI consulting were appointed as Voluntary Administrators.

Rightly so Mr. Borg is asking that he should have received the funds as per the contract stipulated between the LM MPF and himself, and therefore he should be treated differently from other investors who had their investment maturing after 20th March 2013. We would appreciate your reply in this regard as well and copy Mr. Borg in your reply.

Kind Regards,

Lorraine Falzon

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Good afternoon,

We are a Financial Services company in Malta, regulated by the Malta Financial Services Authority, whicj introduced a number of Maltese investors in the LM Australian Income Fund and the LM Managed Performance Fund. From the updates we are receiving we are more of the view that LMIM as the trustees of the LM Managed Performance Fund, did not perform their duties in the best interest of investors, to say it mildly. MFSP Financial had investors in the LM MPF that their investment matured in January 2013 and February 2013, but funds were never paid back to investors. LMIM issued letters to such investors which we have copies of, assuring investors that their capital is safe and earning income. We both know that at that time (Jan 2013) LMIM we fully aware of the financial position of the fund (LM MPF) and they were misleading investors in believing that the fund is sound and safe. This action was taken by LMIM is solely to attract new monies into the fund.

LMIM is a regulated financial services company in Australia, its directors were also approved by the said Authority they are bound with strict regulations, first and foremost to act in the best interest of investors and to manage the funds and the underlying assets in line with the prospectus. We understand that both regulations mentioned above were not taken seriously by LMIM and the mess they did with our clients funds is unheard of, as disclosed in investors update 15. With such behaviour, investors in the LM MPF are facing losing a high percentage of their capital invested because both LMIM and LM MPF do not have sufficient funds to pay investors in the LM MPF, which means are both companies are near to insolvent.

In Malta, when a Regulated Financial Services Company is unable or likely to be unable to pay claims against it, in general this is when the licensed firm stops trading or becomes insolvent, the Investor Compensation Scheme kicks in. This scheme is a rescue fund for customers of failed investment firms which are licensed by the Malta Financial Services Authority (MFSA). The Scheme is based on the EU Directive 97/9 on investor-compensation schemes. It is financed by investment firms respectively and consumers will not be asked to contribute to the scheme. In Malta consumers are eligible for a maximum compensation of €20,000 per person.

We are also aware that there is a similar scheme is the UK which is managed by the Financial Services Compensation Scheme. The scheme was set up under the Financial Services and Markets Act 2000 and became active on 1 December 2001. MFSP assisted investors who had a claim against a regulated UK Financial Services Company called Catalyst Investment Group because the said company was in default. Consumers were eligible for a maximum compensation of £50,000 per person.

We believe that the Australian Regulator also has in place a form of Investor Compensation Scheme. We believe that investors who were invested in the LM MPF are eligible to submit a claim against LMIM for their miss conduct.

We are aware that you are in touch with the Australian Regulator and are being updated on a regular basis with your findings. Could you please look into the above and guide us how we can assist Maltese investors to submit a claim against LMIM with the Australian Regulator.

Thanking you in anticipation,

Kind regards,

Lorraine Falzon

Dear Sir / Madam

Please find attached the latest update to Investors.

Should you have any queries following your consideration of the Update, further information can be obtained by:

- accessing the KordaMentha website at http://www.kordamentha.com/creditor-information/australia/109;

- if you are unable to find the answer to your query in any of our Updates or Frequently Asked Questions listing then you may email lminvestors@kordamentha.com; (In order to manage the ongoing management costs of the Fund, due to the high volume of enquires

made via email the Trustees will only review and respond to emails on a fortnightly basis).

Please note that the Trustees make every attempt to answer your enquiries on a regular basis however due to the number of queries received and our focus on managing costs of the Fund there may be some delay in responding to your individual requests. We appreciate your patience whilst we manage the large volume of emails and telephone calls received during this time.

Yours sincerely

Dear kordamentha

Thank you for your e-mail dated today 15th may, but i regret to inform you that such reply do not satisfy the my requests.

Kindly note that i have requested a fundamental proof in writing concerning my case for which i have sent you several e-mails. I did not see anything in writing from kordamentha to the court as regards to my case after such a lot of e-mails.

Your update has to be related to my case and not general. My funds were matured in august 2012 before lm insolvency. Lm has kept my matured funds without my authority but promised me all my funds back together with the accrued interest by their letter dated august 2012. Kordamentha afterwards in april 2013 as trustees did not refunded me what lm has promised and what lm had in their prospectus. So kordamentha should have effected what lm has promised and what lm has in their prospectus.

I hope to receive a fundamental proof to what i am requesting as regards to my case.

Regards
Charles borg

Dear kordamentha

Thank you for your e-mail dated 13th may 2018.

I understand that directions by the court are to be seen with regards to the methology of distribution. But i need a fundamental proof in writing what exactly kordamentha is informing the court as regards to my case wherin the court have to be notified w ith all my e-mails so that the court will take a good decision to my case.

At this point in time since august 2012 i.e. the of my matured funds, i am still with the same position witout my matured funds and also without the accrued interest which is nearly 7 years after.

I hope to receive a fundamental proof to my request and an encouragement to get my money back which were fixed for just 2 years and now 6 years later i am in a desperate position to sustain my daily living.

Thanking you once again.

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

I regret again to tell you that kordamentha is ignoring the letter that lm have sent me when my funds matured. Lm promised me that they will refund me all my matured funds together with the accrued interest. My funds matured in august 2012 and kordamentha as trustees from april 2013 has kept my matured funds till todate. In my opinion this is against the rule of law and i understand that not all witholders are to be treated the same. Matured funds should have been settled. Unless i receive a fundamental wtitten reason to my case, my position to my case remain the same as from the date of my matured funds.

My funds were invested with lm for two years only because i need and still todate need my money back to sustain my daily living. Lm has promised me my money back as per their prospectus but kordamentha are still keeping my money.

I hope that kordamentha understand my position of frustration.

Thanking you for your co-operation and i hope to receive a something of encouragment as these funds has been held nearly 6 years without my authority.

Regards

Charles borg

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear Charles

The Trustees position on this matter remains unchanged.

As previously advised, we are continuing to pursue all possible recoveries actions, to ensure the best outcome for all unitholders and until such time as these actions have been finalised we do not expect to make any distribution to unitholders.

Kind Regards

KordaMentha

Dear kordamentha

Furthur again to my various e-mails and to your last e-mail dated 8th may refering to the e-mail 19th april 2018.

I regret to tell that i am still without any kind if written proof since my matured funds way back since august 2012. I repeat to tell you that lm has promised me in writing that they will refund me my full amount invested together with acctued interest but unfortunetly kordamentha is ignoring such written promises by keeping my matured funds which should have been refunded according to lm promises and prospectus which in my opinion is against the rule of law.

I hope that kordamentha will action lm promises without further delay.

Regards

Charles borg

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear Charles

As per our email dated 19 April 2018.

The Trustee has not yet commenced any formal proceedings with respect to obtaining Court directions as to the distribution of funds.

We do not expect to commence this process until such time as the Trustee has finalised all possible recovery and litigation.

Details surrounding these proceedings will be provided to investors by way of an update.

Kind Regards

KordaMentha

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

Kindly note that i am aware of my funds which were matured in august 2012 and lm according to their letter have promised me that all my funds will be refunded in full together with the accrued interest but kordamentha in april 2013 has kept my money till todate instead of actioning what lm has promised me with their letter and also as per their prospectus.

Kindly note also that i have just requested a proof from court decision related to my case. I still understands that matured funds should not be treated the same of unmatured funds.

I hope that kordamentha understand my frustration because neither ln nor kordamentha should have kept my matured funds. Such attitude in my opinion is against the rule of law wherin my funds were firstly kept by lm without my authority and afterwards kordamentha is still keeping my matured funds.

I would like to thank you for your co-operation but this time i hope to receive a positive reply with a proof of a fundamental reason of encouragement related to the refund of my matured funds since august 2012 to sustain my daily living.

Regards

Charles borg

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear Charles

As you are aware, we were appointed on 12 April 2013, pursuant to an Order of the Supreme Court of Queensland in Brisbane.

Our prioritise have been to:

- preserve and retain the value of the assets and investments of the Fund
- assess the overall financial position of the Fund and its investments
- enable investors' concerns and desires to be communicated
- consider and investigate the previous operation of the Fund including historical application of investors' funds and transactions involving related parties

Prior to our appointment the monies contributed by investors to the Fund, have been principally invested in loans to third parties and related parries which are supported by second ranking mortgage security chargers against real property.

It is emphasised that the Trustees considers that the assets value of the loans of the Fund to be significantly below that of the total investment contributed by investors.

We are continuing to pursue all possible recoveries actions, to ensure the best outcome for all unitholders and until such time as these actions have been finalised we do not expect to make any distribution to unitholders.

As previously advised the Trustees will seek Court directions with respect to the distribution methodology, details of these proceedings will be made available to investors.

Further details regarding court applications can be accessed on the KordaMentha website at http://www.kordamentha.com/creditor-information/australia/109

Kind Regards

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

Reference to your e-mail dated 26th april 2018.

I regret to tell you that kordamentha till todate have never sent me any proof of protection or any fundamental reason with the sence of law in keeping my matured funds in their hands. Lm has promised my full amount of funds that will be refunded together with the accrued interest but kordamentha with their respondabilities and as trustees is keeping my matured funds.

Kordamentha should send me a proof of authority from the court decision by keeping my matured funds. This is against the rule of law.

Kordamentha should act as per lm promises and as per lm prospectus. Matured funds should have been settled and not kept by kordamentha. Kordamentha is treating all witholders the same.

I hope that kordamentha will send me my matured funds without futher delay ot at least send me a proof of authority in keeping my matured funds since august 2012.

Regards

Charles borg

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

Kindly note that i have been expecting my funds on maturity since august 2012. Such reply from kordamentha or trustees fo not seen a fair view especially in my case. Lm on my matured funds has promised me all my funds back together with the accrued interest. Kordamentha or trustees are ignoring such promises and are keeping my funds in hand against the rule of all. Such delay from kordamentha and trustees are frustating all witholders of matured funds before lm insolvency.

How long i am going to wait for my justification.i have been waiting 6 years now and j need my funds back as soon as possible for my daily living.

Kirdamentha or trustees since taking over has never informed me when i will have my money back or never given me any proof what is going on with regards of my matured funds.

I hope that kordamentha or trustees will do something fundamental to my case by sending me a written proof what they are doing to bring me back my matured funds since year 2012.

I hope that this time kordamentha understand my request and send me a better reply to encourage me for my frustration and daily living.

R

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

Reference to your e-mail of today 27th march 2018.

Kindly note again that my case is different from all unitholders because my funds were matured in august 2012. So kordamentha should not treat my case the same. Matured funds before insolvency have to be refunded as promised by lm in writing. Kordamentha should do as lm promised and not treat me the same with all other witholders who had not matured funds.

So i again insist that kordamentha is acting against the rule of law for which u am expecting as promised by lm in writing by refunding me 100% of my funds invested together with the accrued interest since 2012 as i need to sustain my lifetime as soon as possible.

I hope to receive a positive reply with a fundamental reason and an encouragement to my frustration because i have invested for just 2 years only and on maturity funds should have been refunded and not kept by lm and kept again by kordamentha.

Thanking you for your assistance but i am still worried to my sustainabilty of my lifetime with such attidude by kordamentha by keeping my funds the same as lm. I still insist that i should not be treated the same as all unitholders.

Subject: Re: LM Managed Performance Fund - Update to Investors No. 16

Dear Kordamentha

Further to my several e-mails sent to you related to my matured funds with LM.

I am again reminding you, that according to the rule of law, Kordamentha should have refunded me my full amount invested in LM because my funds were matured before LM insolvency. So in my opinion I understand that Kordamentha is not abiding according LM promises, and so this is against the rule of law by keeping my matured funds since August 2012.

I hope that Kordamentha will refund me my full amount invested without further delay as these funds should have been refunded according to LM prospectus. Kordamentha is not abiding LM prospectus.

I have been loosing a lot of interest since my matured funds i.e. August 2012.

LM promised me in writing my 100% of my funds together with the accrued interest and Kordamentha should abide by LM prospectus and promises. Kordamentha by keeping my money is acting against LM promises or prospectus.

I hope that Kordamentha will understand my frustration considering my case because I still insist that Kordamentha should refund me my full amount invested that have matured before LM insolvency. LM prospectus and promises have to be abided by Kordamentha without further delay.

Till to-date Kordamentha never quoted any kind offundamental reason or any kind of law, why my matured funds were not refunded.

So I hope that this time I shall receive a fundamental reply to this e-mail from the responsible people as I have been and still very worried about my matured funds from August 2012 till-todate.

Regards

Charles Borg

> Dear Charles

As previously advised KordaMentha was appointed as trustee of the Fund on 12 April 2013 and that the Fund was closed on 19 March 2013.

As a result of the Fund's closure, all distributions were suspended so as to protect the overall value of the Fund.

Due to the costs associated with such distributions, the Trustee intends to delay these until substanitially all possible recovery and litigation is complete and ensure the best outcome for all unitholders.

Subject: Re: LM Managed Performance Fund - Update to Investors No. 16

Dear Kordamentha

Reference to your e-mail dated 19th December 2017.

I understand that according to the rule of law and LM prospectus and written promises, Kordamentha as Trustees should have settled the funds that have matured before LM solvency. The distribution will be made afterwards.

Than the distribution should be done to those investors that hold unmatured funds before LM solvency.

So Kordamentha as Trustees has kept my matured money as from August 2012 together with the accrued interest . I have been promised by LM , 100% of the funds invested which matured in August 2012 and also the accrued interest.

The letter sent to me by LM before their insolvency should not be ignored by Kordamentha.

Kordamentha should not treat investors who had matured funds the same as of those investors who had not matured funds.

I hope that Kordamentha understand my point which is according to the rule of law.

LM kept my funds not according to their prospectus, so I hope that Kordamentha should not do the same because it is against LM prospectus by keeping my money in their hands.

I hope to receive 100% of my matured funds including also the accrued interest since August 2012 without further delay.

Thanking you for your co-operation.

As you are aware, the Fund has been in a phase of Court approved recovery actions via litigation for the best part of three years and there has been no further material developments since our last update.

Until such time as all possible recovery actions and litigation has been completed, a distribution will not be made.

The Trustees position remains unchanged in respect to this matter.

Subject: Re: LM Managed Performance Fund - Update to Investors No. 16

Dear Kordamentha

Reference to your e-mail dated 17th December 2017.

I regret to advice you that I really do not agree because Kordamentha should abide by the commitments that LM has done with the investors that had matured funds before their insolvency.

I had already told you that I have a letter from LM way back August 2012 i.e. before their insolvency confirming and promises that LM will refund all matured funds at 100% together with the accrued interest.

So this agreement between LM and investors who had matured funds should be abided and taken into consideration by Kordamentha as Trusties before the distribution to the investors who did not have matured funds.

I understand that this is the most legitimate action that Kordamentha should have done and without further delay.

In my opinion Kordamentha Should abide by the rule of law as per LM promises and litigation.

Thanking you for your co-operation.

Best regards

Charles Borg

Dear Charles

The Trustee reiterates that there will be no distribution made outside of the ordinary course of the winding up.

As you are aware the Trustee acts in the interest of the investors and preserving the remaining value of the Fund.

Until such time as substantially all possible recovery actions and litigation is complete, a distribution will not be made.

Kind Regards

Subject: Re: LM Managed Performance Fund - Update to Investors No. 16

Dear Kordamentha

Reference to your e-mail dated 13th December 2017.

I still insist in my opinion that Kordamentha by keeping my matured funds before LM insolvency is acting against the rule of law, against LM prospectus and LM promises according to their letter sent to me upon maturing of my funds. LM has promised me 100% of my matured funds together with the accrued interest. Kordamentha before the distribution should first abide by LM promises / prospectus. I still insist that my funds should have been paid up all to us investors who had matured funds. Kordamentha as Trustees is acting contrary the rule of law.

Kordamentha have kept my money since August 2012 and so my matured funds should be refunded back to me without further delay.

I hope to receive a positive reply to my request.

Thanking you for your co-operation and assistance.

Dear Kordamenth,

Further to my e-mail dated 24th November 2017 for which I did not receive any kind of reply.

I still insist that my matured funds should have been refunded way back since Kordamentha have been as Trustees.

Kordamentha as Trustee are still keeping my money although LM has promised me that my funds will be refunded together with the accrued interest,

So in my opinion Kordamentha as Trustees are repeating same mistake instead correcting by issuing such payments of matured funds that LM has actually has promised.

Kordamentha should abide by LM prospectus and promises as in my opinion this is the wright of way in legality.

Kindly note that I have been waiting for my matured funds since 12th August 2012 and I hope that Kordamentha effect such refund of matured funds without further delay according to legality.

Thanking you for your co-operation and assistance.

Dear Kordamentha

Reference to your e-mail dated 10th November 2017.

Kindly note that LM have kept my matured funds without my authority and promised me to send me my full amount invested together with the accrued interest since August 2012.

I assume that such responsibility was handed over to Kordamentha as Trustees just one year later being LM insolvency..

So now I understand that Kordamentha since year 2013 till to-date, I am still without my funds and so my position with LM and Kordamentha is still the same,

Kordamentha should have actioned what LM has promised to the investors who had matured funds before their insolvency because legally those matured funds should have been refunded to us since Kordamentha have taken such responsibility as Trustees.

I need to know when I shall receive my funds together with the accrued interest as I have been waiting more than five years now.

Thanking you for your co-operation and assistance and I hope that Kordamentha will not only understand my frustration but gives me my sort of light.

Subject: Re: LM Managed Performance Fund - Update to Investors No. 16

Dear Kordamentha

Further to my last e-mail dated 26th May 2017 for which my email was not replied.

I still insist that my funds should be refunded back IN FULL AND WITHOUT FURTHER DELAY. I repeat my case that my funds were matured in August 2012 before LM insolvency. My funds were kept by LM WITHOUT MY AUTHORITY AND AGAINST THEIR PROSPECTUS WHICH IS ILLEGAL AND IN MY OPINION THIS IS A CASE OF FRAUD.

It seems that Kordamentha are threatening all investors the same that is those funds that matured and also those funds that were not matured. My funds matured BEFORE INSOLVENCY and that is why should be paid back in full without further delay.

My funds were kept by LM without my authority and that why should be paid back without further delay.

LM kept my MATURED FUNDS WHILE LM IS STILL IN BUSINESS - SO THIS IS AGAINST THEIR PROSPECTUS AND ILLEGAL and that is why my money should be paid back in full without further delay.

It seems that Kordamentha are going to leave the decision of my case in the court hands. So if this is the whole truth, I need such decision in writing as I still understand that LM went against their prospectus and so my money have to be refunded back without further delay.

I am copying always Ms Lorraine Falzon of MFSP to confirm with her that the above is whole truth.

I hope to receive a fundamental proof by court or Kordamentha with regards to my case decision as I need my money back without further delay.

Thanking you for your co-operation and assistance.

Best Regards

Charles Borg

Dear KordaMentha

Further again to your e-mail with regards my matured funds, I would like to remind you, that LM has retained my matured money without my authority and this is illegal and against their prospectus. So my money should not be considered the same as the other investors and as you have stated.

I repeat and I insist that my money should be refunded back to me in full and without further delay.

I hope that Court directions be guided well by KordaMentha with my situation and especially with my case.

Kindly note also that I am really frustrated.

Thanking you for your co-operation and assistance.

Dear Charles,

I refer to our ongoing correspondence regarding your investment in the LM Managed Performance Fund ('the Fund').

Account transaction details

We confirm that we have received your original application form and have undertaken a review of the transaction history of your investment (as contained in the books and records of the fund).

It is apparent from the transaction history that your investment was not redeemed in full on 20 August 2012, rather, partial redemptions were processed on 20 August 2012 and 20 February 2013. It is understood that this may not have been consistent with your original instructions to the fund.

We can confirm that you are listed as a current unitholder in the fund.

Suspension and delay of redemptions prior to winding up of the fund

Based on our investigations of the fund to date, it is apparent that the fund was not processing all redemptions to unitholders in the ordinary course for a period prior to the closure of the fund in March 2013. We understand that the former Trustee was relying on clauses of the Fund's constitution which allowed a level of discretion regarding withdrawal of units (redemptions). There is also information regarding withdrawal delays and liquidity preservation rules on pages 22 and 28 of the Information Memorandum dated 25 November 2009 (attached).

It is likely that the redemption of your investment in August 2012 was impacted by withdrawal delays being implemented by the fund at the time your investment was due to mature.

Treatment of matured unitholdings

Due to the circumstances of the fund prior to appointment of the Trustee, and particularly due to the delays on unitholder withdrawals being implemented by the Fund, we consider it equitable that all unitholders, including those with investments that had matured and not been paid or those which would otherwise have matured in accordance with investor instructions, be treated equally.

Prior to any distribution made by the Trustee, Court directions will be sought in relation to this matter and we will act in accordance with such Court directions.

Should the Court directions require a different treatment of matured unitholdings, we may need to undertake an assessment of unitholders who were impacted by delayed withdrawals (including your unitholding) and potentially seek further directions in relation to these unitholders.

As per our previous correspondence, the Trustee will provide updates in respect to prospective distributions.

Dear KordaMentha

Futher tp my last e-mail sent to you on Monday 17th April 201.

As you are aware a copy of the original application was sent to you as requested for further investigation.

Since LM have kept my money after they have been matured without my authority and against their prospectus, I am still expecting my full amount of money back with further delay.

I hope that KordaMentha consider my request as soon as possible.

Thanking you once again for your co-operation and assistance.

I am very surprised with your service because LM have ignored the agreement and kept my money after maturity without my authority. My deposit was for TWO years ONLY.

I repeat this is ILLEGAL and my money should be PAID IN FULL..

MFSP - Ms Lorianne Falzon can confirm such agreement and I am very frustrated with such situation created by LM.

I really need your reply in writing and not verbally on phone.

I hope that KordaMentha consider my situation more carefully.

I repeat again my case. My funds matured in August 2012 and my money were kept by LM without my authority. This is completely illegal and against Lm prospectus. So I am still waiting for the refund of my money in FULL.

I hope that my case will be considered by the responsible people who are taking care of such liquidation. My money should have been refunded upon maturity i because LM were not Insolvency.

I hope that this time my e-mail shall be answered and hoping a positive reply as I am really frustrated with such situation.

Thanking you in advance for your earliest co-operation and assistance.

Dear Charles

Whilst we note your advice that the monies were not received, please note that KordaMentha was appointed as trustee of the Fund on 12 April 2013 and that the Fund was closed on 19 March 2013.

As a result of the Fund's closure, all distributions were suspended so as to protect the overall value of the Fund.

The Trustee does not currently have the infrastructure to trace these transactions.

Given the Fund is currently being wound up, the monies will not be repaid but will instead be included in this accounts overall unit holding for the purposes of calculating it's pro-rata share of any final distribution (if available).

Kind regards

Trustee of LM Managed Performance Fund

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Good afternoon,

As per my email of the 24th May 2016 (copy below) and a reminder on the same subject on 30th June 2016. We greatly appreciate that our questions raised in our email of 24th May 2016 will be address as soon as possible either via email or through the next Investor update. We are being bombarded with client enquiries on the future of their capital and what possibility there is, if investors in the LM Managed Performance Fund can recover some of their capital through the Australian Investor compensation scheme, since the trustees of the fund (LMIM) were regulated by the Australian Regulator.

Mr. Charles Borg is being copied in my email, because he is an investor in the LM MPF, who invested through MFSP Financial. Mr. Borg had his investment of €5,000 maturing 19th August 2012 (copy of contract note attached), months before that LMIM announced on 20th March 2013 that John Park and Ginette Muller of FTI consulting were appointed as Voluntary Administrators.

Rightly so Mr. Borg is asking that he should have received the funds as per the contract stipulated between the LM MPF and himself, and therefore he should be treated differently from other investors who had their investment maturing after 20th March 2013. We would appreciate your reply in this regard as well and copy Mr. Borg in your reply.

Kind Regards,

Lorraine Falzon

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Good afternoon,

We are a Financial Services company in Malta, regulated by the Malta Financial Services Authority, whicj introduced a number of Maltese investors in the LM Australian Income Fund and the LM Managed Performance Fund. From the updates we are receiving we are more of the view that LMIM as the trustees of the LM Managed Performance Fund, did not perform their duties in the best interest of investors, to say it mildly. MFSP Financial had investors in the LM MPF that their investment matured in January 2013 and February 2013, but funds were never paid back to investors. LMIM issued letters to such investors which we have copies of, assuring investors that their capital is safe and earning income. We both know that at that time (Jan 2013) LMIM we fully aware of the financial position of the fund (LM MPF) and they were misleading investors in believing that the fund is sound and safe. This action was taken by LMIM is solely to attract new monies into the fund.

LMIM is a regulated financial services company in Australia, its directors were also approved by the said Authority they are bound with strict regulations, first and foremost to act in the best interest of investors and to manage the funds and the underlying assets in line with the prospectus. We understand that both regulations mentioned above were not taken seriously by LMIM and the mess they did with our clients funds is unheard of, as disclosed in investors update 15. With such behaviour, investors in the LM MPF are facing losing a high percentage of their capital invested because both LMIM and LM MPF do not have sufficient funds to pay investors in the LM MPF, which means are both companies are near to insolvent.

In Malta, when a Regulated Financial Services Company is unable or likely to be unable to pay claims against it, in general this is when the licensed firm stops trading or becomes insolvent, the Investor Compensation Scheme kicks in. This scheme is a rescue fund for customers of failed investment firms which are licensed by the Malta Financial Services Authority (MFSA). The Scheme is based on the EU Directive 97/9 on investor-compensation schemes. It is financed by investment firms respectively and consumers will

not be asked to contribute to the scheme. In Malta consumers are eligible for a maximum compensation of €20,000 per person.

We are also aware that there is a similar scheme is the UK which is managed by the Financial Services Compensation Scheme. The scheme was set up under the Financial Services and Markets Act 2000 and became active on 1 December 2001. MFSP assisted investors who had a claim against a regulated UK Financial Services Company called Catalyst Investment Group because the said company was in default. Consumers were eligible for a maximum compensation of £50,000 per person.

We believe that the Australian Regulator also has in place a form of Investor Compensation Scheme. We believe that investors who were invested in the LM MPF are eligible to submit a claim against LMIM for their miss conduct.

We are aware that you are in touch with the Australian Regulator and are being updated on a regular basis with your findings. Could you please look into the above and guide us how we can assist Maltese investors to submit a claim against LMIM with the Australian Regulator.

Thanking you in anticipation,

Kind regards,

Lorraine Falzon

Subject: LM Managed Performance Fund - Update to Investors No. 16

Dear Sir / Madam

Please find attached the latest update to Investors.

Should you have any queries following your consideration of the Update, further information can be obtained by:

- accessing the KordaMentha website at http://www.kordamentha.com/creditor-information/australia/109;

- if you are unable to find the answer to your query in any of our Updates or Frequently Asked Questions listing then you may email lminvestors@kordamentha.com; (In order to manage the ongoing management costs of the Fund, due to the high volume of enquires made via email the Trustees will only review and respond to emails on a fortnightly basis).

Please note that the Trustees make every attempt to answer your enquiries on a regular basis however due to the number of queries received and our focus on managing costs of the Fund there may be some delay in responding to your individual requests. We appreciate your patience whilst we manage the large volume of emails and telephone calls received during this time.

Yours sincerely

Dear Lorraine,

I apologise for the delay in response to your email.

I confirm that we are not aware of any Australian regulator compensation scheme which is available to the unitholders of the Managed Performance Fund.

The Trustee will advise unitholders if it becomes aware of any such scheme.

Regards,

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Good afternoon,

As per my email of the 24th May 2016 (copy below) and a reminder on the same subject on 30th June 2016. We greatly appreciate that our questions raised in our email of 24th May 2016 will be address as soon as possible either via email or through the next Investor update. We are being bombarded with client enquiries on the future of their capital and what possibility there is, if investors in the LM Managed Performance Fund can recover some of their capital through the Australian Investor compensation scheme, since the trustees of the fund (LMIM) were regulated by the Australian Regulator.

Mr. Charles Borg is being copied in my email, because he is an investor in the LM MPF, who invested through MFSP Financial. Mr. Borg had his investment of €5,000 maturing 19th August 2012 (copy of contract note attached),

months before that LMIM announced on 20th March 2013 that John Park and Ginette Muller of FTI consulting were appointed as Voluntary Administrators.

Rightly so Mr. Borg is asking that he should have received the funds as per the contract stipulated between the LM MPF and himself, and therefore he should be treated differently from other investors who had their investment maturing after 20th March 2013. We would appreciate your reply in this regard as well and copy Mr. Borg in your reply.

Kind Regards,

Lorraine Falzon

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Good afternoon,

We are a Financial Services company in Malta, regulated by the Malta Financial Services Authority, whicj introduced a number of Maltese investors in the LM Australian Income Fund and the LM Managed Performance Fund. From the updates we are receiving we are more of the view that LMIM as the

trustees of the LM Managed Performance Fund, did not perform their duties in the best interest of investors, to say it mildly. MFSP Financial had investors in the LM MPF that their investment matured in January 2013 and February 2013, but funds were never paid back to investors. LMIM issued letters to such investors which we have copies of, assuring investors that their capital is safe and earning income. We both know that at that time (Jan 2013) LMIM we fully aware of the financial position of the fund (LM MPF) and they were misleading investors in believing that the fund is sound and safe. This action was taken by LMIM is solely to attract new monies into the fund.

LMIM is a regulated financial services company in Australia, its directors were also approved by the said Authority they are bound with strict regulations, first and foremost to act in the best interest of investors and to manage the funds and the underlying assets in line with the prospectus. We understand that both regulations mentioned above were not taken seriously by LMIM and the mess they did with our clients funds is unheard of, as disclosed in investors update 15. With such behaviour, investors in the LM MPF are facing losing a high percentage of their capital invested because both LMIM and LM MPF do not have sufficient funds to pay investors in the LM MPF, which means are both companies are near to insolvent.

In Malta, when a Regulated Financial Services Company is unable or likely to be unable to pay claims against it, in general this is when the licensed firm stops trading or becomes insolvent, the Investor Compensation Scheme kicks in. Dear kordamentha

Thank you for your e-mail dated today 15th may, but i regret to inform you that such reply do not satisfy the my requests.

Kindly note that i have requested a fundamental proof in writing concerning my case for which i have sent you several e-mails. I did not see anything in writing from kordamentha to the court as regards to my case after such a lot of e-mails.

Your update has to be related to my case and not general. My funds were matured in august 2012 before lm insolvency. Lm has kept my matured funds without my authority but promised me all my funds back together with the accrued interest by their letter dated august 2012. Kordamentha afterwards in april 2013 as trustees did not refunded me what lm has promised and what lm had in their prospectus. So kordamentha should have effected what lm has promised and what lm has in their prospectus.

I hope to receive a fundamental proof to what i am requesting as regards to my case.

Regards
Charles borg

Dear kordamentha

Thank you for your e-mail dated 13th may 2018.

I understand that directions by the court are to be seen with regards to the methology of distribution. But i need a fundamental proof in writing what exactly kordamentha is informing the court as regards to my case

wherin the court have to be notified w ith all my e-mails so that the court will take a good decision to my case.

At this point in time since august 2012 i.e. the of my matured funds, i am still with the same position witout my matured funds and also without the accrued interest which is nearly 7 years after.

I hope to receive a fundamental proof to my request and an encouragement to get my money back which were fixed for just 2 years and now 6 years later i am in a desperate position to sustain my daily living.

Thanking you once again.

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear Charles

As you are aware, we were appointed on 12 April 2013, pursuant to an Order of the Supreme Court of Queensland in Brisbane.

Our prioritise have been to:

- preserve and retain the value of the assets and investments of the Fund
- assess the overall financial position of the Fund and its investments
- enable investors' concerns and desires to be communicated
- consider and investigate the previous operation of the Fund including historical application of investors' funds and transactions involving related parties

Prior to our appointment the monies contributed by investors to the Fund, have been principally invested in loans to third parties and related parries which are supported by second ranking mortgage security chargers against real property.

It is emphasised that the Trustees considers that the assets value of the loans of the Fund to be significantly below that of the total investment contributed by investors.

We are continuing to pursue all possible recoveries actions, to ensure the best outcome for all unitholders and until such time as these actions have been finalised we do not expect to make any distribution to unitholders.

As previously advised the Trustees will seek Court directions with respect to the distribution methodology, details of these proceedings will be made available to investors.

Further details regarding court applications can be accessed on the KordaMentha website at http://www.kordamentha.com/creditor-information/australia/109

Kind Regards

Dear kordamentha

Kindly note that i have been expecting my funds on maturity since august 2012. Such reply from kordamentha or trustees fo not seen a fair view especially in my case. Lm on my matured funds has promised me all my funds back together with the accrued interest. Kordamentha or trustees are ignoring such promises and are keeping my funds in hand against the rule of all. Such delay from kordamentha and trustees are frustating all witholders of matured funds before lm insolvency.

How long i am going to wait for my justification.i have been waiting 6 years now and j need my funds back as soon as possible for my daily living.

Kirdamentha or trustees since taking over has never informed me when i will have my money back or never given me any proof what is going on with regards of my matured funds.

I hope that kordamentha or trustees will do something fundamental to my case by sending me a written proof what they are doing to bring me back my matured funds since year 2012.

I hope that this time kordamentha understand my request and send me a better reply to encourage me for my frustration and daily living.

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

Further to my e-mail dated 6th april 2018 for which i did not receive any fundamental feed back.

While i am still waiting a court decession on my case, i am still witout any proof in hand to my request from kordamentha. I need a proof from kordamentha requesting such decession from the court relating to my case of matured funds.

Lm had promised me that all my matured funds together with the accrued interest will be refunded to me by their letter in august 2012. Kordamentha is ignoring such letter and i am really frustrated with such situation.

I hope to receive a positive and a fundamental reply with a proof of encouragement to receive back all my funds without further delay. Such funds were fixed for 2 years only instead of 5 or 7 years because i needed them and i still need these funds for my daily living.

I thank you in advance for your co-operation and assistance to the above.

Regards

Charles borg

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamrntha

Further to your e-mail dated today 6th april 2017.

I agrèe that court directions is be sought with regards to my case.

But did kordamentha have informed the court with my case ?

If kordamentha have informed the court with my case, i need a proof of the outcome.

I need a fundamental reply because kordamentha should not keep my matured funds. Kordamentha should have actioned the written letter issued by lm to all witholders that had matured funds.

Kordamemtha is keeping my money against the rule of law, against lm prospectus, against also lm letter sent to all witholders that had matured funds before lm insolvency.

Now it is not the time to tell me that such is being noted. I need a fundamental proof written from the court conserning my case.

Thanking you for your co-operation and assistance and i hope to receieve my funds without further delay to be utilized for my daily living.

Regards

Charles borg

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

Reference to my e-mails and to your reply dated 27th march and 3 april 2018, it seems that kordamentha is not sending a fundamental reply to my request. Such repetive reply is nonsence to me by telling that my e-mail is being noted or by telling me that your position is the same.

Kindly note again that i have a good snd a fundamental reason for requesting my full amount invested because my funds were already matured when kordamentha entered for such responsability and kordamentha should have refunded me my matured funds as i havr been promised in writing by lm.

Kordamentha is acting differently and is keeping my money against the rule of law.

I hope that i shall receive a positive reply this because i am very surprised with such attitude from kordamentha. I am really frustrated because i need such funds for my daily living.

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

Reference to your e-mail of today 27th march 2018.

Kindly note again that my case is different from all unitholders because my funds were matured in august 2012. So kordamentha should not treat my case the same. Matured funds before insolvency have to be refunded as promised by lm in writing. Kordamentha should do as lm promised and not treat me the same with all other witholders who had not matured funds.

So i again insist that kordamentha is acting against the rule of law for which u am expecting as promised by lm in writing by refunding me 100% of my funds invested together with the accrued interest since 2012 as i need to sustain my lifetime as soon as possible.

I hope to receive a positive reply with a fundamental reason and an encouragement to my frustration because i have invested for just 2 years only and on maturity funds should have been refunded and not kept by lm and kept again by kordamentha.

Thanking you for your assistance but i am still worried to my sustainabilty of my lifetime with such attidude by kordamentha by keeping my funds the same as lm. I still insist that i should not be treated the same as all unitholders.

Regards

Charles borg

Subject: Re: LM Managed Performance Fund - Update to Investors No. 16

Dear Kordamentha

Further to my several e-mails sent to you related to my matured funds with LM.

I am again reminding you, that according to the rule of law, Kordamentha should have refunded me my full amount invested in LM because my funds were matured before LM insolvency. So in my opinion I understand that Kordamentha is not abiding according LM promises, and so this is against the rule of law by keeping my matured funds since August 2012.

I hope that Kordamentha will refund me my full amount invested without further delay as these funds should have been refunded according to LM prospectus. Kordamentha is not abiding LM prospectus.

I have been loosing a lot of interest since my matured funds i.e. August 2012.

LM promised me in writing my 100% of my funds together with the accrued interest and Kordamentha should abide by LM prospectus and promises. Kordamentha by keeping my money is acting against LM promises or prospectus.

I hope that Kordamentha will understand my frustration considering my case because I still insist that Kordamentha should refund me my full amount invested that have matured before LM insolvency. LM prospectus and promises have to be abided by Kordamentha without further delay.

Till to-date Kordamentha never quoted any kind offundamental reason or any kind of law, why my matured funds were not refunded.

So I hope that this time I shall receive a fundamental reply to this e-mail from the responsible people as I have been and still very worried about my matured funds from August 2012 till-todate.

Regards

Charles Borg

Subject: Re: LM Managed Performance Fund - Update to Investors No. 16

Dear Kordamentha

Reference to your e-mail dated 19th December 2017.

I understand that according to the rule of law and LM prospectus and written promises, Kordamentha as Trustees should have settled the funds that have matured before LM solvency. The distribution will be made afterwards.

Than the distribution should be done to those investors that hold unmatured funds before LM solvency.

So Kordamentha as Trustees has kept my matured money as from August 2012 together with the accrued interest . I have been promised by LM , 100% of the funds invested which matured in August 2012 and also the accrued interest.

The letter sent to me by LM before their insolvency should not be ignored by Kordamentha.

Kordamentha should not treat investors who had matured funds the same as of those investors who had not matured funds.

I hope that Kordamentha understand my point which is according to the rule of law.

LM kept my funds not according to their prospectus, so I hope that Kordamentha should not do the same because it is against LM prospectus by keeping my money in their hands.

I hope to receive 100% of my matured funds including also the accrued interest since August 2012 without further delay.

Thanking you for your co-operation.

Subject: Re: LM Managed Performance Fund - Update to Investors No. 16

Dear Kordamentha

Reference to your e-mail dated 17th December 2017.

I regret to advice you that I really do not agree because Kordamentha should abide by the commitments that LM has done with the investors that had matured funds before their insolvency.

I had already told you that I have a letter from LM way back August 2012 i.e. before their insolvency confirming and promises that LM will refund all matured funds at 100% together with the accrued interest.

So this agreement between LM and investors who had matured funds should be abided and taken into consideration by Kordamentha as Trusties before the distribution to the investors who did not have matured funds.

I understand that this is the most legitimate action that Kordamentha should have done and without further delay.

In my opinion Kordamentha Should abide by the rule of law as per LM promises and litigation.

Thanking you for your co-operation.

Best regards

Charles Borg

Subject: Re: LM Managed Performance Fund - Update to Investors No. 16

Dear Kordamentha

Reference to your e-mail dated 25th October 2017.

I am again requesting my full amount invested which have matured since August 2012 wherein LM have kept my MATURED FUNDS without my authority by sending me a letter promising me that they are liable to me in refunding all my funds including the accrued interest.

So Kordamentha should not keep my funds and have to abide by LM promises and prospectus.

Kindly note that I have been waiting now over five years and I need my money as soon as possible due to personal commitments and so I cannot wait anymore longer.

So It would be highly appreciated if you may action accordingly without any further delay.

Regards

Charles Borg

Subject: Re: LM Managed Performance Fund - Update to Investors No. 16

Dear KordaMentha

Thank you for your e-mail dated 23rd October 2017.

I still insist that according to LM prospectus and LM letter sent to me before their insolvency, Kordamentha should refund me the full amount of my matured funds way back August 2012 together with the accrued interest as promised by LM letter. I hope that KordaMentha abide by LM promises without further delay by sending me my matured funds.

LM were bound to keep my money up to August 2012, LM kept my matured funds without my authority, LM promised me with their letter before their insolvency that they will send me 100% of my funds together with accrued interest. So now I hope that Kordamentha will not repeat same mistake and so Kordamentha as trusties should abide such promise of LM letter and send me immediately and without further delay the whole amount due to me.

Thanking you for your co-operation and I hope to receive a positive reply.

Best regards

Dear Kordamentha

Further to my e-mail dated 3rd October 2017.

I would like again to remind you that LM before they went insolvent has sent me a letter confirming to me that they will send me my full amount invested together with the accrued interest later after the maturity date.

So Kordamentha should abide by LM promises to those investors who had matured funds. This promise is abided by their prospectus and so Kordamentha should not go out of their prospectus.

I hope that Kordamentha will send me my matured funds in August 2012 without further delay as abided by LM,

Thanking you for your co-operation.

Best regards

Charles Borg

Dear Kordamentha

I would like to thank you for your e-mail dated 27th September 2017.

Kindly note also that LM before their insolvency have sent me a letter in which they have promised me that they shall send me my matured funds later together with the accrued interest. Although LM have kept my matured funds without my authority, LM have written to me that they shall send me my funds with the accrued interest. This letter was sent to me I think in July or August 2012. Ms Lorraine Falzon of MFSP Malta Financial Advisor whom I have always copied in my e-mails can confirm the above. So this commitment by LM should be abided by Kordamentha by sending me in full my matured funds without further delay.

Thanking you for your co-operation and I hope to receive a positive reply.

Dear Kordamentha

Reference to your e-mail dated 3rd July and to my e-mail (being reply to Kordamentha) dated 3rd July 2017 also.

As I have told you several times, my funds matured before LM was insolvent. LM kept my matured money without my authority. Their prospectus does not say that LM have the right to keep my matured funds and so this is illegal. Kordamentha cannot threat all investors the same of those investors who had matured funds or not because LM prospectus do NOT say so. This decision taken by Kordamentha or court is against LM prospectus. LM kept my money illegal and so Kordamentha should refund me back my matured money. This decision should not be sent by Kordamentha to court as this is against LM prospectus. The reality for such decision should be taken by Kordamentha on what is written in the prospectus and not in court decisions.

A FUNDAMENTAL EVIDENCE IS REQUIRED FOR SUCH DECISION TO BE TAKEN WHETHER KORDAMENTHA OR COURT. I STILL INSIST THAT SUCH DECISIONS HAS TO BE TAKEN ON THE REALLITY OF LM PROSPECTUS AND NOT BY COURT.

I hope to receive my full amount of funds without further delay as I have been chasing my money which have matured on 12th August 2012 i.e. nearly five years now.

Thanking you once again for your co-operation and assistance.

Dear Kordamentha

Reference to your e-mail of today 3rd July 2017 wherein you are still threatening all investors the same that had their funds matured and not matured, I still insist that I disagree with such decision by leaving such incredible decision/directions to court.

My Money were kept by LM without my authority and such decision by LM is against their prospectus so this is completely illegal and in my opinion this is completely fraud. This is the main reason that my money should be paid back in full and without any further delay.

MATURED FUNDS BEFORE INSOLVENCY SHOULD BE PAID TO ALL INVESTORS BECAUSE LM PROSPECTUS DOES NOT COVER KORDAMENTHA OR COURT DECISION.

Hoping that my case will be treaded accordingly and as per whole truth.

Thanking you for your co-operation.

Dear Kordamentha

Further to my last e-mail dated 26th May 2017 for which my email was not replied.

I still insist that my funds should be refunded back IN FULL AND WITHOUT FURTHER DELAY. I repeat my case that my funds were matured in August 2012 before LM insolvency. My funds were kept by LM WITHOUT MY AUTHORITY AND AGAINST THEIR PROSPECTUS WHICH IS ILLEGAL AND IN MY OPINION THIS IS A CASE OF FRAUD.

It seems that Kordamentha are threatening all investors the same that is those funds that matured and also those funds that were not matured. My funds matured BEFORE INSOLVENCY and that is why should be paid back in full without further delay.

My funds were kept by LM without my authority and that why should be paid back without further delay.

LM kept my MATURED FUNDS WHILE LM IS STILL IN BUSINESS - SO THIS IS AGAINST THEIR PROSPECTUS AND ILLEGAL and that is why my money should be paid back in full without further delay.

It seems that Kordamentha are going to leave the decision of my case in the court hands. So if this is the whole truth, I need such decision in writing as I still understand that LM went against their prospectus and so my money have to be refunded back without further delay.

I am copying always Ms Lorraine Falzon of MFSP to confirm with her that the above is whole truth.

I hope to receive a fundamental proof by court or Kordamentha with regards to my case decision as I need my money back without further delay.

Thanking you for your co-operation and assistance.

On Fri, May 26, 2017 at 2:14 AM, lminvestors <lminvestors@kordamentha.com> wrote:

Dear Charles,

I refer to our ongoing correspondence regarding your investment in the LM Managed Performance Fund ('the Fund').

Account transaction details

We confirm that we have received your original application form and have undertaken a review of the transaction history of your investment (as contained in the books and records of the fund).

It is apparent from the transaction history that your investment was not redeemed in full on 20 August 2012, rather, partial redemptions were processed on 20 August 2012 and 20 February 2013. It is understood that this may not have been consistent with your original instructions to the fund.

We can confirm that you are listed as a current unitholder in the fund.

Suspension and delay of redemptions prior to winding up of the fund

Based on our investigations of the fund to date, it is apparent that the fund was not processing all redemptions to unitholders in the ordinary course for a period prior to the closure of the fund in March 2013. We understand that the former Trustee was relying on clauses of the Fund's constitution which allowed a level of discretion regarding withdrawal of units (redemptions). There is also information regarding withdrawal delays and liquidity preservation rules on pages 22 and 28 of the Information Memorandum dated 25 November 2009 (attached).

It is likely that the redemption of your investment in August 2012 was impacted by withdrawal delays being implemented by the fund at the time your investment was due to mature.

Treatment of matured unitholdings

Due to the circumstances of the fund prior to appointment of the Trustee, and particularly due to the delays on unitholder withdrawals being implemented by the Fund, we consider it equitable that all unitholders, including those with investments that had matured and not been paid or those which would otherwise have matured in accordance with investor instructions, be treated equally.

Prior to any distribution made by the Trustee, Court directions will be sought in relation to this matter and we will act in accordance with such Court directions.

Should the Court directions require a different treatment of matured unitholdings, we may need to undertake an assessment of unitholders who were impacted by delayed withdrawals (including your unitholding) and potentially seek further directions in relation to these unitholders.

As per our previous correspondence, the Trustee will provide updates in respect to prospective distributions.

Dear KordaMentha

Thank you for your e-mail of today.

I still cannot understand why KordaMentha is treating all investors as their fund matured or not on the same level. Kindly note that matured funds before LM insolvency should have been refunded and not retained by LM without the authority of the investor.

LM have kept my matured money without my authority and this was against of their prospectus. So my money should be refunded IN FULL.

I hope that my case should be treated more fundamentally and according to legality.

Regards

Charles Borg

Whilst I note that your investment matured **prior** to closure of the fund, no distribution will be made outside of the ordinary course of the winding up.

Should a distribution be made, it will be on a pro rata basis and likely be less than five cents in the dollar. We further note that **no** distribution will be made to any unitholders until such a time that ongoing litigation has been substantially finalised.

In reference to your request for the refund of your investment funds, we can confirm that it will be treated in the same manner as all other unitholders as outlined above and in prior correspondence.

Dear Sir / Madam -KordaMentha

As you have stated all distributors were suspended to protect the overall value of the Fund on 19 March 2013. My Funds matured BEFORE such date i.e. AUGUST 2012 and my funds were kept by LM WITHOUT MY AUTHORITY.

In my opinion this is completely illegal or Fraud.

So kindly note that I need all my funds back as soon as possible and without further delay.

Hope that the responsible persons consider my case urgently as I am really frustrated being faced with such incredible situation.

> Whilst we note your advice that the monies were not received, please note that KordaMentha was appointed as trustee of the Fund on 12 April 2013 and that the Fund was closed on 19 March 2013.

As a result of the Fund's closure, all distributions were suspended so as to protect the overall value of the Fund.

The Trustee does not currently have the infrastructure to trace these transactions.

Given the Fund is currently being wound up, the monies will not be repaid but will instead be included in this accounts overall unit holding for the purposes of calculating it's pro-rata share of any final distribution (if available).

Subject: Re: LM Managed Performance Fund - Update to Investors No. 16

Dear Sir / Madam

I am Charles Borg who invested in LM Managed Performance Funds.

As you are aware Ms Lorraine Falzon from MFSP have sent you three e-mails and another was sent by myself. My funds were matured in August 2012 that is before LM became insolvent. My funds were kept by LM without my consent and I was promised by LM with two letters that they will pay me back by money together with the accrued interest later on. My funds were never refunded since to-date and also the accrued interest. So I was completely betrayed by LM.

My funds were invested for two years only that is from August 2010 to August 2012 and I am still without my Eur 5000 and accured interest. My case is completely different from other investors because my funds matured in 2012 before LM went bankrupt and my funds were kept by LM without my authority.

So, I need to know when such funds will be refunded to me from all the responsible authorized persons at your earliest convenience because I have been waiting for my funds over four year now.

I would like to thank all concerned in advance for the earliest assistance and co-operation to the above. I hope also to consider my frustration in such a situation.

Best Regards

Charles Borg

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Good afternoon,

As per my email of the 24th May 2016 (copy below) and a reminder on the same subject on 30th June 2016. We greatly appreciate that our questions raised in our email of 24th May 2016 will be address as soon as possible either via email or through the next Investor update. We are being bombarded with client enquiries on the future of their capital and what possibility there is, if investors in the LM Managed Performance Fund can recover some of their capital through the Australian Investor compensation scheme, since the trustees of the fund (LMIM) were regulated by the Australian Regulator.

Mr. Charles Borg is being copied in my email, because he is an investor in the LM MPF, who invested through MFSP Financial. Mr. Borg had his investment of €5,000 maturing 19th August 2012 (copy of contract note attached), months before that LMIM announced on 20th March 2013 that John Park and Ginette Muller of FTI consulting were appointed as Voluntary Administrators.

Rightly so Mr. Borg is asking that he should have received the funds as per the contract stipulated between the LM MPF and himself, and therefore he should be treated differently from other investors who had their investment maturing after 20th March 2013. We would appreciate your reply in this regard as well and copy Mr. Borg in your reply.

Kind Regards,

Lorraine Falzon

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Good afternoon,

We are a Financial Services company in Malta, regulated by the Malta Financial Services Authority, whicj introduced a number of Maltese investors in the LM Australian Income Fund and the LM Managed Performance Fund. From the updates we are receiving we are more of the view that LMIM as the trustees of the LM Managed Performance Fund, did not perform their duties in the best interest of investors, to say it mildly. MFSP Financial had investors in the LM MPF that their investment matured in January 2013 and February 2013, but funds were never paid back to investors. LMIM issued letters to such investors which we have copies of, assuring investors that their capital is safe and earning income. We both know that at that time (Jan 2013) LMIM we fully aware of the financial position of the fund (LM MPF) and they were misleading investors in believing that the fund is sound and safe. This action was taken by LMIM is solely to attract new monies into the fund.

LMIM is a regulated financial services company in Australia, its directors were also approved by the said Authority they are bound with strict regulations, first and foremost to act in the best interest of investors and to manage the funds and the underlying assets in line with the prospectus. We understand that both regulations mentioned above were not taken seriously by LMIM and the mess they did with our clients funds is unheard of, as disclosed in investors update 15. With such behaviour, investors in the LM MPF are facing losing a high percentage of their capital invested because both LMIM and LM MPF do not have sufficient funds to pay investors in the LM MPF, which means are both companies are near to insolvent.

In Malta, when a Regulated Financial Services Company is unable or likely to be unable to pay claims against it, in general this is when the licensed firm stops trading or becomes insolvent, the Investor Compensation Scheme kicks in. This scheme is a rescue fund for customers of failed investment firms which are licensed by the Malta Financial Services Authority (MFSA). The Scheme is based on the EU Directive 97/9 on investor-compensation schemes. It is financed by investment firms respectively and consumers will not be asked to contribute to the scheme. In Malta consumers are eligible for a maximum compensation of €20,000 per person.

We are also aware that there is a similar scheme is the UK which is managed by the Financial Services Compensation Scheme. The scheme was set up under the Financial Services and Markets Act 2000 and became active on 1 December 2001. MFSP assisted investors who had a claim against a regulated UK Financial Services Company called Catalyst Investment Group because the said company was in default. Consumers were eligible for a maximum compensation of £50,000 per person.

We believe that the Australian Regulator also has in place a form of Investor Compensation Scheme. We believe that investors who were invested in the LM MPF are eligible to submit a claim against LMIM for their miss conduct.

We are aware that you are in touch with the Australian Regulator and are being updated on a regular basis with your findings. Could you please look into the above and guide us how we can assist Maltese investors to submit a claim against LMIM with the Australian Regulator.

Thanking you in anticipation,

Kind regards,

Lorraine Falzon

Dear kordamentha
Thank you for your e-mail dated today 23 may 2018.

Kindly note that i have been waiting for my matured funds nearly 6 years now and kordamentha has been authorised as trustees over 5 years now. So in my opinion court directions and kordamentha had enough time to send me a fundamental proof in writing about my case. I have invested my funds for just 2 years because needed such funds and although i was promised by lm that my funds will be refunded in full in august 2012, such funds are still being kept by kordamentha till todate bring nearly 6 years.

My only request has not yet been answered and fullfilled and i really till today do not know when such request will be received and i am still without my money back for my daily living.

Kordamrntha should feel my position and frustration to my case and dont leave any more waiting for my promised refunded funds by lm together with the accrued interest. I hope that court directions will know my position of my case.

Thanking you in advance for your co-operation to the above.

Regards
Charles borg

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

Thank you for your e-mail dated today 15th may, but i regret to inform you that such reply do not satisfy the my requests.

Kindly note that i have requested a fundamental proof in writing concerning my case for which i have sent you several e-mails. I did not see anything in writing from kordamentha to the court as regards to my case after such a lot of e-mails.

Your update has to be related to my case and not general. My funds were matured in august 2012 before lm insolvency. Lm has kept my matured funds without my authority but promised me all my funds back together with the accrued interest by their letter dated august 2012. Kordamentha afterwards in april 2013 as trustees did not refunded me what lm has promised and what lm had in their prospectus. So kordamentha should have effected what lm has promised and what lm has in their prospectus.

I hope to receive a fundamental proof to what i am requesting as regards to my case.

Regards

Charles borg

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

Thank you for your e-mail dated 13th may 2018.

I understand that directions by the court are to be seen with regards to the methology of distribution. But i need a fundamental proof in writing what exactly kordamentha is informing the court as regards to my case wherin the court have to be notified w ith all my e-mails so that the court will take a good decision to my case.

At this point in time since august 2012 i.e. the of my matured funds, i am still with the same position witout my matured funds and also without the accrued interest which is nearly 7 years after.

I hope to receive a fundamental proof to my request and an encouragement to get my money back which were fixed for just 2 years and now 6 years later i am in a desperate position to sustain my daily living.

Thanking you once again.

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

I regret again to tell you that kordamentha is ignoring the letter that lm have sent me when my funds matured. Lm promised me that they will refund me all my matured funds together with the accrued interest. My funds matured in august 2012 and kordamentha as trustees from april 2013 has kept my matured funds till todate. In my opinion this is against the rule of law and i understand that not all witholders are to be treated the same. Matured funds should have been settled. Unless i receive a fundamental wtitten reason to my case, my position to my case remain the same as from the date of my matured funds.

My funds were invested with lm for two years only because i need and still todate need my money back to sustain my daily living. Lm has promised me my money back as per their prospectus but kordamentha are still keeping my money.

I hope that kordamentha understand my position of frustration.

Thanking you for your co-operation and i hope to receive a something of encouragment as these funds has been held nearly 6 years without my authority.

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear Charles

As you are aware, we were appointed on 12 April 2013, pursuant to an Order of the Supreme Court of Queensland in Brisbane.

Our prioritise have been to:

- preserve and retain the value of the assets and investments of the Fund
- assess the overall financial position of the Fund and its investments
- enable investors' concerns and desires to be communicated
- consider and investigate the previous operation of the Fund including historical application of investors' funds and transactions involving related parties

Prior to our appointment the monies contributed by investors to the Fund, have been principally invested in loans to third parties and related parries which are supported by second ranking mortgage security chargers against real property.

It is emphasised that the Trustees considers that the assets value of the loans of the Fund to be significantly below that of the total investment contributed by investors.

We are continuing to pursue all possible recoveries actions, to ensure the best outcome for all unitholders and until such time as these actions have been finalised we do not expect to make any distribution to unitholders.

As previously advised the Trustees will seek Court directions with respect to the distribution methodology, details of these proceedings will be made available to investors.

Further details regarding court applications can be accessed on the KordaMentha website at http://www.kordamentha.com/creditor-information/australia/109

Kind Regards

Dear kordamentha

Kindly note that i have been expecting my funds on maturity since august 2012. Such reply from kordamentha or trustees fo not seen a fair view especially in my case. Lm on my matured funds has promised me all my funds back together with the accrued interest. Kordamentha or trustees are ignoring such promises and are keeping my funds in hand against the rule of all. Such delay from kordamentha and trustees are frustating all witholders of matured funds before lm insolvency.

How long i am going to wait for my justification.i have been waiting 6 years now and j need my funds back as soon as possible for my daily living.

Kirdamentha or trustees since taking over has never informed me when i will have my money back or never given me any proof what is going on with regards of my matured funds.

I hope that kordamentha or trustees will do something fundamental to my case by sending me a written proof what they are doing to bring me back my matured funds since year 2012.

I hope that this time kordamentha understand my request and send me a better reply to encourage me for my frustration and daily living.

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

Reference to your e-mail of today 27th march 2018.

Kindly note again that my case is different from all unitholders because my funds were matured in august 2012. So kordamentha should not treat my case the same. Matured funds before insolvency have to be refunded as promised by lm in writing. Kordamentha should do as lm promised and not treat me the same with all other witholders who had not matured funds.

So i again insist that kordamentha is acting against the rule of law for which u am expecting as promised by lm in writing by refunding me 100% of my funds invested together with the accrued interest since 2012 as i need to sustain my lifetime as soon as possible.

I hope to receive a positive reply with a fundamental reason and an encouragement to my frustration because i have invested for just 2 years only and on maturity funds should have been refunded and not kept by lm and kept again by kordamentha.

Thanking you for your assistance but i am still worried to my sustainabilty of my lifetime with such attidude by kordamentha by keeping my funds the same as lm. I still insist that i should not be treated the same as all unitholders.

Subject: Re: LM Managed Performance Fund - Update to Investors No. 16

Dear Kordamentha

Further to my several e-mails sent to you related to my matured funds with LM.

I am again reminding you, that according to the rule of law, Kordamentha should have refunded me my full amount invested in LM because my funds were matured before LM insolvency. So in my opinion I understand that Kordamentha is not abiding according LM promises, and so this is against the rule of law by keeping my matured funds since August 2012.

I hope that Kordamentha will refund me my full amount invested without further delay as these funds should have been refunded according to LM prospectus. Kordamentha is not abiding LM prospectus.

I have been loosing a lot of interest since my matured funds i.e. August 2012.

LM promised me in writing my 100% of my funds together with the accrued interest and Kordamentha should abide by LM prospectus and promises. Kordamentha by keeping my money is acting against LM promises or prospectus.

I hope that Kordamentha will understand my frustration considering my case because I still insist that Kordamentha should refund me my full amount invested that have matured before LM insolvency. LM prospectus and promises have to be abided by Kordamentha without further delay.

Till to-date Kordamentha never quoted any kind offundamental reason or any kind of law, why my matured funds were not refunded.

So I hope that this time I shall receive a fundamental reply to this e-mail from the responsible people as I have been and still very worried about my matured funds from August 2012 till-todate.

Regards

Charles Borg

> Dear Charles

As previously advised KordaMentha was appointed as trustee of the Fund on 12 April 2013 and that the Fund was closed on 19 March 2013.

As a result of the Fund's closure, all distributions were suspended so as to protect the overall value of the Fund.

Due to the costs associated with such distributions, the Trustee intends to delay these until substanitially all possible recovery and litigation is complete and ensure the best outcome for all unitholders.

Kind Regards

Subject: Re: LM Managed Performance Fund - Update to Investors No. 16

Dear Kordamentha

Reference to your e-mail dated 19th December 2017.

I understand that according to the rule of law and LM prospectus and written promises, Kordamentha as Trustees should have settled the funds that have matured before LM solvency. The distribution will be made afterwards.

Than the distribution should be done to those investors that hold unmatured funds before LM solvency.

So Kordamentha as Trustees has kept my matured money as from August 2012 together with the accrued interest . I have been promised by LM , 100% of the funds invested which matured in August 2012 and also the accrued interest.

The letter sent to me by LM before their insolvency should not be ignored by Kordamentha.

Kordamentha should not treat investors who had matured funds the same as of those investors who had not matured funds.

I hope that Kordamentha understand my point which is according to the rule of law.

LM kept my funds not according to their prospectus, so I hope that Kordamentha should not do the same because it is against LM prospectus by keeping my money in their hands.

I hope to receive 100% of my matured funds including also the accrued interest since August 2012 without further delay.

Thanking you for your co-operation.

As you are aware, the Fund has been in a phase of Court approved recovery actions via litigation for the best part of three years and there has been no further material developments since our last update.

Until such time as all possible recovery actions and litigation has been completed, a distribution will not be made.

The Trustees position remains unchanged in respect to this matter.

Subject: Re: LM Managed Performance Fund - Update to Investors No. 16

Dear Kordamentha

Reference to your e-mail dated 17th December 2017.

I regret to advice you that I really do not agree because Kordamentha should abide by the commitments that LM has done with the investors that had matured funds before their insolvency.

I had already told you that I have a letter from LM way back August 2012 i.e. before their insolvency confirming and promises that LM will refund all matured funds at 100% together with the accrued interest.

So this agreement between LM and investors who had matured funds should be abided and taken into consideration by Kordamentha as Trusties before the distribution to the investors who did not have matured funds.

I understand that this is the most legitimate action that Kordamentha should have done and without further delay.

In my opinion Kordamentha Should abide by the rule of law as per LM promises and litigation.

Thanking you for your co-operation.

Best regards

Charles Borg

Dear Kordamenth,

Further to my e-mail dated 24th November 2017 for which I did not receive any kind of reply.

I still insist that my matured funds should have been refunded way back since Kordamentha have been as Trustees.

Kordamentha as Trustee are still keeping my money although LM has promised me that my funds will be refunded together with the accrued interest,

So in my opinion Kordamentha as Trustees are repeating same mistake instead correcting by issuing such payments of matured funds that LM has actually has promised.

Kordamentha should abide by LM prospectus and promises as in my opinion this is the wright of way in legality.

Kindly note that I have been waiting for my matured funds since 12th August 2012 and I hope that Kordamentha effect such refund of matured funds without further delay according to legality.

Thanking you for your co-operation and assistance.

Subject: Re: LM Managed Performance Fund - Update to Investors No. 16

Dear Kordamentha

Reference is made to my last e-mail sent to you dated 26th August 2017.

Appreciate if Kordamentha acknowledge receipt or advice progress to my request relating in refunding my full amount invested in LM which were matured before LM insolvency.

I still insist that my matured funds have to be refunded according to LM prospectus and not threated the same as those investors with non-matured funds.

Hoping to receive a positive reply to the above.

Best regards

Charles Borg

Dear Kordamentha

As you maybe aware, I have sent you two e-mails dated 15th July and 11th August 2017 and both of them were not replied by yourselves.

Such attitude do not encourage or satisfy investors.

I am just reminding you so that we innocent investors will get some sort of hope to recover our matured investment before LM became insolvent

I still insist that my funds should be refunded to me without further delay.

Matured funds should be refunded because LM did not have any wright to keep them. This may be confirmed by LM prospectus.

Your co-operation and assistance is highly appreciated.

Regards

Charles Borg

KordaMentha or the court should give ME WRITTEN EVIDENCE IF THEY ARE GOING TO TREAT ME THE SAME AS THOSE INVESTORS THAT HAD NO MATURED FUNDS.

LM PROSPECTUS DO NOT SAY THAT INVESTORS WITH MATURED FUNDS AND THOSE INVESTORS WHO HAD NO MATURED FUNDS HAVE TO BE TREATED THE SAME.

You are kindly requested to send my money back in full without any further delay.

Thanking you for your assistance and co-operation.

Best Regards

>
> As I have told you several times, my funds matured before LM was insolvent. LM kept my matured money without my authority. Their prospectus does not say that LM have the right to keep my matured funds and so this is illegal. Kordamentha cannot threat all investors the same of those investors who had matured funds or not because LM prospectus do NOT say so. This decision taken by Kordamentha or court is against LM prospectus. LM kept my money illegal and so Kordamentha should refund me back my matured money. This decision should not be sent by Kordamentha to court as this is against LM prospectus. The reality for such decision should be taken by Kordamentha on what is written in the prospectus and not in court decisions.
>

> >
> > My Money were kept by LM without my authority and such decision by LM is against their prospectus so this is completely illegal and in my opinion this is completely fraud. This is the main reason that my money should be paid back in full and without any further delay.

MATURED FUNDS BEFORE INSOLVENCY SHOULD BE PAID TO ALL INVESTORS BECAUSE LM PROSPECTUS DOES NOT COVER KORDAMENTHA OR COURT DECISION.

Hoping that my case will be treaded accordingly and as per whole truth.

Thanking you for your co-operation.

Subject: Re: LM Managed Performance Fund - Update to Investors No. 16

Dear Kordamentha

Further to my last e-mail dated 26th May 2017 for which my email was not replied.

I still insist that my funds should be refunded back IN FULL AND WITHOUT FURTHER DELAY. I repeat my case that my funds were matured in August 2012 before LM insolvency. My funds were kept by LM WITHOUT MY AUTHORITY AND AGAINST THEIR PROSPECTUS WHICH IS ILLEGAL AND IN MY OPINION THIS IS A CASE OF FRAUD.

It seems that Kordamentha are threatening all investors the same that is those funds that matured and also those funds that were not matured. My funds matured BEFORE INSOLVENCY and that is why should be paid back in full without further delay.

My funds were kept by LM without my authority and that why should be paid back without further delay.

LM kept my MATURED FUNDS WHILE LM IS STILL IN BUSINESS - SO THIS IS AGAINST THEIR PROSPECTUS AND ILLEGAL and that is why my money should be paid back in full without further delay.

It seems that Kordamentha are going to leave the decision of my case in the court hands. So if this is the whole truth, I need such decision in writing as I still understand that LM went against their prospectus and so my money have to be refunded back without further delay.

I am copying always Ms Lorraine Falzon of MFSP to confirm with her that the above is whole truth.

I hope to receive a fundamental proof by court or Kordamentha with regards to my case decision as I need my money back without further delay.

Thanking you for your co-operation and assistance.

Best Regards

> Dear Charles,

I refer to our ongoing correspondence regarding your investment in the LM Managed Performance Fund ('the Fund').

Account transaction details

We confirm that we have received your original application form and have undertaken a review of the transaction history of your investment (as contained in the books and records of the fund).

It is apparent from the transaction history that your investment was not redeemed in full on 20 August 2012, rather, partial redemptions were processed on 20 August 2012 and 20 February 2013. It is understood that this may not have been consistent with your original instructions to the fund.

We can confirm that you are listed as a current unitholder in the fund.

Suspension and delay of redemptions prior to winding up of the fund

Based on our investigations of the fund to date, it is apparent that the fund was not processing all redemptions to unitholders in the ordinary course for a period prior to the closure of the fund in March 2013. We understand that the former Trustee was relying on clauses of the Fund's constitution which allowed a level of discretion regarding withdrawal of units (redemptions). There is also information regarding withdrawal delays and liquidity preservation rules on pages 22 and 28 of the Information Memorandum dated 25 November 2009 (attached).

It is likely that the redemption of your investment in August 2012 was impacted by withdrawal delays being implemented by the fund at the time your investment was due to mature.

Treatment of matured unitholdings

Due to the circumstances of the fund prior to appointment of the Trustee, and particularly due to the delays on unitholder withdrawals being implemented by the Fund, we consider it equitable that all unitholders, including those with investments that had matured and not been paid or those which would otherwise have matured in accordance with investor instructions, be treated equally.

Prior to any distribution made by the Trustee, Court directions will be sought in relation to this matter and we will act in accordance with such Court directions.

Should the Court directions require a different treatment of matured unitholdings, we may need to undertake an assessment of unitholders who were impacted by delayed withdrawals (including your unitholding) and potentially seek further directions in relation to these unitholders.

As per our previous correspondence, the Trustee will provide updates in respect to prospective distributions.

> Dear Charles,
>
> Thank you for your email.

As noted previously, all distributions were suspended so as to protect the overall value of the Fund on 19 March 2013. This includes but is not limited to investments that matured prior to the closure of the fund. I note that there are a number of unitholders in the same or similar situation.

As such we are unable to process any distributions to unitholders until the completion of the winding up.

The Trustee will advise if and when it is in a positon to make a distribution.

Dear Sir / Madam

Kindly note that my case is completely different from any other investor. My funds matured in August 2012 and I was promised by LM that my funds will be refunded back with accrued interest. My funds were kept by LM without my authority. My funds were never paid to me till today. This is completely irregular or fraud because I did not renew my funds. My funds were kept by LM after their maturity and LM were still operating their business. LM became insolvent/bankrupt in 2013 and so my funds should be refunded to me in FULL.

I hope that you understand my situation and hope that you consider my frustration to my case in great responsibility.

Thanking you in advance for your assistance and co-operation.

Best Regards

Charles Borg

Subject: Re: LM Managed Performance Fund - Update to Investors No. 16

Dear Sir / Madam

I am Charles Borg who invested in LM Managed Performance Funds.

As you are aware Ms Lorraine Falzon from MFSP have sent you three e-mails and another was sent by myself. My funds were matured in August 2012 that is before LM became insolvent. My funds were kept by LM without my consent and I was promised by LM with two letters that they will pay me back by money together with the accrued interest later on. My funds were never refunded since to-date and also the accrued interest. So I was completely betrayed by LM.

My funds were invested for two years only that is from August 2010 to August 2012 and I am still without my Eur 5000 and accured interest. My case is completely different from other investors because my funds matured in 2012 before LM went bankrupt and my funds were kept by LM without my authority.

So, I need to know when such funds will be refunded to me from all the responsible authorized persons at your earliest convenience because I have been waiting for my funds over four year now.

I would like to thank all concerned in advance for the earliest assistance and co-operation to the above. I hope also to consider my frustration in such a situation.

Best Regards

Charles Borg

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Good afternoon,

As per my email of the 24th May 2016 (copy below) and a reminder on the same subject on 30th June 2016. We greatly appreciate that our questions raised in our email of 24th May 2016 will be address as soon as possible either via email or through the next Investor update. We are being bombarded with client enquiries on the future of their capital and what possibility there is, if investors in the LM Managed Performance Fund can recover some of their capital through the Australian Investor compensation scheme, since the trustees of the fund (LMIM) were regulated by the Australian Regulator.

Mr. Charles Borg is being copied in my email, because he is an investor in the LM MPF, who invested through MFSP Financial. Mr. Borg had his investment of €5,000 maturing 19th August 2012 (copy of contract note attached), months before that LMIM announced on 20th March 2013 that John Park

and Ginette Muller of FTI consulting were appointed as Voluntary Administrators.

Rightly so Mr. Borg is asking that he should have received the funds as per the contract stipulated between the LM MPF and himself, and therefore he should be treated differently from other investors who had their investment maturing after 20th March 2013. We would appreciate your reply in this regard as well and copy Mr. Borg in your reply.

Kind Regards,

Lorraine Falzon

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Good afternoon,

We are a Financial Services company in Malta, regulated by the Malta Financial Services Authority, whicj introduced a number of Maltese investors in the LM Australian Income Fund and the LM Managed Performance Fund. From the updates we are receiving we are more of the view that LMIM as

the trustees of the LM Managed Performance Fund, did not perform their duties in the best interest of investors, to say it mildly. MFSP Financial had investors in the LM MPF that their investment matured in January 2013 and February 2013, but funds were never paid back to investors. LMIM issued letters to such investors which we have copies of, assuring investors that their capital is safe and earning income. We both know that at that time (Jan 2013) LMIM we fully aware of the financial position of the fund (LM MPF) and they were misleading investors in believing that the fund is sound and safe. This action was taken by LMIM is solely to attract new monies into the fund.

LMIM is a regulated financial services company in Australia, its directors were also approved by the said Authority they are bound with strict regulations, first and foremost to act in the best interest of investors and to manage the funds and the underlying assets in line with the prospectus. We understand that both regulations mentioned above were not taken seriously by LMIM and the mess they did with our clients funds is unheard of, as disclosed in investors update 15. With such behaviour, investors in the LM MPF are facing losing a high percentage of their capital invested because both LMIM and LM MPF do not have sufficient funds to pay investors in the LM MPF, which means are both companies are near to insolvent.

In Malta, when a Regulated Financial Services Company is unable or likely to be unable to pay claims against it, in general this is when the licensed firm stops trading or becomes insolvent, the Investor Compensation Scheme kicks in. This scheme is a rescue fund for customers of failed investment firms which are licensed by the Malta Financial Services Authority (MFSA). The Scheme is based on the EU Directive 97/9 on investor-compensation schemes. It is financed by investment firms respectively and consumers will not be asked to contribute to the scheme. In Malta consumers are eligible for a maximum compensation of €20,000 per person.

We are also aware that there is a similar scheme is the UK which is managed by the Financial Services Compensation Scheme. The scheme was set up under the Financial Services and Markets Act 2000 and became active on 1 December 2001. MFSP assisted investors who had a claim against a regulated UK Financial Services Company called Catalyst Investment Group because the said company was in default. Consumers were eligible for a maximum compensation of £50,000 per person.

We believe that the Australian Regulator also has in place a form of Investor Compensation Scheme. We believe that investors who were invested in the LM MPF are eligible to submit a claim against LMIM for their miss conduct.

We are aware that you are in touch with the Australian Regulator and are being updated on a regular basis with your findings. Could you please look into the above and guide us how we can assist Maltese investors to submit a claim against LMIM with the Australian Regulator.

Thanking you in anticipation,

Kind regards,

Lorraine Falzon

Dear Sir / Madam

Please find attached the latest update to Investors.

Should you have any queries following your consideration of the Update, further information can be obtained by:

- accessing the KordaMentha website at http://www.kordamentha.com/creditor-information/australia/109;

- if you are unable to find the answer to your query in any of our Updates or Frequently Asked Questions listing then you may email lminvestors@kordamentha.com; (In order to manage the ongoing management costs of the Fund, due to the high volume of enquires made via email the Trustees will only review and respond to emails on a fortnightly basis).

Please note that the Trustees make every attempt to answer your enquiries on a regular basis however due to the number of queries received and our focus on managing costs of the Fund there may be some delay in responding to your individual requests. We appreciate your patience whilst we manage the large volume of emails and telephone calls received during this time.

Yours sincerely

Dear kordamentha
Thank you for your e-mail dated today 23 may 2018.

Kindly note that i have been waiting for my matured funds nearly 6 years now and kordamentha has been authorised as trustees over 5 years now. So in my opinion court directions and kordamentha had enough time to send me a fundamental proof in writing about my case. I have invested my funds for just 2 years because needed such funds and although i was promised by lm that my funds will be refunded in full in august 2012, such funds are still being kept by kordamentha till todate bring nearly 6 years.

My only request has not yet been answered and fullfilled and i really till today do not know when such request will be received and i am still without my money back for my daily living.

Kordamrntha should feel my position and frustration to my case and dont leave any more waiting for my promised refunded funds by lm together with the accrued interest. I hope that court directions will know my position of my case.

Thanking you in advance for your co-operation to the above.

Regards
Charles borg

Dear kordamentha

Thank you for your e-mail dated today 15th may, but i regret to inform you that such reply do not satisfy the my requests.

Kindly note that i have requested a fundamental proof in writing concerning my case for which i have sent you several e-mails. I did not see anything in writing from kordamentha to the court as regards to my case after such a lot of e-mails.

Your update has to be related to my case and not general. My funds were matured in august 2012 before lm insolvency. Lm has kept my matured funds without my authority but promised me all my funds back together with the accrued interest by their letter dated august 2012. Kordamentha afterwards in april 2013 as trustees did not refunded me what lm has promised and what lm had in their prospectus. So kordamentha should have effected what lm has promised and what lm has in their prospectus.

I hope to receive a fundamental proof to what i am requesting as regards to my case.

Regards

Charles borg

Dear kordamentha

Furthur again to my various e-mails and to your last e-mail dated 8th may refering to the e-mail 19th april 2018.

I regret to tell that i am still without any kind if written proof since my matured funds way back since august 2012. I repeat to tell you that lm has promised me in writing that they will refund me my full amount invested together with acctued interest but unfortunetly kordamentha is ignoring such written promises by keeping my matured funds which should have been refunded according to lm promises and prospectus which in my opinion is against the rule of law.

I hope that kordamentha will action lm promises without further delay.

Regards

Charles borg

Dear Charles

As per our email dated 19 April 2018.

The Trustee has not yet commenced any formal proceedings with respect to obtaining Court directions as to the distribution of funds.

We do not expect to commence this process until such time as the Trustee has finalised all possible recovery and litigation.

Details surrounding these proceedings will be provided to investors by way of an update.

Kind Regards

KordaMentha

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

Kindly note that i am aware of my funds which were matured in august 2012 and lm according to their letter have promised me that all my funds will be refunded in full together with the accrued interest but kordamentha in april 2013 has kept my money till todate instead of actioning what lm has promised me with their letter and also as per their prospectus.

Kindly note also that i have just requested a proof from court decision related to my case. I still understands that matured funds should not be treated the same of unmatured funds.

I hope that kordamentha understand my frustration because neither ln nor kordamentha should have kept my matured funds. Such attitude in my opinion is against the rule of law wherin my funds were firstly kept by lm without my authority and afterwards kordamentha is still keeping my matured funds.

I would like to thank you for your co-operation but this time i hope to receive a positive reply with a proof of a fundamental reason of encouragement related to the refund of my matured funds since august 2012 to sustain my daily living.

Regards

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear Charles

As you are aware, we were appointed on 12 April 2013, pursuant to an Order of the Supreme Court of Queensland in Brisbane.

Our prioritise have been to:

- preserve and retain the value of the assets and investments of the Fund
- assess the overall financial position of the Fund and its investments
- enable investors' concerns and desires to be communicated
- consider and investigate the previous operation of the Fund including historical application of investors' funds and transactions involving related parties

Prior to our appointment the monies contributed by investors to the Fund, have been principally invested in loans to third parties and related parries which are supported by second ranking mortgage security chargers against real property.

It is emphasised that the Trustees considers that the assets value of the loans of the Fund to be significantly below that of the total investment contributed by investors.

We are continuing to pursue all possible recoveries actions, to ensure the best outcome for all unitholders and until such time as these actions have been finalised we do not expect to make any distribution to unitholders.

As previously advised the Trustees will seek Court directions with respect to the distribution methodology, details of these proceedings will be made available to investors.

Further details regarding court applications can be accessed on the KordaMentha website at http://www.kordamentha.com/creditor-information/australia/109

Kind Regards

Dear kordamentha

Reference to your e-mail dated 26th april 2018.

I regret to tell you that kordamentha till todate have never sent me any proof of protection or any fundamental reason with the sence of law in keeping my matured funds in their hands. Lm has promised my full amount of funds that will be refunded together with the accrued interest but kordamentha with their respondabilities and as trustees is keeping my matured funds.

Kordamentha should send me a proof of authority from the court decision by keeping my matured funds. This is against the rule of law.

Kordamentha should act as per lm promises and as per lm prospectus. Matured funds should have been settled and not kept by kordamentha. Kordamentha is treating all witholders the same.

I hope that kordamentha will send me my matured funds without futher delay ot at least send me a proof of authority in keeping my matured funds since august 2012.

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

Kindly note that i have been expecting my funds on maturity since august 2012. Such reply from kordamentha or trustees fo not seen a fair view especially in my case. Lm on my matured funds has promised me all my funds back together with the accrued interest. Kordamentha or trustees are ignoring such promises and are keeping my funds in hand against the rule of all. Such delay from kordamentha and trustees are frustating all witholders of matured funds before lm insolvency.

How long i am going to wait for my justification.i have been waiting 6 years now and j need my funds back as soon as possible for my daily living.

Kirdamentha or trustees since taking over has never informed me when i will have my money back or never given me any proof what is going on with regards of my matured funds.

I hope that kordamentha or trustees will do something fundamental to my case by sending me a written proof what they are doing to bring me back my matured funds since year 2012.

I hope that this time kordamentha understand my request and send me a better reply to encourage me for my frustration and daily living.

R

Subject: Re: LM Managed Performance Fund - Update to Investors No. 16

Dear Kordamentha

Further to my several e-mails sent to you related to my matured funds with LM.

I am again reminding you, that according to the rule of law, Kordamentha should have refunded me my full amount invested in LM because my funds were matured before LM insolvency. So in my opinion I understand that Kordamentha is not abiding according LM promises, and so this is against the rule of law by keeping my matured funds since August 2012.

I hope that Kordamentha will refund me my full amount invested without further delay as these funds should have been refunded according to LM prospectus. Kordamentha is not abiding LM prospectus.

I have been loosing a lot of interest since my matured funds i.e. August 2012.

LM promised me in writing my 100% of my funds together with the accrued interest and Kordamentha should abide by LM prospectus and promises. Kordamentha by keeping my money is acting against LM promises or prospectus.

I hope that Kordamentha will understand my frustration considering my case because I still insist that Kordamentha should refund me my full amount invested that have matured before LM insolvency. LM prospectus and promises have to be abided by Kordamentha without further delay.

Till to-date Kordamentha never quoted any kind offundamental reason or any kind of law, why my matured funds were not refunded.

So I hope that this time I shall receive a fundamental reply to this e-mail from the responsible people as I have been and still very worried about my matured funds from August 2012 till-todate.

Regards

Charles Borg

Dear Kordamentha

Reference to your e-mail dated 19th December 2017.

I understand that according to the rule of law and LM prospectus and written promises, Kordamentha as Trustees should have settled the funds that have matured before LM solvency. The distribution will be made afterwards.

Than the distribution should be done to those investors that hold unmatured funds before LM solvency.

So Kordamentha as Trustees has kept my matured money as from August 2012 together with the accrued interest . I have been promised by LM , 100% of the funds invested which matured in August 2012 and also the accrued interest.

The letter sent to me by LM before their insolvency should not be ignored by Kordamentha.

Kordamentha should not treat investors who had matured funds the same as of those investors who had not matured funds.

I hope that Kordamentha understand my point which is according to the rule of law.

LM kept my funds not according to their prospectus, so I hope that Kordamentha should not do the same because it is against LM prospectus by keeping my money in their hands.

I hope to receive 100% of my matured funds including also the accrued interest since August 2012 without further delay.

Thanking you for your co-operation.

Subject: Re: LM Managed Performance Fund - Update to Investors No. 16

Dear Kordamentha

Reference to your e-mail dated 17th December 2017.

I regret to advice you that I really do not agree because Kordamentha should abide by the commitments that LM has done with the investors that had matured funds before their insolvency.

I had already told you that I have a letter from LM way back August 2012 i.e. before their insolvency confirming and promises that LM will refund all matured funds at 100% together with the accrued interest.

So this agreement between LM and investors who had matured funds should be abided and taken into consideration by Kordamentha as Trusties before the distribution to the investors who did not have matured funds.

I understand that this is the most legitimate action that Kordamentha should have done and without further delay.

In my opinion Kordamentha Should abide by the rule of law as per LM promises and litigation.

Thanking you for your co-operation.

Best regards

Charles Borg

Dear Charles

The Trustee reiterates that there will be no distribution made outside of the ordinary course of the winding up.

As you are aware the Trustee acts in the interest of the investors and preserving the remaining value of the Fund.

Until such time as substantially all possible recovery actions and litigation is complete, a distribution will not be made.

Kind Regards

Subject: Re: LM Managed Performance Fund - Update to Investors No. 16

Dear Kordamentha

Reference to your e-mail dated 13th December 2017.

I still insist in my opinion that Kordamentha by keeping my matured funds before LM insolvency is acting against the rule of law, against LM prospectus and LM promises according to their letter sent to me upon maturing of my funds. LM has promised me 100% of my matured funds together with the accrued interest. Kordamentha before the distribution should first abide by LM promises / prospectus. I still insist that my funds should have been paid up all to us investors who had matured funds. Kordamentha as Trustees is acting contrary the rule of law.

Kordamentha have kept my money since August 2012 and so my matured funds should be refunded back to me without further delay.

I hope to receive a positive reply to my request.

Thanking you for your co-operation and assistance.

Dear Kordamentha

Thank you for your e-mail dated 3rd December 2017

Kindly note that my funds matured on 12th August 2012. My funds were kept by LM without my authority but LM has promised me by their letter that LM will refund me the whole amount together with the accrued interest before they went insolvent. So Kordamentha as Trustees should have refunded me with the whole amount together with the accrued interest and not keeping my funds in their hands. So Kordamentha as Trusties should have abided as per LM prospectus and promises as le legality.

I hope to receive my money back without further delay.

Regards

Dear Kordamenth,

Further to my e-mail dated 24th November 2017 for which I did not receive any kind of reply.

I still insist that my matured funds should have been refunded way back since Kordamentha have been as Trustees.

Kordamentha as Trustee are still keeping my money although LM has promised me that my funds will be refunded together with the accrued interest,

So in my opinion Kordamentha as Trustees are repeating same mistake instead correcting by issuing such payments of matured funds that LM has actually has promised.

Kordamentha should abide by LM prospectus and promises as in my opinion this is the wright of way in legality.

Kindly note that I have been waiting for my matured funds since 12th August 2012 and I hope that Kordamentha effect such refund of matured funds without further delay according to legality.

Thanking you for your co-operation and assistance.

Dear Kordamentha

Reference to your e-mail dated 10th November 2017.

Kindly note that LM have kept my matured funds without my authority and promised me to send me my full amount invested together with the accrued interest since August 2012.

I assume that such responsibility was handed over to Kordamentha as Trustees just one year later being LM insolvency..

So now I understand that Kordamentha since year 2013 till to-date, I am still without my funds and so my position with LM and Kordamentha is still the same,

Kordamentha should have actioned what LM has promised to the investors who had matured funds before their insolvency because legally those matured funds should have been refunded to us since Kordamentha have taken such responsibility as Trustees.

I need to know when I shall receive my funds together with the accrued interest as I have been waiting more than five years now.

Thanking you for your co-operation and assistance and I hope that Kordamentha will not only understand my frustration but gives me my sort of light.

Regards

Dear Kordamentha

Reference to your e-mail dated 3rd July and to my e-mail (being reply to Kordamentha) dated 3rd July 2017 also.

As I have told you several times, my funds matured before LM was insolvent. LM kept my matured money without my authority. Their prospectus does not say that LM have the right to keep my matured funds and so this is illegal. Kordamentha cannot threat all investors the same of those investors who had matured funds or not because LM prospectus do NOT say so. This decision taken by Kordamentha or court is against LM prospectus. LM kept my money illegal and so Kordamentha should refund me back my matured money. This decision should not be sent by Kordamentha to court as this is against LM prospectus. The reality for such decision should be taken by Kordamentha on what is written in the prospectus and not in court decisions.

A FUNDAMENTAL EVIDENCE IS REQUIRED FOR SUCH DECISION TO BE TAKEN WHETHER KORDAMENTHA OR COURT. I STILL INSIST THAT SUCH DECISIONS HAS TO BE TAKEN ON THE REALLITY OF LM PROSPECTUS AND NOT BY COURT.

I hope to receive my full amount of funds without further delay as I have been chasing my money which have matured on 12th August 2012 i.e. nearly five years now.

Thanking you once again for your co-operation and assistance.

Regards

Charles Borg

On Mon, Jul 3, 2017 at 9:57 AM, charles borg <charles.c.borg@gmail.com> wrote:

Dear Kordamentha

Reference to your e-mail of today 3rd July 2017 wherein you are still threatening all investors the same that had their funds matured and not matured, I still insist that I disagree with such decision by leaving such incredible decision/directions to court.

My Money were kept by LM without my authority and such decision by LM is against their prospectus so this is completely illegal and in my opinion this is completely fraud. This is the main reason that my money should be paid back in full and without any further delay.

MATURED FUNDS BEFORE INSOLVENCY SHOULD BE PAID TO ALL INVESTORS BECAUSE LM PROSPECTUS DOES NOT COVER KORDAMENTHA OR COURT DECISION.

Hoping that my case will be treaded accordingly and as per whole truth.

Thanking you for your co-operation.

Subject: Re: LM Managed Performance Fund - Update to Investors No. 16

Dear Kordamentha

Further to my last e-mail dated 26th May 2017 for which my email was not replied.

I still insist that my funds should be refunded back IN FULL AND WITHOUT FURTHER DELAY. I repeat my case that my funds were matured in August 2012 before LM insolvency. My funds were kept by LM WITHOUT MY AUTHORITY AND AGAINST THEIR PROSPECTUS WHICH IS ILLEGAL AND IN MY OPINION THIS IS A CASE OF FRAUD.

It seems that Kordamentha are threatening all investors the same that is those funds that matured and also those funds that were not matured. My funds matured BEFORE INSOLVENCY and that is why should be paid back in full without further delay.

My funds were kept by LM without my authority and that why should be paid back without further delay.

LM kept my MATURED FUNDS WHILE LM IS STILL IN BUSINESS - SO THIS IS AGAINST THEIR PROSPECTUS AND ILLEGAL and that is why my money should be paid back in full without further delay.

It seems that Kordamentha are going to leave the decision of my case in the court hands. So if this is the whole truth, I need such decision in writing as I still understand that LM went against their prospectus and so my money have to be refunded back without further delay.

I am copying always Ms Lorraine Falzon of MFSP to confirm with her that the above is whole truth.

I hope to receive a fundamental proof by court or Kordamentha with regards to my case decision as I need my money back without further delay.

Thanking you for your co-operation and assistance.

Best Regards

Charles Borg

Dear Charles,

I refer to our ongoing correspondence regarding your investment in the LM Managed Performance Fund ('the Fund').

Account transaction details

We confirm that we have received your original application form and have undertaken a review of the transaction history of your investment (as contained in the books and records of the fund).

It is apparent from the transaction history that your investment was not redeemed in full on 20 August 2012, rather, partial redemptions were processed on 20 August 2012 and 20 February 2013. It is understood that this may not have been consistent with your original instructions to the fund.

We can confirm that you are listed as a current unitholder in the fund.

Suspension and delay of redemptions prior to winding up of the fund

Based on our investigations of the fund to date, it is apparent that the fund was not processing all redemptions to unitholders in the ordinary course for a period prior to the closure of the fund in March 2013. We understand that the former Trustee was relying on clauses of the Fund's constitution which allowed a level of discretion regarding withdrawal of units (redemptions). There is also information regarding withdrawal delays and liquidity preservation rules on pages 22 and 28 of the Information Memorandum dated 25 November 2009 (attached).

It is likely that the redemption of your investment in August 2012 was impacted by withdrawal delays being implemented by the fund at the time your investment was due to mature.

Treatment of matured unitholdings

Due to the circumstances of the fund prior to appointment of the Trustee, and particularly due to the delays on unitholder withdrawals being implemented by the Fund, we consider it equitable that all unitholders, including those with investments that had matured and not been paid or those which would otherwise have matured in accordance with investor instructions, be treated equally.

Prior to any distribution made by the Trustee, Court directions will be sought in relation to this matter and we will act in accordance with such Court directions.

Should the Court directions require a different treatment of matured unitholdings, we may need to undertake an assessment of unitholders who were impacted by delayed withdrawals (including your unitholding) and potentially seek further directions in relation to these unitholders.

As per our previous correspondence, the Trustee will provide updates in respect to prospective distributions.

Regards,

KordaMentha

Dear KordaMentha

Futher tp my last e-mail sent to you on Monday 17th April 201.

As you are aware a copy of the original application was sent to you as requested for further investigation.

Since LM have kept my money after they have been matured without my authority and against their prospectus, I am still expecting my full amount of money back with further delay.

I hope that KordaMentha consider my request as soon as possible.

Thanking you once again for your co-operation and assistance.

I am very surprised with your service because LM have ignored the agreement and kept my money after maturity without my authority. My deposit was for TWO years ONLY.

I repeat this is ILLEGAL and my money should be PAID IN FULL..

MFSP - Ms Lorianne Falzon can confirm such agreement and I am very frustrated with such situation created by LM.

I really need your reply in writing and not verbally on phone.

I hope that KordaMentha consider my situation more carefully.

Dear KordaMentha

I am still waiting a reply from your end to my e-mail dated16th January 2017.

I repeat again my case. My funds matured in August 2012 and my money were kept by LM without my authority. This is completely illegal and against Lm prospectus. So I am still waiting for the refund of my money in FULL.

I hope that my case will be considered by the responsible people who are taking care of such liquidation. My money should have been refunded upon maturity i because LM were not Insolvency.

I hope that this time my e-mail shall be answered and hoping a positive reply as I am really frustrated with such situation.

Thanking you in advance for your earliest co-operation and assistance.

Please refer to that attached correspondence to Loraine.

As noted in prior updates to Investors, the estimated future return to Unitholders is likely to be less than five cents in a dollar.

Given the winding up process is ongoing and the outcome is contingent on current/future litigation, it is not possible to provide any certainty with respect to a final dividend.

Subject: Re: LM Managed Performance Fund - Update to Investors No. 16

Dear Sir / Madam

I am Charles Borg who invested in LM Managed Performance Funds.

As you are aware Ms Lorraine Falzon from MFSP have sent you three e-mails and another was sent by myself. My funds were matured in August 2012 that is before LM became insolvent. My funds were kept by LM without my consent and I was promised by LM with two letters that they will pay me back by money together with the accrued interest later on. My funds were never refunded since to-date and also the accrued interest. So I was completely betrayed by LM.

My funds were invested for two years only that is from August 2010 to August 2012 and I am still without my Eur 5000 and accured interest. My case is completely different from other investors because my funds

matured in 2012 before LM went bankrupt and my funds were kept by LM without my authority.

So, I need to know when such funds will be refunded to me from all the responsible authorized persons at your earliest convenience because I have been waiting for my funds over four year now.

I would like to thank all concerned in advance for the earliest assistance and co-operation to the above. I hope also to consider my frustration in such a situation.

Best Regards

Charles Borg

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Good afternoon,

As per my email of the 24th May 2016 (copy below) and a reminder on the same subject on 30th June 2016. We greatly appreciate that our questions raised in our email of 24th May 2016 will be address as soon as possible either via email or through the next Investor update. We are being bombarded with client enquiries on the future of their capital and what possibility there is, if investors in the LM Managed Performance Fund can recover some of their capital through the Australian Investor compensation scheme, since the trustees of the fund (LMIM) were regulated by the Australian Regulator.

Mr. Charles Borg is being copied in my email, because he is an investor in the LM MPF, who invested through MFSP Financial. Mr. Borg had his investment of €5,000 maturing 19th August 2012 (copy of contract note attached), months before that LMIM announced on 20th March 2013 that John Park and Ginette Muller of FTI consulting were appointed as Voluntary Administrators.

Rightly so Mr. Borg is asking that he should have received the funds as per the contract stipulated between the LM MPF and himself, and therefore he should be treated differently from other investors who had their investment maturing after 20th March 2013. We would appreciate your reply in this regard as well and copy Mr. Borg in your reply.

Kind Regards,

Lorraine Falzon

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Good afternoon,

We are a Financial Services company in Malta, regulated by the Malta Financial Services Authority, whicj introduced a number of Maltese investors in the LM Australian Income Fund and the LM Managed Performance Fund. From the updates we are receiving we are more of the view that LMIM as the trustees of the LM Managed Performance Fund, did not perform their duties in the best interest of investors, to say it mildly. MFSP Financial had investors in the LM MPF that their investment matured in January 2013 and February 2013, but funds were never paid back to investors. LMIM issued letters to such investors which we have copies of, assuring investors that their capital is safe and earning income. We both know that at that time (Jan 2013) LMIM we fully aware of the financial position of the fund (LM MPF) and they were misleading investors in believing that the fund is sound and safe. This action was taken by LMIM is solely to attract new monies into the fund.

LMIM is a regulated financial services company in Australia, its directors were also approved by the said Authority they are bound with strict regulations, first and foremost to act in the best interest of investors and to manage the funds and the underlying assets in line with the prospectus. We understand that both regulations mentioned above were not taken seriously by LMIM and the mess they did with our clients funds is unheard of, as disclosed in investors update 15. With such behaviour, investors in the LM MPF are facing losing a high percentage of their capital invested because both LMIM and LM MPF do not have sufficient funds to pay investors in the LM MPF, which means are both companies are near to insolvent.

In Malta, when a Regulated Financial Services Company is unable or likely to be unable to pay claims against it, in general this is when the licensed firm stops trading or becomes insolvent, the Investor Compensation Scheme kicks in. This scheme is a rescue fund for customers of failed investment firms which are licensed by the Malta Financial Services Authority (MFSA). The Scheme is based on the EU Directive 97/9 on investor-compensation schemes. It is financed by investment firms respectively and consumers will not be asked to contribute to the scheme. In Malta consumers are eligible for a maximum compensation of €20,000 per person.

We are also aware that there is a similar scheme is the UK which is managed by the Financial Services Compensation Scheme. The scheme was set up under the Financial Services and Markets Act 2000 and became active on 1 December 2001. MFSP assisted investors who had a claim against a regulated UK Financial Services Company called Catalyst Investment Group because the said company was in default. Consumers were eligible for a maximum compensation of £50,000 per person.

We believe that the Australian Regulator also has in place a form of Investor Compensation Scheme. We believe that investors who were invested in the LM MPF are eligible to submit a claim against LMIM for their miss conduct.

We are aware that you are in touch with the Australian Regulator and are being updated on a regular basis with your findings. Could you please look into the above and guide us how we can assist Maltese investors to submit a claim against LMIM with the Australian Regulator.

Thanking you in anticipation,

Kind regards,

Lorraine Falzon

Subject: LM Managed Performance Fund - Update to Investors No. 16

Dear Sir / Madam

Please find attached the latest update to Investors.

Should you have any queries following your consideration of the Update, further information can be obtained by:

- accessing the KordaMentha website at http://www.kordamentha.com/creditor-information/australia/109;

- if you are unable to find the answer to your query in any of our Updates or Frequently Asked Questions listing then you may email lminvestors@kordamentha.com; (In order to manage the ongoing management costs of the Fund, due to the high volume of enquires

made via email the Trustees will only review and respond to emails on a fortnightly basis).

Please note that the Trustees make every attempt to answer your enquiries on a regular basis however due to the number of queries received and our focus on managing costs of the Fund there may be some delay in responding to your individual requests. We appreciate your patience whilst we manage the large volume of emails and telephone calls received during this time.

Yours sincerely

Dear Lorraine,

I apologise for the delay in response to your email.

I confirm that we are not aware of any Australian regulator compensation scheme which is available to the unitholders of the Managed Performance Fund.

The Trustee will advise unitholders if it becomes aware of any such scheme.

Regards,

KordaMentha

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Good afternoon,

As per my email of the 24th May 2016 (copy below) and a reminder on the same subject on 30th June 2016. We greatly appreciate that our questions raised in our email of 24th May 2016 will be address as soon as possible either via email or through the next Investor update. We are being bombarded with client enquiries on the future of their capital and what possibility there is, if investors in the LM Managed Performance Fund can recover some of their capital through the Australian Investor compensation scheme, since the trustees of the fund (LMIM) were regulated by the Australian Regulator.

Mr. Charles Borg is being copied in my email, because he is an investor in the LM MPF, who invested through MFSP Financial. Mr. Borg had his investment of €5,000 maturing 19th August 2012 (copy of contract note attached), months before that LMIM announced on 20th March 2013 that John Park and Ginette Muller of FTI consulting were appointed as Voluntary Administrators.

Rightly so Mr. Borg is asking that he should have received the funds as per the contract stipulated between the LM MPF and himself, and therefore he should be treated differently from other investors who had their investment maturing after 20th March 2013. We would appreciate your reply in this regard as well and copy Mr. Borg in your reply.

Kind Regards,

Lorraine Falzon

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Good afternoon,

We are a Financial Services company in Malta, regulated by the Malta Financial Services Authority, whicj introduced a number of Maltese investors in the LM Australian Income Fund and the LM Managed Performance Fund. From the updates we are receiving we are more of the view that LMIM as the trustees of the LM Managed Performance Fund, did not perform their duties in the best interest of investors, to say it mildly. MFSP Financial had investors in the LM MPF that their investment matured in January 2013 and February 2013, but funds were never paid back to investors. LMIM issued letters to such investors which we have copies of, assuring investors that their capital is safe and earning income. We both know that at that time (Jan 2013) LMIM we fully aware of the financial position of the fund (LM MPF) and they were misleading investors in believing that the fund is sound and safe. This action was taken by LMIM is solely to attract new monies into the fund.

LMIM is a regulated financial services company in Australia, its directors were also approved by the said Authority they are bound with strict regulations, first and foremost to act in the best interest of investors and to manage the funds and the underlying assets in line with the prospectus. We understand that both regulations mentioned above were not taken seriously by LMIM and the mess they did with our clients funds is unheard of, as disclosed in investors update 15. With such behaviour, investors in the LM MPF are facing losing a high percentage of their capital invested because both LMIM and LM MPF do not have sufficient funds to pay investors in the LM MPF, which means are both companies are near to insolvent.

In Malta, when a Regulated Financial Services Company is unable or likely to be unable to pay claims against it, in general this is when the licensed firm stops trading or becomes insolvent, the Investor Compensation Scheme kicks in. This scheme is a rescue fund for customers of failed investment firms which are licensed by the Malta Financial Services Authority (MFSA). The Scheme is based on the EU Directive 97/9 on investor-compensation schemes. It is financed by investment firms respectively and consumers will not be asked to

contribute to the scheme. In Malta consumers are eligible for a maximum compensation of €20,000 per person.

We are also aware that there is a similar scheme is the UK which is managed by the Financial Services Compensation Scheme. The scheme was set up under the Financial Services and Markets Act 2000 and became active on 1 December 2001. MFSP assisted investors who had a claim against a regulated UK Financial Services Company called Catalyst Investment Group because the said company was in default. Consumers were eligible for a maximum compensation of £50,000 per person.

We believe that the Australian Regulator also has in place a form of Investor Compensation Scheme. We believe that investors who were invested in the LM MPF are eligible to submit a claim against LMIM for their miss conduct.

We are aware that you are in touch with the Australian Regulator and are being updated on a regular basis with your findings. Could you please look into the above and guide us how we can assist Maltese investors to submit a claim against LMIM with the Australian Regulator.

Thanking you in anticipation,

Kind regards,

Lorraine Falzon

Dear kordamentha
Reference to your e-mail dated 24th may 2018.
I have requested a fundamental proof in writing by kordamentha to the court concerning my case. This will be a good update for me wherin my funds were matured in august 2012, and lm promised me in writing by their letter refund of 100 per cent of the funds invested together with the accrued interest according also as per their prospectus.
This would be the real update for because till today kordamentha and court directions with regards to my case has not yet been solved after 6 years which seems unbelievable waiting for my funds to sustain my daily living. Theses funds matured the period of investment but kordamentha and lm and the directions of the court are still holding my matured funds.
Hoping a kind proof to my request.

Thanking you for your assistance and co-operation to my situation of frustration.

Regards
Charles borg

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

Thank you for your e-mail dated today 23 may 2018.

Kindly note that i have been waiting for my matured funds nearly 6 years now and kordamentha has been authorised as trustees over 5 years now. So in my opinion court directions and kordamentha had enough time to send me a fundamental proof in writing about my case. I have invested my funds for just 2 years because needed such funds and although i was promised by lm that my funds will be refunded in full in august 2012, such funds are still being kept by kordamentha till todate bring nearly 6 years.

My only request has not yet been answered and fullfilled and i really till today do not know when such request will be received and i am still without my money back for my daily living.

Kordamrntha should feel my position and frustration to my case and dont leave any more waiting for my promised refunded funds by lm together with the accrued interest. I hope that court directions will know my position of my case.

Thanking you in advance for your co-operation to the above.

Regards

Charles borg

Dear kordamentha

Thank you for your e-mail dated today 15th may, but i regret to inform you that such reply do not satisfy the my requests.

Kindly note that i have requested a fundamental proof in writing concerning my case for which i have sent you several e-mails. I did not see anything in writing from kordamentha to the court as regards to my case after such a lot of e-mails.

Your update has to be related to my case and not general. My funds were matured in august 2012 before lm insolvency. Lm has kept my matured funds without my authority but promised me all my funds back together with the accrued interest by their letter dated august 2012. Kordamentha afterwards in april 2013 as trustees did not refunded me what lm has promised and what lm had in their prospectus. So kordamentha should have effected what lm has promised and what lm has in their prospectus.

I hope to receive a fundamental proof to what i am requesting as regards to my case.

Regards

Charles borg

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear Charles

As you are aware, we were appointed on 12 April 2013, pursuant to an Order of the Supreme Court of Queensland in Brisbane.

Our prioritise have been to:

- preserve and retain the value of the assets and investments of the Fund
- assess the overall financial position of the Fund and its investments
- enable investors' concerns and desires to be communicated
- consider and investigate the previous operation of the Fund including historical application of investors' funds and transactions involving related parties

Prior to our appointment the monies contributed by investors to the Fund, have been principally invested in loans to third parties and related parries which are supported by second ranking mortgage security chargers against real property.

It is emphasised that the Trustees considers that the assets value of the loans of the Fund to be significantly below that of the total investment contributed by investors.

We are continuing to pursue all possible recoveries actions, to ensure the best outcome for all unitholders and until such time as these actions have been finalised we do not expect to make any distribution to unitholders.

As previously advised the Trustees will seek Court directions with respect to the distribution methodology, details of these proceedings will be made available to investors.

Further details regarding court applications can be accessed on the KordaMentha website at http://www.kordamentha.com/creditor-information/australia/109

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

Kindly note that i have been expecting my funds on maturity since august 2012. Such reply from kordamentha or trustees fo not seen a fair view especially in my case. Lm on my matured funds has promised me all my funds back together with the accrued interest. Kordamentha or trustees are ignoring such promises and are keeping my funds

in hand against the rule of all. Such delay from kordamentha and trustees are frustating all witholders of matured funds before lm insolvency.

How long i am going to wait for my justification.i have been waiting 6 years now and j need my funds back as soon as possible for my daily living.

Kirdamentha or trustees since taking over has never informed me when i will have my money back or never given me any proof what is going on with regards of my matured funds.

I hope that kordamentha or trustees will do something fundamental to my case by sending me a written proof what they are doing to bring me back my matured funds since year 2012.

I hope that this time kordamentha understand my request and send me a better reply to encourage me for my frustration and daily living.

R

Dear Charles

The Trustee has not yet commenced any formal proceedings with respect to obtaining Court directions as to the distribution of funds.

We do not expect to commence this process until such time as the Trustee has finalised all possible recovery and litigation is complete.

Details surrounding these proceedings will be provided to investors by way of an update.

Kind Regards

KordaMentha

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

Further to my e-mail dated 6th april 2018 for which i did not receive any fundamental feed back.

While i am still waiting a court decession on my case, i am still witout any proof in hand to my request from kordamentha. I need a proof from kordamentha requesting such decession from the court relating to my case of matured funds.

Lm had promised me that all my matured funds together with the accrued interest will be refunded to me by their letter in august 2012. Kordamentha is ignoring such letter and i am really frustrated with such situation.

I hope to receive a positive and a fundamental reply with a proof of encouragement to receive back all my funds without further delay. Such funds were fixed for 2 years only instead of 5 or 7 years because i needed them and i still need these funds for my daily living.

I thank you in advance for your co-operation and assistance to the above.

Dear kordamrntha

Further to your e-mail dated today 6th april 2017.

I agrèe that court directions is be sought with regards to my case.

But did kordamentha have informed the court with my case ?

If kordamentha have informed the court with my case, i need a proof of the outcome.

I need a fundamental reply because kordamentha should not keep my matured funds. Kordamentha should have actioned the written letter issued by lm to all witholders that had matured funds.

Kordamemtha is keeping my money against the rule of law, against lm prospectus, against also lm letter sent to all witholders that had matured funds before lm insolvency.

Now it is not the time to tell me that such is being noted. I need a fundamental proof written from the court conserning my case.

Thanking you for your co-operation and assistance and i hope to receieve my funds without further delay to be utilized for my daily living.

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

Reference to your e-mail of today 27th march 2018.

Kindly note again that my case is different from all unitholders because my funds were matured in august 2012. So kordamentha should not treat my case the same. Matured funds before insolvency have to be refunded as promised by lm in writing. Kordamentha should do as lm promised and not treat me the same with all other witholders who had not matured funds.

So i again insist that kordamentha is acting against the rule of law for which u am expecting as promised by lm in writing by refunding me 100% of my funds invested together with the accrued interest since 2012 as i need to sustain my lifetime as soon as possible.

I hope to receive a positive reply with a fundamental reason and an encouragement to my frustration because i have invested for just 2 years only and on maturity funds should have been refunded and not kept by lm and kept again by kordamentha.

Thanking you for your assistance but i am still worried to my sustainabilty of my lifetime with such attidude by kordamentha by keeping my funds the same as lm. I still insist that i should not be treated the same as all unitholders.

Regards

Subject: Re: LM Managed Performance Fund - Update to Investors No. 16

Dear Kordamentha

Further to my several e-mails sent to you related to my matured funds with LM.

I am again reminding you, that according to the rule of law, Kordamentha should have refunded me my full amount invested in LM because my funds were matured before LM insolvency. So in my opinion I understand that Kordamentha is not abiding according LM promises, and so this is against the rule of law by keeping my matured funds since August 2012.

I hope that Kordamentha will refund me my full amount invested without further delay as these funds should have been refunded according to LM prospectus. Kordamentha is not abiding LM prospectus.

I have been loosing a lot of interest since my matured funds i.e. August 2012.

LM promised me in writing my 100% of my funds together with the accrued interest and Kordamentha should abide by LM prospectus and promises. Kordamentha by keeping my money is acting against LM promises or prospectus.

I hope that Kordamentha will understand my frustration considering my case because I still insist that Kordamentha should refund me my full amount invested that have matured before LM insolvency. LM prospectus and promises have to be abided by Kordamentha without further delay.

Till to-date Kordamentha never quoted any kind offundamental reason or any kind of law, why my matured funds were not refunded.

So I hope that this time I shall receive a fundamental reply to this e-mail from the responsible people as I have been and still very worried about my matured funds from August 2012 till-todate.

Regards

Charles Borg

Subject: Re: LM Managed Performance Fund - Update to Investors No. 16

Dear Kordamentha

Reference to your e-mail dated 19th December 2017.

I understand that according to the rule of law and LM prospectus and written promises, Kordamentha as Trustees should have settled the funds that have matured before LM solvency. The distribution will be made afterwards.

Than the distribution should be done to those investors that hold unmatured funds before LM solvency.

So Kordamentha as Trustees has kept my matured money as from August 2012 together with the accrued interest . I have been promised by LM , 100% of the funds invested which matured in August 2012 and also the accrued interest.

The letter sent to me by LM before their insolvency should not be ignored by Kordamentha.

Kordamentha should not treat investors who had matured funds the same as of those investors who had not matured funds.

I hope that Kordamentha understand my point which is according to the rule of law.

LM kept my funds not according to their prospectus, so I hope that Kordamentha should not do the same because it is against LM prospectus by keeping my money in their hands.

I hope to receive 100% of my matured funds including also the accrued interest since August 2012 without further delay.

Thanking you for your co-operation.

Subject: Re: LM Managed Performance Fund - Update to Investors No. 16

Dear Kordamentha

Reference to your e-mail dated 17th December 2017.

I regret to advice you that I really do not agree because Kordamentha should abide by the commitments that LM has done with the investors that had matured funds before their insolvency.

I had already told you that I have a letter from LM way back August 2012 i.e. before their insolvency confirming and promises that LM will refund all matured funds at 100% together with the accrued interest.

So this agreement between LM and investors who had matured funds should be abided and taken into consideration by Kordamentha as Trusties before the distribution to the investors who did not have matured funds.

I understand that this is the most legitimate action that Kordamentha should have done and without further delay.

In my opinion Kordamentha Should abide by the rule of law as per LM promises and litigation.

Thanking you for your co-operation.

Best regards

Charles Borg

Dear Kordamentha

Thank you for your e-mail of today 9th November 2017

Kindly note that I have been waiting for my funds since August 2012 which is over five years now.

Kordamentha should have abided by the promises and LM commitments that have made with me to my matured funds way back in August 2012.

Kordamentha must effect payment without further delay.

Kordamentha should not go against LM promises and prospectus. Matured funds should have been settled.

I hope to hear from you when exactly I shall receive my legitimate funds together with the accrued interest as per LM letter sent to me and Kordamentha should do exactly that LM promised to me on my matured funds.

Thanking you once again for your co-operation.

Regards

Dear Kordamentha

Reference to your e-mail dated 25th October 2017.

I am again requesting my full amount invested which have matured since August 2012 wherein LM have kept my MATURED FUNDS without my authority by sending me a letter promising me that they are liable to me in refunding all my funds including the accrued interest.

So Kordamentha should not keep my funds and have to abide by LM promises and prospectus.

Kindly note that I have been waiting now over five years and I need my money as soon as possible due to personal commitments and so I cannot wait anymore longer.

So It would be highly appreciated if you may action accordingly without any further delay.

Regards

Charles Borg

Subject: Re: LM Managed Performance Fund - Update to Investors No. 16

Dear KordaMentha

Thank you for your e-mail dated 23rd October 2017.

I still insist that according to LM prospectus and LM letter sent to me before their insolvency, Kordamentha should refund me the full amount of my matured funds way back August 2012 together with the accrued interest as promised by LM letter. I hope that KordaMentha abide by LM promises without further delay by sending me my matured funds.

LM were bound to keep my money up to August 2012, LM kept my matured funds without my authority, LM promised me with their letter before their insolvency that they will send me 100% of my funds together with accrued interest. So now I hope that Kordamentha will not repeat same mistake and so Kordamentha as trusties should abide such promise of LM letter and send me immediately and without further delay the whole amount due to me.

Thanking you for your co-operation and I hope to receive a positive reply.

Dear Kordamentha

Further to my e-mail dated 3rd October 2017.

I would like again to remind you that LM before they went insolvent has sent me a letter confirming to me that they will send me my full amount invested together with the accrued interest later after the maturity date.

So Kordamentha should abide by LM promises to those investors who had matured funds. This promise is abided by their prospectus and so Kordamentha should not go out of their prospectus.

I hope that Kordamentha will send me my matured funds in August 2012 without further delay as abided by LM,

Thanking you for your co-operation.

Best regards

Charles Borg

Kindly note also that LM before their insolvency have sent me a letter in which they have promised me that they shall send me my matured funds later together with the accrued interest. Although LM have kept my matured funds without my authority, LM have written to me that they shall send me my funds with the accrued interest. This letter was sent to me I think in July or August 2012. Ms Lorraine Falzon of MFSP Malta Financial Advisor whom I have always copied in my e-mails can confirm the above. So this commitment by LM should be abided by Kordamentha by sending me in full my matured funds without further delay.

Thanking you for your co-operation and I hope to receive a positive reply.

Dear Kordamentha

As you maybe aware, I have sent you two e-mails dated 15th July and 11th August 2017 and both of them were not replied by yourselves.

Such attitude do not encourage or satisfy investors.

I am just reminding you so that we innocent investors will get some sort of hope to recover our matured investment before LM became insolvent

I still insist that my funds should be refunded to me without further delay.

Matured funds should be refunded because LM did not have any wright to keep them. This may be confirmed by LM prospectus.

Your co-operation and assistance is highly appreciated.

Regards

Charles Borg

> Reference is made to my last e-mail dated 15th July 2017 for which I did not receive any kind of reply.

I still insist that my funds should be paid up in full without any further delay.

My matured funds before LM insolvency and according to their prospectus should have been refunded to me in FULL AND WITHOUT FURTHER DELAY.

KordaMentha or the court should give ME WRITTEN EVIDENCE IF THEY ARE GOING TO TREAT ME THE SAME AS THOSE INVESTORS THAT HAD NO MATURED FUNDS.

LM PROSPECTUS DO NOT SAY THAT INVESTORS WITH MATURED FUNDS AND THOSE INVESTORS WHO HAD NO MATURED FUNDS HAVE TO BE TREATED THE SAME.

You are kindly requested to send my money back in full without any further delay.

Thanking you for your assistance and co-operation.

Reference to your e-mail of today 3rd July 2017 wherein you are still threatening all investors the same that had their funds matured and not matured, I still insist that I disagree with such decision by leaving such incredible decision/directions to court.

My Money were kept by LM without my authority and such decision by LM is against their prospectus so this is completely illegal and in my opinion this is completely fraud. This is the main reason that my money should be paid back in full and without any further delay.

MATURED FUNDS BEFORE INSOLVENCY SHOULD BE PAID TO ALL INVESTORS BECAUSE LM PROSPECTUS DOES NOT COVER KORDAMENTHA OR COURT DECISION.

Hoping that my case will be treaded accordingly and as per whole truth.

Thanking you for your co-operation.

>
> Dear Kordamentha
>
> Further to my last e-mail dated 26th May 2017 for which my email was not replied.

I still insist that my funds should be refunded back IN FULL AND WITHOUT FURTHER DELAY. I repeat my case that my funds were matured in August 2012 before LM insolvency. My funds were kept by LM WITHOUT MY AUTHORITY AND AGAINST THEIR PROSPECTUS WHICH IS ILLEGAL AND IN MY OPINION THIS IS A CASE OF FRAUD.

It seems that Kordamentha are threatening all investors the same that is those funds that matured and also those funds that were not matured. My funds matured BEFORE INSOLVENCY and that is why should be paid back in full without further delay.

My funds were kept by LM without my authority and that why should be paid back without further delay.

LM kept my MATURED FUNDS WHILE LM IS STILL IN BUSINESS - SO THIS IS AGAINST THEIR PROSPECTUS AND ILLEGAL and that is why my money should be paid back in full without further delay.

It seems that Kordamentha are going to leave the decision of my case in the court hands. So if this is the whole truth, I need such decision in writing as I still understand that LM went against their prospectus and so my money have to be refunded back without further delay.

I am copying always Ms Lorraine Falzon of MFSP to confirm with her that the above is whole truth.

I hope to receive a fundamental proof by court or Kordamentha with regards to my case decision as I need my money back without further delay.

Thanking you for your co-operation and assistance.

Best Regards

On Fri, May 26, 2017 at 2:14 AM, lminvestors <lminvestors@kordamentha.com> wrote:

Dear Charles,

I refer to our ongoing correspondence regarding your investment in the LM Managed Performance Fund ('the Fund').

Account transaction details

We confirm that we have received your original application form and have undertaken a review of the transaction history of your investment (as contained in the books and records of the fund).

It is apparent from the transaction history that your investment was not redeemed in full on 20 August 2012, rather, partial redemptions were processed on 20 August 2012 and 20 February 2013. It is understood that this may not have been consistent with your original instructions to the fund.

We can confirm that you are listed as a current unitholder in the fund.

Suspension and delay of redemptions prior to winding up of the fund

Based on our investigations of the fund to date, it is apparent that the fund was not processing all redemptions to unitholders in the ordinary course for a period prior to the closure of the fund in March 2013. We understand that the former Trustee was relying on clauses of the Fund's constitution which allowed a level of discretion regarding withdrawal of units (redemptions). There is also information regarding withdrawal delays and liquidity preservation rules on pages 22 and 28 of the Information Memorandum dated 25 November 2009 (attached).

It is likely that the redemption of your investment in August 2012 was impacted by withdrawal delays being implemented by the fund at the time your investment was due to mature.

Treatment of matured unitholdings

Due to the circumstances of the fund prior to appointment of the Trustee, and particularly due to the delays on unitholder withdrawals being implemented by the Fund, we consider it equitable that all unitholders, including those with investments that had matured and not been paid or those which would otherwise have matured in accordance with investor instructions, be treated equally.

Prior to any distribution made by the Trustee, Court directions will be sought in relation to this matter and we will act in accordance with such Court directions.

Should the Court directions require a different treatment of matured unitholdings, we may need to undertake an assessment of unitholders who were impacted by delayed withdrawals (including your unitholding) and potentially seek further directions in relation to these unitholders.

As per our previous correspondence, the Trustee will provide updates in respect to prospective distributions.

Dear KordaMentha

I am still waiting a reply from your end to my e-mail dated16th January 2017.

I repeat again my case. My funds matured in August 2012 and my money were kept by LM without my authority. This is completely illegal and against Lm prospectus. So I am still waiting for the refund of my money in FULL.

I hope that my case will be considered by the responsible people who are taking care of such liquidation. My money should have been refunded upon maturity i because LM were not Insolvency.

I hope that this time my e-mail shall be answered and hoping a positive reply as I am really frustrated with such situation.

Thanking you in advance for your earliest co-operation and assistance.

Regards

Charles Borg

> Thank you for your e-mail of today.

I still cannot understand why KordaMentha is treating all investors as their fund matured or not on the same level. Kindly note that matured funds before LM insolvency should have been refunded and not retained by LM without the authority of the investor.

LM have kept my matured money without my authority and this was against of their prospectus. So my money should be refunded IN FULL.

I hope that my case should be treated more fundamentally and according to legality.

Regards

Charles Borg

Should a distribution be made, it will be on a pro rata basis and likely be less than five cents in the dollar. We further note that **no** distribution will be made to any unitholders until such a time that ongoing litigation has been substantially finalised.

In reference to your request for the refund of your investment funds, we can confirm that it will be treated in the same manner as all other unitholders as outlined above and in prior correspondence.

Dear Sir / Madam -KordaMentha

As you have stated all distributors were suspended to protect the overall value of the Fund on 19 March 2013. My Funds matured BEFORE such date i.e. AUGUST 2012 and my funds were kept by LM WITHOUT MY AUTHORITY.

In my opinion this is completely illegal or Fraud.

So kindly note that I need all my funds back as soon as possible and without further delay.

Hope that the responsible persons consider my case urgently as I am really frustrated being faced with such incredible situation.

Regards

Charles Borg

On Thu, Dec 1, 2016 at 6:26 AM, lminvestors <lminvestors@kordamentha.com> wrote:

Dear Charles,

Thank you for your email.

As noted previously, all distributions were suspended so as to protect the overall value of the Fund on 19 March 2013. This includes but is not limited to investments that matured prior to the closure of the fund. I note that there are a number of unitholders in the same or similar situation.

As such we are unable to process any distributions to unitholders until the completion of the winding up.

The Trustee will advise if and when it is in a positon to make a distribution.

Regards,

Trustee of LM Managed Performance Fund

Cc: Lorraine Falzon <lfalzon@mfsp.com.mt>
Subject: Re: LM Managed Performance Fund - Update to Investors No. 16

Dear Sir / Madam

I am Charles Borg who invested in LM Managed Performance Funds.

As you are aware Ms Lorraine Falzon from MFSP have sent you three e-mails and another was sent by myself. My funds were matured in August 2012 that is before LM became insolvent. My funds were kept by LM without my consent and I was promised by LM with two letters that they will pay me back by money together with the accrued interest later on. My funds were never refunded since to-date and also the accrued interest. So I was completely betrayed by LM.

My funds were invested for two years only that is from August 2010 to August 2012 and I am still without my Eur 5000 and accured interest. My case is completely different from other investors because my funds matured in 2012 before LM went bankrupt and my funds were kept by LM without my authority.

So, I need to know when such funds will be refunded to me from all the responsible authorized persons at your earliest convenience because I have been waiting for my funds over four year now.

I would like to thank all concerned in advance for the earliest assistance and co-operation to the above. I hope also to consider my frustration in such a situation.

Best Regards

Charles Borg

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Good afternoon,

As per my email of the 24th May 2016 (copy below) and a reminder on the same subject on 30th June 2016. We greatly appreciate that our questions raised in our email of 24th May 2016 will be address as soon as possible either via email or through the next Investor update. We are being bombarded with client enquiries on the future of their capital and what possibility there is, if investors in the LM Managed Performance Fund can recover some of their capital through the Australian Investor compensation scheme, since the trustees of the fund (LMIM) were regulated by the Australian Regulator.

Mr. Charles Borg is being copied in my email, because he is an investor in the LM MPF, who invested through MFSP Financial. Mr. Borg had his investment of €5,000 maturing 19th August 2012 (copy of contract note attached), months before that LMIM announced on 20th March 2013 that John Park and Ginette Muller of FTI consulting were appointed as Voluntary Administrators.

Rightly so Mr. Borg is asking that he should have received the funds as per the contract stipulated between the LM MPF and himself, and therefore he should be treated differently from other investors who had their investment maturing after 20th March 2013. We would appreciate your reply in this regard as well and copy Mr. Borg in your reply.

Kind Regards,

Lorraine Falzon

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Good afternoon,

We are a Financial Services company in Malta, regulated by the Malta Financial Services Authority, whicj introduced a number of Maltese investors in the LM Australian Income Fund and the LM Managed Performance Fund. From the updates we are receiving we are more of the view that LMIM as the trustees of the LM Managed Performance Fund, did not perform their duties in the best interest of investors, to say it mildly. MFSP Financial had investors in the LM MPF that their investment matured in January 2013 and February 2013, but funds were never paid back to investors. LMIM issued letters to such investors which we have copies of, assuring investors that their capital is safe and earning income. We both know that at that time (Jan 2013) LMIM we fully aware of the financial position of the fund (LM MPF) and they were misleading investors in believing that the fund is sound and safe. This action was taken by LMIM is solely to attract new monies into the fund.

LMIM is a regulated financial services company in Australia, its directors were also approved by the said Authority they are bound with strict regulations, first and foremost to act in the best interest of investors and to manage the funds and the underlying assets in line with the prospectus. We understand that both regulations mentioned above were not taken seriously by LMIM and the mess they did with our clients funds is unheard of, as disclosed in investors update 15. With such behaviour, investors in the LM MPF are facing losing a high percentage of their capital invested because both LMIM and LM MPF do not have sufficient funds to pay investors in the LM MPF, which means are both companies are near to insolvent.

In Malta, when a Regulated Financial Services Company is unable or likely to be unable to pay claims against it, in general this is when the licensed firm stops trading or becomes insolvent, the Investor Compensation Scheme kicks in. This scheme is a rescue fund for customers of failed investment firms which are licensed by the Malta Financial Services Authority (MFSA). The Scheme is based on the EU Directive 97/9 on investor-compensation schemes. It is financed by investment firms respectively and consumers will not be asked to contribute to the scheme. In Malta consumers are eligible for a maximum compensation of €20,000 per person.

We are also aware that there is a similar scheme is the UK which is managed by the Financial Services Compensation Scheme. The scheme was set up under the Financial Services and Markets Act 2000 and became active on 1 December 2001. MFSP assisted investors who had a claim against a regulated UK Financial Services Company called Catalyst Investment Group because the said company was in default. Consumers were eligible for a maximum compensation of £50,000 per person.

We believe that the Australian Regulator also has in place a form of Investor Compensation Scheme. We believe that investors who were invested in the LM MPF are eligible to submit a claim against LMIM for their miss conduct.

We are aware that you are in touch with the Australian Regulator and are being updated on a regular basis with your findings. Could you please look into the above and guide us how we can assist Maltese investors to submit a claim against LMIM with the Australian Regulator.

Thanking you in anticipation,

Kind regards,

Lorraine Falzon

Dear Sir / Madam

Please find attached the latest update to Investors.

Should you have any queries following your consideration of the Update, further information can be obtained by:

- accessing the KordaMentha website at http://www.kordamentha.com/creditor-information/australia/109;

- if you are unable to find the answer to your query in any of our Updates or Frequently Asked Questions listing then you may email lminvestors@kordamentha.com; (In order to manage the ongoing management costs of the Fund, due to the high volume of enquires made via email the Trustees will only review and respond to emails on a fortnightly basis).

Please note that the Trustees make every attempt to answer your enquiries on a regular basis however due to the number of queries received and our

focus on managing costs of the Fund there may be some delay in responding to your individual requests. We appreciate your patience whilst we manage the large volume of emails and telephone calls received during this time.

Yours sincerely

In Malta consumers are eligible for a maximum compensation of €20,000 per person.

We are also aware that there is a similar scheme is the UK which is managed by the Financial Services Compensation Scheme. The scheme was set up under the Financial Services and Markets Act 2000 and became active on 1 December 2001. MFSP assisted investors who had a claim against a regulated UK Financial Services Company called Catalyst Investment Group because the said company was in default. Consumers were eligible for a maximum compensation of £50,000 per person.

We believe that the Australian Regulator also has in place a form of Investor Compensation Scheme. We believe that investors who were invested in the LM MPF are eligible to submit a claim against LMIM for their miss conduct.

We are aware that you are in touch with the Australian Regulator and are being updated on a regular basis with your findings. Could you please look into the above and guide us how we can assist Maltese investors to submit a claim against LMIM with the Australian Regulator.

Thanking you in anticipation,

Kind regards,

Lorraine Falzon

Subject: LM Managed Performance Fund - Update to Investors No. 16

Dear Sir / Madam

Please find attached the latest update to Investors.

Should you have any queries following your consideration of the Update, further information can be obtained by:

- accessing the KordaMentha website at http://www.kordamentha.com/creditor-information/australia/109;

- if you are unable to find the answer to your query in any of our Updates or Frequently Asked Questions listing then you may email lminvestors@kordamentha.com; (In order to manage the ongoing management costs of the Fund, due to the high volume of enquires made via email the Trustees will only review and respond to emails on a fortnightly basis).

Please note that the Trustees make every attempt to answer your enquiries on a regular basis however due to the number of queries received and our focus on managing costs of the Fund there may be some delay in responding to your individual requests. We appreciate your patience whilst we manage the large volume of emails and telephone calls received during this time.

Yours sincerely

Dear Charles

Thank you for your email.

As per our most recent update to investors (attached for your reference), the Trustee has commenced preparation of materials required to obtain Court directions regarding the process for distribution to Unitholders and methodology for calculating distributions.

The Trustee will keep Unitholders updated in respect to this process and we appreciate the patience of Unitholders in this matter.

Kind Regards

KordaMentha

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha
Further to my e-mail sent to you on the 25th may 2018 for for which i did not receive any feed back from your end with regards to my matured funds which lm have kept without my authority altough my funds matured in august 2012. Kordamentha unfortunetly as the responsible people are still holding my funds. I have requested a fundamental proof in writing about my case and till todate kordamentha did not given me anything but remained as lm did to me by holding my matured funds.
Kindly note also that investors who had lm australian incone funds had already been refunded with two payments and the last payment is going to be paid accordingly while my my funds which matured in august 2012 are still in the hands of kordamentha. Does this make any sence of justfication to kordanentha or the court considering my case.

I hope that kordamentha shall send me a reply with a fundamental proof as this is against the rule of law. Fixed interest deposits with a maturity date should have been settled by kordamentha before funds which do not hold any kind of maturity.

Lm australian income funds should not have any kind of preferantial over my lm funds which were fixed for two years and matured before lm insolvency. Kordamentha did not hold such funds because there were two distribtion payments and the third is going to be effected; while my matured and promised funds are still being kept by kordamentha.

I hope to receive my funds without further delay or a fundamental proof in writing for holding my funds for which i need for my daily living.

Regards
Charles borg

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha
Reference to your e-mail dated 24th may 2018.
I have requested a fundamental proof in writing by kordamentha to the court concerning my case. This will be a good update for me wherin my funds were matured in august 2012, and lm promised me in writing by their letter refund of 100 per cent of the funds invested together with the accrued interest according also as per their prospectus.
This would be the real update for because till today kordamentha and court directions with regards to my case has not yet been solved after 6 years which seems unbelievable waiting for my funds to sustain my daily living. Theses funds matured the period of investment but kordamentha and lm and the directions of the court are still holding my matured funds.
Hoping a kind proof to my request.

Thanking you for your assistance and co-operation to my situation of frustration.

Regards

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

Thank you for your e-mail dated today 23 may 2018.

Kindly note that i have been waiting for my matured funds nearly 6 years now and kordamentha has been authorised as trustees over 5 years now. So in my opinion court directions and kordamentha had enough time to send me a fundamental proof in writing about my case. I have invested my funds for just 2 years because needed such funds and although i was promised by lm that my funds will be refunded in full in august 2012, such funds are still being kept by kordamentha till todate bring nearly 6 years.

My only request has not yet been answered and fullfilled and i really till today do not know when such request will be received and i am still without my money back for my daily living.

Kordamrntha should feel my position and frustration to my case and dont leave any more waiting for my promised refunded funds by lm together with the accrued interest. I hope that court directions will know my position of my case.

Thanking you in advance for your co-operation to the above.

Regards

Charles borg

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

Thank you for your e-mail dated today 15th may, but i regret to inform you that such reply do not satisfy the my requests.

Kindly note that i have requested a fundamental proof in writing concerning my case for which i have sent you several e-mails. I did not see anything in writing from kordamentha to the court as regards to my case after such a lot of e-mails.

Your update has to be related to my case and not general. My funds were matured in august 2012 before lm insolvency. Lm has kept my matured funds without my authority but promised me all my funds back together with the accrued interest by their letter dated august 2012. Kordamentha afterwards in april 2013 as trustees did not refunded me what lm has promised and what lm had in their prospectus. So kordamentha should have effected what lm has promised and what lm has in their prospectus.

I hope to receive a fundamental proof to what i am requesting as regards to my case.

Regards

Charles borg

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear Charles

As you are aware, we were appointed on 12 April 2013, pursuant to an Order of the Supreme Court of Queensland in Brisbane.

Our prioritise have been to:

- preserve and retain the value of the assets and investments of the Fund
- assess the overall financial position of the Fund and its investments
- enable investors' concerns and desires to be communicated
- consider and investigate the previous operation of the Fund including historical application of investors' funds and transactions involving related parties

Prior to our appointment the monies contributed by investors to the Fund, have been principally invested in loans to third parties and related parries which are supported by second ranking mortgage security chargers against real property.

It is emphasised that the Trustees considers that the assets value of the loans of the Fund to be significantly below that of the total investment contributed by investors.

We are continuing to pursue all possible recoveries actions, to ensure the best outcome for all unitholders and until such time as these actions have been finalised we do not expect to make any distribution to unitholders.

As previously advised the Trustees will seek Court directions with respect to the distribution methodology, details of these proceedings will be made available to investors.

Further details regarding court applications can be accessed on the KordaMentha website at http://www.kordamentha.com/creditor-information/australia/109

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamrntha

Further to your e-mail dated today 6th april 2017.

I agrèe that court directions is be sought with regards to my case.

But did kordamentha have informed the court with my case ?

If kordamentha have informed the court with my case, i need a proof of the outcome.

I need a fundamental reply because kordamentha should not keep my matured funds. Kordamentha should have actioned the written letter issued by lm to all witholders that had matured funds.

Kordamemtha is keeping my money against the rule of law, against lm prospectus, against also lm letter sent to all witholders that had matured funds before lm insolvency.

Now it is not the time to tell me that such is being noted. I need a fundamental proof written from the court conserning my case.

Thanking you for your co-operation and assistance and i hope to receieve my funds without further delay to be utilized for my daily living.

Regards

Dear kordamentha

Reference to my e-mails and to your reply dated 27th march and 3 april 2018, it seems that kordamentha is not sending a fundamental reply to my request. Such repetive reply is nonsence to me by telling that my e-mail is being noted or by telling me that your position is the same.

Kindly note again that i have a good snd a fundamental reason for requesting my full amount invested because my funds were already matured when kordamentha entered for such responsability and kordamentha should have refunded me my matured funds as i havr been promised in writing by lm.

Kordamentha is acting differently and is keeping my money against the rule of law.

I hope that i shall receive a positive reply this because i am very surprised with such attitude from kordamentha. I am really frustrated because i need such funds for my daily living.

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

Reference to your e-mail of today 27th march 2018.

Kindly note again that my case is different from all unitholders because my funds were matured in august 2012. So kordamentha should not treat my case the same. Matured funds before insolvency have to be refunded as promised by lm in writing. Kordamentha should do as lm promised and not treat me the same with all other witholders who had not matured funds.

So i again insist that kordamentha is acting against the rule of law for which u am expecting as promised by lm in writing by refunding me 100% of my funds invested together with the accrued interest since 2012 as i need to sustain my lifetime as soon as possible.

I hope to receive a positive reply with a fundamental reason and an encouragement to my frustration because i have invested for just 2 years only and on maturity funds should have been refunded and not kept by lm and kept again by kordamentha.

Thanking you for your assistance but i am still worried to my sustainabilty of my lifetime with such attidude by kordamentha by keeping my funds the same as lm. I still insist that i should not be treated the same as all unitholders.

Subject: Re: LM Managed Performance Fund - Update to Investors No. 16

Dear Kordamentha

Further to my several e-mails sent to you related to my matured funds with LM.

I am again reminding you, that according to the rule of law, Kordamentha should have refunded me my full amount invested in LM because my funds were matured before LM insolvency. So in my opinion I understand that Kordamentha is not abiding according LM promises, and so this is against the rule of law by keeping my matured funds since August 2012.

I hope that Kordamentha will refund me my full amount invested without further delay as these funds should have been refunded according to LM prospectus. Kordamentha is not abiding LM prospectus.

I have been loosing a lot of interest since my matured funds i.e. August 2012.

LM promised me in writing my 100% of my funds together with the accrued interest and Kordamentha should abide by LM prospectus and promises. Kordamentha by keeping my money is acting against LM promises or prospectus.

I hope that Kordamentha will understand my frustration considering my case because I still insist that Kordamentha should refund me my full amount invested that have matured before LM insolvency. LM prospectus and promises have to be abided by Kordamentha without further delay.

Till to-date Kordamentha never quoted any kind offundamental reason or any kind of law, why my matured funds were not refunded.

So I hope that this time I shall receive a fundamental reply to this e-mail from the responsible people as I have been and still very worried about my matured funds from August 2012 till-todate.

Regards

Charles Borg

Subject: Re: LM Managed Performance Fund - Update to Investors No. 16

Dear Kordamentha

Reference to your e-mail dated 19th December 2017.

I understand that according to the rule of law and LM prospectus and written promises, Kordamentha as Trustees should have settled the funds that have matured before LM solvency. The distribution will be made afterwards.

Than the distribution should be done to those investors that hold unmatured funds before LM solvency.

So Kordamentha as Trustees has kept my matured money as from August 2012 together with the accrued interest . I have been promised by LM , 100% of the funds invested which matured in August 2012 and also the accrued interest.

The letter sent to me by LM before their insolvency should not be ignored by Kordamentha.

Kordamentha should not treat investors who had matured funds the same as of those investors who had not matured funds.

I hope that Kordamentha understand my point which is according to the rule of law.

LM kept my funds not according to their prospectus, so I hope that Kordamentha should not do the same because it is against LM prospectus by keeping my money in their hands.

I hope to receive 100% of my matured funds including also the accrued interest since August 2012 without further delay.

Thanking you for your co-operation.

Subject: Re: LM Managed Performance Fund - Update to Investors No. 16

Dear Kordamentha

Reference to your e-mail dated 17th December 2017.

I regret to advice you that I really do not agree because Kordamentha should abide by the commitments that LM has done with the investors that had matured funds before their insolvency.

I had already told you that I have a letter from LM way back August 2012 i.e. before their insolvency confirming and promises that LM will refund all matured funds at 100% together with the accrued interest.

So this agreement between LM and investors who had matured funds should be abided and taken into consideration by Kordamentha as Trusties before the distribution to the investors who did not have matured funds.

I understand that this is the most legitimate action that Kordamentha should have done and without further delay.

In my opinion Kordamentha Should abide by the rule of law as per LM promises and litigation.

Thanking you for your co-operation.

Dear Kordamentha

Further to my e-mail dated 3rd October 2017.

I would like again to remind you that LM before they went insolvent has sent me a letter confirming to me that they will send me my full amount invested together with the accrued interest later after the maturity date.

So Kordamentha should abide by LM promises to those investors who had matured funds. This promise is abided by their prospectus and so Kordamentha should not go out of their prospectus.

I hope that Kordamentha will send me my matured funds in August 2012 without further delay as abided by LM,

Thanking you for your co-operation.

Best regards

Charles Borg

Dear Kordamentha

Thank you for your e-mail of today 3rd October 2017.

I still insist that Kordamentha should abide according to LM letter sent to me before the distribution of funds.

Lm have kept my funds without my authority and instead of effecting payment on maturity as per prospectus, LM have sent me a letter and promised me that funds will be paid at 100% together with the accrued interest. So Kordamentha should do what Lm has promised before distribution of funds and this is according to their prospectus and their official letter sent to me before maturity of my funds and before their insolvency. So you are kindly requested to send me my full funds without further delay.

Thanking you for your co-operation.

Dear Kordamentha

I would like to thank you for your e-mail dated 27th September 2017.

Kindly note also that LM before their insolvency have sent me a letter in which they have promised me that they shall send me my matured funds later together with the accrued interest. Although LM have kept my matured funds without my authority, LM have written to me that they shall send me my funds with the accrued interest. This letter was sent to me I think in July or August 2012. Ms Lorraine Falzon of MFSP Malta Financial Advisor whom I have always copied in my e-mails can confirm the above. So this commitment by LM should be abided by Kordamentha by sending me in full my matured funds without further delay.

Thanking you for your co-operation and I hope to receive a positive reply.

Dear Kordamentha

I understand that the Trusties should advice court authority to action that according to LM prospectus, i.e. the unitholders of matured funds before LM insolvency should NOT be treated the same as the unitholders who did not have matured funds before LM insolvency.

LM Prospectus should be taken into consideration FIRST if decision is to be taken seriously whether by court and whether by Trusties.

Kindly note that I am still waiting for my MATURED funds invested.

Thanking you for your co-operation and assistance. Hoping to receive a positive reply.

Dear Kordamentha

As you maybe aware, I have sent you two e-mails dated 15th July and 11th August 2017 and both of them were not replied by yourselves.

Such attitude do not encourage or satisfy investors.

I am just reminding you so that we innocent investors will get some sort of hope to recover our matured investment before LM became insolvent

I still insist that my funds should be refunded to me without further delay.

Matured funds should be refunded because LM did not have any wright to keep them. This may be confirmed by LM prospectus.

Your co-operation and assistance is highly appreciated.

Regards

Charles Borg

Dear KordaMentha

Reference is made to my last e-mail dated 15th July 2017 for which I did not receive any kind of reply.

I still insist that my funds should be paid up in full without any further delay.

My matured funds before LM insolvency and according to their prospectus should have been refunded to me in FULL AND WITHOUT FURTHER DELAY.

KordaMentha or the court should give ME WRITTEN EVIDENCE IF THEY ARE GOING TO TREAT ME THE SAME AS THOSE INVESTORS THAT HAD NO MATURED FUNDS.

LM PROSPECTUS DO NOT SAY THAT INVESTORS WITH MATURED FUNDS AND THOSE INVESTORS WHO HAD NO MATURED FUNDS HAVE TO BE TREATED THE SAME.

You are kindly requested to send my money back in full without any further delay.

Thanking you for your assistance and co-operation.

Best Regards

Charles Borg

On Sat, Jul 15, 2017 at 12:53 PM, charles borg <charles.c.borg@gmail.com> wrote:

Dear Kordamentha

Reference to your e-mail dated 3rd July and to my e-mail (being reply to Kordamentha) dated 3rd July 2017 also.

As I have told you several times, my funds matured before LM was insolvent. LM kept my matured money without my authority. Their prospectus does not say that LM have the right to keep my matured funds and so this is illegal. Kordamentha cannot threat all investors the same of those investors who had matured funds or not because LM prospectus do NOT say so. This decision taken by Kordamentha or court is against LM prospectus. LM kept my money illegal and so Kordamentha should refund me back my matured money. This decision should not be sent by Kordamentha to court as this is against LM prospectus. The reality for such decision should be taken by Kordamentha on what is written in the prospectus and not in court decisions.

A FUNDAMENTAL EVIDENCE IS REQUIRED FOR SUCH DECISION TO BE TAKEN WHETHER KORDAMENTHA OR COURT. I STILL INSIST THAT SUCH

DECISIONS HAS TO BE TAKEN ON THE REALLITY OF LM PROSPECTUS AND NOT BY COURT.

I hope to receive my full amount of funds without further delay as I have been chasing my money which have matured on 12th August 2012 i.e. nearly five years now.

Thanking you once again for your co-operation and assistance.

Regards

Charles Borg

On Mon, Jul 3, 2017 at 9:57 AM, charles borg <charles.c.borg@gmail.com> wrote:

Dear Kordamentha

Reference to your e-mail of today 3rd July 2017 wherein you are still threatening all investors the same that had their funds matured and not matured, I still insist that I disagree with such decision by leaving such incredible decision/directions to court.

My Money were kept by LM without my authority and such decision by LM is against their prospectus so this is completely illegal and in my opinion this is completely fraud. This is the main reason that my money should be paid back in full and without any further delay.

MATURED FUNDS BEFORE INSOLVENCY SHOULD BE PAID TO ALL INVESTORS BECAUSE LM PROSPECTUS DOES NOT COVER KORDAMENTHA OR COURT DECISION.

Hoping that my case will be treaded accordingly and as per whole truth.

Thanking you for your co-operation.

Dear Kordamentha

Further to my last e-mail dated 26th May 2017 for which my email was not replied.

I still insist that my funds should be refunded back IN FULL AND WITHOUT FURTHER DELAY. I repeat my case that my funds were matured in August 2012 before LM insolvency. My funds were kept by LM WITHOUT MY AUTHORITY AND AGAINST THEIR PROSPECTUS WHICH IS ILLEGAL AND IN MY OPINION THIS IS A CASE OF FRAUD.

It seems that Kordamentha are threatening all investors the same that is those funds that matured and also those funds that were not matured. My funds matured BEFORE INSOLVENCY and that is why should be paid back in full without further delay.

My funds were kept by LM without my authority and that why should be paid back without further delay.

LM kept my MATURED FUNDS WHILE LM IS STILL IN BUSINESS - SO THIS IS AGAINST THEIR PROSPECTUS AND ILLEGAL and that is why my money should be paid back in full without further delay.

It seems that Kordamentha are going to leave the decision of my case in the court hands. So if this is the whole truth, I need such decision in writing as I still understand that LM went against their prospectus and so my money have to be refunded back without further delay.

I am copying always Ms Lorraine Falzon of MFSP to confirm with her that the above is whole truth.

I hope to receive a fundamental proof by court or Kordamentha with regards to my case decision as I need my money back without further delay.

Thanking you for your co-operation and assistance.

Best Regards

On Fri, May 26, 2017 at 2:14 AM, lminvestors <lminvestors@kordamentha.com> wrote:

Dear Charles,

I refer to our ongoing correspondence regarding your investment in the LM Managed Performance Fund ('the Fund').

Account transaction details

We confirm that we have received your original application form and have undertaken a review of the transaction history of your investment (as contained in the books and records of the fund).

It is apparent from the transaction history that your investment was not redeemed in full on 20 August 2012, rather, partial redemptions were processed on 20 August 2012 and 20 February 2013. It is understood that this may not have been consistent with your original instructions to the fund.

We can confirm that you are listed as a current unitholder in the fund.

Suspension and delay of redemptions prior to winding up of the fund

Based on our investigations of the fund to date, it is apparent that the fund was not processing all redemptions to unitholders in the ordinary course for a period prior to the closure of the fund in March 2013. We understand that the former Trustee was relying on clauses of the Fund's constitution which allowed a level of discretion regarding withdrawal of units (redemptions). There is also information regarding withdrawal delays and liquidity preservation rules on pages 22 and 28 of the Information Memorandum dated 25 November 2009 (attached).

It is likely that the redemption of your investment in August 2012 was impacted by withdrawal delays being implemented by the fund at the time your investment was due to mature.

Treatment of matured unitholdings

Due to the circumstances of the fund prior to appointment of the Trustee, and particularly due to the delays on unitholder withdrawals being implemented by the Fund, we consider it equitable that all unitholders, including those with investments that had matured and not been paid or those which would otherwise have matured in accordance with investor instructions, be treated equally.

Prior to any distribution made by the Trustee, Court directions will be sought in relation to this matter and we will act in accordance with such Court directions.

Should the Court directions require a different treatment of matured unitholdings, we may need to undertake an assessment of unitholders who were impacted by delayed withdrawals (including your unitholding) and potentially seek further directions in relation to these unitholders.

As per our previous correspondence, the Trustee will provide updates in respect to prospective distributions.

Whilst I note that your investment matured **prior** to closure of the fund, no distribution will be made outside of the ordinary course of the winding up.

Should a distribution be made, it will be on a pro rata basis and likely be less than five cents in the dollar. We further note that **no** distribution will be made to any unitholders until such a time that ongoing litigation has been substantially finalised.

In reference to your request for the refund of your investment funds, we can confirm that it will be treated in the same manner as all other unitholders as outlined above and in prior correspondence.

Dear Sir / Madam -KordaMentha

As you have stated all distributors were suspended to protect the overall value of the Fund on 19 March 2013. My Funds matured BEFORE such date i.e. AUGUST 2012 and my funds were kept by LM WITHOUT MY AUTHORITY.

In my opinion this is completely illegal or Fraud.

So kindly note that I need all my funds back as soon as possible and without further delay.

Hope that the responsible persons consider my case urgently as I am really frustrated being faced with such incredible situation.

Regards

Charles Borg

Dear Sir/Madam - KordaMentha

Further to your e-mail sent to me today.

Kindly note that my funds matured in August 2012 that means before LM were insolvent or bankrupt. LM kept my money without my authority after the maturity of my funds which in my opinion is against legality. So my case is completely different from other investors.

After my funds have matured, LM have written to me two letters, promising me in paying the full capital together with the accrued interest. LM kept my money without my authority. So my case is completely different from other investors.

I have been waiting for my money over four years now. I hope that my case is considered and studied by the authorized responsible persons as soon as possible.

Thanking you for your co-operation and assistance.

Best Regards

Charles Borg

On Wed, Nov 23, 2016 at 10:17 AM, lminvestors <lminvestors@kordamentha.com> wrote:

Dear Charles

Whilst we note your advice that the monies were not received, please note that KordaMentha was appointed as trustee of the Fund on 12 April 2013 and that the Fund was closed on 19 March 2013.

As a result of the Fund's closure, all distributions were suspended so as to protect the overall value of the Fund.

The Trustee does not currently have the infrastructure to trace these transactions.

Given the Fund is currently being wound up, the monies will not be repaid but will instead be included in this accounts overall unit holding for the purposes of calculating it's pro-rata share of any final distribution (if available).

Kind regards

KordaMentha

Subject: Re: LM Managed Performance Fund - Update to Investors No. 16

Dear Sir / Madam

I am Charles Borg who invested in LM Managed Performance Funds.

As you are aware Ms Lorraine Falzon from MFSP have sent you three e-mails and another was sent by myself. My funds were matured in August 2012 that is before LM became insolvent. My funds were kept by LM without my consent and I was promised by LM with two letters that they will pay me back by money together with the accrued interest later on. My funds were never refunded since to-date and also the accrued interest. So I was completely betrayed by LM.

My funds were invested for two years only that is from August 2010 to August 2012 and I am still without my Eur 5000 and accured interest. My case is completely different from other investors because my funds matured in 2012 before LM went bankrupt and my funds were kept by LM without my authority.

So, I need to know when such funds will be refunded to me from all the responsible authorized persons at your earliest convenience because I have been waiting for my funds over four year now.

I would like to thank all concerned in advance for the earliest assistance and co-operation to the above. I hope also to consider my frustration in such a situation.

Best Regards

Charles Borg

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Good afternoon,

As per my email of the 24th May 2016 (copy below) and a reminder on the same subject on 30th June 2016. We greatly appreciate that our

questions raised in our email of 24th May 2016 will be address as soon as possible either via email or through the next Investor update. We are being bombarded with client enquiries on the future of their capital and what possibility there is, if investors in the LM Managed Performance Fund can recover some of their capital through the Australian Investor compensation scheme, since the trustees of the fund (LMIM) were regulated by the Australian Regulator.

Mr. Charles Borg is being copied in my email, because he is an investor in the LM MPF, who invested through MFSP Financial. Mr. Borg had his investment of €5,000 maturing 19th August 2012 (copy of contract note attached), months before that LMIM announced on 20th March 2013 that John Park and Ginette Muller of FTI consulting were appointed as Voluntary Administrators.

Rightly so Mr. Borg is asking that he should have received the funds as per the contract stipulated between the LM MPF and himself, and therefore he should be treated differently from other investors who had their investment maturing after 20th March 2013. We would appreciate your reply in this regard as well and copy Mr. Borg in your reply.

Kind Regards,

Lorraine Falzon

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Good afternoon,

We are a Financial Services company in Malta, regulated by the Malta Financial Services Authority, whicj introduced a number of Maltese investors in the LM Australian Income Fund and the LM Managed Performance Fund. From the updates we are receiving we are more of the view that LMIM as the trustees of the LM Managed Performance Fund, did not perform their duties in the best interest of investors, to say it mildly. MFSP Financial had investors in the LM MPF that their investment matured in January 2013 and February 2013, but funds were never paid back to investors. LMIM issued letters to such investors which we have copies of, assuring investors that their capital is safe and earning income. We both know that at that time (Jan 2013) LMIM we fully aware of the financial position of the fund (LM MPF)

and they were misleading investors in believing that the fund is sound and safe. This action was taken by LMIM is solely to attract new monies into the fund.

LMIM is a regulated financial services company in Australia, its directors were also approved by the said Authority they are bound with strict regulations, first and foremost to act in the best interest of investors and to manage the funds and the underlying assets in line with the prospectus. We understand that both regulations mentioned above were not taken seriously by LMIM and the mess they did with our clients funds is unheard of, as disclosed in investors update 15. With such behaviour, investors in the LM MPF are facing losing a high percentage of their capital invested because both LMIM and LM MPF do not have sufficient funds to pay investors in the LM MPF, which means are both companies are near to insolvent.

In Malta, when a Regulated Financial Services Company is unable or likely to be unable to pay claims against it, in general this is when the licensed firm stops trading or becomes insolvent, the Investor Compensation Scheme kicks in. This scheme is a rescue fund for customers of failed investment firms which are licensed by the Malta Financial Services Authority (MFSA). The Scheme is based on the EU Directive 97/9 on investor-compensation schemes. It is financed by investment firms respectively and consumers will not be asked to contribute to the scheme. In Malta consumers are eligible for a maximum compensation of €20,000 per person.

We are also aware that there is a similar scheme is the UK which is managed by the Financial Services Compensation Scheme. The scheme was set up under the Financial Services and Markets Act 2000 and became active on 1 December 2001. MFSP assisted investors who had a claim against a regulated UK Financial Services Company called Catalyst Investment Group because the said company was in default. Consumers were eligible for a maximum compensation of £50,000 per person.

We believe that the Australian Regulator also has in place a form of Investor Compensation Scheme. We believe that investors who were invested in the LM MPF are eligible to submit a claim against LMIM for their miss conduct.

We are aware that you are in touch with the Australian Regulator and are being updated on a regular basis with your findings. Could you please look into the above and guide us how we can assist Maltese

investors to submit a claim against LMIM with the Australian Regulator.

Thanking you in anticipation,

Kind regards,

Lorraine Falzon

Dear kordamentha
Further to my e-mail sent to you on the 25th may 2018 for for which i did not receive any feed back from your end with regards to my matured funds which lm have kept without my authority altough my funds matured in august 2012. Kordamentha unfortunetly as the responsible people are still holding my funds. I have requested a fundamental proof in writing about my case and till todate kordamentha did not given me anything but remained as lm did to me by holding my matured funds.
Kindly note also that investors who had lm australian incone funds had already been refunded with two payments and the last payment is going to be paid accordingly while my my funds which matured in august 2012 are still in the hands of kordamentha. Does this make any sence of justfication to kordanentha or the court considering my case.

I hope that kordamentha shall send me a reply with a fundamental proof as this is against the rule of law. Fixed interest deposits with a maturity date should have been settled by kordamentha before funds which do not hold any kind of maturity.

Lm australian income funds should not have any kind of preferantial over my lm funds which were fixed for two years and matured before lm insolvency. Kordamentha did not hold such funds because there were two distribtion payments and the third is going to be effected; while my matured and promised funds are still being kept by kordamentha.

I hope to receive my funds without further delay or a fundamental proof in writing for holding my funds for which i need for my daily living.

Regards
Charles borg

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha
Reference to your e-mail dated 24th may 2018.
I have requested a fundamental proof in writing by kordamentha to the court concerning my case. This will be a good update for me wherin my funds were matured in august 2012, and lm promised me in writing by their letter refund of 100 per cent of the funds invested together with the accrued interest according also as per their prospectus.
This would be the real update for because till today kordamentha and court directions with regards to my case has not yet been solved after 6 years which seems unbelievable waiting for my funds to sustain my daily living. Theses funds matured the period of investment but kordamentha and lm and the directions of the court are still holding my matured funds.
Hoping a kind proof to my request.

Thanking you for your assistance and co-operation to my situation of frustration.

Regards
Charles borg

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

Thank you for your e-mail dated today 23 may 2018.

Kindly note that i have been waiting for my matured funds nearly 6 years now and kordamentha has been authorised as trustees over 5 years now. So in my opinion court directions and kordamentha had enough time to send me a fundamental proof in writing about my case. I have invested my funds for just 2 years because needed such funds and although i was promised by lm that my funds will be refunded in full in august 2012, such funds are still being kept by kordamentha till todate bring nearly 6 years.

My only request has not yet been answered and fullfilled and i really till today do not know when such request will be received and i am still without my money back for my daily living.

Kordamrntha should feel my position and frustration to my case and dont leave any more waiting for my promised refunded funds by lm together with the accrued interest. I hope that court directions will know my position of my case.

Thanking you in advance for your co-operation to the above.

Regards

Charles borg

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

Thank you for your e-mail dated today 15th may, but i regret to inform you that such reply do not satisfy the my requests.

Kindly note that i have requested a fundamental proof in writing concerning my case for which i have sent you several e-mails. I did not see anything in writing from kordamentha to the court as regards to my case after such a lot of e-mails.

Your update has to be related to my case and not general. My funds were matured in august 2012 before lm insolvency. Lm has kept my matured funds without my authority but promised me all my funds back together with the accrued interest by their letter dated august 2012. Kordamentha afterwards in april 2013 as trustees did not refunded me what lm has promised and what lm had in their prospectus. So kordamentha should have effected what lm has promised and what lm has in their prospectus.

I hope to receive a fundamental proof to what i am requesting as regards to my case.

Regards

Charles borg

Dear kordamentha

Thank you for your e-mail dated 13th may 2018.

I understand that directions by the court are to be seen with regards to the methology of distribution. But i need a fundamental proof in writing what exactly kordamentha is informing the court as regards to my case wherin the court have to be notified w ith all my e-mails so that the court will take a good decision to my case.

At this point in time since august 2012 i.e. the of my matured funds, i am still with the same position witout my matured funds and also without the accrued interest which is nearly 7 years after.

I hope to receive a fundamental proof to my request and an encouragement to get my money back which were fixed for just 2 years and now 6 years later i am in a desperate position to sustain my daily living.

Thanking you once again.

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear Charles

As you are aware, we were appointed on 12 April 2013, pursuant to an Order of the Supreme Court of Queensland in Brisbane.

Our prioritise have been to:

- preserve and retain the value of the assets and investments of the Fund
- assess the overall financial position of the Fund and its investments
- enable investors' concerns and desires to be communicated
- consider and investigate the previous operation of the Fund including historical application of investors' funds and transactions involving related parties

Prior to our appointment the monies contributed by investors to the Fund, have been principally invested in loans to third parties and related parries which are supported by second ranking mortgage security chargers against real property.

It is emphasised that the Trustees considers that the assets value of the loans of the Fund to be significantly below that of the total investment contributed by investors.

We are continuing to pursue all possible recoveries actions, to ensure the best outcome for all unitholders and until such time as these actions have been finalised we do not expect to make any distribution to unitholders.

As previously advised the Trustees will seek Court directions with respect to the distribution methodology, details of these proceedings will be made available to investors.

Further details regarding court applications can be accessed on the KordaMentha website at http://www.kordamentha.com/creditor-information/australia/109

Kind Regards

Dear kordamentha

Kindly note that i have been expecting my funds on maturity since august 2012. Such reply from kordamentha or trustees fo not seen a fair view especially in my case. Lm on my matured funds has promised me all my funds back together with the accrued interest. Kordamentha or trustees are ignoring such promises and are keeping my funds

in hand against the rule of all. Such delay from kordamentha and trustees are frustating all witholders of matured funds before lm insolvency.

How long i am going to wait for my justification.i have been waiting 6 years now and j need my funds back as soon as possible for my daily living.

Kirdamentha or trustees since taking over has never informed me when i will have my money back or never given me any proof what is going on with regards of my matured funds.

I hope that kordamentha or trustees will do something fundamental to my case by sending me a written proof what they are doing to bring me back my matured funds since year 2012.

I hope that this time kordamentha understand my request and send me a better reply to encourage me for my frustration and daily living.

R

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

Reference to your e-mail of today 27th march 2018.

Kindly note again that my case is different from all unitholders because my funds were matured in august 2012. So kordamentha should not treat my case the same. Matured funds before insolvency have to be refunded as promised by lm in writing. Kordamentha should do as lm promised and not treat me the same with all other witholders who had not matured funds.

So i again insist that kordamentha is acting against the rule of law for which u am expecting as promised by lm in writing by refunding me 100% of my funds invested together with the accrued interest since 2012 as i need to sustain my lifetime as soon as possible.

I hope to receive a positive reply with a fundamental reason and an encouragement to my frustration because i have invested for just 2 years only and on maturity funds should have been refunded and not kept by lm and kept again by kordamentha.

Thanking you for your assistance but i am still worried to my sustainabilty of my lifetime with such attidude by kordamentha by keeping my funds the same as lm. I still insist that i should not be treated the same as all unitholders.

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

I am very surprised with your reply. I need my money back as these were already matured before kordamentha has taken the responsability. Kordamentha should action what lm has promised to investors that had matured funds before their insolvency. By keeping my funds kordamentha is acting against the rule of law.

I hope that kordamentha gives me a better fundamental reason as i need my money to sustain my life time. These funds were invested for 2 years and matured in august 2012. This was my agreement with lm. So now i hope that kordamentha will do somthing better than lm and not repeat same mistakes by keeping my money against the rule of law.

Regards

Charles borg

Subject: Re: LM Managed Performance Fund - Update to Investors No. 16

Dear Kordamentha

Further to my several e-mails sent to you related to my matured funds with LM.

I am again reminding you, that according to the rule of law, Kordamentha should have refunded me my full amount invested in LM because my funds were matured before LM insolvency. So in my opinion I understand that Kordamentha is not abiding according LM promises, and so this is against the rule of law by keeping my matured funds since August 2012.

I hope that Kordamentha will refund me my full amount invested without further delay as these funds should have been refunded according to LM prospectus. Kordamentha is not abiding LM prospectus.

I have been loosing a lot of interest since my matured funds i.e. August 2012.

LM promised me in writing my 100% of my funds together with the accrued interest and Kordamentha should abide by LM prospectus and promises. Kordamentha by keeping my money is acting against LM promises or prospectus.

I hope that Kordamentha will understand my frustration considering my case because I still insist that Kordamentha should refund me my full amount invested that have matured before LM insolvency. LM prospectus and promises have to be abided by Kordamentha without further delay.

Till to-date Kordamentha never quoted any kind offundamental reason or any kind of law, why my matured funds were not refunded.

So I hope that this time I shall receive a fundamental reply to this e-mail from the responsible people as I have been and still very worried about my matured funds from August 2012 till-todate.

Regards

Charles Borg

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear Charles

As previously advised KordaMentha was appointed as trustee of the Fund on 12 April 2013 and that the Fund was closed on 19 March 2013.

As a result of the Fund's closure, all distributions were suspended so as to protect the overall value of the Fund.

Due to the costs associated with such distributions, the Trustee intends to delay these until substanitially all possible recovery and litigation is complete and ensure the best outcome for all unitholders.

Kind Regards

Subject: Re: LM Managed Performance Fund - Update to Investors No. 16

Dear Kordamentha

Reference to your e-mail dated 19th December 2017.

I understand that according to the rule of law and LM prospectus and written promises, Kordamentha as Trustees should have settled the funds that have matured before LM solvency. The distribution will be made afterwards.

Than the distribution should be done to those investors that hold unmatured funds before LM solvency.

So Kordamentha as Trustees has kept my matured money as from August 2012 together with the accrued interest . I have been promised by LM , 100% of the funds invested which matured in August 2012 and also the accrued interest.

The letter sent to me by LM before their insolvency should not be ignored by Kordamentha.

Kordamentha should not treat investors who had matured funds the same as of those investors who had not matured funds.

I hope that Kordamentha understand my point which is according to the rule of law.

LM kept my funds not according to their prospectus, so I hope that Kordamentha should not do the same because it is against LM prospectus by keeping my money in their hands.

I hope to receive 100% of my matured funds including also the accrued interest since August 2012 without further delay.

Thanking you for your co-operation.

Subject: Re: LM Managed Performance Fund - Update to Investors No. 16

Dear Kordamentha

Reference to your e-mail dated 17th December 2017.

I regret to advice you that I really do not agree because Kordamentha should abide by the commitments that LM has done with the investors that had matured funds before their insolvency.

I had already told you that I have a letter from LM way back August 2012 i.e. before their insolvency confirming and promises that LM will refund all matured funds at 100% together with the accrued interest.

So this agreement between LM and investors who had matured funds should be abided and taken into consideration by Kordamentha as Trusties before the distribution to the investors who did not have matured funds.

I understand that this is the most legitimate action that Kordamentha should have done and without further delay.

In my opinion Kordamentha Should abide by the rule of law as per LM promises and litigation.

Thanking you for your co-operation.

Best regards

Charles Borg

I assume that such responsibility was handed over to Kordamentha as Trustees just one year later being LM insolvency..

So now I understand that Kordamentha since year 2013 till to-date, I am still without my funds and so my position with LM and Kordamentha is still the same,

Kordamentha should have actioned what LM has promised to the investors who had matured funds before their insolvency because legally those matured funds should have been refunded to us since Kordamentha have taken such responsibility as Trustees.

I need to know when I shall receive my funds together with the accrued interest as I have been waiting more than five years now.

Thanking you for your co-operation and assistance and I hope that Kordamentha will not only understand my frustration but gives me my sort of light.

Dear Kordamentha

Thank you for acknowledging receipt of my e-mail dated 9th September 2017.

Appreciate if you may advice when my request in refunding my full amount invested which have been matured since August 2012 shall be effected.

Your assistance and co-operation at your most earliest convenience is highly appreciated.

Best Regards

Dear Kordamentha

Reference is made to my last e-mail sent to you dated 26th August 2017.

Appreciate if Kordamentha acknowledge receipt or advice progress to my request relating in refunding my full amount invested in LM which were matured before LM insolvency.

I still insist that my matured funds have to be refunded according to LM prospectus and not threated the same as those investors with non-matured funds.

Hoping to receive a positive reply to the above.

Best regards

Dear Kordamentha

As you maybe aware, I have sent you two e-mails dated 15th July and 11th August 2017 and both of them were not replied by yourselves.

Such attitude do not encourage or satisfy investors.

I am just reminding you so that we innocent investors will get some sort of hope to recover our matured investment before LM became insolvent

I still insist that my funds should be refunded to me without further delay.

Matured funds should be refunded because LM did not have any wright to keep them. This may be confirmed by LM prospectus.

Your co-operation and assistance is highly appreciated.

Regards

Charles Borg

I still insist that my funds should be paid up in full without any further delay.

My matured funds before LM insolvency and according to their prospectus should have been refunded to me in FULL AND WITHOUT FURTHER DELAY.

KordaMentha or the court should give ME WRITTEN EVIDENCE IF THEY ARE GOING TO TREAT ME THE SAME AS THOSE INVESTORS THAT HAD NO MATURED FUNDS.

LM PROSPECTUS DO NOT SAY THAT INVESTORS WITH MATURED FUNDS AND THOSE INVESTORS WHO HAD NO MATURED FUNDS HAVE TO BE TREATED THE SAME.

You are kindly requested to send my money back in full without any further delay.

Thanking you for your assistance and co-operation.

Best Regards

>
> As I have told you several times, my funds matured before LM was insolvent. LM kept my matured money without my authority. Their prospectus does not say that LM have the right to keep my matured funds and so this is illegal. Kordamentha cannot threat all investors the same of those investors who had matured funds or not because LM prospectus do NOT say so. This decision taken by Kordamentha or court is against LM prospectus. LM kept my money illegal and so Kordamentha should refund me back my matured money. This decision should not be sent by Kordamentha to court as this is against LM prospectus. The reality for such decision should be taken by Kordamentha on what is written in the prospectus and not in court decisions.

Reference to your e-mail of today 3rd July 2017 wherein you are still threatening all investors the same that had their funds matured and not matured, I still insist that I disagree with such decision by leaving such incredible decision/directions to court.

My Money were kept by LM without my authority and such decision by LM is against their prospectus so this is completely illegal and in my opinion this is completely fraud. This is the main reason that my money should be paid back in full and without any further delay.

MATURED FUNDS BEFORE INSOLVENCY SHOULD BE PAID TO ALL INVESTORS BECAUSE LM PROSPECTUS DOES NOT COVER KORDAMENTHA OR COURT DECISION.

Hoping that my case will be treaded accordingly and as per whole truth.

Thanking you for your co-operation.

Subject: Re: LM Managed Performance Fund - Update to Investors No. 16

Dear Kordamentha

Further to my last e-mail dated 26th May 2017 for which my email was not replied.

I still insist that my funds should be refunded back IN FULL AND WITHOUT FURTHER DELAY. I repeat my case that my funds were matured in August 2012 before LM insolvency. My funds were kept by LM WITHOUT MY AUTHORITY AND AGAINST THEIR PROSPECTUS WHICH IS ILLEGAL AND IN MY OPINION THIS IS A CASE OF FRAUD.

It seems that Kordamentha are threatening all investors the same that is those funds that matured and also those funds that were not matured. My funds matured BEFORE INSOLVENCY and that is why should be paid back in full without further delay.

My funds were kept by LM without my authority and that why should be paid back without further delay.

LM kept my MATURED FUNDS WHILE LM IS STILL IN BUSINESS - SO THIS IS AGAINST THEIR PROSPECTUS AND ILLEGAL and that is why my money should be paid back in full without further delay.

It seems that Kordamentha are going to leave the decision of my case in the court hands. So if this is the whole truth, I need such decision in writing as I still understand that LM went against their prospectus and so my money have to be refunded back without further delay.

I am copying always Ms Lorraine Falzon of MFSP to confirm with her that the above is whole truth.

I hope to receive a fundamental proof by court or Kordamentha with regards to my case decision as I need my money back without further delay.

Thanking you for your co-operation and assistance.

Best Regards

On Fri, May 26, 2017 at 2:14 AM, lminvestors <lminvestors@kordamentha.com> wrote:

Dear Charles,

I refer to our ongoing correspondence regarding your investment in the LM Managed Performance Fund ('the Fund').

Account transaction details

We confirm that we have received your original application form and have undertaken a review of the transaction history of your investment (as contained in the books and records of the fund).

It is apparent from the transaction history that your investment was not redeemed in full on 20 August 2012, rather, partial redemptions were processed on 20 August 2012 and 20 February 2013. It is understood that this may not have been consistent with your original instructions to the fund.

We can confirm that you are listed as a current unitholder in the fund.

Suspension and delay of redemptions prior to winding up of the fund

Based on our investigations of the fund to date, it is apparent that the fund was not processing all redemptions to unitholders in the ordinary course for a period prior to the closure of the fund in March 2013. We understand that the former Trustee was relying on clauses of the Fund's constitution which allowed a level of discretion regarding withdrawal of units (redemptions). There is also information regarding withdrawal delays and liquidity preservation rules on pages 22 and 28 of the Information Memorandum dated 25 November 2009 (attached).

It is likely that the redemption of your investment in August 2012 was impacted by withdrawal delays being implemented by the fund at the time your investment was due to mature.

Treatment of matured unitholdings

Due to the circumstances of the fund prior to appointment of the Trustee, and particularly due to the delays on unitholder withdrawals being implemented by the Fund, we consider it equitable that all unitholders, including those with investments that had matured and not been paid or those which would otherwise have matured in accordance with investor instructions, be treated equally.

Prior to any distribution made by the Trustee, Court directions will be sought in relation to this matter and we will act in accordance with such Court directions.

Should the Court directions require a different treatment of matured unitholdings, we may need to undertake an assessment of unitholders who were impacted by delayed withdrawals (including your unitholding) and potentially seek further directions in relation to these unitholders.

As per our previous correspondence, the Trustee will provide updates in respect to prospective distributions.

Should a distribution be made, it will be on a pro rata basis and likely be less than five cents in the dollar. We further note that **no** distribution will be made to any unitholders until such a time that ongoing litigation has been substantially finalised.

In reference to your request for the refund of your investment funds, we can confirm that it will be treated in the same manner as all other unitholders as outlined above and in prior correspondence.

Dear Sir / Madam -KordaMentha

As you have stated all distributors were suspended to protect the overall value of the Fund on 19 March 2013. My Funds matured BEFORE such date i.e. AUGUST 2012 and my funds were kept by LM WITHOUT MY AUTHORITY.

In my opinion this is completely illegal or Fraud.

So kindly note that I need all my funds back as soon as possible and without further delay.

Hope that the responsible persons consider my case urgently as I am really frustrated being faced with such incredible situation.

Regards

Charles Borg

On Thu, Dec 1, 2016 at 6:26 AM, lminvestors <lminvestors@kordamentha.com> wrote:

Dear Charles,

Thank you for your email.

As noted previously, all distributions were suspended so as to protect the overall value of the Fund on 19 March 2013. This includes but is not limited to investments that matured prior to the closure of the fund. I note that there are a number of unitholders in the same or similar situation.

As such we are unable to process any distributions to unitholders until the completion of the winding up.

The Trustee will advise if and when it is in a positon to make a distribution.

Subject: Re: LM Managed Performance Fund - Update to Investors No. 16

Dear Sir / Madam

Kindly note that my case is completely different from any other investor. My funds matured in August 2012 and I was promised by LM that my funds will be refunded back with accrued interest. My funds were kept by LM without my authority. My funds were never paid to me till today. This is completely irregular or fraud because I did not renew my funds. My funds were kept by LM after their maturity and LM were still operating their business. LM became insolvent/bankrupt in 2013 and so my funds should be refunded to me in FULL.

I hope that you understand my situation and hope that you consider my frustration to my case in great responsibility.

Thanking you in advance for your assistance and co-operation.

Best Regards

Charles Borg

Subject: Re: LM Managed Performance Fund - Update to Investors No. 16

Dear Sir / Madam

I am Charles Borg who invested in LM Managed Performance Funds.

As you are aware Ms Lorraine Falzon from MFSP have sent you three e-mails and another was sent by myself. My funds were matured in August 2012 that is before LM became insolvent. My funds were kept by LM without my consent and I was promised by LM with two letters that they will pay me back by money together with the accrued interest later on. My funds were never refunded since to-date and also the accrued interest. So I was completely betrayed by LM.

My funds were invested for two years only that is from August 2010 to August 2012 and I am still without my Eur 5000 and accured interest. My case is completely different from other investors because my funds matured in 2012 before LM went bankrupt and my funds were kept by LM without my authority.

So, I need to know when such funds will be refunded to me from all the responsible authorized persons at your earliest convenience because I have been waiting for my funds over four year now.

I would like to thank all concerned in advance for the earliest assistance and co-operation to the above. I hope also to consider my frustration in such a situation.

Best Regards

Charles Borg

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Good afternoon,

As per my email of the 24th May 2016 (copy below) and a reminder on the same subject on 30th June 2016. We greatly appreciate that our questions raised in our email of 24th May 2016 will be address as soon as possible either via email or through the next Investor update. We are being bombarded with client enquiries on the future of their capital and what possibility there is, if investors in the LM Managed Performance Fund can recover some of their capital through the Australian Investor compensation scheme, since the trustees of the fund (LMIM) were regulated by the Australian Regulator.

Mr. Charles Borg is being copied in my email, because he is an investor in the LM MPF, who invested through MFSP Financial. Mr. Borg had his investment of €5,000 maturing 19th August 2012 (copy of contract note attached), months before that LMIM announced on 20th March 2013 that John Park and Ginette Muller of FTI consulting were appointed as Voluntary Administrators.

Rightly so Mr. Borg is asking that he should have received the funds as per the contract stipulated between the LM MPF and himself, and therefore he should be treated differently from other investors who had their investment maturing after 20th March 2013. We would appreciate your reply in this regard as well and copy Mr. Borg in your reply.

Kind Regards,

Lorraine Falzon

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Good afternoon,

We are a Financial Services company in Malta, regulated by the Malta Financial Services Authority, whicj introduced a number of Maltese investors in the LM Australian Income Fund and the LM Managed Performance Fund. From the updates we are receiving we are more of the view that LMIM as the trustees of the LM Managed Performance Fund, did not perform their duties in the best interest of investors, to say it mildly. MFSP Financial had investors in the LM MPF that their investment matured in January 2013 and February 2013, but funds were never paid back to investors. LMIM issued letters to such investors which we have copies of, assuring investors that their capital is safe and earning income. We both know that at that time (Jan 2013) LMIM we fully aware of the financial position of the fund (LM MPF) and they were misleading investors in believing that the fund is sound and safe. This action was taken by LMIM is solely to attract new monies into the fund.

LMIM is a regulated financial services company in Australia, its directors were also approved by the said Authority they are bound with strict regulations, first and foremost to act in the best interest of investors and to manage the funds and the underlying assets in line with the prospectus. We understand that both regulations mentioned above were not taken seriously by LMIM and the mess they did with our clients funds is unheard of, as disclosed in investors update 15. With such behaviour, investors in the LM MPF are facing losing a high percentage of their capital invested because both LMIM and LM MPF do not have sufficient funds to pay investors in the LM MPF, which means are both companies are near to insolvent.

In Malta, when a Regulated Financial Services Company is unable or likely to be unable to pay claims against it, in general this is when the licensed firm stops trading or becomes insolvent, the Investor Compensation Scheme kicks in. This scheme is a rescue fund for customers of failed investment firms which are licensed by the Malta Financial Services Authority (MFSA). The Scheme is based on the EU Directive 97/9 on investor-compensation schemes. It is financed by investment firms respectively and consumers will not be asked to contribute to the scheme. In Malta consumers are eligible for a maximum compensation of €20,000 per person.

We are also aware that there is a similar scheme is the UK which is managed by the Financial Services Compensation Scheme. The scheme was set up under the Financial Services and Markets Act 2000 and became active on 1 December 2001. MFSP assisted investors who had a claim against a regulated UK Financial Services Company called Catalyst Investment Group because the said company was in default. Consumers were eligible for a maximum compensation of £50,000 per person.

We believe that the Australian Regulator also has in place a form of Investor Compensation Scheme. We believe that investors who were invested in the LM MPF are eligible to submit a claim against LMIM for their miss conduct.

We are aware that you are in touch with the Australian Regulator and are being updated on a regular basis with your findings. Could you please look into the above and guide us how we can assist Maltese investors to submit a claim against LMIM with the Australian Regulator.

Thanking you in anticipation,

Kind regards,

Lorraine Falzon

Dear Sir / Madam

Please find attached the latest update to Investors.

Should you have any queries following your consideration of the Update, further information can be obtained by:

- accessing the KordaMentha website at http://www.kordamentha.com/creditor-information/australia/109;

- if you are unable to find the answer to your query in any of our Updates or Frequently Asked Questions listing then you may email lminvestors@kordamentha.com; (In order to manage the ongoing management costs of the Fund, due to the high volume of enquires made via email the Trustees will only review and respond to emails on a fortnightly basis).

Please note that the Trustees make every attempt to answer your enquiries on a regular basis however due to the number of queries received and our

focus on managing costs of the Fund there may be some delay in responding to your individual requests. We appreciate your patience whilst we manage the large volume of emails and telephone calls received during this time.

Yours sincerely

Dear kordamentha
I regret to tell you that your reply do not satisfy my requested information with regards to my funds that had matured sunce year 2012.
Can you please advice why kordamentha had effected two payments related to invrstors who had lm australian income funds, while to me who had fixed lm funds that had a maturiy date and also promised by lm of 100 pet cent refund did not recdive yet any distribution payment. Can you tell me why kordamentha are waiting from the court decision with regards distribution payment while kordamentha had already distributed two payments who had australian income funds.

I regret again to tell you that such measures related to to distribution of payments do not make any sence. Kordamentha effected two payments to lm australian income funds while unitholders like me did not receive any kind of payment of distribution. This is a shamefull attitude.

I hope that kordamentha will refund me 100 per cent of the funds invested without further delay as promised by lm way back in august 2012.

Kindly note again that my funds were matured in august 2012 ; kept by lm without my authority; promised by lm 100 per cent full refund; received from lm a letter garanting me 100 per cent of my full amount invested together with the accrued interest. Can you tell me what kordamentha did as per lm promises and garanteed to us who had matured funds before lm insolvenvcy.

I hope to receive my full amount of funds together with the accrued interest without further delay and as promised by lm.

Kordamentha should have abided by lm promises and not distributed payments to witholders who had autralian income funds.

Promises and garateed matured funds should have had distributed payments like the australian income funds.

I hope that such error will be corrected without further delay because i have been patient nearly 6 years now.

Thanking you as usual and i hope that you understand my ftustration.

Regards
Charles borg

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

Further to my e-mail sent to you on the 25th may 2018 for for which i did not receive any feed back from your end with regards to my matured funds which lm have kept without my authority altough my funds matured in august 2012. Kordamentha unfortunetly as the responsible people are still holding my funds. I have requested a fundamental proof in writing about my case and till todate kordamentha did not given me anything but remained as lm did to me by holding my matured funds.

Kindly note also that investors who had lm australian incone funds had already been refunded with two payments and the last payment is going to be paid accordingly while my my funds which matured in august 2012 are still in the hands of kordamentha. Does this make any sence of justfication to kordanentha or the court considering my case.

I hope that kordamentha shall send me a reply with a fundamental proof as this is against the rule of law. Fixed interest deposits with a maturity date should have been settled by kordamentha before funds which do not hold any kind of maturity.

Lm australian income funds should not have any kind of preferantial over my lm funds which were fixed for two years and matured before lm insolvency. Kordamentha did not hold such funds because there were two distribtion payments and the third is going to be effected; while my matured and promised funds are still being kept by kordamentha.

I hope to receive my funds without further delay or a fundamental proof in writing for holding my funds for which i need for my daily living.

Regards

Charles borg

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

Reference to your e-mail dated 24th may 2018.

I have requested a fundamental proof in writing by kordamentha to the court concerning my case. This will be a good update for me wherin my funds were matured in august 2012, and lm promised me in writing by their letter refund of 100 per cent of the funds invested together with the accrued interest according also as per their prospectus.

This would be the real update for because till today kordamentha and court directions with regards to my case has not yet been solved after 6 years which seems unbelievable waiting for my funds to sustain my daily living. Theses

funds matured the period of investment but kordamentha and lm and the directions of the court are still holding my matured funds.

Hoping a kind proof to my request.

Thanking you for your assistance and co-operation to my situation of frustration.

Dear kordamentha

Thank you for your e-mail dated today 23 may 2018.

Kindly note that i have been waiting for my matured funds nearly 6 years now and kordamentha has been authorised as trustees over 5 years now. So in my opinion court directions and kordamentha had enough time to send me a fundamental proof in writing about my case. I have invested my funds for just 2 years because needed such funds and although i was promised by lm that my funds will be refunded in full in august 2012, such funds are still being kept by kordamentha till todate bring nearly 6 years.

My only request has not yet been answered and fullfilled and i really till today do not know when such request will be received and i am still without my money back for my daily living.

Kordamrntha should feel my position and frustration to my case and dont leave any more waiting for my promised refunded funds by lm together with the accrued interest. I hope that court directions will know my position of my case.

Thanking you in advance for your co-operation to the above.

Regards

Charles borg

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

Thank you for your e-mail dated today 15th may, but i regret to inform you that such reply do not satisfy the my requests.

Kindly note that i have requested a fundamental proof in writing concerning my case for which i have sent you several e-mails. I did not see anything in writing from kordamentha to the court as regards to my case after such a lot of e-mails.

Your update has to be related to my case and not general. My funds were matured in august 2012 before lm insolvency. Lm has kept my matured funds without my authority but promised me all my funds back together with the accrued interest by their letter dated august 2012. Kordamentha afterwards in april 2013 as trustees did not refunded me what lm has promised and what lm had in their prospectus. So kordamentha should have effected what lm has promised and what lm has in their prospectus.

I hope to receive a fundamental proof to what i am requesting as regards to my case.

Regards

Charles borg

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

Thank you for your e-mail dated 13th may 2018.

I understand that directions by the court are to be seen with regards to the methology of distribution. But i need a fundamental proof in writing what exactly kordamentha is informing the court as regards to my case wherin the court have to be notified w ith all my e-mails so that the court will take a good decision to my case.

At this point in time since august 2012 i.e. the of my matured funds, i am still with the same position witout my matured funds and also without the accrued interest which is nearly 7 years after.

I hope to receive a fundamental proof to my request and an encouragement to get my money back which were fixed for just 2 years and now 6 years later i am in a desperate position to sustain my daily living.

Thanking you once again.

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

I regret again to tell you that kordamentha is ignoring the letter that lm have sent me when my funds matured. Lm promised me that they will refund me all my matured funds together with the accrued interest. My funds matured in august 2012 and kordamentha as trustees from april 2013 has kept my matured funds till todate. In my opinion this is against the rule of law and i understand that not all witholders are to be treated the same. Matured funds should have been settled. Unless i receive a fundamental wtitten reason to my case, my position to my case remain the same as from the date of my matured funds.

My funds were invested with lm for two years only because i need and still todate need my money back to sustain my daily living. Lm has promised me my money back as per their prospectus but kordamentha are still keeping my money.

I hope that kordamentha understand my position of frustration.

Thanking you for your co-operation and i hope to receive a something of encouragment as these funds has been held nearly 6 years without my authority.

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear Charles

As you are aware, we were appointed on 12 April 2013, pursuant to an Order of the Supreme Court of Queensland in Brisbane.

Our prioritise have been to:

- preserve and retain the value of the assets and investments of the Fund
- assess the overall financial position of the Fund and its investments
- enable investors' concerns and desires to be communicated
- consider and investigate the previous operation of the Fund including historical application of investors' funds and transactions involving related parties

Prior to our appointment the monies contributed by investors to the Fund, have been principally invested in loans to third parties and related parries which are supported by second ranking mortgage security chargers against real property.

It is emphasised that the Trustees considers that the assets value of the loans of the Fund to be significantly below that of the total investment contributed by investors.

We are continuing to pursue all possible recoveries actions, to ensure the best outcome for all unitholders and until such time as these actions have been finalised we do not expect to make any distribution to unitholders.

As previously advised the Trustees will seek Court directions with respect to the distribution methodology, details of these proceedings will be made available to investors.

Further details regarding court applications can be accessed on the KordaMentha website at http://www.kordamentha.com/creditor-information/australia/109

Kind Regards

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

Kindly note that i have been expecting my funds on maturity since august 2012. Such reply from kordamentha or trustees fo not seen a fair view especially in my case. Lm on my matured funds has promised me all my funds back together with the accrued interest. Kordamentha or trustees are ignoring such promises and are keeping my funds in hand against the rule of all. Such delay from kordamentha and trustees are frustating all witholders of matured funds before lm insolvency.

How long i am going to wait for my justification.i have been waiting 6 years now and j need my funds back as soon as possible for my daily living.

Kirdamentha or trustees since taking over has never informed me when i will have my money back or never given me any proof what is going on with regards of my matured funds.

I hope that kordamentha or trustees will do something fundamental to my case by sending me a written proof what they are doing to bring me back my matured funds since year 2012.

I hope that this time kordamentha understand my request and send me a better reply to encourage me for my frustration and daily living.

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

Reference to your e-mail of today 27th march 2018.

Kindly note again that my case is different from all unitholders because my funds were matured in august 2012. So kordamentha should not treat my case the same. Matured funds before insolvency have to be refunded as promised by lm in writing. Kordamentha should do as lm promised and not treat me the same with all other witholders who had not matured funds.

So i again insist that kordamentha is acting against the rule of law for which u am expecting as promised by lm in writing by refunding me 100% of my funds invested together with the accrued interest since 2012 as i need to sustain my lifetime as soon as possible.

I hope to receive a positive reply with a fundamental reason and an encouragement to my frustration because i have invested for just 2 years only and on maturity funds should have been refunded and not kept by lm and kept again by kordamentha.

Thanking you for your assistance but i am still worried to my sustainabilty of my lifetime with such attidude by kordamentha by keeping my funds the same as lm. I still insist that i should not be treated the same as all unitholders.

Subject: Re: LM Managed Performance Fund - Update to Investors No. 16

Dear Kordamentha

Further to my several e-mails sent to you related to my matured funds with LM.

I am again reminding you, that according to the rule of law, Kordamentha should have refunded me my full amount invested in LM because my funds were matured before LM insolvency. So in my opinion I understand that Kordamentha is not abiding according LM promises, and so this is against the rule of law by keeping my matured funds since August 2012.

I hope that Kordamentha will refund me my full amount invested without further delay as these funds should have been refunded according to LM prospectus. Kordamentha is not abiding LM prospectus.

I have been loosing a lot of interest since my matured funds i.e. August 2012.

LM promised me in writing my 100% of my funds together with the accrued interest and Kordamentha should abide by LM prospectus and promises. Kordamentha by keeping my money is acting against LM promises or prospectus.

I hope that Kordamentha will understand my frustration considering my case because I still insist that Kordamentha should refund me my full amount invested that have matured before LM insolvency. LM prospectus and promises have to be abided by Kordamentha without further delay.

Till to-date Kordamentha never quoted any kind offundamental reason or any kind of law, why my matured funds were not refunded.

So I hope that this time I shall receive a fundamental reply to this e-mail from the responsible people as I have been and still very worried about my matured funds from August 2012 till-todate.

Regards

Charles Borg

Subject: Re: LM Managed Performance Fund - Update to Investors No. 16

Dear Kordamentha

Reference to your e-mail dated 19th December 2017.

I understand that according to the rule of law and LM prospectus and written promises, Kordamentha as Trustees should have settled the funds that have matured before LM solvency. The distribution will be made afterwards.

Than the distribution should be done to those investors that hold unmatured funds before LM solvency.

So Kordamentha as Trustees has kept my matured money as from August 2012 together with the accrued interest . I have been promised by LM , 100% of the funds invested which matured in August 2012 and also the accrued interest.

The letter sent to me by LM before their insolvency should not be ignored by Kordamentha.

Kordamentha should not treat investors who had matured funds the same as of those investors who had not matured funds.

I hope that Kordamentha understand my point which is according to the rule of law.

LM kept my funds not according to their prospectus, so I hope that Kordamentha should not do the same because it is against LM prospectus by keeping my money in their hands.

I hope to receive 100% of my matured funds including also the accrued interest since August 2012 without further delay.

Thanking you for your co-operation.

Charles

As you are aware, the Fund has been in a phase of Court approved recovery actions via litigation for the best part of three years and there has been no further material developments since our last update.

Until such time as all possible recovery actions and litigation has been completed, a distribution will not be made.

The Trustees position remains unchanged in respect to this matter.

Subject: Re: LM Managed Performance Fund - Update to Investors No. 16

Dear Kordamentha

Reference to your e-mail dated 17th December 2017.

I regret to advice you that I really do not agree because Kordamentha should abide by the commitments that LM has done with the investors that had matured funds before their insolvency.

I had already told you that I have a letter from LM way back August 2012 i.e. before their insolvency confirming and promises that LM will refund all matured funds at 100% together with the accrued interest.

So this agreement between LM and investors who had matured funds should be abided and taken into consideration by Kordamentha as Trusties before the distribution to the investors who did not have matured funds.

I understand that this is the most legitimate action that Kordamentha should have done and without further delay.

In my opinion Kordamentha Should abide by the rule of law as per LM promises and litigation.

Thanking you for your co-operation.

Best regards

Charles Borg

Dear Kordamenth,

Further to my e-mail dated 24th November 2017 for which I did not receive any kind of reply.

I still insist that my matured funds should have been refunded way back since Kordamentha have been as Trustees.

Kordamentha as Trustee are still keeping my money although LM has promised me that my funds will be refunded together with the accrued interest,

So in my opinion Kordamentha as Trustees are repeating same mistake instead correcting by issuing such payments of matured funds that LM has actually has promised.

Kordamentha should abide by LM prospectus and promises as in my opinion this is the wright of way in legality.

Kindly note that I have been waiting for my matured funds since 12th August 2012 and I hope that Kordamentha effect such refund of matured funds without further delay according to legality.

Thanking you for your co-operation and assistance.

Subject: Re: LM Managed Performance Fund - Update to Investors No. 16

Dear Kordamentha

Reference is made to my last e-mail sent to you dated 26th August 2017.

Appreciate if Kordamentha acknowledge receipt or advice progress to my request relating in refunding my full amount invested in LM which were matured before LM insolvency.

I still insist that my matured funds have to be refunded according to LM prospectus and not threated the same as those investors with non-matured funds.

Hoping to receive a positive reply to the above.

Best regards

Charles Borg

Dear Kordamentha

As you maybe aware, I have sent you two e-mails dated 15th July and 11th August 2017 and both of them were not replied by yourselves.

Such attitude do not encourage or satisfy investors.

I am just reminding you so that we innocent investors will get some sort of hope to recover our matured investment before LM became insolvent

I still insist that my funds should be refunded to me without further delay.

Matured funds should be refunded because LM did not have any wright to keep them. This may be confirmed by LM prospectus.

Your co-operation and assistance is highly appreciated.

Regards

Charles Borg

KordaMentha or the court should give ME WRITTEN EVIDENCE IF THEY ARE GOING TO TREAT ME THE SAME AS THOSE INVESTORS THAT HAD NO MATURED FUNDS.

LM PROSPECTUS DO NOT SAY THAT INVESTORS WITH MATURED FUNDS AND THOSE INVESTORS WHO HAD NO MATURED FUNDS HAVE TO BE TREATED THE SAME.

You are kindly requested to send my money back in full without any further delay.

Thanking you for your assistance and co-operation.

Best Regards

>
> As I have told you several times, my funds matured before LM was insolvent. LM kept my matured money without my authority. Their prospectus does not say that LM have the right to keep my matured funds and so this is illegal. Kordamentha cannot threat all investors the same of those investors who had matured funds or not because LM prospectus do NOT say so. This decision taken by Kordamentha or court is against LM prospectus. LM kept my money illegal and so Kordamentha should refund me back my matured money. This decision should not be sent by Kordamentha to court as this is against LM prospectus. The reality for such decision should be taken by Kordamentha on what is written in the prospectus and not in court decisions.
>

> >
> > My Money were kept by LM without my authority and such decision by LM is against their prospectus so this is completely illegal and in my opinion this is completely fraud. This is the main reason that my money should be paid back in full and without any further delay.

MATURED FUNDS BEFORE INSOLVENCY SHOULD BE PAID TO ALL INVESTORS BECAUSE LM PROSPECTUS DOES NOT COVER KORDAMENTHA OR COURT DECISION.

Hoping that my case will be treaded accordingly and as per whole truth.

Thanking you for your co-operation.

Subject: Re: LM Managed Performance Fund - Update to Investors No. 16

Dear Kordamentha

Further to my last e-mail dated 26th May 2017 for which my email was not replied.

I still insist that my funds should be refunded back IN FULL AND WITHOUT FURTHER DELAY. I repeat my case that my funds were matured in August 2012 before LM insolvency. My funds were kept by LM WITHOUT MY AUTHORITY AND AGAINST THEIR PROSPECTUS WHICH IS ILLEGAL AND IN MY OPINION THIS IS A CASE OF FRAUD.

It seems that Kordamentha are threatening all investors the same that is those funds that matured and also those funds that were not matured. My funds matured BEFORE INSOLVENCY and that is why should be paid back in full without further delay.

My funds were kept by LM without my authority and that why should be paid back without further delay.

LM kept my MATURED FUNDS WHILE LM IS STILL IN BUSINESS - SO THIS IS AGAINST THEIR PROSPECTUS AND ILLEGAL and that is why my money should be paid back in full without further delay.

It seems that Kordamentha are going to leave the decision of my case in the court hands. So if this is the whole truth, I need such decision in writing as I still understand that LM went against their prospectus and so my money have to be refunded back without further delay.

I am copying always Ms Lorraine Falzon of MFSP to confirm with her that the above is whole truth.

I hope to receive a fundamental proof by court or Kordamentha with regards to my case decision as I need my money back without further delay.

Thanking you for your co-operation and assistance.

Best Regards

> Dear Charles,

I refer to our ongoing correspondence regarding your investment in the LM Managed Performance Fund ('the Fund').

Account transaction details

We confirm that we have received your original application form and have undertaken a review of the transaction history of your investment (as contained in the books and records of the fund).

It is apparent from the transaction history that your investment was not redeemed in full on 20 August 2012, rather, partial redemptions were processed on 20 August 2012 and 20 February 2013. It is understood that this may not have been consistent with your original instructions to the fund.

We can confirm that you are listed as a current unitholder in the fund.

Suspension and delay of redemptions prior to winding up of the fund

Based on our investigations of the fund to date, it is apparent that the fund was not processing all redemptions to unitholders in the ordinary course for a period prior to the closure of the fund in March 2013. We understand that the former Trustee was relying on clauses of the Fund's constitution which allowed a level of discretion regarding withdrawal of units (redemptions). There is also information regarding withdrawal delays and liquidity preservation rules on pages 22 and 28 of the Information Memorandum dated 25 November 2009 (attached).

It is likely that the redemption of your investment in August 2012 was impacted by withdrawal delays being implemented by the fund at the time your investment was due to mature.

Treatment of matured unitholdings

Due to the circumstances of the fund prior to appointment of the Trustee, and particularly due to the delays on unitholder withdrawals being implemented by the Fund, we consider it equitable that all unitholders, including those with investments that had matured and not been paid or those which would otherwise have matured in accordance with investor instructions, be treated equally.

Prior to any distribution made by the Trustee, Court directions will be sought in relation to this matter and we will act in accordance with such Court directions.

Should the Court directions require a different treatment of matured unitholdings, we may need to undertake an assessment of unitholders who were impacted by delayed withdrawals (including your unitholding) and potentially seek further directions in relation to these unitholders.

As per our previous correspondence, the Trustee will provide updates in respect to prospective distributions.

> Dear Charles,
>
> Thank you for your email.

As noted previously, all distributions were suspended so as to protect the overall value of the Fund on 19 March 2013. This includes but is not limited to investments that matured prior to the closure of the fund. I note that there are a number of unitholders in the same or similar situation.

As such we are unable to process any distributions to unitholders until the completion of the winding up.

The Trustee will advise if and when it is in a positon to make a distribution.

Dear Sir / Madam

Kindly note that my case is completely different from any other investor. My funds matured in August 2012 and I was promised by LM that my funds will be refunded back with accrued interest. My funds were kept by LM without my authority. My funds were never paid to me till today. This is completely irregular or fraud because I did not renew my funds. My funds were kept by LM after their maturity and LM were still operating their business. LM became insolvent/bankrupt in 2013 and so my funds should be refunded to me in FULL.

I hope that you understand my situation and hope that you consider my frustration to my case in great responsibility.

Thanking you in advance for your assistance and co-operation.

Best Regards

Charles Borg

Subject: Re: LM Managed Performance Fund - Update to Investors No. 16

Dear Sir / Madam

I am Charles Borg who invested in LM Managed Performance Funds.

As you are aware Ms Lorraine Falzon from MFSP have sent you three e-mails and another was sent by myself. My funds were matured in August 2012 that is before LM became insolvent. My funds were kept by LM without my consent and I was promised by LM with two letters that they will pay me back by money together with the accrued interest later on. My funds were never refunded since to-date and also the accrued interest. So I was completely betrayed by LM.

My funds were invested for two years only that is from August 2010 to August 2012 and I am still without my Eur 5000 and accured interest. My case is completely different from other investors because my funds matured in 2012 before LM went bankrupt and my funds were kept by LM without my authority.

So, I need to know when such funds will be refunded to me from all the responsible authorized persons at your earliest convenience because I have been waiting for my funds over four year now.

I would like to thank all concerned in advance for the earliest assistance and co-operation to the above. I hope also to consider my frustration in such a situation.

Best Regards

Charles Borg

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Good afternoon,

As per my email of the 24th May 2016 (copy below) and a reminder on the same subject on 30th June 2016. We greatly appreciate that our questions raised in our email of 24th May 2016 will be address as soon as possible either via email or through the next Investor update. We are being bombarded with client enquiries on the future of their capital and what possibility there is, if investors in the LM Managed Performance Fund can recover some of their capital through the Australian Investor compensation scheme, since the trustees of the fund (LMIM) were regulated by the Australian Regulator.

Mr. Charles Borg is being copied in my email, because he is an investor in the LM MPF, who invested through MFSP Financial. Mr. Borg had his investment of €5,000 maturing 19th August 2012 (copy of contract note attached), months before that LMIM announced on 20th March 2013 that John Park

and Ginette Muller of FTI consulting were appointed as Voluntary Administrators.

Rightly so Mr. Borg is asking that he should have received the funds as per the contract stipulated between the LM MPF and himself, and therefore he should be treated differently from other investors who had their investment maturing after 20th March 2013. We would appreciate your reply in this regard as well and copy Mr. Borg in your reply.

Kind Regards,

Lorraine Falzon

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Good afternoon,

We are a Financial Services company in Malta, regulated by the Malta Financial Services Authority, whicj introduced a number of Maltese investors in the LM Australian Income Fund and the LM Managed Performance Fund. From the updates we are receiving we are more of the view that LMIM as

the trustees of the LM Managed Performance Fund, did not perform their duties in the best interest of investors, to say it mildly. MFSP Financial had investors in the LM MPF that their investment matured in January 2013 and February 2013, but funds were never paid back to investors. LMIM issued letters to such investors which we have copies of, assuring investors that their capital is safe and earning income. We both know that at that time (Jan 2013) LMIM we fully aware of the financial position of the fund (LM MPF) and they were misleading investors in believing that the fund is sound and safe. This action was taken by LMIM is solely to attract new monies into the fund.

LMIM is a regulated financial services company in Australia, its directors were also approved by the said Authority they are bound with strict regulations, first and foremost to act in the best interest of investors and to manage the funds and the underlying assets in line with the prospectus. We understand that both regulations mentioned above were not taken seriously by LMIM and the mess they did with our clients funds is unheard of, as disclosed in investors update 15. With such behaviour, investors in the LM MPF are facing losing a high percentage of their capital invested because both LMIM and LM MPF do not have sufficient funds to pay investors in the LM MPF, which means are both companies are near to insolvent.

In Malta, when a Regulated Financial Services Company is unable or likely to be unable to pay claims against it, in general this is when the licensed firm stops trading or becomes insolvent, the Investor Compensation Scheme kicks in. This scheme is a rescue fund for customers of failed investment firms which are licensed by the Malta Financial Services Authority (MFSA). The Scheme is based on the EU Directive 97/9 on investor-compensation schemes. It is financed by investment firms respectively and consumers will not be asked to contribute to the scheme. In Malta consumers are eligible for a maximum compensation of €20,000 per person.

We are also aware that there is a similar scheme is the UK which is managed by the Financial Services Compensation Scheme. The scheme was set up under the Financial Services and Markets Act 2000 and became active on 1 December 2001. MFSP assisted investors who had a claim against a regulated UK Financial Services Company called Catalyst Investment Group because the said company was in default. Consumers were eligible for a maximum compensation of £50,000 per person.

We believe that the Australian Regulator also has in place a form of Investor Compensation Scheme. We believe that investors who were invested in the LM MPF are eligible to submit a claim against LMIM for their miss conduct.

We are aware that you are in touch with the Australian Regulator and are being updated on a regular basis with your findings. Could you please look into the above and guide us how we can assist Maltese investors to submit a claim against LMIM with the Australian Regulator.

Thanking you in anticipation,

Kind regards,

Lorraine Falzon

Dear Sir / Madam

Please find attached the latest update to Investors.

Should you have any queries following your consideration of the Update, further information can be obtained by:

- accessing the KordaMentha website at http://www.kordamentha.com/creditor-information/australia/109;

- if you are unable to find the answer to your query in any of our Updates or Frequently Asked Questions listing then you may email lminvestors@kordamentha.com; (In order to manage the ongoing management costs of the Fund, due to the high volume of enquires made via email the Trustees will only review and respond to emails on a fortnightly basis).

Please note that the Trustees make every attempt to answer your enquiries on a regular basis however due to the number of queries received and our focus on managing costs of the Fund there may be some delay in responding to your individual requests. We appreciate your patience whilst we manage the large volume of emails and telephone calls received during this time.

Yours sincerely

Subject: RE: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha
I regret to tell you that your reply do not satisfy my requested information with regards to my funds that had matured sunce year 2012.
Can you please advice why kordamentha had effected two payments related to invrstors who had lm australian income funds, while to me who had fixed lm funds that had a maturiy date and also promised by lm of 100 pet cent refund did not recdive yet any distribution payment. Can you tell me why kordamentha are waiting from the court decision with regards distribution payment while kordamentha had already distributed two payments who had australian income funds.

I regret again to tell you that such measures related to to distribution of payments do not make any sence. Kordamentha effected two payments to lm australian income funds while unitholders like me did not receive any kind of payment of distribution. This is a shamefull attitude.

I hope that kordamentha will refund me 100 per cent of the funds invested without further delay as promised by lm way back in august 2012.

Kindly note again that my funds were matured in august 2012 ; kept by lm without my authority; promised by lm 100 per cent full refund; received from lm a letter garanting me 100 per cent of my full amount invested together with the accrued interest. Can you tell me what kordamentha did as per lm promises and garanteed to us who had matured funds before lm insolvenvcy.

I hope to receive my full amount of funds together with the accrued interest without further delay and as promised by lm.

Kordamentha should have abided by lm promises and not distributed payments to witholders who had autralian income funds.

Promises and garateed matured funds should have had distributed payments like the australian income funds.

I hope that such error will be corrected without further delay because i have been patient nearly 6 years now.

Thanking you as usual and i hope that you understand my ftustration.

Regards
Charles borg

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

Further to my e-mail sent to you on the 25th may 2018 for for which i did not receive any feed back from your end with regards to my matured funds which lm have kept without my authority altough my funds matured in august 2012. Kordamentha unfortunetly as the responsible people are still holding my funds. I have requested a fundamental proof in writing about my case and till todate kordamentha did not given me anything but remained as lm did to me by holding my matured funds.

Kindly note also that investors who had lm australian incone funds had already been refunded with two payments and the last payment is going to be paid accordingly while my my funds which matured in august 2012 are still in the hands of kordamentha. Does this make any sence of justfication to kordanentha or the court considering my case.

I hope that kordamentha shall send me a reply with a fundamental proof as this is against the rule of law. Fixed interest deposits with a maturity date should have been settled by kordamentha before funds which do not hold any kind of maturity.

Lm australian income funds should not have any kind of preferantial over my lm funds which were fixed for two years and matured before lm insolvency. Kordamentha did not hold such funds because there were two distribtion payments and the third is going to be effected; while my matured and promised funds are still being kept by kordamentha.

I hope to receive my funds without further delay or a fundamental proof in writing for holding my funds for which i need for my daily living.

Regards

Charles borg

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

Reference to your e-mail dated 24th may 2018.

I have requested a fundamental proof in writing by kordamentha to the court concerning my case. This will be a good update for me wherin my funds were matured in august 2012, and lm promised me in writing by their letter refund of 100 per cent of the funds invested together with the accrued interest according also as per their prospectus.

This would be the real update for because till today kordamentha and court directions with regards to my case has not yet been solved after 6 years which seems unbelievable waiting for my funds to sustain my daily living. Theses funds matured the period of investment but kordamentha and lm and the directions of the court are still holding my matured funds.

Hoping a kind proof to my request.

Thanking you for your assistance and co-operation to my situation of frustration.

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

Thank you for your e-mail dated today 23 may 2018.

Kindly note that i have been waiting for my matured funds nearly 6 years now and kordamentha has been authorised as trustees over 5 years now. So in my opinion court directions and kordamentha had enough time to send me a fundamental proof in writing about my case. I have invested my funds for just 2 years because needed such funds and although i was promised by lm that my funds will be refunded in full in august 2012, such funds are still being kept by kordamentha till todate bring nearly 6 years.

My only request has not yet been answered and fullfilled and i really till today do not know when such request will be received and i am still without my money back for my daily living.

Kordamrntha should feel my position and frustration to my case and dont leave any more waiting for my promised refunded funds by lm together with the accrued interest. I hope that court directions will know my position of my case.

Thanking you in advance for your co-operation to the above.

Regards

Charles borg

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

Thank you for your e-mail dated today 15th may, but i regret to inform you that such reply do not satisfy the my requests.

Kindly note that i have requested a fundamental proof in writing concerning my case for which i have sent you several e-mails. I did not see anything in writing from kordamentha to the court as regards to my case after such a lot of e-mails.

Your update has to be related to my case and not general. My funds were matured in august 2012 before lm insolvency. Lm has kept my matured funds without my authority but promised me all my funds back together with the accrued interest by their letter dated august 2012. Kordamentha afterwards in april 2013 as trustees did not refunded me what lm has promised and what lm had in their prospectus. So kordamentha should have effected what lm has promised and what lm has in their prospectus.

I hope to receive a fundamental proof to what i am requesting as regards to my case.

Regards

Charles borg

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

Thank you for your e-mail dated 13th may 2018.

I understand that directions by the court are to be seen with regards to the methology of distribution. But i need a fundamental proof in writing what exactly kordamentha is informing the court as regards to my case

wherin the court have to be notified w ith all my e-mails so that the court will take a good decision to my case.

At this point in time since august 2012 i.e. the of my matured funds, i am still with the same position witout my matured funds and also without the accrued interest which is nearly 7 years after.

I hope to receive a fundamental proof to my request and an encouragement to get my money back which were fixed for just 2 years and now 6 years later i am in a desperate position to sustain my daily living.

Thanking you once again.

Regards

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

I regret again to tell you that kordamentha is ignoring the letter that lm have sent me when my funds matured. Lm promised me that they will refund me all my matured funds together with the accrued interest. My funds matured in august 2012 and kordamentha as trustees from april 2013 has kept my matured funds till todate. In my opinion this is against the rule of law and i understand that not all witholders are to be treated the same. Matured funds should have been settled. Unless i receive a fundamental wtitten reason to my case, my position to my case remain the same as from the date of my matured funds.

My funds were invested with lm for two years only because i need and still todate need my money back to sustain my daily living. Lm has promised me my money back as per their prospectus but kordamentha are still keeping my money.

I hope that kordamentha understand my position of frustration.

Thanking you for your co-operation and i hope to receive a something of encouragment as these funds has been held nearly 6 years without my authority.

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear Charles

As you are aware, we were appointed on 12 April 2013, pursuant to an Order of the Supreme Court of Queensland in Brisbane.

Our prioritise have been to:

- preserve and retain the value of the assets and investments of the Fund
- assess the overall financial position of the Fund and its investments
- enable investors' concerns and desires to be communicated
- consider and investigate the previous operation of the Fund including historical application of investors' funds and transactions involving related parties

Prior to our appointment the monies contributed by investors to the Fund, have been principally invested in loans to third parties and related parries which are supported by second ranking mortgage security chargers against real property.

It is emphasised that the Trustees considers that the assets value of the loans of the Fund to be significantly below that of the total investment contributed by investors.

We are continuing to pursue all possible recoveries actions, to ensure the best outcome for all unitholders and until such time as these actions have been finalised we do not expect to make any distribution to unitholders.

As previously advised the Trustees will seek Court directions with respect to the distribution methodology, details of these proceedings will be made available to investors.

Further details regarding court applications can be accessed on the KordaMentha website at http://www.kordamentha.com/creditor-information/australia/109

Kind Regards

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

Kindly note that i have been expecting my funds on maturity since august 2012. Such reply from kordamentha or trustees fo not seen a fair view especially in my case. Lm on my matured funds has promised me all my funds back together with the accrued interest. Kordamentha or trustees are ignoring such promises and are keeping my funds in hand against the rule of all. Such delay from kordamentha and trustees are frustating all witholders of matured funds before lm insolvency.

How long i am going to wait for my justification.i have been waiting 6 years now and j need my funds back as soon as possible for my daily living.

Kirdamentha or trustees since taking over has never informed me when i will have my money back or never given me any proof what is going on with regards of my matured funds.

I hope that kordamentha or trustees will do something fundamental to my case by sending me a written proof what they are doing to bring me back my matured funds since year 2012.

I hope that this time kordamentha understand my request and send me a better reply to encourage me for my frustration and daily living.

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

Reference to your e-mail of today 27th march 2018.

Kindly note again that my case is different from all unitholders because my funds were matured in august 2012. So kordamentha should not treat my case the same. Matured funds before insolvency have to be refunded as promised by lm in writing. Kordamentha should do as lm promised and not treat me the same with all other witholders who had not matured funds.

So i again insist that kordamentha is acting against the rule of law for which u am expecting as promised by lm in writing by refunding me 100% of my funds invested together with the accrued interest since 2012 as i need to sustain my lifetime as soon as possible.

I hope to receive a positive reply with a fundamental reason and an encouragement to my frustration because i have invested for just 2 years only and on maturity funds should have been refunded and not kept by lm and kept again by kordamentha.

Thanking you for your assistance but i am still worried to my sustainabilty of my lifetime with such attidude by kordamentha by keeping my funds the same as lm. I still insist that i should not be treated the same as all unitholders.

Dear Kordamentha

Further to my several e-mails sent to you related to my matured funds with LM.

I am again reminding you, that according to the rule of law, Kordamentha should have refunded me my full amount invested in LM because my funds were matured before LM insolvency. So in my opinion I understand that Kordamentha is not abiding according LM promises, and so this is against the rule of law by keeping my matured funds since August 2012.

I hope that Kordamentha will refund me my full amount invested without further delay as these funds should have been refunded according to LM prospectus. Kordamentha is not abiding LM prospectus.

I have been loosing a lot of interest since my matured funds i.e. August 2012.

LM promised me in writing my 100% of my funds together with the accrued interest and Kordamentha should abide by LM prospectus and promises. Kordamentha by keeping my money is acting against LM promises or prospectus.

I hope that Kordamentha will understand my frustration considering my case because I still insist that Kordamentha should refund me my full amount invested that have matured before LM insolvency. LM prospectus and promises have to be abided by Kordamentha without further delay.

Till to-date Kordamentha never quoted any kind offundamental reason or any kind of law, why my matured funds were not refunded.

So I hope that this time I shall receive a fundamental reply to this e-mail from the responsible people as I have been and still very worried about my matured funds from August 2012 till-todate.

Regards

Charles Borg

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear Charles

As previously advised KordaMentha was appointed as trustee of the Fund on 12 April 2013 and that the Fund was closed on 19 March 2013.

As a result of the Fund's closure, all distributions were suspended so as to protect the overall value of the Fund.

Due to the costs associated with such distributions, the Trustee intends to delay these until substanitially all possible recovery and litigation is complete and ensure the best outcome for all unitholders.

Kind Regards

Subject: Re: LM Managed Performance Fund - Update to Investors No. 16

Dear Kordamentha

Reference to your e-mail dated 19th December 2017.

I understand that according to the rule of law and LM prospectus and written promises, Kordamentha as Trustees should have settled the funds that have matured before LM solvency. The distribution will be made afterwards.

Than the distribution should be done to those investors that hold unmatured funds before LM solvency.

So Kordamentha as Trustees has kept my matured money as from August 2012 together with the accrued interest . I have been promised by LM , 100% of the funds invested which matured in August 2012 and also the accrued interest.

The letter sent to me by LM before their insolvency should not be ignored by Kordamentha.

Kordamentha should not treat investors who had matured funds the same as of those investors who had not matured funds.

I hope that Kordamentha understand my point which is according to the rule of law.

LM kept my funds not according to their prospectus, so I hope that Kordamentha should not do the same because it is against LM prospectus by keeping my money in their hands.

I hope to receive 100% of my matured funds including also the accrued interest since August 2012 without further delay.

Thanking you for your co-operation.

Charles

As you are aware, the Fund has been in a phase of Court approved recovery actions via litigation for the best part of three years and there has been no further material developments since our last update.

Until such time as all possible recovery actions and litigation has been completed, a distribution will not be made.

The Trustees position remains unchanged in respect to this matter.

Subject: Re: LM Managed Performance Fund - Update to Investors No. 16

Dear Kordamentha

Reference to your e-mail dated 17th December 2017.

I regret to advice you that I really do not agree because Kordamentha should abide by the commitments that LM has done with the investors that had matured funds before their insolvency.

I had already told you that I have a letter from LM way back August 2012 i.e. before their insolvency confirming and promises that LM will refund all matured funds at 100% together with the accrued interest.

So this agreement between LM and investors who had matured funds should be abided and taken into consideration by Kordamentha as Trusties before the distribution to the investors who did not have matured funds.

I understand that this is the most legitimate action that Kordamentha should have done and without further delay.

In my opinion Kordamentha Should abide by the rule of law as per LM promises and litigation.

Thanking you for your co-operation.

Best regards

Charles Borg

Reference is made to my last e-mail sent to you dated 26th August 2017.

Appreciate if Kordamentha acknowledge receipt or advice progress to my request relating in refunding my full amount invested in LM which were matured before LM insolvency.

I still insist that my matured funds have to be refunded according to LM prospectus and not threated the same as those investors with non-matured funds.

Hoping to receive a positive reply to the above.

Best regards

Charles Borg

Dear Kordamentha

As you maybe aware, I have sent you two e-mails dated 15th July and 11th August 2017 and both of them were not replied by yourselves.

Such attitude do not encourage or satisfy investors.

I am just reminding you so that we innocent investors will get some sort of hope to recover our matured investment before LM became insolvent

I still insist that my funds should be refunded to me without further delay.

Matured funds should be refunded because LM did not have any wright to keep them. This may be confirmed by LM prospectus.

Your co-operation and assistance is highly appreciated.

Regards

Charles Borg

My matured funds before LM insolvency and according to their prospectus should have been refunded to me in FULL AND WITHOUT FURTHER DELAY.

KordaMentha or the court should give ME WRITTEN EVIDENCE IF THEY ARE GOING TO TREAT ME THE SAME AS THOSE INVESTORS THAT HAD NO MATURED FUNDS.

LM PROSPECTUS DO NOT SAY THAT INVESTORS WITH MATURED FUNDS AND THOSE INVESTORS WHO HAD NO MATURED FUNDS HAVE TO BE TREATED THE SAME.

You are kindly requested to send my money back in full without any further delay.

Thanking you for your assistance and co-operation.

Best Regards

Charles Borg

>
> As I have told you several times, my funds matured before LM was insolvent. LM kept my matured money without my authority. Their prospectus does not say that LM have the right to keep my matured funds and so this is illegal. Kordamentha cannot threat all investors the same of those investors who had matured funds or not because LM prospectus do NOT say so. This decision taken by Kordamentha or court is against LM prospectus. LM kept my money illegal and so Kordamentha should refund me back my

matured money. This decision should not be sent by Kordamentha to court as this is against LM prospectus. The reality for such decision should be taken by Kordamentha on what is written in the prospectus and not in court decisions.

A FUNDAMENTAL EVIDENCE IS REQUIRED FOR SUCH DECISION TO BE TAKEN WHETHER KORDAMENTHA OR COURT. I STILL INSIST THAT SUCH DECISIONS HAS TO BE TAKEN ON THE REALLITY OF LM PROSPECTUS AND NOT BY COURT.

I hope to receive my full amount of funds without further delay as I have been chasing my money which have matured on 12th August 2012 i.e. nearly five years now.

Thanking you once again for your co-operation and assistance.

Dear Kordamentha

Reference to your e-mail of today 3rd July 2017 wherein you are still threatening all investors the same that had their funds matured and not matured, I still insist that I disagree with such decision by leaving such incredible decision/directions to court.

My Money were kept by LM without my authority and such decision by LM is against their prospectus so this is completely illegal and in my opinion this is completely fraud. This is the main reason that my money should be paid back in full and without any further delay.

MATURED FUNDS BEFORE INSOLVENCY SHOULD BE PAID TO ALL INVESTORS BECAUSE LM PROSPECTUS DOES NOT COVER KORDAMENTHA OR COURT DECISION.

Hoping that my case will be treaded accordingly and as per whole truth.

Thanking you for your co-operation.

Subject: Re: LM Managed Performance Fund - Update to Investors No. 16

Dear Kordamentha

Further to my last e-mail dated 26th May 2017 for which my email was not replied.

I still insist that my funds should be refunded back IN FULL AND WITHOUT FURTHER DELAY. I repeat my case that my funds were matured in August 2012 before LM insolvency. My funds were kept by LM WITHOUT MY AUTHORITY AND AGAINST THEIR PROSPECTUS WHICH IS ILLEGAL AND IN MY OPINION THIS IS A CASE OF FRAUD.

It seems that Kordamentha are threatening all investors the same that is those funds that matured and also those funds that were not matured. My funds matured BEFORE INSOLVENCY and that is why should be paid back in full without further delay.

My funds were kept by LM without my authority and that why should be paid back without further delay.

LM kept my MATURED FUNDS WHILE LM IS STILL IN BUSINESS - SO THIS IS AGAINST THEIR PROSPECTUS AND ILLEGAL and that is why my money should be paid back in full without further delay.

It seems that Kordamentha are going to leave the decision of my case in the court hands. So if this is the whole truth, I need such decision in writing as I still understand that LM went against their prospectus and so my money have to be refunded back without further delay.

I am copying always Ms Lorraine Falzon of MFSP to confirm with her that the above is whole truth.

I hope to receive a fundamental proof by court or Kordamentha with regards to my case decision as I need my money back without further delay.

Thanking you for your co-operation and assistance.

Best Regards

Dear Charles,

I refer to our ongoing correspondence regarding your investment in the LM Managed Performance Fund ('the Fund').

Account transaction details

We confirm that we have received your original application form and have undertaken a review of the transaction history of your investment (as contained in the books and records of the fund).

It is apparent from the transaction history that your investment was not redeemed in full on 20 August 2012, rather, partial redemptions were processed on 20 August 2012 and 20 February 2013. It is understood that this may not have been consistent with your original instructions to the fund.

We can confirm that you are listed as a current unitholder in the fund.

Suspension and delay of redemptions prior to winding up of the fund

Based on our investigations of the fund to date, it is apparent that the fund was not processing all redemptions to unitholders in the ordinary course for a period prior to the closure of the fund in March 2013. We understand that the former Trustee was relying on clauses of the Fund's constitution which allowed a level of discretion regarding withdrawal of units (redemptions). There is also information regarding withdrawal delays and liquidity preservation rules on pages 22 and 28 of the Information Memorandum dated 25 November 2009 (attached).

It is likely that the redemption of your investment in August 2012 was impacted by withdrawal delays being implemented by the fund at the time your investment was due to mature.

Treatment of matured unitholdings

Due to the circumstances of the fund prior to appointment of the Trustee, and particularly due to the delays on unitholder withdrawals being implemented by the Fund, we consider it equitable that all unitholders, including those with investments that had matured and not been paid or those which would otherwise have matured in accordance with investor instructions, be treated equally.

Prior to any distribution made by the Trustee, Court directions will be sought in relation to this matter and we will act in accordance with such Court directions.

Should the Court directions require a different treatment of matured unitholdings, we may need to undertake an assessment of unitholders who were impacted by delayed withdrawals (including your unitholding) and potentially seek further directions in relation to these unitholders.

As per our previous correspondence, the Trustee will provide updates in respect to prospective distributions.

Regards,

KordaMentha

Dear Sir / Madam

I am Charles Borg who invested in LM Managed Performance Funds.

As you are aware Ms Lorraine Falzon from MFSP have sent you three e-mails and another was sent by myself. My funds were matured in August 2012 that is before LM became insolvent. My funds were kept by LM without my consent and I was promised by LM with two letters that they will pay me back by money together with the accrued interest later on. My funds were never refunded since to-date and also the accrued interest. So I was completely betrayed by LM.

My funds were invested for two years only that is from August 2010 to August 2012 and I am still without my Eur 5000 and accured interest. My case is completely different from other investors because my funds matured in 2012 before LM went bankrupt and my funds were kept by LM without my authority.

So, I need to know when such funds will be refunded to me from all the responsible authorized persons at your earliest convenience because I have been waiting for my funds over four year now.

I would like to thank all concerned in advance for the earliest assistance and co-operation to the above. I hope also to consider my frustration in such a situation.

Best Regards

Charles Borg

Good afternoon,

As per my email of the 24th May 2016 (copy below) and a reminder on the same subject on 30th June 2016. We greatly appreciate that our questions raised in our email of 24th May 2016 will be address as soon as possible either via email or through the next Investor update. We are being bombarded with client enquiries on the future of their capital and what possibility there is, if investors in the LM Managed Performance Fund can recover some of their capital through the Australian Investor compensation scheme, since the trustees of the fund (LMIM) were regulated by the Australian Regulator.

Mr. Charles Borg is being copied in my email, because he is an investor in the LM MPF, who invested through MFSP Financial. Mr. Borg had his investment of €5,000 maturing 19th August 2012 (copy of contract note attached), months before that LMIM announced on 20th March 2013 that John Park and Ginette Muller of FTI consulting were appointed as Voluntary Administrators.

Rightly so Mr. Borg is asking that he should have received the funds as per the contract stipulated between the LM MPF and himself, and therefore he should be treated differently from other investors who had their investment maturing after 20th March 2013. We would appreciate your reply in this regard as well and copy Mr. Borg in your reply.

Kind Regards,

Lorraine Falzon

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Good afternoon,

We are a Financial Services company in Malta, regulated by the Malta Financial Services Authority, whicj introduced a number of Maltese investors in the LM Australian Income Fund and the LM Managed Performance Fund. From the updates we are receiving we are more of the view that LMIM as the trustees of the LM Managed Performance Fund, did not perform their duties in the best interest of investors, to

say it mildly. MFSP Financial had investors in the LM MPF that their investment matured in January 2013 and February 2013, but funds were never paid back to investors. LMIM issued letters to such investors which we have copies of, assuring investors that their capital is safe and earning income. We both know that at that time (Jan 2013) LMIM we fully aware of the financial position of the fund (LM MPF) and they were misleading investors in believing that the fund is sound and safe. This action was taken by LMIM is solely to attract new monies into the fund.

LMIM is a regulated financial services company in Australia, its directors were also approved by the said Authority they are bound with strict regulations, first and foremost to act in the best interest of investors and to manage the funds and the underlying assets in line with the prospectus. We understand that both regulations mentioned above were not taken seriously by LMIM and the mess they did with our clients funds is unheard of, as disclosed in investors update 15. With such behaviour, investors in the LM MPF are facing losing a high percentage of their capital invested because both LMIM and LM MPF do not have sufficient funds to pay investors in the LM MPF, which means are both companies are near to insolvent.

In Malta, when a Regulated Financial Services Company is unable or likely to be unable to pay claims against it, in general this is when the licensed firm stops trading or becomes insolvent, the Investor Compensation Scheme kicks in. This scheme is a rescue fund for customers of failed investment firms which are licensed by the Malta Financial Services Authority (MFSA). The Scheme is based on the EU Directive 97/9 on investor-compensation schemes. It is financed by investment firms respectively and consumers will not be asked to contribute to the scheme. In Malta consumers are eligible for a maximum compensation of €20,000 per person.

We are also aware that there is a similar scheme is the UK which is managed by the Financial Services Compensation Scheme. The scheme was set up under the Financial Services and Markets Act 2000 and became active on 1 December 2001. MFSP assisted investors who had a claim against a regulated UK Financial Services Company called Catalyst Investment Group because the said company was in default. Consumers were eligible for a maximum compensation of £50,000 per person.

We believe that the Australian Regulator also has in place a form of Investor Compensation Scheme. We believe that investors who were invested in the LM MPF are eligible to submit a claim against LMIM for their miss conduct.

We are aware that you are in touch with the Australian Regulator and are being updated on a regular basis with your findings. Could you please look into the above and guide us how we can assist Maltese investors to submit a claim against LMIM with the Australian Regulator.

Thanking you in anticipation,

Kind regards,

Lorraine Falzon

Subject: LM Managed Performance Fund - Update to Investors No. 16

Dear Sir / Madam

Please find attached the latest update to Investors.

Should you have any queries following your consideration of the Update, further information can be obtained by:

- accessing the KordaMentha website at http://www.kordamentha.com/creditor-information/australia/109;

- if you are unable to find the answer to your query in any of our Updates or Frequently Asked Questions listing then you may email lminvestors@kordamentha.com; (In order to manage the ongoing management costs of the Fund, due to the high volume of enquires made via email the Trustees will only review and respond to emails on a fortnightly basis).

Please note that the Trustees make every attempt to answer your enquiries on a regular basis however due to the number of queries received and our focus on managing costs of the Fund there may be some delay in responding to your individual requests. We appreciate your patience whilst we manage the large volume of emails and telephone calls received during this time.

Yours sincerely

KordaMentha

Dear Lorraine,

I apologise for the delay in response to your email.

I confirm that we are not aware of any Australian regulator compensation scheme which is available to the unitholders of the Managed Performance Fund.

The Trustee will advise unitholders if it becomes aware of any such scheme.

Dear kordamemtha
Further to your e-mail sent to me today.
I am really very surprised with your reply.
Since kordamentha are fully responsable as trustees of lm mansgement fund; i inderstand that such responsable people should have enough power to achieve the same distribution of payments the same those who are responsible of australiane income fund.

Such distributions authorised seems clearly unjustified becsuse the witholders of australian fund had already been given two payments while witholders of lm management fund under the trustees kordamentha are still without any distribution of payment

This attidude is very discrimstive and unjustified whether this has been taken by the court or by kordamentha or by the redposable or trustees of australian fund. This attidude is very shamefull.

Kindly note that i need my money back in full to sustain my daily living as i cannot beleive such incredible or understand such information.

I hope to receive a fundamental reply or at least some kind of encouragement to collect my money which i am very in need so that as trustees you should have the same power under the resposabily of australian fund.

Thanking in advance for your co-operation and assistance.

Regards
Charles borg

Subject: RE: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

I regret to tell you that your reply do not satisfy my requested information with regards to my funds that had matured sunce year 2012.

Can you please advice why kordamentha had effected two payments related to invrstors who had lm australian income funds, while to me who had fixed lm funds that had a maturiy date and also promised by lm of 100 pet cent refund did not recdive yet any distribution payment. Can you tell me why kordamentha are waiting from the court decision with regards distribution payment while kordamentha had already distributed two payments who had australian income funds.

I regret again to tell you that such measures related to to distribution of payments do not make any sence. Kordamentha effected two payments to lm australian income funds while unitholders like me did not receive any kind of payment of distribution. This is a shamefull attitude.

I hope that kordamentha will refund me 100 per cent of the funds invested without further delay as promised by lm way back in august 2012.

Kindly note again that my funds were matured in august 2012 ; kept by lm without my authority; promised by lm 100 per cent full refund; received from lm a letter garanting me 100 per cent of my full amount invested together with the accrued interest. Can you tell me what kordamentha did as per lm promises and garanteed to us who had matured funds before lm insolvenvcy.

I hope to receive my full amount of funds together with the accrued interest without further delay and as promised by lm.

Kordamentha should have abided by lm promises and not distributed payments to witholders who had autralian income funds.

Promises and garateed matured funds should have had distributed payments like the australian income funds.

I hope that such error will be corrected without further delay because i have been patient nearly 6 years now.

Thanking you as usual and i hope that you understand my ftustration.

Regards

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

Further to my e-mail sent to you on the 25th may 2018 for for which i did not receive any feed back from your end with regards to my matured funds which lm have kept without my authority altough my funds matured in august 2012. Kordamentha unfortunetly as the responsible people are still holding my funds. I have requested a fundamental proof in writing about my case and till todate kordamentha did not given me anything but remained as lm did to me by holding my matured funds.

Kindly note also that investors who had lm australian incone funds had already been refunded with two payments and the last payment is going to be paid accordingly while my my funds which matured in august 2012 are still in the hands of kordamentha. Does this make any sence of justfication to kordanentha or the court considering my case.

I hope that kordamentha shall send me a reply with a fundamental proof as this is against the rule of law. Fixed interest deposits with a maturity date should have been settled by kordamentha before funds which do not hold any kind of maturity.

Lm australian income funds should not have any kind of preferantial over my lm funds which were fixed for two years and matured before lm insolvency. Kordamentha did not hold such funds because there were two distribtion payments and the third is going to be effected; while my matured and promised funds are still being kept by kordamentha.

I hope to receive my funds without further delay or a fundamental proof in writing for holding my funds for which i need for my daily living.

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

Reference to your e-mail dated 24th may 2018.

I have requested a fundamental proof in writing by kordamentha to the court concerning my case. This will be a good update for me wherin my funds were matured in august 2012, and lm promised me in writing by their letter refund of 100 per cent of the funds invested together with the accrued interest according also as per their prospectus.

This would be the real update for because till today kordamentha and court directions with regards to my case has not yet been solved after 6 years which seems unbelievable waiting for my funds to sustain my daily living. Theses funds matured the period of investment but kordamentha and lm and the directions of the court are still holding my matured funds.

Hoping a kind proof to my request.

Thanking you for your assistance and co-operation to my situation of frustration.

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

Thank you for your e-mail dated today 23 may 2018.

Kindly note that i have been waiting for my matured funds nearly 6 years now and kordamentha has been authorised as trustees over 5 years now. So in my opinion court directions and kordamentha had enough time to send me a fundamental proof in writing about my case. I have invested my funds for just 2 years because needed such funds and although i was promised by lm that my funds will be refunded in full in august 2012, such funds are still being kept by kordamentha till todate bring nearly 6 years.

My only request has not yet been answered and fullfilled and i really till today do not know when such request will be received and i am still without my money back for my daily living.

Kordamrntha should feel my position and frustration to my case and dont leave any more waiting for my promised refunded funds by lm together with the accrued interest. I hope that court directions will know my position of my case.

Thanking you in advance for your co-operation to the above.

Dear Charles

As reiterated in previous emails, the Trustee has not yet commenced any formal proceedings with respect to obtaining Court directions.

Information regarding these proceedings will be made available to **all** investors.

Kind Regards

KordaMentha

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

Thank you for your e-mail dated today 15th may, but i regret to inform you that such reply do not satisfy the my requests.

Kindly note that i have requested a fundamental proof in writing concerning my case for which i have sent you several e-mails. I did not see anything in writing from kordamentha to the court as regards to my case after such a lot of e-mails.

Your update has to be related to my case and not general. My funds were matured in august 2012 before lm insolvency. Lm has kept my matured funds without my authority but promised me all my funds back together with the accrued interest by their letter dated august 2012. Kordamentha afterwards in april 2013 as trustees did not refunded me what lm has promised and what lm had in their prospectus. So kordamentha should have effected what lm has promised and what lm has in their prospectus.

I hope to receive a fundamental proof to what i am requesting as regards to my case.

Regards

Charles borg

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

Thank you for your e-mail dated 13th may 2018.

I understand that directions by the court are to be seen with regards to the methology of distribution. But i need a fundamental proof in writing what exactly kordamentha is informing the court as regards to my case wherin the court have to be notified w ith all my e-mails so that the court will take a good decision to my case.

At this point in time since august 2012 i.e. the of my matured funds, i am still with the same position witout my matured funds and also without the accrued interest which is nearly 7 years after.

I hope to receive a fundamental proof to my request and an encouragement to get my money back which were fixed for just 2 years and now 6 years later i am in a desperate position to sustain my daily living.

Thanking you once again.

Regards

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

I regret again to tell you that kordamentha is ignoring the letter that lm have sent me when my funds matured. Lm promised me that they will refund me all my matured funds together with the accrued interest. My funds matured in august 2012 and kordamentha as trustees from april 2013 has kept my matured funds till todate. In my opinion this is against the rule of law and i understand that not all witholders are to be treated the same. Matured funds should have been settled. Unless i receive a fundamental wtitten reason to my case, my position to my case remain the same as from the date of my matured funds.

My funds were invested with lm for two years only because i need and still todate need my money back to sustain my daily living. Lm has promised me my money back as per their prospectus but kordamentha are still keeping my money.

I hope that kordamentha understand my position of frustration.

Thanking you for your co-operation and i hope to receive a something of encouragment as these funds has been held nearly 6 years without my authority.

Regards

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear Charles

As you are aware, we were appointed on 12 April 2013, pursuant to an Order of the Supreme Court of Queensland in Brisbane.

Our prioritise have been to:

- preserve and retain the value of the assets and investments of the Fund
- assess the overall financial position of the Fund and its investments
- enable investors' concerns and desires to be communicated
- consider and investigate the previous operation of the Fund including historical application of investors' funds and transactions involving related parties

Prior to our appointment the monies contributed by investors to the Fund, have been principally invested in loans to third parties and related parries which are supported by second ranking mortgage security chargers against real property.

It is emphasised that the Trustees considers that the assets value of the loans of the Fund to be significantly below that of the total investment contributed by investors.

We are continuing to pursue all possible recoveries actions, to ensure the best outcome for all unitholders and until such time as these actions have been finalised we do not expect to make any distribution to unitholders.

As previously advised the Trustees will seek Court directions with respect to the distribution methodology, details of these proceedings will be made available to investors.

Further details regarding court applications can be accessed on the KordaMentha website at http://www.kordamentha.com/creditor-information/australia/109

Kind Regards

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

Kindly note that i have been expecting my funds on maturity since august 2012. Such reply from kordamentha or trustees fo not seen a fair view especially in my case. Lm on my matured funds has promised me all my funds back together with the accrued interest. Kordamentha or trustees are ignoring such promises and are keeping my funds in hand against the rule of all. Such delay from kordamentha and trustees are frustating all witholders of matured funds before lm insolvency.

How long i am going to wait for my justification.i have been waiting 6 years now and j need my funds back as soon as possible for my daily living.

Kirdamentha or trustees since taking over has never informed me when i will have my money back or never given me any proof what is going on with regards of my matured funds.

I hope that kordamentha or trustees will do something fundamental to my case by sending me a written proof what they are doing to bring me back my matured funds since year 2012.

I hope that this time kordamentha understand my request and send me a better reply to encourage me for my frustration and daily living.

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

Reference to your e-mail of today 27th march 2018.

Kindly note again that my case is different from all unitholders because my funds were matured in august 2012. So kordamentha should not treat my case the same. Matured funds before insolvency have to be refunded as promised by lm in writing. Kordamentha should do as lm promised and not treat me the same with all other witholders who had not matured funds.

So i again insist that kordamentha is acting against the rule of law for which u am expecting as promised by lm in writing by refunding me 100% of my funds invested together with the accrued interest since 2012 as i need to sustain my lifetime as soon as possible.

I hope to receive a positive reply with a fundamental reason and an encouragement to my frustration because i have invested for just 2 years only and on maturity funds should have been refunded and not kept by lm and kept again by kordamentha.

Thanking you for your assistance but i am still worried to my sustainabilty of my lifetime with such attidude by kordamentha by keeping my funds the same as lm. I still insist that i should not be treated the same as all unitholders.

Subject: Re: LM Managed Performance Fund - Update to Investors No. 16

Dear Kordamentha

Further to my several e-mails sent to you related to my matured funds with LM.

I am again reminding you, that according to the rule of law, Kordamentha should have refunded me my full amount invested in LM because my funds were matured before LM insolvency. So in my opinion I understand that Kordamentha is not abiding according LM promises, and so this is against the rule of law by keeping my matured funds since August 2012.

I hope that Kordamentha will refund me my full amount invested without further delay as these funds should have been refunded according to LM prospectus. Kordamentha is not abiding LM prospectus.

I have been loosing a lot of interest since my matured funds i.e. August 2012.

LM promised me in writing my 100% of my funds together with the accrued interest and Kordamentha should abide by LM prospectus and promises. Kordamentha by keeping my money is acting against LM promises or prospectus.

I hope that Kordamentha will understand my frustration considering my case because I still insist that Kordamentha should refund me my full amount invested that have matured before LM insolvency. LM prospectus and promises have to be abided by Kordamentha without further delay.

Till to-date Kordamentha never quoted any kind offundamental reason or any kind of law, why my matured funds were not refunded.

So I hope that this time I shall receive a fundamental reply to this e-mail from the responsible people as I have been and still very worried about my matured funds from August 2012 till-todate.

Regards

Charles Borg

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear Charles

As previously advised KordaMentha was appointed as trustee of the Fund on 12 April 2013 and that the Fund was closed on 19 March 2013.

As a result of the Fund's closure, all distributions were suspended so as to protect the overall value of the Fund.

Due to the costs associated with such distributions, the Trustee intends to delay these until substanitially all possible recovery and litigation is complete and ensure the best outcome for all unitholders.

Kind Regards

Subject: Re: LM Managed Performance Fund - Update to Investors No. 16

Dear Kordamentha

Reference to your e-mail dated 19th December 2017.

I understand that according to the rule of law and LM prospectus and written promises, Kordamentha as Trustees should have settled the funds that have matured before LM solvency. The distribution will be made afterwards.

Than the distribution should be done to those investors that hold unmatured funds before LM solvency.

So Kordamentha as Trustees has kept my matured money as from August 2012 together with the accrued interest . I have been promised by LM , 100% of the funds invested which matured in August 2012 and also the accrued interest.

The letter sent to me by LM before their insolvency should not be ignored by Kordamentha.

Kordamentha should not treat investors who had matured funds the same as of those investors who had not matured funds.

I hope that Kordamentha understand my point which is according to the rule of law.

LM kept my funds not according to their prospectus, so I hope that Kordamentha should not do the same because it is against LM prospectus by keeping my money in their hands.

I hope to receive 100% of my matured funds including also the accrued interest since August 2012 without further delay.

Thanking you for your co-operation.

As you are aware, the Fund has been in a phase of Court approved recovery actions via litigation for the best part of three years and there has been no further material developments since our last update.

Until such time as all possible recovery actions and litigation has been completed, a distribution will not be made.

The Trustees position remains unchanged in respect to this matter.

Subject: Re: LM Managed Performance Fund - Update to Investors No. 16

Dear Kordamentha

Reference to your e-mail dated 17th December 2017.

I regret to advice you that I really do not agree because Kordamentha should abide by the commitments that LM has done with the investors that had matured funds before their insolvency.

I had already told you that I have a letter from LM way back August 2012 i.e. before their insolvency confirming and promises that LM will refund all matured funds at 100% together with the accrued interest.

So this agreement between LM and investors who had matured funds should be abided and taken into consideration by Kordamentha as Trusties before the distribution to the investors who did not have matured funds.

I understand that this is the most legitimate action that Kordamentha should have done and without further delay.

In my opinion Kordamentha Should abide by the rule of law as per LM promises and litigation.

Thanking you for your co-operation.

Best regards

Charles Borg

Reference is made to my last e-mail sent to you dated 26th August 2017.

Appreciate if Kordamentha acknowledge receipt or advice progress to my request relating in refunding my full amount invested in LM which were matured before LM insolvency.

I still insist that my matured funds have to be refunded according to LM prospectus and not threated the same as those investors with non-matured funds.

Hoping to receive a positive reply to the above.

Best regards

Charles Borg

Dear Kordamentha

As you maybe aware, I have sent you two e-mails dated 15th July and 11th August 2017 and both of them were not replied by yourselves.

Such attitude do not encourage or satisfy investors.

I am just reminding you so that we innocent investors will get some sort of hope to recover our matured investment before LM became insolvent

I still insist that my funds should be refunded to me without further delay.

Matured funds should be refunded because LM did not have any wright to keep them. This may be confirmed by LM prospectus.

Your co-operation and assistance is highly appreciated.

Regards

Charles Borg

> >
> > As I have told you several times, my funds matured before LM was insolvent. LM kept my matured money without my authority. Their prospectus does not say that LM have the right to keep my matured funds and so this is illegal. Kordamentha cannot threat all investors the same of those investors who had matured funds or not because LM prospectus do NOT say so. This decision taken by Kordamentha or court is against LM prospectus. LM kept my money illegal and so Kordamentha should refund me back my matured money. This decision should not be sent by Kordamentha to court as this is against LM prospectus. The reality for such decision should be taken by Kordamentha on what is written in the prospectus and not in court decisions.

A FUNDAMENTAL EVIDENCE IS REQUIRED FOR SUCH DECISION TO BE TAKEN WHETHER KORDAMENTHA OR COURT. I STILL INSIST THAT SUCH DECISIONS HAS TO BE TAKEN ON THE REALLITY OF LM PROSPECTUS AND NOT BY COURT.

I hope to receive my full amount of funds without further delay as I have been chasing my money which have matured on 12th August 2012 i.e. nearly five years now.

Thanking you once again for your co-operation and assistance.

Subject: Re: LM Managed Performance Fund - Update to Investors No. 16

Dear Kordamentha

Further to my last e-mail dated 26th May 2017 for which my email was not replied.

I still insist that my funds should be refunded back IN FULL AND WITHOUT FURTHER DELAY. I repeat my case that my funds were matured in August 2012 before LM insolvency. My funds were kept by LM WITHOUT MY AUTHORITY AND AGAINST THEIR PROSPECTUS WHICH IS ILLEGAL AND IN MY OPINION THIS IS A CASE OF FRAUD.

It seems that Kordamentha are threatening all investors the same that is those funds that matured and also those funds that were not matured. My funds matured BEFORE INSOLVENCY and that is why should be paid back in full without further delay.

My funds were kept by LM without my authority and that why should be paid back without further delay.

LM kept my MATURED FUNDS WHILE LM IS STILL IN BUSINESS - SO THIS IS AGAINST THEIR PROSPECTUS AND ILLEGAL and that is why my money should be paid back in full without further delay.

It seems that Kordamentha are going to leave the decision of my case in the court hands. So if this is the whole truth, I need such decision in writing as I still understand that LM went against their prospectus and so my money have to be refunded back without further delay.

I am copying always Ms Lorraine Falzon of MFSP to confirm with her that the above is whole truth.

I hope to receive a fundamental proof by court or Kordamentha with regards to my case decision as I need my money back without further delay.

Thanking you for your co-operation and assistance.

Best Regards

On Fri, May 26, 2017 at 2:14 AM, lminvestors <lminvestors@kordamentha.com> wrote:

Dear Charles,

I refer to our ongoing correspondence regarding your investment in the LM Managed Performance Fund ('the Fund').

Account transaction details

We confirm that we have received your original application form and have undertaken a review of the transaction history of your investment (as contained in the books and records of the fund).

It is apparent from the transaction history that your investment was not redeemed in full on 20 August 2012, rather, partial redemptions were processed on 20 August 2012 and 20 February 2013. It is understood that this may not have been consistent with your original instructions to the fund.

We can confirm that you are listed as a current unitholder in the fund.

Suspension and delay of redemptions prior to winding up of the fund

Based on our investigations of the fund to date, it is apparent that the fund was not processing all redemptions to unitholders in the ordinary course for a period prior to the closure of the fund in March 2013. We understand that the former Trustee was relying on clauses of the Fund's constitution which allowed a level of discretion regarding withdrawal of units (redemptions). There is also information regarding withdrawal delays and liquidity preservation rules on pages 22 and 28 of the Information Memorandum dated 25 November 2009 (attached).

It is likely that the redemption of your investment in August 2012 was impacted by withdrawal delays being implemented by the fund at the time your investment was due to mature.

Treatment of matured unitholdings

Due to the circumstances of the fund prior to appointment of the Trustee, and particularly due to the delays on unitholder withdrawals being implemented by the Fund, we consider it equitable that all unitholders, including those with investments that had matured and not been paid or those which would otherwise have matured in accordance with investor instructions, be treated equally.

Prior to any distribution made by the Trustee, Court directions will be sought in relation to this matter and we will act in accordance with such Court directions.

Should the Court directions require a different treatment of matured unitholdings, we may need to undertake an assessment of unitholders who were impacted by delayed withdrawals (including your unitholding) and potentially seek further directions in relation to these unitholders.

As per our previous correspondence, the Trustee will provide updates in respect to prospective distributions.

Regards,

KordaMentha

I am very surprised with your service because LM have ignored the agreement and kept my money after maturity without my authority. My deposit was for TWO years ONLY.

I repeat this is ILLEGAL and my money should be PAID IN FULL..

MFSP - Ms Lorianne Falzon can confirm such agreement and I am very frustrated with such situation created by LM.

I really need your reply in writing and not verbally on phone.

I hope that KordaMentha consider my situation more carefully.

Dear Sir / Madam -KordaMentha

As you have stated all distributors were suspended to protect the overall value of the Fund on 19 March 2013. My Funds matured BEFORE such date i.e. AUGUST 2012 and my funds were kept by LM WITHOUT MY AUTHORITY.

In my opinion this is completely illegal or Fraud.

So kindly note that I need all my funds back as soon as possible and without further delay.

Hope that the responsible persons consider my case urgently as I am really frustrated being faced with such incredible situation.

Whilst we note your advice that the monies were not received, please note that KordaMentha was appointed as trustee of the Fund on 12 April 2013 and that the Fund was closed on 19 March 2013.

As a result of the Fund's closure, all distributions were suspended so as to protect the overall value of the Fund.

The Trustee does not currently have the infrastructure to trace these transactions.

Given the Fund is currently being wound up, the monies will not be repaid but will instead be included in this accounts overall unit holding for the purposes of calculating it's pro-rata share of any final distribution (if available).

Kind regards

Dear Sir / Madam

Kindly note that my case is completely different from any other investor. My funds matured in August 2012 and I was promised by LM that my funds will be refunded back with accrued interest. My funds were kept by LM without my authority. My funds were never paid to me till today. This is completely irregular or fraud because I did not renew my funds. My funds were kept by LM after their maturity and LM were still operating their business. LM became insolvent/bankrupt in 2013 and so my funds should be refunded to me in FULL.

I hope that you understand my situation and hope that you consider my frustration to my case in great responsibility.

Thanking you in advance for your assistance and co-operation.

Best Regards

Charles Borg

> Dear Sir / Madam
>
> I am Charles Borg who invested in LM Managed Performance Funds.
>
> As you are aware Ms Lorraine Falzon from MFSP have sent you three e-mails and another was sent by myself. My funds were matured in August 2012 that is before LM became insolvent. My funds were kept by LM without my consent and I was promised by LM with two letters that they will pay me back by money together with the accrued interest later on. My funds were never

refunded since to-date and also the accrued interest. So I was completely betrayed by LM.

My funds were invested for two years only that is from August 2010 to August 2012 and I am still without my Eur 5000 and accured interest. My case is completely different from other investors because my funds matured in 2012 before LM went bankrupt and my funds were kept by LM without my authority.

So, I need to know when such funds will be refunded to me from all the responsible authorized persons at your earliest convenience because I have been waiting for my funds over four year now.

I would like to thank all concerned in advance for the earliest assistance and co-operation to the above. I hope also to consider my frustration in such a situation.

Best Regards

Charles Borg

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Good afternoon,

As per my email of the 24th May 2016 (copy below) and a reminder on the same subject on 30th June 2016. We greatly appreciate that our questions raised in our email of 24th May 2016 will be address as soon as possible either via email or through the next Investor update. We are being bombarded with client enquiries on the future of their capital and what possibility there is, if investors in the LM Managed Performance Fund can recover some of their capital through the Australian Investor compensation scheme, since the trustees of the fund (LMIM) were regulated by the Australian Regulator.

Mr. Charles Borg is being copied in my email, because he is an investor in the LM MPF, who invested through MFSP Financial. Mr. Borg had his investment of €5,000 maturing 19th August 2012 (copy of contract note attached), months before that LMIM announced on 20th March 2013 that John Park and Ginette Muller of FTI consulting were appointed as Voluntary Administrators.

Rightly so Mr. Borg is asking that he should have received the funds as per the contract stipulated between the LM MPF and himself, and therefore he should be treated differently from other investors who had their investment maturing after 20th March 2013. We would appreciate your reply in this regard as well and copy Mr. Borg in your reply.

Kind Regards,

Lorraine Falzon

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Good afternoon,

We are a Financial Services company in Malta, regulated by the Malta Financial Services Authority, whicj introduced a number of Maltese investors in the LM Australian Income Fund and the LM Managed Performance Fund. From the updates we are receiving we are more of the view that LMIM as the trustees of the LM Managed Performance Fund, did not perform their duties in the best interest of investors, to say it mildly. MFSP Financial had investors in the LM MPF that their investment matured in January 2013 and February 2013, but funds were never paid back to investors. LMIM issued letters to such investors which we have copies of, assuring investors that their capital is safe and earning income. We both know that at that time (Jan 2013) LMIM we fully aware of the financial position of the fund (LM MPF) and they were misleading investors in believing that the fund is sound and safe. This action was taken by LMIM is solely to attract new monies into the fund.

LMIM is a regulated financial services company in Australia, its directors were also approved by the said Authority they are bound with strict regulations, first and foremost to act in the best interest of investors and to manage the funds and the underlying assets in line with the prospectus. We understand that both regulations mentioned above were not taken seriously by LMIM and the mess they did with our clients funds is unheard of, as disclosed in investors update 15. With such behaviour, investors in the LM MPF are facing losing a high percentage of their capital invested because both LMIM and LM MPF do not have sufficient funds to pay investors in the LM MPF, which means are both companies are near to insolvent.

In Malta, when a Regulated Financial Services Company is unable or likely to be unable to pay claims against it, in general this is when the licensed firm stops trading or becomes insolvent, the Investor Compensation Scheme kicks in. This scheme is a rescue fund for customers of failed investment firms which are licensed by the Malta Financial Services Authority (MFSA). The Scheme is based on the EU Directive 97/9 on investor-compensation schemes. It is financed by investment firms respectively and consumers will not be asked to contribute to the scheme. In Malta consumers are eligible for a maximum compensation of €20,000 per person.

We are also aware that there is a similar scheme is the UK which is managed by the Financial Services Compensation Scheme. The scheme was set up under the Financial Services and Markets Act 2000 and became active on 1 December 2001. MFSP assisted investors who had a claim against a regulated UK Financial Services Company called Catalyst Investment Group because the said company was in default. Consumers were eligible for a maximum compensation of £50,000 per person.

We believe that the Australian Regulator also has in place a form of Investor Compensation Scheme. We believe that investors who were invested in the LM MPF are eligible to submit a claim against LMIM for their miss conduct.

We are aware that you are in touch with the Australian Regulator and are being updated on a regular basis with your findings. Could you please look into the above and guide us how we can assist Maltese investors to submit a claim against LMIM with the Australian Regulator.

Thanking you in anticipation,

Kind regards,

Lorraine Falzon

Subject: LM Managed Performance Fund - Update to Investors No. 16

Dear Sir / Madam

Please find attached the latest update to Investors.

Should you have any queries following your consideration of the Update, further information can be obtained by:

- accessing the KordaMentha website at http://www.kordamentha.com/creditor-information/australia/109;

- if you are unable to find the answer to your query in any of our Updates or Frequently Asked Questions listing then you may email lminvestors@kordamentha.com; (In order to manage the ongoing management costs of the Fund, due to the high volume of enquires made via email the Trustees will only review and respond to emails on a fortnightly basis).

Please note that the Trustees make every attempt to answer your enquiries on a regular basis however due to the number of queries received and our focus on managing costs of the Fund there may be some delay in responding to your individual requests. We appreciate your patience whilst we manage the large volume of emails and telephone calls received during this time.

Yours sincerely

KordaMentha

Dear kordamentha

Kindly note that till to-date i did note receive any kind of reply to my e-mail dated 10th july 2018.

It seems that there has been discrimitive action with regards to distribution of funds. I cannot understand why there has been two payments related to australian funds and there was no payments in management fund.

Kordamentha as trustees, why they are not responsible for all lm funds?.

Why kordamentha is waiting for court decision with regards to the distribution yo witholders of managment funds while witholders of australian fund 0has already been given two payments and are going to be paid the third one in full to the whole amount invested?.

In my opinion this is not only disrimitive but it is against the rule of law.

I repeat what i have already said. I have a letter from lm way back dated august 2012 on my maturity of funds in which they have assured and garanteed in refunding 100 percent of my funds invested together with the accrued interest. Can you tell me why kordamentha ignored such promise by lm in writing ?.

Can you tell me why kordamentha is waiting court decision in distribution of funds while witholders of australian funds has already received two payments being more than 75 per cent of the amount invested.

This means that witholders of australian funds has already been refunded 75 per cent while all my funds which were already matured and kept by lm witout my authority while lm garanting me 100 per cent of funds together with the accrued interest, now nearly 6 years after, i am still without any amount of refund related to my investment in lm managment fund. I cannot understand what really kordamentha as trusters is doing in such an incredible situation.

I hope that justice and reality will be done and effected without further delay.

Kindly note that i need my funds very urgently and without further delay as i cannot understand why i havr not not been paid as those witholders of australian funds.

Regards

Subject: RE: RE: LM Managed Performance Fund - Update to Investors No. 16
Dear kordamentha
I regret to tell you that your reply do not satisfy my requested information with regards to my funds that had matured sunce year 2012.
Can you please advice why kordamentha had effected two payments related to invrstors who had lm australian income funds, while to me who had fixed lm funds that had a maturiy date and also promised by lm of 100 pet cent refund did not recdive yet any distribution payment. Can you tell me why kordamentha are waiting from the court decision with regards distribution payment while kordamentha had already distributed two payments who had australian income funds.
I regret again to tell you that such measures related to to distribution of payments do not make any sence. Kordamentha effected two payments to lm australian income funds while unitholders like me did not receive any kind of payment of distribution. This is a shamefull attitude.
I hope that kordamentha will refund me 100 per cent of the funds invested without further delay as promised by lm way back in august 2012.
Kindly note again that my funds were matured in august 2012 ; kept by lm without my authority; promised by lm 100 per cent full refund; received from lm a letter garanting me 100 per cent of my full amount invested together with the accrued interest. Can you tell me what kordamentha did as per lm promises and garanteed to us who had matured funds before lm insolvenvcy.
I hope to receive my full amount of funds together with the accrued interest without further delay and as promised by lm.
Kordamentha should have abided by lm promises and not distributed payments to witholders who had autralian income funds.
Promises and garateed matured funds should have had distributed payments like the australian income funds.
I hope that such error will be corrected without further delay because i have been patient nearly 6 years now.
Thanking you as usual and i hope that you understand my ftustration.
Regards
Charles borg

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

Further to my e-mail sent to you on the 25th may 2018 for for which i did not receive any feed back from your end with regards to my matured funds which lm have kept without my authority altough my funds matured in august 2012. Kordamentha unfortunetly as the responsible people are still holding my funds. I have requested a fundamental proof in writing about my case and till todate kordamentha did not given me anything but remained as lm did to me by holding my matured funds.

Kindly note also that investors who had lm australian incone funds had already been refunded with two payments and the last payment is going to be paid accordingly while my my funds which matured in august 2012 are still in the hands of kordamentha. Does this make any sence of justfication to kordanentha or the court considering my case.

I hope that kordamentha shall send me a reply with a fundamental proof as this is against the rule of law. Fixed interest deposits with a maturity date should have been settled by kordamentha before funds which do not hold any kind of maturity.

Lm australian income funds should not have any kind of preferantial over my lm funds which were fixed for two years and matured before lm insolvency. Kordamentha did not hold such funds because there were two distribtion payments and the third is going to be effected; while my matured and promised funds are still being kept by kordamentha.

I hope to receive my funds without further delay or a fundamental proof in writing for holding my funds for which i need for my daily living.

Regards

Dear kordamentha

Reference to your e-mail dated 24th may 2018.

I have requested a fundamental proof in writing by kordamentha to the court concerning my case. This will be a good update for me wherin my funds were matured in august 2012, and lm promised me in writing by their letter refund of 100 per cent of the funds invested together with the accrued interest according also as per their prospectus.

This would be the real update for because till today kordamentha and court directions with regards to my case has not yet been solved after 6 years which seems unbelievable waiting for my funds to sustain my daily living. Theses funds matured the period of investment but kordamentha and lm and the directions of the court are still holding my matured funds.

Hoping a kind proof to my request.

Thanking you for your assistance and co-operation to my situation of frustration.

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

Thank you for your e-mail dated today 23 may 2018.

Kindly note that i have been waiting for my matured funds nearly 6 years now and kordamentha has been authorised as trustees over 5 years now. So in my opinion court directions and kordamentha had enough time to send me a fundamental proof in writing about my case. I have invested my funds for just 2 years because needed such funds and although i was promised by lm that my funds will be refunded in full in august 2012, such funds are still being kept by kordamentha till todate bring nearly 6 years.

My only request has not yet been answered and fullfilled and i really till today do not know when such request will be received and i am still without my money back for my daily living.

Kordamrntha should feel my position and frustration to my case and dont leave any more waiting for my promised refunded funds by lm together with the accrued interest. I hope that court directions will know my position of my case.

Thanking you in advance for your co-operation to the above.

Regards

Charles borg

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

Thank you for your e-mail dated today 15th may, but i regret to inform you that such reply do not satisfy the my requests.

Kindly note that i have requested a fundamental proof in writing concerning my case for which i have sent you several e-mails. I did not see anything in writing from kordamentha to the court as regards to my case after such a lot of e-mails.

Your update has to be related to my case and not general. My funds were matured in august 2012 before lm insolvency. Lm has kept my matured funds without my authority but promised me all my funds back together with the accrued interest by their letter dated august 2012. Kordamentha afterwards in april 2013 as trustees did not refunded me what lm has promised and what lm had in their prospectus. So kordamentha should have effected what lm has promised and what lm has in their prospectus.

I hope to receive a fundamental proof to what i am requesting as regards to my case.

Regards

Charles borg

Dear kordamentha

Thank you for your e-mail dated 13th may 2018.

I understand that directions by the court are to be seen with regards to the methology of distribution. But i need a fundamental proof in writing what exactly kordamentha is informing the court as regards to my case wherin the court have to be notified w ith all my e-mails so that the court will take a good decision to my case.

At this point in time since august 2012 i.e. the of my matured funds, i am still with the same position witout my matured funds and also without the accrued interest which is nearly 7 years after.

I hope to receive a fundamental proof to my request and an encouragement to get my money back which were fixed for just 2 years and now 6 years later i am in a desperate position to sustain my daily living.

Thanking you once again.

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear Charles

As you are aware, we were appointed on 12 April 2013, pursuant to an Order of the Supreme Court of Queensland in Brisbane.

Our prioritise have been to:

- preserve and retain the value of the assets and investments of the Fund
- assess the overall financial position of the Fund and its investments
- enable investors' concerns and desires to be communicated
- consider and investigate the previous operation of the Fund including historical application of investors' funds and transactions involving related parties

Prior to our appointment the monies contributed by investors to the Fund, have been principally invested in loans to third parties and related parries which are supported by second ranking mortgage security chargers against real property.

It is emphasised that the Trustees considers that the assets value of the loans of the Fund to be significantly below that of the total investment contributed by investors.

We are continuing to pursue all possible recoveries actions, to ensure the best outcome for all unitholders and until such time as these actions have been finalised we do not expect to make any distribution to unitholders.

As previously advised the Trustees will seek Court directions with respect to the distribution methodology, details of these proceedings will be made available to investors.

Further details regarding court applications can be accessed on the KordaMentha website at http://www.kordamentha.com/creditor-information/australia/109

Subject: RE: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear Charles

In response to the questions raised in your email of 17 July 2018:

- KordaMentha are Trustee of the Managed Performance Fund ('MPF'). KordaMentha are not Trustee of any other LM Fund, including the Australian Income Fund. The history of this arrangement has been previously advised to unitholders, however is outlined briefly below:

  On 19 March 2013 the directors of LM Investment Management Limited ('LMIM') appointed John Park and Ginette Muller of FTI Consulting as Voluntary Administrators. On 1 August 2013 creditors resolved that LM be wound up and John Park and Ginette Muller of FTI Consulting were appointed as Liquidators. LMIM was and remains to be Responsible Entity for the majority of LM funds. On 12 April 2013 the Queensland Supreme Court made orders appointing KordaMentha Pty Ltd and Calibre Capital Limited as joint trustees of the MPF.

- The financial position of the MPF at 19 March 2013 was significantly different to the financial position of other LM funds and as a result, the return to investors in the MPF is expected to be lower than the return to investors of some other LM funds. It is expected that the return to unitholders of the MPF will be less than 5 cents in the dollar.

- There are a number of matters on which the Trustee considers necessary to seek Court directions, prior to making any distribution to unitholders. One such matter is in relation to the significant number of unitholders (of which you are one), with unit holdings which may have otherwise matured prior to the appointment of Voluntary Administrators to LMIM. The underlying objective of the Trustee is to make a distribution in a way which is equitable to **ALL** unitholders of the MPF and does not unfairly prejudice any unitholder.

Kind Regards

KordaMentha

Dear kordamentha

Kindly note that till to-date i did note receive any kind of reply to my e-mail dated 10th july 2018.

It seems that there has been discrimitive action with regards to distribution of funds. I cannot understand why there has been two payments related to australian funds and there was no payments in management fund.

Kordamentha as trustees, why they are not responsible for all lm funds?.

Why kordamentha is waiting for court decision with regards to the distribution yo witholders of managment funds while witholders of australian fund 0has already been given two payments and are going to be paid the third one in full to the whole amount invested?.

In my opinion this is not only disrimitive but it is against the rule of law.

I repeat what i have already said. I have a letter from lm way back dated august 2012 on my maturity of funds in which they have assured and garanteed in refunding 100 percent of my funds invested together with the accrued interest. Can you tell me why kordamentha ignored such promise by lm in writing ?.

Can you tell me why kordamentha is waiting court decision in distribution of funds while witholders of australian funds has already received two payments being more than 75 per cent of the amount invested.

This means that witholders of australian funds has already been refunded 75 per cent while all my funds which were already matured and kept by lm witout my authority while lm garanting me 100 per cent of funds together with the accrued interest, now nearly 6 years after, i am still without any amount of refund related to my investment in lm managment fund. I cannot understand what really kordamentha as trusters is doing in such an incredible situation.

I hope that justice and reality will be done and effected without further delay.

Kindly note that i need my funds very urgently and without further delay as i cannot understand why i havr not not been paid as those witholders of australian funds.

Regards

Subject: RE: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha
I regret to tell you that your reply do not satisfy my requested information with regards to my funds that had matured sunce year 2012.
Can you please advice why kordamentha had effected two payments related to invrstors who had lm australian income funds, while to me who had fixed lm funds that had a maturiy date and also promised by lm of 100 pet cent refund did not recdive yet any distribution payment. Can you tell me why kordamentha are waiting from the court decision with regards distribution payment while kordamentha had already distributed two payments who had australian income funds.

I regret again to tell you that such measures related to to distribution of payments do not make any sence. Kordamentha effected two payments to lm australian income funds while unitholders like me did not receive any kind of payment of distribution. This is a shamefull attitude.

I hope that kordamentha will refund me 100 per cent of the funds invested without further delay as promised by lm way back in august 2012.

Kindly note again that my funds were matured in august 2012 ; kept by lm without my authority; promised by lm 100 per cent full refund; received from lm a letter garanting me 100 per cent of my full amount invested together with the accrued interest. Can you tell me what kordamentha did as per lm promises and garanteed to us who had matured funds before lm insolvenvcy.

I hope to receive my full amount of funds together with the accrued interest without further delay and as promised by lm.

Kordamentha should have abided by lm promises and not distributed payments to witholders who had autralian income funds.

Promises and garateed matured funds should have had distributed payments like the australian income funds.

I hope that such error will be corrected without further delay because i have been patient nearly 6 years now.

Thanking you as usual and i hope that you understand my ftustration.

Regards

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

Further to my e-mail sent to you on the 25th may 2018 for for which i did not receive any feed back from your end with regards to my matured funds which lm have kept without my authority altough my funds matured in august 2012. Kordamentha unfortunetly as the responsible people are still holding my funds. I have requested a fundamental proof in writing about my case and till todate kordamentha did not given me anything but remained as lm did to me by holding my matured funds.

Kindly note also that investors who had lm australian incone funds had already been refunded with two payments and the last payment is going to be paid accordingly while my my funds which matured in august 2012 are still in the hands of kordamentha. Does this make any sence of justfication to kordanentha or the court considering my case.

I hope that kordamentha shall send me a reply with a fundamental proof as this is against the rule of law. Fixed interest deposits with a maturity date should have been settled by kordamentha before funds which do not hold any kind of maturity.

Lm australian income funds should not have any kind of preferantial over my lm funds which were fixed for two years and matured before lm insolvency. Kordamentha did not hold such funds because there were two distribtion payments and the third is going to be effected; while my matured and promised funds are still being kept by kordamentha.

I hope to receive my funds without further delay or a fundamental proof in writing for holding my funds for which i need for my daily living.

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

Thank you for your e-mail dated today 15th may, but i regret to inform you that such reply do not satisfy the my requests.

Kindly note that i have requested a fundamental proof in writing concerning my case for which i have sent you several e-mails. I did not see anything in writing from kordamentha to the court as regards to my case after such a lot of e-mails.

Your update has to be related to my case and not general. My funds were matured in august 2012 before lm insolvency. Lm has kept my matured funds without my authority but promised me all my funds back

together with the accrued interest by their letter dated august 2012. Kordamentha afterwards in april 2013 as trustees did not refunded me what lm has promised and what lm had in their prospectus. So kordamentha should have effected what lm has promised and what lm has in their prospectus.

I hope to receive a fundamental proof to what i am requesting as regards to my case.

Regards

Charles borg

Dear Charles

Thank you for your email.

Your request has been noted.

As previously advised, the Trustee has not yet commenced any formal proceedings with respect to obtaining Court directions as to the distribution of funds.

Details surrounding these proceedings will be provided to investors by way of an update.

Kind Regards

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

Thank you for your e-mail dated 13th may 2018.

I understand that directions by the court are to be seen with regards to the methology of distribution. But i need a fundamental proof in writing what exactly kordamentha is informing the court as regards to my case wherin the court have to be notified w ith all my e-mails so that the court will take a good decision to my case.

At this point in time since august 2012 i.e. the of my matured funds, i am still with the same position witout my matured funds and also without the accrued interest which is nearly 7 years after.

I hope to receive a fundamental proof to my request and an encouragement to get my money back which were fixed for just 2 years and now 6 years later i am in a desperate position to sustain my daily living.

Thanking you once again.

Regards

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

I regret again to tell you that kordamentha is ignoring the letter that lm have sent me when my funds matured. Lm promised me that they will refund me all my matured funds together with the accrued interest. My funds matured in august 2012 and kordamentha as trustees from april 2013 has kept my matured funds till todate. In my opinion this is against the rule of law and i understand that not all witholders are to be treated the same. Matured funds should have been settled. Unless i receive a fundamental wtitten reason to my case, my position to my case remain the same as from the date of my matured funds.

My funds were invested with lm for two years only because i need and still todate need my money back to sustain my daily living. Lm has promised me my money back as per their prospectus but kordamentha are still keeping my money.

I hope that kordamentha understand my position of frustration.

Thanking you for your co-operation and i hope to receive a something of encouragment as these funds has been held nearly 6 years without my authority.

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear Charles

As you are aware, we were appointed on 12 April 2013, pursuant to an Order of the Supreme Court of Queensland in Brisbane.

Our prioritise have been to:

- preserve and retain the value of the assets and investments of the Fund
- assess the overall financial position of the Fund and its investments
- enable investors' concerns and desires to be communicated
- consider and investigate the previous operation of the Fund including historical application of investors' funds and transactions involving related parties

Prior to our appointment the monies contributed by investors to the Fund, have been principally invested in loans to third parties and related parries which are supported by second ranking mortgage security chargers against real property.

It is emphasised that the Trustees considers that the assets value of the loans of the Fund to be significantly below that of the total investment contributed by investors.

We are continuing to pursue all possible recoveries actions, to ensure the best outcome for all unitholders and until such time as these actions have been finalised we do not expect to make any distribution to unitholders.

As previously advised the Trustees will seek Court directions with respect to the distribution methodology, details of these proceedings will be made available to investors.

Further details regarding court applications can be accessed on the KordaMentha website at http://www.kordamentha.com/creditor-information/australia/109

Kind Regards

Subject: RE: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha
Further to your e-mail of today 19th july 2018.
I regret to tell you that there has been a discriminative action with regards to the distribution of funds. Such agreement was done in year 2013 and my funds matured in year 2012. So the distribution should have been acted what has been agreed before and not after.lm in august 2012 has kept my funds without my authority but assured me with a letter in hand that lm will refund all my funds at 100 per cent together with the accrued interest. This promise of agreement was in august 2012 which is before all dates you are quoting in your e-mail of today. Kordamentha and all other entities which you are quoting today are ignoring what lm have promised and guaranteed to witholders that had matured funds. So i repeat again that there should not have been any distribution of funds brfore matured funds.
There should not have been any kind of difference in financial position related and between mfp funds and australian funds because both of them are under the solvency of lm.
So i still do not agree with your reply because there has been discriminative distribution of funds also that all responsible entities that you have quoted had ignored the letter that witholders have in hand before lm insolvency and also before such quoted entities have agreed in 2013.

I repreat again that lm have promised me all my funds which were matured in august 2012 together with accrued interest and such letter was sent to me in august 2012 which is before all the dates that you have quoted and this means that all entities including kordamentha have ignored such promise and garantte that lm have done with witholders like me who had maturity of funds.

So there should not have been any kind of distribution between all the funds of lm because kordamrntha all other entities should first abided our promises and not ignoring them.

Bu your e-mail of today i am very worried because such agreement of these entities which were done in 2013 did not even bother or taken any consideration of lm agreement and promises and guarantee of 100 per cent together with accrued interest of my matured funds which have been agreed in 2012 between all lm directors to all witholders of matured funds.

So your information included in your e-mail it is clear and real that there has been a lot of mistakes and discrimitive action and i hope that such mistakes and differences would be ammended without further delay.

According to lm promises and guarantee of 100 per cent together with accrued interest i am still waiting for my 100 per cent of my funds together with the accrued interest.
Any agreement done after 2012 should have first abided the agreements of 2012 and not ignored. All agreements done in 2013 should not discriminate the agreement or ignoring the promises and guaranttee that lm have done in 2012.

I repeat that i am very disappointed with your information and i hope that my e-mail is seen by all resposible authorities because i cannot believe or understand such a shamfull attitude with regards to the distribution of funds related to the differencies in lm funds whether mfp funds or australian funds.

I hope to receive a fundamental and better reply without further delay as l am very frustrated with your shamefull information.

Regards
Charles borg

Subject: RE: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear Charles

In response to the questions raised in your email of 17 July 2018:

- KordaMentha are Trustee of the Managed Performance Fund ('MPF'). KordaMentha are not Trustee of any other LM Fund, including the Australian Income Fund. The history of this arrangement has been previously advised to unitholders, however is outlined briefly below:

  On 19 March 2013 the directors of LM Investment Management Limited ('LMIM') appointed John Park and Ginette Muller of FTI Consulting as Voluntary Administrators. On 1 August 2013 creditors resolved that LM be wound up and John Park and Ginette Muller of FTI Consulting were appointed as Liquidators. LMIM was and remains to be Responsible Entity for the majority of LM funds. On 12 April 2013 the Queensland Supreme Court made orders appointing KordaMentha Pty Ltd and Calibre Capital Limited as joint trustees of the MPF.

- The financial position of the MPF at 19 March 2013 was significantly different to the financial position of other LM funds and as a result, the return to investors in the MPF is expected to be lower than the return to investors of some other LM funds. It is expected that the return to unitholders of the MPF will be less than 5 cents in the dollar.

- There are a number of matters on which the Trustee considers necessary to seek Court directions, prior to making any distribution to unitholders. One such matter is in relation to the significant number of unitholders (of which you are one), with unit holdings which may have otherwise matured prior to the appointment of Voluntary Administrators to LMIM. The underlying objective of the Trustee is to make a distribution in a way which is equitable to **ALL** unitholders of the MPF and does not unfairly prejudice any unitholder.

Kind Regards

KordaMentha

Dear kordamentha

Kindly note that till to-date i did note receive any kind of reply to my e-mail dated 10th july 2018.

It seems that there has been discrimitive action with regards to distribution of funds. I cannot understand why there has been two payments related to australian funds and there was no payments in management fund.

Kordamentha as trustees, why they are not responsible for all lm funds?.

Why kordamentha is waiting for court decision with regards to the distribution yo witholders of managment funds while witholders of australian fund 0has already been given two payments and are going to be paid the third one in full to the whole amount invested?.

In my opinion this is not only disrimitive but it is against the rule of law.

I repeat what i have already said. I have a letter from lm way back dated august 2012 on my maturity of funds in which they have assured and garanteed in refunding 100 percent of my funds invested together with the accrued interest. Can you tell me why kordamentha ignored such promise by lm in writing ?.

Can you tell me why kordamentha is waiting court decision in distribution of funds while witholders of australian funds has already received two payments being more than 75 per cent of the amount invested.

This means that witholders of australian funds has already been refunded 75 per cent while all my funds which were already matured and kept by lm witout my authority while lm garanting me 100 per cent of funds together with the accrued interest, now nearly 6 years after, i am still without any amount of refund related to my investment in lm managment fund. I cannot understand what really kordamentha as trusters is doing in such an incredible situation.

I hope that justice and reality will be done and effected without further delay.

Kindly note that i need my funds very urgently and without further delay as i cannot understand why i havr not not been paid as those witholders of australian funds.

Subject: RE: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

I regret to tell you that your reply do not satisfy my requested information with regards to my funds that had matured sunce year 2012.

Can you please advice why kordamentha had effected two payments related to invrstors who had lm australian income funds, while to me who had fixed lm funds that had a maturiy date and also promised by lm of 100 pet cent refund did not recdive yet any distribution payment. Can you tell me why kordamentha are waiting from the court decision with regards distribution payment while kordamentha had already distributed two payments who had australian income funds.

I regret again to tell you that such measures related to to distribution of payments do not make any sence. Kordamentha effected two payments to lm australian income funds while unitholders like me did not receive any kind of payment of distribution. This is a shamefull attitude.

I hope that kordamentha will refund me 100 per cent of the funds invested without further delay as promised by lm way back in august 2012.

Kindly note again that my funds were matured in august 2012 ; kept by lm without my authority; promised by lm 100 per cent full refund; received from lm a letter garanting me 100 per cent of my full amount invested together with the accrued interest. Can you tell me what kordamentha did as per lm promises and garanteed to us who had matured funds before lm insolvenvcy.

I hope to receive my full amount of funds together with the accrued interest without further delay and as promised by lm.

Kordamentha should have abided by lm promises and not distributed payments to witholders who had autralian income funds.

Promises and garateed matured funds should have had distributed payments like the australian income funds.

I hope that such error will be corrected without further delay because i have been patient nearly 6 years now.

Thanking you as usual and i hope that you understand my ftustration.

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

Further to my e-mail sent to you on the 25th may 2018 for for which i did not receive any feed back from your end with regards to my matured funds which lm have kept without my authority altough my funds matured in august 2012. Kordamentha unfortunetly as the responsible people are still holding my funds. I have requested a fundamental proof in writing about my case and till todate kordamentha did not given me anything but remained as lm did to me by holding my matured funds.

Kindly note also that investors who had lm australian incone funds had already been refunded with two payments and the last payment is going to be paid accordingly while my my funds which matured in august 2012 are still in the hands of kordamentha. Does this make any sence of justfication to kordanentha or the court considering my case.

I hope that kordamentha shall send me a reply with a fundamental proof as this is against the rule of law. Fixed interest deposits with a maturity date should have been settled by kordamentha before funds which do not hold any kind of maturity.

Lm australian income funds should not have any kind of preferantial over my lm funds which were fixed for two years and matured before lm insolvency. Kordamentha did not hold such funds because there were two distribtion payments and the third is going to be effected; while my matured and promised funds are still being kept by kordamentha.

I hope to receive my funds without further delay or a fundamental proof in writing for holding my funds for which i need for my daily living.

Dear kordamentha

Reference to your e-mail dated 24th may 2018.

I have requested a fundamental proof in writing by kordamentha to the court concerning my case. This will be a good update for me wherin my funds were matured in august 2012, and lm promised me in writing by their letter refund of 100 per cent of the funds invested together with the accrued interest according also as per their prospectus.

This would be the real update for because till today kordamentha and court directions with regards to my case has not yet been solved after 6 years which seems unbelievable waiting for my funds to sustain my daily living. Theses funds matured the period of investment but kordamentha and lm and the directions of the court are still holding my matured funds.

Hoping a kind proof to my request.

Thanking you for your assistance and co-operation to my situation of frustration.

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

Thank you for your e-mail dated today 23 may 2018.

Kindly note that i have been waiting for my matured funds nearly 6 years now and kordamentha has been authorised as trustees over 5 years now. So in my opinion court directions and kordamentha had enough time to send me a fundamental proof in writing about my case. I have invested my funds for just 2 years because needed such funds and although i was promised by lm that my funds will be refunded in full in august 2012, such funds are still being kept by kordamentha till todate bring nearly 6 years.

My only request has not yet been answered and fullfilled and i really till today do not know when such request will be received and i am still without my money back for my daily living.

Kordamrntha should feel my position and frustration to my case and dont leave any more waiting for my promised refunded funds by lm together with the accrued interest. I hope that court directions will know my position of my case.

Thanking you in advance for your co-operation to the above.

Regards

Charles borg

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

Thank you for your e-mail dated today 15th may, but i regret to inform you that such reply do not satisfy the my requests.

Kindly note that i have requested a fundamental proof in writing concerning my case for which i have sent you several e-mails. I did not see anything in writing from kordamentha to the court as regards to my case after such a lot of e-mails.

Your update has to be related to my case and not general. My funds were matured in august 2012 before lm insolvency. Lm has kept my matured funds without my authority but promised me all my funds back together with the accrued interest by their letter dated august 2012. Kordamentha afterwards in april 2013 as trustees did not refunded me what lm has promised and what lm had in their prospectus. So kordamentha should have effected what lm has promised and what lm has in their prospectus.

I hope to receive a fundamental proof to what i am requesting as regards to my case.

Regards

Charles borg

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

Thank you for your e-mail dated 13th may 2018.

I understand that directions by the court are to be seen with regards to the methology of distribution. But i need a fundamental proof in writing what exactly kordamentha is informing the court as regards to my case wherin the court have to be notified w ith all my e-mails so that the court will take a good decision to my case.

At this point in time since august 2012 i.e. the of my matured funds, i am still with the same position witout my matured funds and also without the accrued interest which is nearly 7 years after.

I hope to receive a fundamental proof to my request and an encouragement to get my money back which were fixed for just 2 years and now 6 years later i am in a desperate position to sustain my daily living.

Thanking you once again.

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

I regret again to tell you that kordamentha is ignoring the letter that lm have sent me when my funds matured. Lm promised me that they will refund me all my matured funds together with the accrued interest. My funds matured

in august 2012 and kordamentha as trustees from april 2013 has kept my matured funds till todate. In my opinion this is against the rule of law and i understand that not all witholders are to be treated the same. Matured funds should have been settled. Unless i receive a fundamental wtitten reason to my case, my position to my case remain the same as from the date of my matured funds.

My funds were invested with lm for two years only because i need and still todate need my money back to sustain my daily living. Lm has promised me my money back as per their prospectus but kordamentha are still keeping my money.

I hope that kordamentha understand my position of frustration.

Thanking you for your co-operation and i hope to receive a something of encouragment as these funds has been held nearly 6 years without my authority.

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear Charles

As you are aware, we were appointed on 12 April 2013, pursuant to an Order of the Supreme Court of Queensland in Brisbane.

Our prioritise have been to:

- preserve and retain the value of the assets and investments of the Fund
- assess the overall financial position of the Fund and its investments
- enable investors' concerns and desires to be communicated
- consider and investigate the previous operation of the Fund including historical application of investors' funds and transactions involving related parties

Prior to our appointment the monies contributed by investors to the Fund, have been principally invested in loans to third parties and related parries which are supported by second ranking mortgage security chargers against real property.

It is emphasised that the Trustees considers that the assets value of the loans of the Fund to be significantly below that of the total investment contributed by investors.

We are continuing to pursue all possible recoveries actions, to ensure the best outcome for all unitholders and until such time as these actions have been finalised we do not expect to make any distribution to unitholders.

As previously advised the Trustees will seek Court directions with respect to the distribution methodology, details of these proceedings will be made available to investors.

Further details regarding court applications can be accessed on the KordaMentha website at http://www.kordamentha.com/creditor-information/australia/109

Dear kordamentha

Please be advised that i did not received any kind of reply to my e-mail sent to you dated 19th july 2018.

Appreciate if all resposible people knows about my e-mails that i have been sending because i am very worried how the funds and assets left by lm have been managed. Kindly note that i cannot understand why there has been distribution of funds to witholders of australian fund while to no funds were refunded to performance funds.

I repeat what i have already said. My funds were matured in august 2012 which is before kordamentha and all other resposible entities were created or trusted. So matured funds should have been settled before any kind of distribution. I understand that such action of distribution of funds was against the rule of law.

I hope to receive my funds without further delay because i still insists that kordamentha as trustees are keeping my funds against the rule of law especially when considering the two payments which were distributied to the australian funds.

Please foward all my e-mails to all resposible entities even to the courts as i need urgently a fundamental reply for such a shamefull attitude towards such unbelievable situation.

Regards
Charles borg

Subject: RE: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear Charles
In response to the questions raised in your email of 17 July 2018:

- KordaMentha are Trustee of the Managed Performance Fund ('MPF'). KordaMentha are not Trustee of any other LM Fund, including the Australian Income Fund. The history of this arrangement has been previously advised to unitholders, however is outlined briefly below:
  On 19 March 2013 the directors of LM Investment Management Limited ('LMIM') appointed John Park and Ginette Muller of FTI Consulting as Voluntary Administrators. On 1 August 2013 creditors resolved that LM be wound up and John Park and Ginette Muller of FTI Consulting were appointed as Liquidators. LMIM was and remains to be Responsible Entity for the majority of LM funds. On 12 April 2013 the Queensland Supreme Court made orders appointing KordaMentha Pty Ltd and Calibre Capital Limited as joint trustees of the MPF.

- The financial position of the MPF at 19 March 2013 was significantly different to the financial position of other LM funds and as a result, the return to investors in the MPF is expected to be lower than the return to investors of some other LM funds. It is expected that the return to unitholders of the MPF will be less than 5 cents in the dollar.
- There are a number of matters on which the Trustee considers necessary to seek Court directions, prior to making any distribution to unitholders. One such matter is in relation to the significant number of unitholders (of which you are one), with unit holdings which may have otherwise matured prior to the appointment of Voluntary Administrators to LMIM. The underlying objective of the Trustee is to make a distribution in a way which is equitable to **ALL** unitholders of the MPF and does not unfairly prejudice any unitholder.

Kind Regards

Subject: RE: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha
Kindly note that till to-date i did note receive any kind of reply to my e-mail dated 10th july 2018.
It seems that there has been discrimitive action with regards to distribution of funds. I cannot understand why there has been two payments related to australian funds and there was no payments in management fund.
Kordamentha as trustees, why they are not responsible for all lm funds?.
Why kordamentha is waiting for court decision with regards to the distribution yo witholders of managment funds while witholders of australian fund 0has already been given two payments and are going to be paid the third one in full to the whole amount invested?.
In my opinion this is not only disrimitive but it is against the rule of law.
I repeat what i have already said. I have a letter from lm way back dated august 2012 on my maturity of funds in which they have assured and garanteed in refunding 100 percent of my funds invested together with the accrued interest. Can you tell me why kordamentha ignored such promise by lm in writing ?.
Can you tell me why kordamentha is waiting court decision in distribution of funds while witholders of australian funds has already received two payments being more than 75 per cent of the amount invested. This means that witholders of australian funds has already been refunded 75 per cent while all my funds which were already matured and kept by lm witout my authority while lm garanting me 100 per cent of funds together with the accrued interest, now nearly 6 years after, i am still without any amount of refund related to my investment in lm managment fund. I cannot understand what really kordamentha as trusters is doing in such an incredible situation.
I hope that justice and reality will be done and effected without further delay.
Kindly note that i need my funds very urgently and without further delay as i cannot understand why i havr not not been paid as those witholders of australian funds.
Regards

Subject: RE: RE: LM Managed Performance Fund - Update to Investors No. 16
Dear kordamentha
I regret to tell you that your reply do not satisfy my requested information with regards to my funds that had matured sunce year 2012.
Can you please advice why kordamentha had effected two payments related to invrstors who had lm australian income funds, while to me who had fixed lm funds that had a maturiy date and also promised by lm of 100 pet cent refund did not recdive yet any distribution payment. Can you tell me why kordamentha are waiting from the court decision with regards distribution payment while kordamentha had already distributed two payments who had australian income funds.
I regret again to tell you that such measures related to to distribution of payments do not make any sence. Kordamentha effected two payments to lm australian income funds while unitholders like me did not receive any kind of payment of distribution. This is a shamefull attitude.
I hope that kordamentha will refund me 100 per cent of the funds invested without further delay as promised by lm way back in august 2012.
Kindly note again that my funds were matured in august 2012 ; kept by lm without my authority; promised by lm 100 per cent full refund; received from lm a letter garanting me 100 per cent of my full amount invested together with the accrued interest. Can you tell me what kordamentha did as per lm promises and garanteed to us who had matured funds before lm insolvenvcy.
I hope to receive my full amount of funds together with the accrued interest without further delay and as promised by lm.
Kordamentha should have abided by lm promises and not distributed payments to witholders who had autralian income funds.
Promises and garateed matured funds should have had distributed payments like the australian income funds.
I hope that such error will be corrected without further delay because i have been patient nearly 6 years now.

Thanking you as usual and i hope that you understand my ftustration.
Regards
Charles borg

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

Further to my e-mail sent to you on the 25th may 2018 for for which i did not receive any feed back from your end with regards to my matured funds which lm have kept without my authority altough my funds matured in august 2012. Kordamentha unfortunetly as the responsible people are still holding my funds. I have requested a fundamental proof in writing about my case and till todate kordamentha did not given me anything but remained as lm did to me by holding my matured funds.

Kindly note also that investors who had lm australian incone funds had already been refunded with two payments and the last payment is going to be paid accordingly while my my funds which matured in august 2012 are still in the hands of kordamentha. Does this make any sence of justfication to kordanentha or the court considering my case.

I hope that kordamentha shall send me a reply with a fundamental proof as this is against the rule of law. Fixed interest deposits with a maturity date should have been settled by kordamentha before funds which do not hold any kind of maturity.

Lm australian income funds should not have any kind of preferantial over my lm funds which were fixed for two years and matured before lm insolvency. Kordamentha did not hold such funds because there were two distribtion payments and the third is going to be effected; while my matured and promised funds are still being kept by kordamentha.

I hope to receive my funds without further delay or a fundamental proof in writing for holding my funds for which i need for my daily living.

Regards

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

Reference to your e-mail dated 24th may 2018.

I have requested a fundamental proof in writing by kordamentha to the court concerning my case. This will be a good update for me wherin my funds were matured in august 2012, and lm promised me in writing by their letter refund of 100 per cent of the funds invested together with the accrued interest according also as per their prospectus.

This would be the real update for because till today kordamentha and court directions with regards to my case has not yet been solved after 6 years which seems unbelievable waiting for my funds to sustain my daily living. Theses funds matured the period of investment but kordamentha and lm and the directions of the court are still holding my matured funds.

Hoping a kind proof to my request.

Thanking you for your assistance and co-operation to my situation of frustration.

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

Thank you for your e-mail dated today 15th may, but i regret to inform you that such reply do not satisfy the my requests.

Kindly note that i have requested a fundamental proof in writing concerning my case for which i have sent you several e-mails. I did not see anything in writing from kordamentha to the court as regards to my case after such a lot of e-mails.

Your update has to be related to my case and not general. My funds were matured in august 2012 before lm insolvency. Lm has kept my matured funds without my authority but promised me all my funds back together with the accrued interest by their letter dated august 2012. Kordamentha afterwards in april 2013 as trustees did not refunded me what lm has promised and what lm had in their prospectus. So kordamentha should have effected what lm has promised and what lm has in their prospectus.

I hope to receive a fundamental proof to what i am requesting as regards to my case.

Regards

Charles borg

Dear kordamentha
As you are aware, i have sent you two e- mails dated 19th and 29th july 2018 for which i did not receive any kind of reply.
I am really frustrated and very worried about the discriminiative distribution of funds.
Kindly note that i have two letters from lm dated august 2012 and february 2013 comfirming that my capital is at 100 per cent and earning current return.
Unfortuntely after lm insolvency kordamentha,fti consultants and other resposable authorized entities has ignored these letters sent to all witholders who had matured funds.
I cannot understand why such responsible people did not abide the instructions that were left by lm and ignored the above mentioned letters and distributed two payments related to australian funds.

This is against the rule of law because matured funds should have been paid first.

I hope to receive my 100 per cent of investment without further delay because lm has promised me 100 per cent of my capital together with the acctued interest in respect of my matured funds in august 2012.

I hope that my request is being heard in court because i need urgently my money which matured in august 2012.

Regards

Subject: RE: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

I regret to tell you that your reply do not satisfy my requested information with regards to my funds that had matured sunce year 2012.

Can you please advice why kordamentha had effected two payments related to invrstors who had lm australian income funds, while to me who had fixed lm funds that had a maturiy date and also promised by lm of 100 pet cent refund did not recdive yet any distribution payment. Can you tell me why kordamentha are waiting from the court decision with regards distribution payment while kordamentha had already distributed two payments who had australian income funds.

I regret again to tell you that such measures related to to distribution of payments do not make any sence. Kordamentha effected two payments to lm australian income funds while unitholders like me did not receive any kind of payment of distribution. This is a shamefull attitude.

I hope that kordamentha will refund me 100 per cent of the funds invested without further delay as promised by lm way back in august 2012.

Kindly note again that my funds were matured in august 2012 ; kept by lm without my authority; promised by lm 100 per cent full refund; received from lm a letter garanting me 100 per cent of my full amount invested together with the accrued interest. Can you tell me what kordamentha did as per lm promises and garanteed to us who had matured funds before lm insolvenvcy.

I hope to receive my full amount of funds together with the accrued interest without further delay and as promised by lm.

Kordamentha should have abided by lm promises and not distributed payments to witholders who had autralian income funds.

Promises and garateed matured funds should have had distributed payments like the australian income funds.

I hope that such error will be corrected without further delay because i have been patient nearly 6 years now.

Thanking you as usual and i hope that you understand my ftustration.

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

Further to my e-mail sent to you on the 25th may 2018 for for which i did not receive any feed back from your end with regards to my matured funds which lm have kept without my authority altough my funds matured in august 2012. Kordamentha unfortunetly as the responsible people are still holding my funds. I have requested a fundamental proof in writing about my case and till todate kordamentha did not given me anything but remained as lm did to me by holding my matured funds.

Kindly note also that investors who had lm australian incone funds had already been refunded with two payments and the last payment is going to be paid accordingly while my my funds which matured in august 2012 are still in the hands of kordamentha. Does this make any sence of justfication to kordanentha or the court considering my case.

I hope that kordamentha shall send me a reply with a fundamental proof as this is against the rule of law. Fixed interest deposits with a maturity date should have been settled by kordamentha before funds which do not hold any kind of maturity.

Lm australian income funds should not have any kind of preferantial over my lm funds which were fixed for two years and matured before lm insolvency. Kordamentha did not hold such funds because there were two distribtion payments and the third is going to be effected; while my matured and promised funds are still being kept by kordamentha.

I hope to receive my funds without further delay or a fundamental proof in writing for holding my funds for which i need for my daily living.

Regards

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

Reference to your e-mail dated 24th may 2018.

I have requested a fundamental proof in writing by kordamentha to the court concerning my case. This will be a good update for me wherin my funds were matured in august 2012, and lm promised me in writing by their letter refund of 100 per cent of the funds invested together with the accrued interest according also as per their prospectus.

This would be the real update for because till today kordamentha and court directions with regards to my case has not yet been solved after 6 years which seems unbelievable waiting for my funds to sustain my daily living. Theses funds matured the period of investment but kordamentha and lm and the directions of the court are still holding my matured funds.

Hoping a kind proof to my request.

Thanking you for your assistance and co-operation to my situation of frustration.

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

Thank you for your e-mail dated today 23 may 2018.

Kindly note that i have been waiting for my matured funds nearly 6 years now and kordamentha has been authorised as trustees over 5 years now. So in my opinion court directions and kordamentha had enough time to send me a fundamental proof in writing about my case. I have invested my funds for just 2 years because needed such funds and although i was promised by lm that my funds will be refunded in full in august 2012, such funds are still being kept by kordamentha till todate bring nearly 6 years.

My only request has not yet been answered and fullfilled and i really till today do not know when such request will be received and i am still without my money back for my daily living.

Kordamrntha should feel my position and frustration to my case and dont leave any more waiting for my promised refunded funds by lm together with the accrued interest. I hope that court directions will know my position of my case.

Thanking you in advance for your co-operation to the above.

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

Furthur again to my various e-mails and to your last e-mail dated 8th may refering to the e-mail 19th april 2018.

I regret to tell that i am still without any kind if written proof since my matured funds way back since august 2012. I repeat to tell you that lm has promised me in writing that they will refund me my full amount invested together with acctued interest but unfortunetly kordamentha is ignoring such written promises by keeping my matured funds which should have been refunded according to lm promises and prospectus which in my opinion is against the rule of law.

I hope that kordamentha will action lm promises without further delay.

Regards

Charles borg

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear Charles

As per our email dated 19 April 2018.

The Trustee has not yet commenced any formal proceedings with respect to obtaining Court directions as to the distribution of funds.

We do not expect to commence this process until such time as the Trustee has finalised all possible recovery and litigation.

Details surrounding these proceedings will be provided to investors by way of an update.

Kind Regards

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

Kindly note that i am aware of my funds which were matured in august 2012 and lm according to their letter have promised me that all my funds will be refunded in full together with the accrued interest but kordamentha in april

2013 has kept my money till todate instead of actioning what lm has promised me with their letter and also as per their prospectus.

Kindly note also that i have just requested a proof from court decision related to my case. I still understands that matured funds should not be treated the same of unmatured funds.

I hope that kordamentha understand my frustration because neither ln nor kordamentha should have kept my matured funds. Such attitude in my opinion is against the rule of law wherin my funds were firstly kept by lm without my authority and afterwards kordamentha is still keeping my matured funds.

I would like to thank you for your co-operation but this time i hope to receive a positive reply with a proof of a fundamental reason of encouragement related to the refund of my matured funds since august 2012 to sustain my daily living.

Regards

Charles borg

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear Charles

As you are aware, we were appointed on 12 April 2013, pursuant to an Order of the Supreme Court of Queensland in Brisbane.

Our prioritise have been to:

- preserve and retain the value of the assets and investments of the Fund
- assess the overall financial position of the Fund and its investments
- enable investors' concerns and desires to be communicated
- consider and investigate the previous operation of the Fund including historical application of investors' funds and transactions involving related parties

Prior to our appointment the monies contributed by investors to the Fund, have been principally invested in loans to third parties and related parries which are supported by second ranking mortgage security chargers against real property.

It is emphasised that the Trustees considers that the assets value of the loans of the Fund to be significantly below that of the total investment contributed by investors.

We are continuing to pursue all possible recoveries actions, to ensure the best outcome for all unitholders and until such time as these actions have been finalised we do not expect to make any distribution to unitholders.

As previously advised the Trustees will seek Court directions with respect to the distribution methodology, details of these proceedings will be made available to investors.

Further details regarding court applications can be accessed on the KordaMentha website at http://www.kordamentha.com/creditor-information/australia/109

Kind Regards

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

Reference to your e-mail dated 26th april 2018.

I regret to tell you that kordamentha till todate have never sent me any proof of protection or any fundamental reason with the sence of law in keeping my matured funds in their hands. Lm has promised my full amount of funds that will be refunded together with the accrued interest but kordamentha with their respondabilities and as trustees is keeping my matured funds.

Kordamentha should send me a proof of authority from the court decision by keeping my matured funds. This is against the rule of law.

Kordamentha should act as per lm promises and as per lm prospectus. Matured funds should have been settled and not kept by kordamentha. Kordamentha is treating all witholders the same.

I hope that kordamentha will send me my matured funds without futher delay ot at least send me a proof of authority in keeping my matured funds since august 2012.

Regards

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

Kindly note that i have been expecting my funds on maturity since august 2012. Such reply from kordamentha or trustees fo not seen a fair view especially in my case. Lm on my matured funds has promised me all my funds back together with the accrued interest. Kordamentha or trustees are ignoring such promises and are keeping my funds in hand against the rule of all. Such delay from kordamentha and trustees are frustating all witholders of matured funds before lm insolvency.

How long i am going to wait for my justification.i have been waiting 6 years now and j need my funds back as soon as possible for my daily living.

Kirdamentha or trustees since taking over has never informed me when i will have my money back or never given me any proof what is going on with regards of my matured funds.

I hope that kordamentha or trustees will do something fundamental to my case by sending me a written proof what they are doing to bring me back my matured funds since year 2012.

I hope that this time kordamentha understand my request and send me a better reply to encourage me for my frustration and daily living.

R

Dear kordamrntha

Further to your e-mail dated today 6th april 2017.

I agrèe that court directions is be sought with regards to my case.

But did kordamentha have informed the court with my case ?

If kordamentha have informed the court with my case, i need a proof of the outcome.

I need a fundamental reply because kordamentha should not keep my matured funds. Kordamentha should have actioned the written letter issued by lm to all witholders that had matured funds.

Kordamemtha is keeping my money against the rule of law, against lm prospectus, against also lm letter sent to all witholders that had matured funds before lm insolvency.

Now it is not the time to tell me that such is being noted. I need a fundamental proof written from the court conserning my case.

Thanking you for your co-operation and assistance and i hope to receieve my funds without further delay to be utilized for my daily living.

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

Reference to your e-mail of today 27th march 2018.

Kindly note again that my case is different from all unitholders because my funds were matured in august 2012. So kordamentha should not treat my case the same. Matured funds before insolvency have to be refunded as promised by lm in writing. Kordamentha should do as lm promised and not treat me the same with all other witholders who had not matured funds.

So i again insist that kordamentha is acting against the rule of law for which u am expecting as promised by lm in writing by refunding me 100% of my funds invested together with the accrued interest since 2012 as i need to sustain my lifetime as soon as possible.

I hope to receive a positive reply with a fundamental reason and an encouragement to my frustration because i have invested for just 2 years only and on maturity funds should have been refunded and not kept by lm and kept again by kordamentha.

Thanking you for your assistance but i am still worried to my sustainabilty of my lifetime with such attidude by kordamentha by keeping my funds the same as lm. I still insist that i should not be treated the same as all unitholders.

Subject: Re: LM Managed Performance Fund - Update to Investors No. 16

Dear Kordamentha

Further to my several e-mails sent to you related to my matured funds with LM.

I am again reminding you, that according to the rule of law, Kordamentha should have refunded me my full amount invested in LM because my funds were matured before LM insolvency. So in my opinion I understand that Kordamentha is not abiding according LM promises, and so this is against the rule of law by keeping my matured funds since August 2012.

I hope that Kordamentha will refund me my full amount invested without further delay as these funds should have been refunded according to LM prospectus. Kordamentha is not abiding LM prospectus.

I have been loosing a lot of interest since my matured funds i.e. August 2012.

LM promised me in writing my 100% of my funds together with the accrued interest and Kordamentha should abide by LM prospectus and promises. Kordamentha by keeping my money is acting against LM promises or prospectus.

I hope that Kordamentha will understand my frustration considering my case because I still insist that Kordamentha should refund me my full amount invested that have matured before LM insolvency. LM prospectus and promises have to be abided by Kordamentha without further delay.

Till to-date Kordamentha never quoted any kind offundamental reason or any kind of law, why my matured funds were not refunded.

So I hope that this time I shall receive a fundamental reply to this e-mail from the responsible people as I have been and still very worried about my matured funds from August 2012 till-todate.

Regards

Charles Borg

Subject: Re: LM Managed Performance Fund - Update to Investors No. 16

Dear Kordamentha

Reference to your e-mail dated 19th December 2017.

I understand that according to the rule of law and LM prospectus and written promises, Kordamentha as Trustees should have settled the funds that have matured before LM solvency. The distribution will be made afterwards.

Than the distribution should be done to those investors that hold unmatured funds before LM solvency.

So Kordamentha as Trustees has kept my matured money as from August 2012 together with the accrued interest . I have been promised by LM , 100% of the funds invested which matured in August 2012 and also the accrued interest.

The letter sent to me by LM before their insolvency should not be ignored by Kordamentha.

Kordamentha should not treat investors who had matured funds the same as of those investors who had not matured funds.

I hope that Kordamentha understand my point which is according to the rule of law.

LM kept my funds not according to their prospectus, so I hope that Kordamentha should not do the same because it is against LM prospectus by keeping my money in their hands.

I hope to receive 100% of my matured funds including also the accrued interest since August 2012 without further delay.

Thanking you for your co-operation.

Subject: Re: LM Managed Performance Fund - Update to Investors No. 16

Dear Kordamentha

Reference to your e-mail dated 17th December 2017.

I regret to advice you that I really do not agree because Kordamentha should abide by the commitments that LM has done with the investors that had matured funds before their insolvency.

I had already told you that I have a letter from LM way back August 2012 i.e. before their insolvency confirming and promises that LM will refund all matured funds at 100% together with the accrued interest.

So this agreement between LM and investors who had matured funds should be abided and taken into consideration by Kordamentha as Trusties before the distribution to the investors who did not have matured funds.

I understand that this is the most legitimate action that Kordamentha should have done and without further delay.

In my opinion Kordamentha Should abide by the rule of law as per LM promises and litigation.

Thanking you for your co-operation.

Best regards

Charles Borg

Subject: Re: LM Managed Performance Fund - Update to Investors No. 16

Dear Kordamentha

Reference to your e-mail dated 13th December 2017.

I still insist in my opinion that Kordamentha by keeping my matured funds before LM insolvency is acting against the rule of law, against LM prospectus and LM promises according to their letter sent to me upon maturing of my funds. LM has promised me 100% of my matured funds together with the accrued interest. Kordamentha before the distribution should first abide by LM promises / prospectus. I still insist that my funds should have been paid up all to us investors who had matured funds. Kordamentha as Trustees is acting contrary the rule of law.

Kordamentha have kept my money since August 2012 and so my matured funds should be refunded back to me without further delay.

I hope to receive a positive reply to my request.

Thanking you for your co-operation and assistance.

Dear Kordamentha

Thank you for your e-mail dated 3rd December 2017

Kindly note that my funds matured on 12th August 2012. My funds were kept by LM without my authority but LM has promised me by their letter that LM will refund me the whole amount together with the accrued interest before they went insolvent. So Kordamentha as Trustees should have refunded me with the whole amount together with the accrued interest and not keeping my funds in their hands. So Kordamentha as Trusties should have abided as per LM prospectus and promises as le legality.

I hope to receive my money back without further delay.

Regards

Dear Kordamenth,

Further to my e-mail dated 24th November 2017 for which I did not receive any kind of reply.

I still insist that my matured funds should have been refunded way back since Kordamentha have been as Trustees.

Kordamentha as Trustee are still keeping my money although LM has promised me that my funds will be refunded together with the accrued interest,

So in my opinion Kordamentha as Trustees are repeating same mistake instead correcting by issuing such payments of matured funds that LM has actually has promised.

Kordamentha should abide by LM prospectus and promises as in my opinion this is the wright of way in legality.

Kindly note that I have been waiting for my matured funds since 12th August 2012 and I hope that Kordamentha effect such refund of matured funds without further delay according to legality.

Thanking you for your co-operation and assistance.

Dear Kordamentha

Reference to your e-mail dated 10th November 2017.

Kindly note that LM have kept my matured funds without my authority and promised me to send me my full amount invested together with the accrued interest since August 2012.

I assume that such responsibility was handed over to Kordamentha as Trustees just one year later being LM insolvency..

So now I understand that Kordamentha since year 2013 till to-date, I am still without my funds and so my position with LM and Kordamentha is still the same,

Kordamentha should have actioned what LM has promised to the investors who had matured funds before their insolvency because legally those matured funds should have been refunded to us since Kordamentha have taken such responsibility as Trustees.

I need to know when I shall receive my funds together with the accrued interest as I have been waiting more than five years now.

Thanking you for your co-operation and assistance and I hope that Kordamentha will not only understand my frustration but gives me my sort of light.

Dear Charles

Whilst we note your investment matured prior to closure of the fund, the Trustee reiterates that there will be no distribution made outside of the ordinary course of the winding up.

The Trustee acts in the interest of the investors and preserving the remaining value of the Fund. Until such time as substantially all possible recovery actions and litigation is complete, a distribution will not be made.

Kind Regards

I am again requesting my full amount invested which have matured since August 2012 wherein LM have kept my MATURED FUNDS without my authority by sending me a letter promising me that they are liable to me in refunding all my funds including the accrued interest.

So Kordamentha should not keep my funds and have to abide by LM promises and prospectus.

Kindly note that I have been waiting now over five years and I need my money as soon as possible due to personal commitments and so I cannot wait anymore longer.

So It would be highly appreciated if you may action accordingly without any further delay.

> >
> > As I have told you several times, my funds matured before LM was insolvent. LM kept my matured money without my authority. Their prospectus does not say that LM have the right to keep my matured funds and so this is illegal. Kordamentha cannot threat all investors the same of those investors who had matured funds or not because LM prospectus do NOT say so. This decision taken by Kordamentha or court is against LM prospectus. LM kept my money illegal and so Kordamentha should refund me back my matured money. This decision should not be sent by Kordamentha to court as this is against LM prospectus. The reality for such decision should be taken by Kordamentha on what is written in the prospectus and not in court decisions.

A FUNDAMENTAL EVIDENCE IS REQUIRED FOR SUCH DECISION TO BE TAKEN WHETHER KORDAMENTHA OR COURT. I STILL INSIST THAT SUCH DECISIONS HAS TO BE TAKEN ON THE REALLITY OF LM PROSPECTUS AND NOT BY COURT.

I hope to receive my full amount of funds without further delay as I have been chasing my money which have matured on 12th August 2012 i.e. nearly five years now.

Thanking you once again for your co-operation and assistance.

Subject: Re: LM Managed Performance Fund - Update to Investors No. 16

Dear Kordamentha

Further to my last e-mail dated 26th May 2017 for which my email was not replied.

I still insist that my funds should be refunded back IN FULL AND WITHOUT FURTHER DELAY. I repeat my case that my funds were matured in August 2012 before LM insolvency. My funds were kept by LM WITHOUT MY AUTHORITY AND AGAINST THEIR PROSPECTUS WHICH IS ILLEGAL AND IN MY OPINION THIS IS A CASE OF FRAUD.

It seems that Kordamentha are threatening all investors the same that is those funds that matured and also those funds that were not matured. My funds matured BEFORE INSOLVENCY and that is why should be paid back in full without further delay.

My funds were kept by LM without my authority and that why should be paid back without further delay.

LM kept my MATURED FUNDS WHILE LM IS STILL IN BUSINESS - SO THIS IS AGAINST THEIR PROSPECTUS AND ILLEGAL and that is why my money should be paid back in full without further delay.

It seems that Kordamentha are going to leave the decision of my case in the court hands. So if this is the whole truth, I need such decision in writing as I still understand that LM went against their prospectus and so my money have to be refunded back without further delay.

I am copying always Ms Lorraine Falzon of MFSP to confirm with her that the above is whole truth.

I hope to receive a fundamental proof by court or Kordamentha with regards to my case decision as I need my money back without further delay.

Thanking you for your co-operation and assistance.

>
> Based on our investigations of the fund to date, it is apparent that the fund was not processing all redemptions to unitholders in the ordinary course for a period prior to the closure of the fund in March 2013. We understand that the former Trustee was relying on clauses of the Fund's constitution which allowed a level of discretion regarding withdrawal of units (redemptions). There is also information regarding withdrawal delays and liquidity preservation rules on pages 22 and 28 of the Information Memorandum dated 25 November 2009 (attached).
>
> It is likely that the redemption of your investment in August 2012 was impacted by withdrawal delays being implemented by the fund at the time your investment was due to mature.

Treatment of matured unitholdings

Due to the circumstances of the fund prior to appointment of the Trustee, and particularly due to the delays on unitholder withdrawals being implemented by the Fund, we consider it equitable that all unitholders, including those with investments that had matured and not been paid or those which would otherwise have matured in accordance with investor instructions, be treated equally.

Prior to any distribution made by the Trustee, Court directions will be sought in relation to this matter and we will act in accordance with such Court directions.

Should the Court directions require a different treatment of matured unitholdings, we may need to undertake an assessment of unitholders who were impacted by delayed withdrawals (including your unitholding) and potentially seek further directions in relation to these unitholders.

As per our previous correspondence, the Trustee will provide updates in respect to prospective distributions.

Dear KordaMentha

Futher tp my last e-mail sent to you on Monday 17th April 201.

As you are aware a copy of the original application was sent to you as requested for further investigation.

Since LM have kept my money after they have been matured without my authority and against their prospectus, I am still expecting my full amount of money back with further delay.

I hope that KordaMentha consider my request as soon as possible.

Thanking you once again for your co-operation and assistance.

Dear KordaMentha

As you are aware a copy of the original application have been sent to you as requested for further investigation by MFSP namely Ms Lorainne Falzon.

I hope to receive all my money back because LM have kept my money after maturity without my authority. My funds matured in August 2012 and these funds should have been refunded to me in August 2012.

As you know I am still without my money back, because LM kept my money against their prospectus which is illegal.

I expect my money to be refunded without further delay.

Thanking you for your co-operation and assistance.

I am very surprised with your service because LM have ignored the agreement and kept my money after maturity without my authority. My deposit was for TWO years ONLY.

I repeat this is ILLEGAL and my money should be PAID IN FULL..

MFSP - Ms Lorianne Falzon can confirm such agreement and I am very frustrated with such situation created by LM.

I really need your reply in writing and not verbally on phone.

I hope that KordaMentha consider my situation more carefully.

Dear Sir / Madam -KordaMentha

As you have stated all distributors were suspended to protect the overall value of the Fund on 19 March 2013. My Funds matured BEFORE such date i.e. AUGUST 2012 and my funds were kept by LM WITHOUT MY AUTHORITY.

In my opinion this is completely illegal or Fraud.

So kindly note that I need all my funds back as soon as possible and without further delay.

Hope that the responsible persons consider my case urgently as I am really frustrated being faced with such incredible situation.

Whilst we note your advice that the monies were not received, please note that KordaMentha was appointed as trustee of the Fund on 12 April 2013 and that the Fund was closed on 19 March 2013.

As a result of the Fund's closure, all distributions were suspended so as to protect the overall value of the Fund.

The Trustee does not currently have the infrastructure to trace these transactions.

Given the Fund is currently being wound up, the monies will not be repaid but will instead be included in this accounts overall unit holding for the purposes of calculating it's pro-rata share of any final distribution (if available).

Kind regards

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Good afternoon,

As per my email of the 24th May 2016 (copy below) and a reminder on the same subject on 30th June 2016. We greatly appreciate that our questions raised in our email of 24th May 2016 will be address as soon as possible either via email or through the next Investor update. We are being bombarded with client enquiries on the future of their capital and what possibility there is, if investors in the LM Managed Performance Fund can recover some of their capital through the Australian Investor compensation scheme, since the trustees of the fund (LMIM) were regulated by the Australian Regulator.

Mr. Charles Borg is being copied in my email, because he is an investor in the LM MPF, who invested through MFSP Financial. Mr. Borg had his investment of €5,000 maturing 19th August 2012 (copy of contract note attached), months before that LMIM announced on 20th March 2013 that John Park and Ginette Muller of FTI consulting were appointed as Voluntary Administrators.

Rightly so Mr. Borg is asking that he should have received the funds as per the contract stipulated between the LM MPF and himself, and therefore he should be treated differently from other investors who had their investment maturing after 20th March 2013. We would appreciate your reply in this regard as well and copy Mr. Borg in your reply.

Kind Regards,

Lorraine Falzon

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Good afternoon,

We are a Financial Services company in Malta, regulated by the Malta Financial Services Authority, whicj introduced a number of Maltese investors in the LM Australian Income Fund and the LM Managed Performance Fund. From the updates we are receiving we are more of the view that LMIM as the trustees of the LM Managed Performance Fund, did not perform their duties in the best interest of investors, to say it mildly. MFSP Financial had investors in the LM MPF that their investment matured in January 2013 and February 2013, but funds were never paid back to investors. LMIM issued letters to such investors which we have copies of, assuring investors that their capital is safe and earning income. We both know that at that time (Jan 2013) LMIM we fully aware of the financial position of the fund (LM MPF) and they were misleading investors in believing that the fund is sound and safe. This action was taken by LMIM is solely to attract new monies into the fund.

LMIM is a regulated financial services company in Australia, its directors were also approved by the said Authority they are bound with strict regulations, first and foremost to act in the best interest of investors and to manage the funds and the underlying assets in line with the prospectus. We understand that both regulations mentioned above were not taken seriously by LMIM and the mess they did with our clients funds is unheard of, as disclosed in investors update 15. With such behaviour, investors in the LM MPF are facing losing a high percentage of their capital invested because both LMIM and LM MPF do not have sufficient funds to pay investors in the LM MPF, which means are both companies are near to insolvent.

In Malta, when a Regulated Financial Services Company is unable or likely to be unable to pay claims against it, in general this is when the licensed firm stops trading or becomes insolvent, the Investor Compensation Scheme kicks in. This scheme is a rescue fund for customers of failed investment firms which are licensed by the Malta Financial Services Authority (MFSA). The Scheme is based on the EU Directive 97/9 on investor-compensation schemes. It is financed by investment firms respectively and consumers will not be asked to contribute to the scheme. In Malta consumers are eligible for a maximum compensation of €20,000 per person.

We are also aware that there is a similar scheme is the UK which is managed by the Financial Services Compensation Scheme. The scheme was set up under the Financial Services and Markets Act 2000 and became active on 1 December 2001. MFSP assisted investors who had a claim against a regulated UK Financial Services Company called Catalyst Investment Group because the said company was in default. Consumers were eligible for a maximum compensation of £50,000 per person.

We believe that the Australian Regulator also has in place a form of Investor Compensation Scheme. We believe that investors who were invested in the LM MPF are eligible to submit a claim against LMIM for their miss conduct.

We are aware that you are in touch with the Australian Regulator and are being updated on a regular basis with your findings. Could you please look into the above and guide us how we can assist Maltese investors to submit a claim against LMIM with the Australian Regulator.

Thanking you in anticipation,

Kind regards,

Lorraine Falzon

Subject: LM Managed Performance Fund - Update to Investors No. 16

Dear Sir / Madam

Please find attached the latest update to Investors.

Should you have any queries following your consideration of the Update, further information can be obtained by:

- accessing the KordaMentha website at http://www.kordamentha.com/creditor-information/australia/109;

- if you are unable to find the answer to your query in any of our Updates or Frequently Asked Questions listing then you may email lminvestors@kordamentha.com; (In order to manage the ongoing management costs of the Fund, due to the high volume of enquires made via email the Trustees will only review and respond to emails on a fortnightly basis).

Please note that the Trustees make every attempt to answer your enquiries on a regular basis however due to the number of queries received and our focus on managing costs of the Fund there may be some delay in responding to your individual requests. We appreciate your patience whilst we manage the large volume of emails and telephone calls received during this time.

Yours sincerely

Dear Lorraine,

I apologise for the delay in response to your email.

I confirm that we are not aware of any Australian regulator compensation scheme which is available to the unitholders of the Managed Performance Fund.

The Trustee will advise unitholders if it becomes aware of any such scheme.

Regards,

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Good afternoon,

As per my email of the 24th May 2016 (copy below) and a reminder on the same subject on 30th June 2016. We greatly appreciate that our questions raised in our email of 24th May 2016 will be address as soon as possible either via email or through the next Investor update. We are being bombarded with client enquiries on the future of their capital and what possibility there is, if investors in the LM Managed Performance Fund can recover some of their capital through the Australian Investor compensation scheme, since the trustees of the fund (LMIM) were regulated by the Australian Regulator.

Mr. Charles Borg is being copied in my email, because he is an investor in the LM MPF, who invested through MFSP Financial. Mr. Borg had his investment of €5,000 maturing 19th August 2012 (copy of contract note attached), months before that LMIM announced on 20th March 2013 that John Park and Ginette Muller of FTI consulting were appointed as Voluntary Administrators.

Rightly so Mr. Borg is asking that he should have received the funds as per the contract stipulated between the LM MPF and himself, and therefore he should be treated differently from other investors who had their investment

maturing after 20th March 2013. We would appreciate your reply in this regard as well and copy Mr. Borg in your reply.

Kind Regards,

Lorraine Falzon

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Good afternoon,

We are a Financial Services company in Malta, regulated by the Malta Financial Services Authority, whicj introduced a number of Maltese investors in the LM Australian Income Fund and the LM Managed Performance Fund. From the updates we are receiving we are more of the view that LMIM as the trustees of the LM Managed Performance Fund, did not perform their duties in the best interest of investors, to say it mildly. MFSP Financial had investors in the LM MPF that their investment matured in January 2013 and February 2013, but funds were never paid back to investors. LMIM issued letters to such investors which we have copies of, assuring investors that their capital is safe and earning income. We both know that at that time (Jan 2013) LMIM

we fully aware of the financial position of the fund (LM MPF) and they were misleading investors in believing that the fund is sound and safe. This action was taken by LMIM is solely to attract new monies into the fund.

LMIM is a regulated financial services company in Australia, its directors were also approved by the said Authority they are bound with strict regulations, first and foremost to act in the best interest of investors and to manage the funds and the underlying assets in line with the prospectus. We understand that both regulations mentioned above were not taken seriously by LMIM and the mess they did with our clients funds is unheard of, as disclosed in investors update 15. With such behaviour, investors in the LM MPF are facing losing a high percentage of their capital invested because both LMIM and LM MPF do not have sufficient funds to pay investors in the LM MPF, which means are both companies are near to insolvent.

In Malta, when a Regulated Financial Services Company is unable or likely to be unable to pay claims against it, in general this is when the licensed firm stops trading or becomes insolvent, the Investor Compensation Scheme kicks in. This scheme is a rescue fund for customers of failed investment firms which are licensed by the Malta Financial Services Authority (MFSA). The Scheme is based on the EU Directive 97/9 on investor-compensation schemes. It is financed by investment firms respectively and consumers will not be asked to contribute to the scheme. In Malta consumers are eligible for a maximum compensation of €20,000 per person.

We are also aware that there is a similar scheme is the UK which is managed by the Financial Services Compensation Scheme. The scheme was set up under the Financial Services and Markets Act 2000 and became active on 1 December 2001. MFSP assisted investors who had a claim against a regulated UK Financial Services Company called Catalyst Investment Group because the said company was in default. Consumers were eligible for a maximum compensation of £50,000 per person.

We believe that the Australian Regulator also has in place a form of Investor Compensation Scheme. We believe that investors who were invested in the LM MPF are eligible to submit a claim against LMIM for their miss conduct.

We are aware that you are in touch with the Australian Regulator and are being updated on a regular basis with your findings. Could you please look into the above and guide us how we can assist Maltese investors to submit a claim against LMIM with the Australian Regulator.

Thanking you in anticipation,

Kind regards,

Lorraine Falzon

Dear kordamenth
Reference to your e-mail dated 19th july 2018, i have replied by my e-mails dated 19th july, 29th july and 3rd august 2018.
Unfortunetly, kordamentha did not send me any kind of reply to the above mentioned e-mails and i am very surprise with this kind of attidude and situation.
My funds which were matured on 12th august 2012 where kept by lm without my authority but lm promised me 100 per cent of capital together with accrued interest by their two letter dated august 2012 and february 2013.
Unfortunetly lm were insolvent and kordamentha as trustees are still holding by funds and ignoring the agreement that lm had made with the witholders of matured funds.
In my opinion this is very shamefull measure and i hope that kordamentha abide the instructions that have been left by lm.
I hope to receive my money back as soon as possible because i have been waiting my mutured funds since augist 2012.
Matured funds should have been firstly paid and before lm australian income fund.
I hope that this time will receive a fundamental reply.
Thanking you for your assistance and co-operation

Subject: RE: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear Charles

In response to the questions raised in your email of 17 July 2018:

- KordaMentha are Trustee of the Managed Performance Fund ('MPF'). KordaMentha are not Trustee of any other LM Fund, including the Australian Income Fund. The history of this arrangement has been previously advised to unitholders, however is outlined briefly below:

  On 19 March 2013 the directors of LM Investment Management Limited ('LMIM') appointed John Park and Ginette Muller of FTI Consulting as Voluntary Administrators. On 1 August 2013 creditors resolved that LM be wound up and John Park and Ginette Muller of FTI Consulting were appointed as Liquidators. LMIM was and remains to be Responsible Entity for the majority of LM funds. On 12 April 2013 the Queensland Supreme Court made orders appointing KordaMentha Pty Ltd and Calibre Capital Limited as joint trustees of the MPF.

- The financial position of the MPF at 19 March 2013 was significantly different to the financial position of other LM funds and as a result, the return to investors in the MPF is expected to be lower than the return to

investors of some other LM funds. It is expected that the return to unitholders of the MPF will be less than 5 cents in the dollar.

- There are a number of matters on which the Trustee considers necessary to seek Court directions, prior to making any distribution to unitholders. One such matter is in relation to the significant number of unitholders (of which you are one), with unit holdings which may have otherwise matured prior to the appointment of Voluntary Administrators to LMIM. The underlying objective of the Trustee is to make a distribution in a way which is equitable to **ALL** unitholders of the MPF and does not unfairly prejudice any unitholder.

Kind Regards

Subject: RE: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

Kindly note that till to-date i did note receive any kind of reply to my e-mail dated 10th july 2018.

It seems that there has been discrimitive action with regards to distribution of funds. I cannot understand why there has been two payments related to australian funds and there was no payments in management fund.

Kordamentha as trustees, why they are not responsible for all lm funds?.

Why kordamentha is waiting for court decision with regards to the distribution yo witholders of managment funds while witholders of australian fund 0has already been given two payments and are going to be paid the third one in full to the whole amount invested?.

In my opinion this is not only disrimitive but it is against the rule of law.

I repeat what i have already said. I have a letter from lm way back dated august 2012 on my maturity of funds in which they have assured and garanteed in refunding 100 percent of my funds invested together with the accrued interest. Can you tell me why kordamentha ignored such promise by lm in writing ?.

Can you tell me why kordamentha is waiting court decision in distribution of funds while witholders of australian funds has already received two payments being more than 75 per cent of the amount invested.

This means that witholders of australian funds has already been refunded 75 per cent while all my funds which were already matured and kept by lm witout my authority while lm garanting me 100 per cent of funds together with the

accrued interest, now nearly 6 years after, i am still without any amount of refund related to my investment in lm managment fund. I cannot understand what really kordamentha as trusters is doing in such an incredible situation.

I hope that justice and reality will be done and effected without further delay.

Kindly note that i need my funds very urgently and without further delay as i cannot understand why i havr not not been paid as those witholders of australian funds.

Regards

Subject: RE: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

I regret to tell you that your reply do not satisfy my requested information with regards to my funds that had matured sunce year 2012.

Can you please advice why kordamentha had effected two payments related to invrstors who had lm australian income funds, while to me who had fixed lm funds that had a maturiy date and also promised by lm of 100 pet cent refund did not recdive yet any distribution payment. Can you tell me why kordamentha are waiting from the court decision with regards distribution payment while kordamentha had already distributed two payments who had australian income funds.

I regret again to tell you that such measures related to to distribution of payments do not make any sence. Kordamentha effected two payments to lm australian income funds while unitholders like me did not receive any kind of payment of distribution. This is a shamefull attitude.

I hope that kordamentha will refund me 100 per cent of the funds invested without further delay as promised by lm way back in august 2012.

Kindly note again that my funds were matured in august 2012 ; kept by lm without my authority; promised by lm 100 per cent full refund; received from lm a letter garanting me 100 per cent of my full amount invested together with the accrued interest. Can you tell me what kordamentha did as per lm promises and garanteed to us who had matured funds before lm insolvenvcy.

I hope to receive my full amount of funds together with the accrued interest without further delay and as promised by lm.

Kordamentha should have abided by lm promises and not distributed payments to witholders who had autralian income funds.

Promises and garateed matured funds should have had distributed payments like the australian income funds.

I hope that such error will be corrected without further delay because i have been patient nearly 6 years now.

Thanking you as usual and i hope that you understand my ftustration.

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

Further to my e-mail sent to you on the 25th may 2018 for for which i did not receive any feed back from your end with regards to my matured funds which lm have kept without my authority altough my funds matured in august 2012. Kordamentha unfortunetly as the responsible people are still holding my funds. I have requested a fundamental proof in writing about my case and till todate kordamentha did not given me anything but remained as lm did to me by holding my matured funds.

Kindly note also that investors who had lm australian incone funds had already been refunded with two payments and the last payment is going to be paid accordingly while my my funds which matured in august 2012 are still in the hands of kordamentha. Does this make any sence of justfication to kordanentha or the court considering my case.

I hope that kordamentha shall send me a reply with a fundamental proof as this is against the rule of law. Fixed interest deposits with a maturity date should have been settled by kordamentha before funds which do not hold any kind of maturity.

Lm australian income funds should not have any kind of preferantial over my lm funds which were fixed for two years and matured before lm insolvency. Kordamentha did not hold such funds because there were two distribtion payments and the third is going to be effected; while my matured and promised funds are still being kept by kordamentha.

I hope to receive my funds without further delay or a fundamental proof in writing for holding my funds for which i need for my daily living.

Dear kordamentha

Reference to your e-mail dated 24th may 2018.

I have requested a fundamental proof in writing by kordamentha to the court concerning my case. This will be a good update for me wherin my funds were matured in august 2012, and lm promised me in writing by their letter refund of 100 per cent of the funds invested together with the accrued interest according also as per their prospectus.

This would be the real update for because till today kordamentha and court directions with regards to my case has not yet been solved after 6 years which seems unbelievable waiting for my funds to sustain my daily living. Theses funds matured the period of investment but kordamentha and lm and the directions of the court are still holding my matured funds.

Hoping a kind proof to my request.

Thanking you for your assistance and co-operation to my situation of frustration.

Dear kordamentha

Thank you for your e-mail dated 13th may 2018.

I understand that directions by the court are to be seen with regards to the methology of distribution. But i need a fundamental proof in writing what exactly kordamentha is informing the court as regards to my case wherin the court have to be notified w ith all my e-mails so that the court will take a good decision to my case.

At this point in time since august 2012 i.e. the of my matured funds, i am still with the same position witout my matured funds and also without the accrued interest which is nearly 7 years after.

I hope to receive a fundamental proof to my request and an encouragement to get my money back which were fixed for just 2 years and now 6 years later i am in a desperate position to sustain my daily living.

Thanking you once again.

Regards

Charles borg

Dear Charles

As previously advised, The Trustee will seek Court directions with respect to the distribution methodology.

Details of the outcome will be circulated to unitholders and a response to your request will be provided.

At this stage, all distributions remain suspended.

Kind Regards

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

I regret again to tell you that kordamentha is ignoring the letter that lm have sent me when my funds matured. Lm promised me that they will refund me all my matured funds together with the accrued interest. My funds matured in august 2012 and kordamentha as trustees from april 2013 has kept my matured funds till todate. In my opinion this is against the rule of law and i understand that not all witholders are to be treated the same. Matured funds should have been settled. Unless i receive a fundamental wtitten reason to my case, my position to my case remain the same as from the date of my matured funds.

My funds were invested with lm for two years only because i need and still todate need my money back to sustain my daily living. Lm has promised me my money back as per their prospectus but kordamentha are still keeping my money.

I hope that kordamentha understand my position of frustration.

Thanking you for your co-operation and i hope to receive a something of encouragment as these funds has been held nearly 6 years without my authority.

Regards

Charles borg

Dear Charles

As per our email dated 19 April 2018.

The Trustee has not yet commenced any formal proceedings with respect to obtaining Court directions as to the distribution of funds.

We do not expect to commence this process until such time as the Trustee has finalised all possible recovery and litigation.

Details surrounding these proceedings will be provided to investors by way of an update.

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear Charles

As you are aware, we were appointed on 12 April 2013, pursuant to an Order of the Supreme Court of Queensland in Brisbane.

Our prioritise have been to:

- preserve and retain the value of the assets and investments of the Fund
- assess the overall financial position of the Fund and its investments
- enable investors' concerns and desires to be communicated
- consider and investigate the previous operation of the Fund including historical application of investors' funds and transactions involving related parties

Prior to our appointment the monies contributed by investors to the Fund, have been principally invested in loans to third parties and related parries which are supported by second ranking mortgage security chargers against real property.

It is emphasised that the Trustees considers that the assets value of the loans of the Fund to be significantly below that of the total investment contributed by investors.

We are continuing to pursue all possible recoveries actions, to ensure the best outcome for all unitholders and until such time as these actions have been finalised we do not expect to make any distribution to unitholders.

As previously advised the Trustees will seek Court directions with respect to the distribution methodology, details of these proceedings will be made available to investors.

Further details regarding court applications can be accessed on the KordaMentha website at http://www.kordamentha.com/creditor-information/australia/109

Kind Regards

Good morning,

We have clients asking about their position in relation to their investment in the LM Managed Performance Fund (LMMPF).

These clients had their investment maturing months before the LMMPF was put into liquidation, with LM Investment Management Limited sending out letters to these clients informing them about the delay in payment of their redemption. LMIM confirmed that their investment remains at 100% of its original capital value.

These clients are very concerned that KordaMentha will treat such clients the same as any other client who's investment matured after March 2013 (after the Liquidation started). We are aware that in your last update (Update 19) a note under in section **4.1 Return of monies to Unitholders** makes reference that KordaMentha is seeking an advice from the Court in relation to number of matters including the following;

- The treatment of unit holdings which may have been due to mature prior to closure of the fund, in accordance with unitholder instructions, however where redemption was not processed.
- Appropriate apportionment and calculation of distribution amount amongst unitholders.

Do you have an indication when the Court will give the advice?

Our clients and us believe that clients should not be treated the same because their investment was matured before the Court ordered the liquidation of the LM MPF.

From the updates being issued by KordaMentha, we believe that LM Investment Management Limited as trustees of LM MPF did not act in the best interest of shareholders, especially that a big percentage of the fund went into one project, Madison Real Estate, which the underlying investor was Peter Drake. I suggest, that KordaMentha explores the possibility of a Compensation Scheme by the Australian Regulator, as LMIM was an authorized Company by the Australian Regulator, and they should have participated in a Compensation Scheme.

Thanking you in anticipation,

Kind Regards,

Lorraine Falzon

Subject: Matter Number 119172015 - Trustee application for fee approval

Dear Unitholder

The purpose of this notice is to inform you that KordaMentha Pty Ltd in its capacity as the Trustee of the LM Managed Performance Fund (the **Trustee**) has made an application to the Supreme Court of Queensland seeking approval for payment of its professional fees.

The Trustee filed an interlocutory application (the **Application**) on 6 July 2018 seeking an order under section 101 of the Trusts Act 1973 (QLD) authorising payment of its professional fees from 15 August 2016 to 27 May 2018.

The application has been set down for hearing by a Justice of the Supreme Court at 10.00am on 7 August 2018.

On 27 November 2015, the Court made an order permitting the Trustee to serve the Application and its supporting material by (1) posting it on the website maintained by the Trustee with respect to the MPF and (2) notifying members of the nature of the Application and of the fact that the Application has been posted on KordaMentha's MPF website.

The following material has been posted on KordaMentha's MPF website, which can be accessed at http://www.kordamentha.com/creditor-information/australia/109:

- Interlocutory Application dated 4 July 2018
- Fourth Affidavit of Jarrod Villani sworn on 3 July 2018
- Exhibit JV-13 to the Fourth Affidavit of Jarrod Villani
- Orders made by Justice Applegarth on 27 November 2015

This material is available now to be downloaded by members at the above link.

Copies of the previous applications and affidavits referred to in the Fourth Affidavit of Jarrod Villani (excluding confidential exhibits) are also available for download on KordaMentha's MPF website.

Kind regards

KordaMentha

Dear kordamentha
Please be advised that i have sent you four e-mails relating to my mfp funds which matured in august 2012 but unfortunely these e-mails were not replied by kordamentha.
Kindly note that my funds matured in august 2012 and kept by lm. Lm has sent two letters dated august 2012 and february 2013 confirming me that my funds will be refunded at 100 per cent together with the accrued interest. It seemd that kordamentha and all responsible entities have and still ignoring such letters sent to us witholders who had matured funds. Kordamentha is still holding my funds. This is against the rule of law. I have been also informed that certain amount of money of lm has been distributed to that of australian funds. This is also against the rule of law.
I hope that kordamentha although they are not resposible of australian fund distribution should take the same power of distribution to mfp funds.
I am very really surprised with such a mess of distribution of funds.
Since my funds were matured so such funds should have been settled and not kept. Lm promised me in writing and kordamentha should abide by lm promises and effected in writing as i need my funds urgently.

This is a very shamefull situation and i hope to receive my funds without further delay.
Regards
Charles borg

Dear kordamentha
Reference to my last four e-mails which were never replied by kordamentha and to your last e-mail replied to lorianne of mfsp dated 17th april 2018.

I cannot understand why kordamentha is waiting for court directions as regards to the metology of distributions of performance funds,while the distribution of australian funds has already made two payments and also promised the last payment of 100 per cent of capital. This is a very shamefull attitued especially to us who have matured funds before lm solvency. This is unbelievable situation effected from such responsible people as regards distribution of funds. I hope that i shall receive a fundamental and a serious reply and not being ignored again.
My funds matured before lm solvency and lm promised and garanteed our funds back together with the accrued interrst. Our matured funds should have been distributed first and not australian funds.

I hope that i receive a positive reply because i need my funds urgently.

Thanking you as usual.
Regards
Charles borg

Dear Lorraine

Thank you for your email.

As per our update to investors dated 28 June 2018, the Trustee will be seeking Court direction in relation to the distribution methodology.

The Trustee has not yet commenced this process, sufficient notice will provided to all unitholders once these proceedings have commenced.

Kind Regards

KordaMentha

Subject: Mr. Charles Borg

Good morning,

We have clients asking about their position in relation to their investment in the LM Managed Performance Fund (LMMPF).

These clients had their investment maturing months before the LMMPF was put into liquidation, with LM Investment Management Limited sending out letters to these clients informing them about the delay in payment of their redemption. LMIM confirmed that their investment remains at 100% of its original capital value.

These clients are very concerned that KordaMentha will treat such clients the same as any other client who's investment matured after March 2013 (after the Liquidation started). We are aware that in your last update (Update 19) a note under in section **4.1 Return of monies to Unitholders** makes reference that KordaMentha is seeking an advice from the Court in relation to number of matters including the following;

- The treatment of unit holdings which may have been due to mature prior to closure of the fund, in accordance with unitholder instructions, however where redemption was not processed.
- Appropriate apportionment and calculation of distribution amount amongst unitholders.

Do you have an indication when the Court will give the advice?

Our clients and us believe that clients should not be treated the same because their investment was matured before the Court ordered the liquidation of the LM MPF.

From the updates being issued by KordaMentha, we believe that LM Investment Management Limited as trustees of LM MPF did not act in the best interest of shareholders, especially that a big percentage of the fund went into one project, Madison Real Estate, which the underlying investor was Peter Drake. I suggest, that KordaMentha explores the possibility of a Compensation Scheme by the Australian Regulator, as LMIM was an authorized Company by the Australian Regulator, and they should have participated in a Compensation Scheme.

Thanking you in anticipation,

Kind Regards,

Lorraine Falzon

Subject: Matter Number 119172015 - Trustee application for fee approval

Dear Unitholder

The purpose of this notice is to inform you that KordaMentha Pty Ltd in its capacity as the Trustee of the LM Managed Performance Fund (the **Trustee**) has made an application to the Supreme Court of Queensland seeking approval for payment of its professional fees.

The Trustee filed an interlocutory application (the **Application**) on 6 July 2018 seeking an order under section 101 of the Trusts Act 1973 (QLD) authorising payment of its professional fees from 15 August 2016 to 27 May 2018.

The application has been set down for hearing by a Justice of the Supreme Court at 10.00am on 7 August 2018.

On 27 November 2015, the Court made an order permitting the Trustee to serve the Application and its supporting material by (1) posting it on the website maintained by the Trustee with respect to the MPF and (2) notifying members of the nature of the Application and of the fact that the Application has been posted on KordaMentha's MPF website.

The following material has been posted on KordaMentha's MPF website, which can be accessed at http://www.kordamentha.com/creditor-information/australia/109:

- Interlocutory Application dated 4 July 2018
- Fourth Affidavit of Jarrod Villani sworn on 3 July 2018
- Exhibit JV-13 to the Fourth Affidavit of Jarrod Villani
- Orders made by Justice Applegarth on 27 November 2015

This material is available now to be downloaded by members at the above link.

Copies of the previous applications and affidavits referred to in the Fourth Affidavit of Jarrod Villani (excluding confidential exhibits) are also available for download on KordaMentha's MPF website.

Kind regards

KordaMentha

Dear kordamentha
Kindly note that i am very worried about my matured funds which were promised by lm to be refunded at 100 per cent together with the accrued interest while kordamentha and other responsable entities are still holding such matured funds. I cannot understand why kordamentha are still waiting court decision re distribution of funds while fti had already distributributed two payments re witholders of australian fund. Kindly note that when kordamentha and fti have taken their resposablities to both funds, my funds were already matured and such funds should have been already distributed to us who had matured funds.

I repeat my funds matured in august 2012 before lm insolvency and before fti and kordamentha have taken their responsabilities. So i cannot understand how fti have distributed two payments and kordamentha have not been given the court decision to distribute the finds of mpf of matured funds which were matured before lm insolvency. This is a shamefull situation and i hope that all my e-mails are aware in court as regards before distributions are decided.

I hope that this time i shall receive a fundamental reply because i am very worried and frustrated with such incredible situation.

Dear kordamentha
Kindly note that i have sent you various and several e-mails which till to-date have not been yet been replied.

I need to know why kordamentha did not acheive court authority to distribute and refund matured funds of performance funds just like the distribution that have already been made to the australian as fti did.

I understand that all matured funds before lm insolvency should have the priority to be distributed before such australian fund.

I hope that kordamentha apply to the court for such authority of distribution with all my e-mails because i have a fundamental reason to get back all my funds together with the accrued interest as promised by lm by supplying the court the letters that have been sent to us to witholders before lm insolvency dated august 2012 and february 2013.

Kindly note that i need a reply yo the above and i hope that my information will have a positive fruit to all witholders who had matured funds whom lm had promised them in writing that they will be refunded at 100 per cent.

Thanking you in advance and please advice to my situation as i need my funds back urgently.

Dear kordamentha

As you are aware i have sent you four e-mails date 17th, 23rd, 29th august and 01st september 2018 for which till todate i have not received any kind of reply from your end.

Kindly note that i have requested my matured funds dated 12th august 2012 several times. I need my matured funds urgently and i understand contribution of matured funds should have first preference before australian funds. Matured funds before lm insolvency have already been and promised by lm 100 percent of capital by their letters dated august 2012 and february 2013. So such matured funds are still being kept till todate while australian funds have already received two payments. This is a discriminative attitude. I still insist that matured funds should have alteady been distributed.
I need a fundamental reason for such incredible situation. I need my matured funds urgently. Please reply to my several e-mails because i feel desperate in this shamefull sutuation. I hope that you submit all my e-mails to the responsible court so that you may be given such authority of distribution because i have been waiting over 6 years. These funds should have been distributed before and other kind of funds because they were matured.
Please do not ignore my request as these funds are need to sustain my situation.
Thanking you once again in advance and i hope to receive a positive reply without further delay.

Subject: RE: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear Charles

In response to the questions raised in your email of 17 July 2018:

- KordaMentha are Trustee of the Managed Performance Fund ('MPF'). KordaMentha are not Trustee of any other LM Fund, including the Australian Income Fund. The history of this arrangement has been previously advised to unitholders, however is outlined briefly below:

  On 19 March 2013 the directors of LM Investment Management Limited ('LMIM') appointed John Park and Ginette Muller of FTI Consulting as Voluntary Administrators. On 1 August 2013 creditors resolved that LM be wound up and John Park and Ginette Muller of FTI Consulting were appointed as Liquidators. LMIM was and remains to be Responsible Entity for the majority of LM funds. On 12 April 2013 the Queensland Supreme Court made orders appointing KordaMentha Pty Ltd and Calibre Capital Limited as joint trustees of the MPF.

- The financial position of the MPF at 19 March 2013 was significantly different to the financial position of other LM funds and as a result, the return to investors in the MPF is expected to be lower than the return to

investors of some other LM funds. It is expected that the return to unitholders of the MPF will be less than 5 cents in the dollar.

- There are a number of matters on which the Trustee considers necessary to seek Court directions, prior to making any distribution to unitholders. One such matter is in relation to the significant number of unitholders (of which you are one), with unit holdings which may have otherwise matured prior to the appointment of Voluntary Administrators to LMIM. The underlying objective of the Trustee is to make a distribution in a way which is equitable to **ALL** unitholders of the MPF and does not unfairly prejudice any unitholder.

Kind Regards

Subject: RE: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

Kindly note that till to-date i did note receive any kind of reply to my e-mail dated 10th july 2018.

It seems that there has been discrimitive action with regards to distribution of funds. I cannot understand why there has been two payments related to australian funds and there was no payments in management fund.

Kordamentha as trustees, why they are not responsible for all lm funds?.

Why kordamentha is waiting for court decision with regards to the distribution yo witholders of managment funds while witholders of australian fund 0has already been given two payments and are going to be paid the third one in full to the whole amount invested?.

In my opinion this is not only disrimitive but it is against the rule of law.

I repeat what i have already said. I have a letter from lm way back dated august 2012 on my maturity of funds in which they have assured and garanteed in refunding 100 percent of my funds invested together with the accrued interest. Can you tell me why kordamentha ignored such promise by lm in writing ?.

Can you tell me why kordamentha is waiting court decision in distribution of funds while witholders of australian funds has already received two payments being more than 75 per cent of the amount invested.

This means that witholders of australian funds has already been refunded 75 per cent while all my funds which were already matured and kept by lm witout my authority while lm garanting me 100 per cent of funds together with the

accrued interest, now nearly 6 years after, i am still without any amount of refund related to my investment in lm managment fund. I cannot understand what really kordamentha as trusters is doing in such an incredible situation.

I hope that justice and reality will be done and effected without further delay.

Kindly note that i need my funds very urgently and without further delay as i cannot understand why i havr not not been paid as those witholders of australian funds.

Subject: RE: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

I regret to tell you that your reply do not satisfy my requested information with regards to my funds that had matured sunce year 2012.

Can you please advice why kordamentha had effected two payments related to invrstors who had lm australian income funds, while to me who had fixed lm funds that had a maturiy date and also promised by lm of 100 pet cent refund did not recdive yet any distribution payment. Can you tell me why kordamentha are waiting from the court decision with regards distribution payment while kordamentha had already distributed two payments who had australian income funds.

I regret again to tell you that such measures related to to distribution of payments do not make any sence. Kordamentha effected two payments to lm australian income funds while unitholders like me did not receive any kind of payment of distribution. This is a shamefull attitude.

I hope that kordamentha will refund me 100 per cent of the funds invested without further delay as promised by lm way back in august 2012.

Kindly note again that my funds were matured in august 2012 ; kept by lm without my authority; promised by lm 100 per cent full refund; received from lm a letter garanting me 100 per cent of my full amount invested together with the accrued interest. Can you tell me what kordamentha did as per lm promises and garanteed to us who had matured funds before lm insolvenvcy.

I hope to receive my full amount of funds together with the accrued interest without further delay and as promised by lm.

Kordamentha should have abided by lm promises and not distributed payments to witholders who had autralian income funds.

Promises and garateed matured funds should have had distributed payments like the australian income funds.

I hope that such error will be corrected without further delay because i have been patient nearly 6 years now.

Thanking you as usual and i hope that you understand my ftustration.

Regards

Thank you for your email.

As per our most recent update to investors (attached for your reference), the Trustee has commenced preparation of materials required to obtain Court directions regarding the process for distribution to Unitholders and methodology for calculating distributions.

The Trustee will keep Unitholders updated in respect to this process and we appreciate the patience of Unitholders in this matter.

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

Further to my e-mail sent to you on the 25th may 2018 for for which i did not receive any feed back from your end with regards to my matured funds which lm have kept without my authority altough my funds matured in august 2012. Kordamentha unfortunetly as the responsible people are still holding my funds. I have requested a fundamental proof in writing about my case and till todate kordamentha did not given me anything but remained as lm did to me by holding my matured funds.

Kindly note also that investors who had lm australian incone funds had already been refunded with two payments and the last payment is going to be paid accordingly while my my funds which matured in august 2012 are still in the hands of kordamentha. Does this make any sence of justfication to kordanentha or the court considering my case.

I hope that kordamentha shall send me a reply with a fundamental proof as this is against the rule of law. Fixed interest deposits with a maturity date should have been settled by kordamentha before funds which do not hold any kind of maturity.

Lm australian income funds should not have any kind of preferantial over my lm funds which were fixed for two years and matured before lm insolvency. Kordamentha did not hold such funds because there were two distribtion payments and the third is going to be effected; while my matured and promised funds are still being kept by kordamentha.

I hope to receive my funds without further delay or a fundamental proof in writing for holding my funds for which i need for my daily living.

Regards

Charles borg

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

Reference to your e-mail dated 24th may 2018.

I have requested a fundamental proof in writing by kordamentha to the court concerning my case. This will be a good update for me wherin my funds were matured in august 2012, and lm promised me in writing by their letter refund of 100 per cent of the funds invested together with the accrued interest according also as per their prospectus.

This would be the real update for because till today kordamentha and court directions with regards to my case has not yet been solved after 6 years which seems unbelievable waiting for my funds to sustain my daily living. Theses funds matured the period of investment but kordamentha and lm and the directions of the court are still holding my matured funds.

Hoping a kind proof to my request.

Thanking you for your assistance and co-operation to my situation of frustration.

Regards

Charles borg

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

Thank you for your e-mail dated today 23 may 2018.

Kindly note that i have been waiting for my matured funds nearly 6 years now and kordamentha has been authorised as trustees over 5 years now. So in my opinion court directions and kordamentha had enough time to send me a fundamental proof in writing about my case. I have invested my funds for just 2 years because needed such funds and although i was promised by lm that my funds will be refunded in full in august 2012, such funds are still being kept by kordamentha till todate bring nearly 6 years.

My only request has not yet been answered and fullfilled and i really till today do not know when such request will be received and i am still without my money back for my daily living.

Kordamrntha should feel my position and frustration to my case and dont leave any more waiting for my promised refunded funds by lm together with the accrued interest. I hope that court directions will know my position of my case.

Thanking you in advance for your co-operation to the above.

Regards

Charles borg

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear kordamentha

Thank you for your e-mail dated today 15th may, but i regret to inform you that such reply do not satisfy the my requests.

Kindly note that i have requested a fundamental proof in writing concerning my case for which i have sent you several e-mails. I did not see anything in writing from kordamentha to the court as regards to my case after such a lot of e-mails.

Your update has to be related to my case and not general. My funds were matured in august 2012 before lm insolvency. Lm has kept my matured funds without my authority but promised me all my funds back together with the accrued interest by their letter dated august 2012. Kordamentha afterwards in april 2013 as trustees did not refunded me what lm has promised and what lm had in their prospectus. So kordamentha should have effected what lm has promised and what lm has in their prospectus.

I hope to receive a fundamental proof to what i am requesting as regards to my case.

Regards

Charles borg

Subject: RE: LM Managed Performance Fund - Update to Investors No. 16

Dear Charles

As you are aware, we were appointed on 12 April 2013, pursuant to an Order of the Supreme Court of Queensland in Brisbane.

Our prioritise have been to:

- preserve and retain the value of the assets and investments of the Fund
- assess the overall financial position of the Fund and its investments
- enable investors' concerns and desires to be communicated
- consider and investigate the previous operation of the Fund including historical application of investors' funds and transactions involving related parties

Prior to our appointment the monies contributed by investors to the Fund, have been principally invested in loans to third parties and related parries which are supported by second ranking mortgage security chargers against real property.

It is emphasised that the Trustees considers that the assets value of the loans of the Fund to be significantly below that of the total investment contributed by investors.

We are continuing to pursue all possible recoveries actions, to ensure the best outcome for all unitholders and until such time as these actions have been finalised we do not expect to make any distribution to unitholders.

As previously advised the Trustees will seek Court directions with respect to the distribution methodology, details of these proceedings will be made available to investors.

Further details regarding court applications can be accessed on the KordaMentha website at http://www.kordamentha.com/creditor-information/australia/109

Subject: Mr. Charles Borg

Good morning,

We have clients asking about their position in relation to their investment in the LM Managed Performance Fund (LMMPF).

These clients had their investment maturing months before the LMMPF was put into liquidation, with LM Investment Management Limited sending out letters to these clients informing them about the delay in payment of their redemption. LMIM confirmed that their investment remains at 100% of its original capital value.

These clients are very concerned that KordaMentha will treat such clients the same as any other client who's investment matured after March 2013 (after the Liquidation started). We are aware that in your last update (Update 19) a note under in section **4.1 Return of monies to Unitholders** makes reference that KordaMentha is seeking an advice from the Court in relation to number of matters including the following;

- The treatment of unit holdings which may have been due to mature prior to closure of the fund, in accordance with unitholder instructions, however where redemption was not processed.
- Appropriate apportionment and calculation of distribution amount amongst unitholders.

Do you have an indication when the Court will give the advice?

Our clients and us believe that clients should not be treated the same because their investment was matured before the Court ordered the liquidation of the LM MPF.

From the updates being issued by KordaMentha, we believe that LM Investment Management Limited as trustees of LM MPF did not act in the best interest of shareholders, especially that a big percentage of the fund went into one project, Madison Real Estate, which the underlying investor was Peter Drake. I suggest, that KordaMentha explores the possibility of a Compensation Scheme by the Australian Regulator, as LMIM was an authorized Company by the Australian Regulator, and they should have participated in a Compensation Scheme.

Thanking you in anticipation,

Kind Regards,

Lorraine Falzon

Subject: Matter Number 119172015 - Trustee application for fee approval

Dear Unitholder

The purpose of this notice is to inform you that KordaMentha Pty Ltd in its capacity as the Trustee of the LM Managed Performance Fund (the **Trustee**) has made an application to the Supreme Court of Queensland seeking approval for payment of its professional fees.

The Trustee filed an interlocutory application (the **Application**) on 6 July 2018 seeking an order under section 101 of the Trusts Act 1973 (QLD) authorising payment of its professional fees from 15 August 2016 to 27 May 2018.

The application has been set down for hearing by a Justice of the Supreme Court at 10.00am on 7 August 2018.

On 27 November 2015, the Court made an order permitting the Trustee to serve the Application and its supporting material by (1) posting it on the website maintained by the Trustee with respect to the MPF and (2) notifying members of the nature of the Application and of the fact that the Application has been posted on KordaMentha's MPF website.

The following material has been posted on KordaMentha's MPF website, which can be accessed at http://www.kordamentha.com/creditor-information/australia/109:

- Interlocutory Application dated 4 July 2018
- Fourth Affidavit of Jarrod Villani sworn on 3 July 2018
- Exhibit JV-13 to the Fourth Affidavit of Jarrod Villani
- Orders made by Justice Applegarth on 27 November 2015

This material is available now to be downloaded by members at the above link.

Copies of the previous applications and affidavits referred to in the Fourth Affidavit of Jarrod Villani (excluding confidential exhibits) are also available for download on KordaMentha's MPF website.

Kind regards

Subject: Matter Number 119172015 - Trustee application for fee approval

Dear Unitholder

The purpose of this notice is to inform you that KordaMentha Pty Ltd in its capacity as the Trustee of the LM Managed Performance Fund (the **Trustee**) has made an application to the Supreme Court of Queensland seeking approval for payment of its professional fees.

The Trustee filed an interlocutory application (the **Application**) on 6 July 2018 seeking an order under section 101 of the Trusts Act 1973 (QLD) authorising payment of its professional fees from 15 August 2016 to 27 May 2018.

The application has been set down for hearing by a Justice of the Supreme Court at 10.00am on 7 August 2018.

On 27 November 2015, the Court made an order permitting the Trustee to serve the Application and its supporting material by (1) posting it on the website maintained by the Trustee with respect to the MPF and (2) notifying members of the nature of the Application and of the fact that the Application has been posted on KordaMentha's MPF website.

The following material has been posted on KordaMentha's MPF website, which can be accessed at http://www.kordamentha.com/creditor-information/australia/109:

- Interlocutory Application dated 4 July 2018
- Fourth Affidavit of Jarrod Villani sworn on 3 July 2018
- Exhibit JV-13 to the Fourth Affidavit of Jarrod Villani
- Orders made by Justice Applegarth on 27 November 2015

This material is available now to be downloaded by members at the above link.

Copies of the previous applications and affidavits referred to in the Fourth Affidavit of Jarrod Villani (excluding confidential exhibits) are also available for download on KordaMentha's MPF website.

Kind regards

KordaMentha

Attachments: Update to Investors - 19.pdf

Dear Charles,

I refer to our ongoing correspondence regarding your investment in the LM Managed Performance Fund ('the Fund').

Treatment of matured unitholdings

Due to the circumstances of the Fund prior to appointment of the Trustee, and particularly due to the delays on unitholder withdrawals being implemented by the Fund, we consider it equitable that all unitholders, including those with investments that had matured and not been paid or those which would otherwise have matured in accordance with investor instructions, be treated equally.

Prior to any distribution made by the Trustee, Court directions will be sought in relation to this matter and we will act in accordance with such Court directions.

Should the Court directions require a different treatment of matured unitholdings, we may need to undertake an assessment of unitholders who were impacted by delayed withdrawals (including your unitholding) and potentially seek further directions in relation to these unitholders.

Please note that the Trustee is not in a position to make any distribution in respect to your investment, regardless of whether the investment matured prior to the closure of the Fund.

Australian Income Fund

KordaMentha are Trustee of the Managed Performance Fund ('MPF'). KordaMentha are not Trustee of any other LM Fund, including the Australian Income Fund ('AIF'). The financial position of the MPF was and remains significantly different to the financial position of the AIF. Furthermore, the AIF is not party to current litigation which is preventing the Trustee from making a distribution of general trust funds to investors.

Further information regarding this ongoing litigation can be found in the **attached** latest update to investors, dated 28 June 2018.

The return to investors in the MPF is expected to be lower than the return to investors of some other LM funds. It is expected that the return to unitholders of the MPF will be less than 5 cents in the dollar.

The Trustee will continue to provide updates as and when new information becomes available.

Kind Regards,

KordaMentha

Dear kordamentha
Kindly note that i have been waiting for my matured funds namely mpf since august 2012.

I cannot understand why kordamentha did not apply for the distribution of my matured funds as Fti did for their witholders of australian funds. My funds were matured and they should have already been settled before any kind of distribution because they were matured before insolvency.

So i am still waiting for justice in the distribution of my matured funds since august 2012.

Hoping to receive my matured money back without further delay as i need them to sustain my daily living.
Best regards
Charles borg

Subject: Mr. Charles Borg

Good morning,

We have clients asking about their position in relation to their investment in the LM Managed Performance Fund (LMMPF).

These clients had their investment maturing months before the LMMPF was put into liquidation, with LM Investment Management Limited sending out letters to these clients informing them about the delay in payment of their redemption. LMIM confirmed that their investment remains at 100% of its original capital value.

These clients are very concerned that KordaMentha will treat such clients the same as any other client who's investment matured after March 2013 (after the Liquidation started). We are aware that in your last update (Update 19) a note under in section **4.1 Return of monies to Unitholders** makes reference that KordaMentha is seeking an advice from the Court in relation to number of matters including the following;

- The treatment of unit holdings which may have been due to mature prior to closure of the fund, in accordance with unitholder instructions, however where redemption was not processed.
- Appropriate apportionment and calculation of distribution amount amongst unitholders.

Do you have an indication when the Court will give the advice?

Our clients and us believe that clients should not be treated the same because their investment was matured before the Court ordered the liquidation of the LM MPF.

From the updates being issued by KordaMentha, we believe that LM Investment Management Limited as trustees of LM MPF did not act in the best interest of shareholders, especially that a big percentage of the fund went into one project, Madison Real Estate, which the underlying investor was Peter Drake. I suggest, that KordaMentha explores the possibility of a Compensation Scheme by the Australian Regulator, as LMIM was an authorized Company by the Australian Regulator, and they should have participated in a Compensation Scheme.

Thanking you in anticipation,

Kind Regards,

Lorraine Falzon

Subject: RE: Mr. Charles Borg

Dear kordamentha
Thank you for your e-mail dated 1st November 2018.
Kindly note that before kordamentha has taken responsanility of mpf funds,my funds were already matured and i was a creditor for lm whom had promised me 100 per cent of my money together with accrued interest. So kordamentha should have applied for the distribution of matured funds as fti did whom they have already received two installments. So in my opinion since my funds matured before lm insolvency that lm has promised in writing to witholders of matured funds, such funds should have been distributed before any kind of distribution as we were all creditors for lm.
I hope that kordamentha will inform the responsible people of distribution of funds by sending them all my e-mails because justice and honesty according to the law should be done as i am very surprised in my situation.
I feel very frastrated because my funds have been kept by lm without my authority and after their insolvency all other responsible people after 6 years i can confirm that my situatuon remained the same.
So i appreciate if kordamentha apply by copying me because i need a fundamental reason why i did not received my matured money back since there were distribution of other funds.
Since lm went bankrupt i feel all funds are equal. I repeat and insist that matured funds should have settled first.
I hope that you understand my position and i hope also that kordamentha apply to the court by copying me by sending all my e-mails as i feel very frustrated with such situation as being stolen or betrayed considering the letters in hand sent to me by lm. Do you think that such letters written to us by lm before lm isolvency are nothing to the court or to any othery responsible persons who are responsible of distribution of funds?.
Since there has been distinction between funds as regards distribution, i understand that such distinction should be repeated as regards matured and unmatured.
So your assistance in applying to the court by copying me will be much appreciated as i need my matured funds of way back august 2012 very urgently.
My beliefs are in honesty and justice equal as regards distribution of funds when there is insolvency.
Thank you once again and i shall be waiting your assistance to my request.
Regards
Charles borg

Dear kordamentha
Appreciate if i may have any kind of reply to my e-mail dated 1st november 2018 or at least advice what kind of action will be taken to my request for honesty and justice as regards distribution of funds.
So your assistance by copying me to the court or other responsible personel who are responsible with regards distribution of funds will be highly appreciated.
Lm responsabilty was equal to all kinds of funds. Lm has kept my funds without my authority after maturity. My matured funds were garanteed by lm at 100 per cent together with accrured interest upon payment. This guarantee is in writing by lm to us who had matured funds.
So i understand that all responsable persons and the court should not ignore lm written letters to witholders who had matured funds.
I insist that matured funds before lm insolvency should have paid before any kind of distribution.

I hope that kordamentha apply for my full amount by copying me so that justice and honesty as regards distribution of funds will be done.

Thanking you in advance for your assistance.

Subject: Mr. Charles Borg

Good morning,

We have clients asking about their position in relation to their investment in the LM Managed Performance Fund (LMMPF).

These clients had their investment maturing months before the LMMPF was put into liquidation, with LM Investment Management Limited sending out letters to these clients informing them about the delay in payment of their redemption. LMIM confirmed that their investment remains at 100% of its original capital value.

These clients are very concerned that KordaMentha will treat such clients the same as any other client who's investment matured after March 2013 (after the Liquidation started). We are aware that in your last update (Update 19) a note under in section **4.1 Return of monies to Unitholders** makes reference that KordaMentha is seeking an advice from the Court in relation to number of matters including the following;

- The treatment of unit holdings which may have been due to mature prior to closure of the fund, in accordance with unitholder instructions, however where redemption was not processed.
- Appropriate apportionment and calculation of distribution amount amongst unitholders.

Do you have an indication when the Court will give the advice?

Our clients and us believe that clients should not be treated the same because their investment was matured before the Court ordered the liquidation of the LM MPF.

From the updates being issued by KordaMentha, we believe that LM Investment Management Limited as trustees of LM MPF did not act in the best interest of shareholders, especially that a big percentage of the fund went into one

project, Madison Real Estate, which the underlying investor was Peter Drake. I suggest, that KordaMentha explores the possibility of a Compensation Scheme by the Australian Regulator, as LMIM was an authorized Company by the Australian Regulator, and they should have participated in a Compensation Scheme.

Thanking you in anticipation,

Kind Regards,

Lorraine Falzon

Subject: Matter Number 119172015 - Trustee application for fee approval

Dear Unitholder

The purpose of this notice is to inform you that KordaMentha Pty Ltd in its capacity as the Trustee of the LM Managed Performance Fund (the **Trustee**) has made an application to the Supreme Court of Queensland seeking approval for payment of its professional fees.

The Trustee filed an interlocutory application (the **Application**) on 6 July 2018 seeking an order under section 101 of the Trusts Act 1973 (QLD) authorising payment of its professional fees from 15 August 2016 to 27 May 2018.

The application has been set down for hearing by a Justice of the Supreme Court at 10.00am on 7 August 2018.

On 27 November 2015, the Court made an order permitting the Trustee to serve the Application and its supporting material by (1) posting it on the website maintained by the Trustee with respect to the MPF and (2) notifying

members of the nature of the Application and of the fact that the Application has been posted on KordaMentha's MPF website.

The following material has been posted on KordaMentha's MPF website, which can be accessed at http://www.kordamentha.com/creditor-information/australia/109:

- Interlocutory Application dated 4 July 2018
- Fourth Affidavit of Jarrod Villani sworn on 3 July 2018
- Exhibit JV-13 to the Fourth Affidavit of Jarrod Villani
- Orders made by Justice Applegarth on 27 November 2015

This material is available now to be downloaded by members at the above link.

Copies of the previous applications and affidavits referred to in the Fourth Affidavit of Jarrod Villani (excluding confidential exhibits) are also available for download on KordaMentha's MPF website.

Kind regards

KordaMentha

Subject: RE: Mr. Charles Borg

Dear kordamentha
As you are aware i have sent you two e-mails namely dated 1st and 6th November 2018 related to your e-mail dated 1st November 2018.

I have requested to be copied by kordamentha in applying for the distribution of matured funds before lm insolvency to the court and to the resposible people of distribution of funds. So i cannot understand why kordamentha is finding it difficult to do so by considering justice and honesty as regards distribution of funds.

Kindly note also that the above request do not have any kind of harm but clears the way how distribution of funds should be done to all kinds of funds that lm had before insolvency and also afterwards.

I understand and insist that matured funds before lm insolvency has the most priority as regards distribution for justice and honesty towards distribution of funds.

I hope that kordamentha understand my situation so that they can apply my request by copying me as i am applying for justice and honesty in the distribution of funds for my matured funds since August 2012.

Thanking in advace for your assistance and co-operation to my request.

Best regards
Charles Borg

Subject: RE: Mr. Charles Borg

Dear kordamentha
Appreciate if i may have any kind of reply to my e-mail dated 1st november 2018 or at least advice what kind of action will be taken to my request for honesty and justice as regards distribution of funds.
So your assistance by copying me to the court or other responsible personel who are responsible with regards distribution of funds will be highly appreciated.
Lm responsabilty was equal to all kinds of funds. Lm has kept my funds without my authority after maturity. My matured funds were garanteed by lm at 100 per cent together with accrured interest upon payment. This guarantee is in writing by lm to us who had matured funds.
So i understand that all responsable persons and the court should not ignore lm written letters to witholders who had matured funds.
I insist that matured funds before lm insolvency should have paid before any kind of distribution.

I hope that kordamentha apply for my full amount by copying me so that justice and honesty as regards distribution of funds will be done.

Thanking you in advance for your assistance.

Subject: RE: Mr. Charles Borg

Dear kordamentha
Thank you for your e-mail dated 1st November 2018.
Kindly note that before kordamentha has taken responsanility of mpf funds,my funds were already matured and i was a creditor for lm whom had promised me 100 per cent of my money together with accrued interest. So kordamentha should have applied for the distribution of matured funds as fti did whom they have already received two installments. So in my opinion since my funds matured before lm insolvency that lm has promised in writing to witholders of matured funds, such funds should have been distributed before any kind of distribution as we were all creditors for lm.
I hope that kordamentha will inform the responsible people of distribution of funds by sending them all my e-mails because justice and honesty according to the law should be done as i am very surprised in my situation.
I feel very frastrated because my funds have been kept by lm without my authority and after their insolvency all other responsible people after 6 years i can confirm that my situatuon remained the same.
So i appreciate if kordamentha apply by copying me because i need a fundamental reason why i did not received my matured money back since there were distribution of other funds.
Since lm went bankrupt i feel all funds are equal. I repeat and insist that matured funds should have settled first.
I hope that you understand my position and i hope also that kordamentha apply to the court by copying me by sending all my e-mails as i feel very frustrated with such situation as being stolen or betrayed considering the letters in hand sent to me by lm. Do you think that such letters written to us by lm before lm isolvency are nothing to the court or to any othery responsible persons who are responsible of distribution of funds?.
Since there has been distinction between funds as regards distribution, i understand that such distinction should be repeated as regards matured and unmatured.
So your assistance in applying to the court by copying me will be much appreciated as i need my matured funds of way back august 2012 very urgently.
My beliefs are in honesty and justice equal as regards distribution of funds when there is insolvency.
Thank you once again and i shall be waiting your assistance to my request.
Regards

Subject: RE: Mr. Charles Borg

Dear Charles,

I refer to our ongoing correspondence regarding your investment in the LM Managed Performance Fund ('the Fund').

Treatment of matured unitholdings

Due to the circumstances of the Fund prior to appointment of the Trustee, and particularly due to the delays on unitholder withdrawals being implemented by the Fund, we consider it equitable that all unitholders, including those with investments that had matured and not been paid or those which would otherwise have matured in accordance with investor instructions, be treated equally.

Prior to any distribution made by the Trustee, Court directions will be sought in relation to this matter and we will act in accordance with such Court directions.

Should the Court directions require a different treatment of matured unitholdings, we may need to undertake an assessment of unitholders who were impacted by delayed withdrawals (including your unitholding) and potentially seek further directions in relation to these unitholders.

Please note that the Trustee is not in a position to make any distribution in respect to your investment, regardless of whether the investment matured prior to the closure of the Fund.

Australian Income Fund

KordaMentha are Trustee of the Managed Performance Fund ('MPF'). KordaMentha are not Trustee of any other LM Fund, including the Australian Income Fund ('AIF'). The financial position of the MPF was and remains significantly different to the financial position of the AIF. Furthermore, the AIF is not party to current litigation which is preventing the Trustee from making a distribution of general trust funds to investors.

Further information regarding this ongoing litigation can be found in the **attached** latest update to investors, dated 28 June 2018.

The return to investors in the MPF is expected to be lower than the return to investors of some other LM funds. It is expected that the return to unitholders of the MPF will be less than 5 cents in the dollar.

The Trustee will continue to provide updates as and when new information becomes available.

Kind Regards,

KordaMentha

Subject: Matter Number 119172015 - Trustee application for fee approval

Dear Unitholder

The purpose of this notice is to inform you that KordaMentha Pty Ltd in its capacity as the Trustee of the LM Managed Performance Fund (the **Trustee**) has made an application to the Supreme Court of Queensland seeking approval for payment of its professional fees.

The Trustee filed an interlocutory application (the **Application**) on 6 July 2018 seeking an order under section 101 of the Trusts Act 1973 (QLD) authorising payment of its professional fees from 15 August 2016 to 27 May 2018.

The application has been set down for hearing by a Justice of the Supreme Court at 10.00am on 7 August 2018.

On 27 November 2015, the Court made an order permitting the Trustee to serve the Application and its supporting material by (1) posting it on the website maintained by the Trustee with respect to the MPF and (2) notifying

members of the nature of the Application and of the fact that the Application has been posted on KordaMentha's MPF website.

The following material has been posted on KordaMentha's MPF website, which can be accessed at http://www.kordamentha.com/creditor-information/australia/109:

- Interlocutory Application dated 4 July 2018
- Fourth Affidavit of Jarrod Villani sworn on 3 July 2018
- Exhibit JV-13 to the Fourth Affidavit of Jarrod Villani
- Orders made by Justice Applegarth on 27 November 2015

This material is available now to be downloaded by members at the above link.

Copies of the previous applications and affidavits referred to in the Fourth Affidavit of Jarrod Villani (excluding confidential exhibits) are also available for download on KordaMentha's MPF website.

Kind regards

KordaMentha

Subject: RE: Mr. Charles Borg

Dear kordamentha
I have sent you four e-mails namely 1st, 6th,10th and 17th November 2018 and i am really surprised why i did not receive any kind of feedback which relates to my mfp funds for whom you are responsible.
I have just requested to send my e-mails to the australian court and to apply for the distribution of matured funds as fti did for their witholders whom have already distributed two installments.
I cannot understand why kordamentha is finding difficulty to do such simple request which may solve honesty,justice and reality towards all witholders of lm different of funds which lm was resposible and equally to all kind of funds.
I am begging you to do so because i need my matured money back in full as lm has promised me in writing before their insolvency.
I need to see justice and honesty towards distribution of funds. I need to be copied with such request. This request will help all witholders for the truth and does not do any harm.
I hope that kordamentha understand my request and apply without further delay.

Lm letter sent to all mpf matured funds should not be ignored especially by the court but kordamentha have to apply as fti did for their witholders.

I hope that kordamentha will do something to my request and reply to my e-mails or at least apply by copying me and send all my correspondence to the court so that i shall receive JUSTICE TO MY MATURED FUNDS.

Thanking once again for your co-operation in advance to the above

Dear kordamentha
As you are aware i have sent you two e-mails namely dated 1st and 6th November 2018 related to your e-mail dated 1st November 2018.

I have requested to be copied by kordamentha in applying for the distribution of matured funds before lm insolvency to the court and to the resposible people of distribution of funds. So i cannot understand why kordamentha is finding it difficult to do so by considering justice and honesty as regards distribution of funds.

Kindly note also that the above request do not have any kind of harm but clears the way how distribution of funds should be done to all kinds of funds that lm had before insolvency and also afterwards.

I understand and insist that matured funds before lm insolvency has the most priority as regards distribution for justice and honesty towards distribution of funds.

I hope that kordamentha understand my situation so that they can apply my request by copying me as i am applying for justice and honesty in the distribution of funds for my matured funds since August 2012.

Thanking in advace for your assistance and co-operation to my request.

Best regards

Subject: RE: Mr. Charles Borg

Dear kordamentha
Thank you for your e-mail dated 1st November 2018.
Kindly note that before kordamentha has taken responsanility of mpf funds,my funds were already matured and i was a creditor for lm whom had promised me 100 per cent of my money together with accrued interest. So kordamentha should have applied for the distribution of matured funds as fti did whom they have already received two installments. So in my opinion since my funds matured before lm insolvency that lm has promised in writing to witholders of matured funds, such funds should have been distributed before any kind of distribution as we were all creditors for lm.
I hope that kordamentha will inform the responsible people of distribution of funds by sending them all my e-mails because justice and honesty according to the law should be done as i am very surprised in my situation.
I feel very frastrated because my funds have been kept by lm without my authority and after their insolvency all other responsible people after 6 years i can confirm that my situatuon remained the same.
So i appreciate if kordamentha apply by copying me because i need a fundamental reason why i did not received my matured money back since there were distribution of other funds.
Since lm went bankrupt i feel all funds are equal. I repeat and insist that matured funds should have settled first.
I hope that you understand my position and i hope also that kordamentha apply to the court by copying me by sending all my e-mails as i feel very frustrated with such situation as being stolen or betrayed considering the letters in hand sent to me by lm. Do you think that such letters written to us by lm before lm isolvency are nothing to the court or to any othery responsible persons who are responsible of distribution of funds?.
Since there has been distinction between funds as regards distribution, i understand that such distinction should be repeated as regards matured and unmatured.
So your assistance in applying to the court by copying me will be much appreciated as i need my matured funds of way back august 2012 very urgently.
My beliefs are in honesty and justice equal as regards distribution of funds when there is insolvency.
Thank you once again and i shall be waiting your assistance to my request.

Subject: RE: Mr. Charles Borg

Dear Charles,

I refer to our ongoing correspondence regarding your investment in the LM Managed Performance Fund ('the Fund').

Treatment of matured unitholdings

Due to the circumstances of the Fund prior to appointment of the Trustee, and particularly due to the delays on unitholder withdrawals being implemented by the Fund, we consider it equitable that all unitholders, including those with investments that had matured and not been paid or those which would otherwise have matured in accordance with investor instructions, be treated equally.

Prior to any distribution made by the Trustee, Court directions will be sought in relation to this matter and we will act in accordance with such Court directions.

Should the Court directions require a different treatment of matured unitholdings, we may need to undertake an assessment of unitholders who were impacted by delayed withdrawals (including your unitholding) and potentially seek further directions in relation to these unitholders.

Please note that the Trustee is not in a position to make any distribution in respect to your investment, regardless of whether the investment matured prior to the closure of the Fund.

Australian Income Fund

KordaMentha are Trustee of the Managed Performance Fund ('MPF'). KordaMentha are not Trustee of any other LM Fund, including the Australian Income Fund ('AIF'). The financial position of the MPF was and remains significantly different to the financial position of the AIF. Furthermore, the AIF is not party to current litigation which is preventing the Trustee from making a distribution of general trust funds to investors.

Further information regarding this ongoing litigation can be found in the **attached** latest update to investors, dated 28 June 2018.

The return to investors in the MPF is expected to be lower than the return to investors of some other LM funds. It is expected that the return to unitholders of the MPF will be less than 5 cents in the dollar.

The Trustee will continue to provide updates as and when new information becomes available.

Kind Regards,

KordaMentha

Dear Lorraine

Thank you for your email.

As per our update to investors dated 28 June 2018, the Trustee will be seeking Court direction in relation to the distribution methodology.

The Trustee has not yet commenced this process, sufficient notice will provided to all unitholders once these proceedings have commenced.

Kind Regards

Subject: Mr. Charles Borg

Good morning,

We have clients asking about their position in relation to their investment in the LM Managed Performance Fund (LMMPF).

These clients had their investment maturing months before the LMMPF was put into liquidation, with LM Investment Management Limited sending out letters to these clients informing them about the delay in payment of their redemption. LMIM confirmed that their investment remains at 100% of its original capital value.

These clients are very concerned that KordaMentha will treat such clients the same as any other client who's investment matured after March 2013 (after the Liquidation started). We are aware that in your last update (Update 19) a note under in section **4.1 Return of monies to Unitholders** makes reference that KordaMentha is seeking an advice from the Court in relation to number of matters including the following;

- The treatment of unit holdings which may have been due to mature prior to closure of the fund, in accordance with unitholder instructions, however where redemption was not processed.
- Appropriate apportionment and calculation of distribution amount amongst unitholders.

Do you have an indication when the Court will give the advice?

Our clients and us believe that clients should not be treated the same because their investment was matured before the Court ordered the liquidation of the LM MPF.

From the updates being issued by KordaMentha, we believe that LM Investment Management Limited as trustees of LM MPF did not act in the best interest of shareholders, especially that a big percentage of the fund went into one project, Madison Real Estate, which the underlying investor was Peter Drake. I suggest, that KordaMentha explores the possibility of a Compensation Scheme by the Australian Regulator, as LMIM was an authorized Company by the Australian Regulator, and they should have participated in a Compensation Scheme.

Thanking you in anticipation,

Kind Regards,

Lorraine Falzon

Subject: Matter Number 119172015 - Trustee application for fee approval

Dear Unitholder

The purpose of this notice is to inform you that KordaMentha Pty Ltd in its capacity as the Trustee of the LM Managed Performance Fund (the **Trustee**) has made an application to the Supreme Court of Queensland seeking approval for payment of its professional fees.

The Trustee filed an interlocutory application (the **Application**) on 6 July 2018 seeking an order under section 101 of the Trusts Act 1973 (QLD) authorising payment of its professional fees from 15 August 2016 to 27 May 2018.

The application has been set down for hearing by a Justice of the Supreme Court at 10.00am on 7 August 2018.

On 27 November 2015, the Court made an order permitting the Trustee to serve the Application and its supporting material by (1) posting it on the website maintained by the Trustee with respect to the MPF and (2) notifying members of the nature of the Application and of the fact that the Application has been posted on KordaMentha's MPF website.

The following material has been posted on KordaMentha's MPF website, which can be accessed at http://www.kordamentha.com/creditor-information/australia/109:

- Interlocutory Application dated 4 July 2018
- Fourth Affidavit of Jarrod Villani sworn on 3 July 2018
- Exhibit JV-13 to the Fourth Affidavit of Jarrod Villani
- Orders made by Justice Applegarth on 27 November 2015

This material is available now to be downloaded by members at the above link.

Copies of the previous applications and affidavits referred to in the Fourth Affidavit of Jarrod Villani (excluding confidential exhibits) are also available for download on KordaMentha's MPF website.

Kind regards

KordaMentha

Dear Charles,

I refer to your emails of 1, 6, 10, 17 and 25 November.

The Trustee is currently preparing materials to seek directions from the court in relation to the matter of unit holdings which may have matured prior to the closure of the Fund. I confirm per your request, the court will be provided with a copy of your correspondence as a part of the directions process.

As previously advised, due to the circumstances of the Fund prior to appointment of the Trustee, and particularly due to the delays on unitholder withdrawals being implemented by the Fund, we consider it equitable that all unitholders, including those with investments that had matured and not been paid or those which would otherwise have matured in accordance with investor instructions, be treated equally. We expect that any distribution to unitholders in respect to their investments will be less than 5 cents in the dollar.

We will keep all unitholders updated in relation to the directions process.

Kind regards,

KordaMentha

Subject: RE: Mr. Charles Borg

Dear Charles,

I refer to our ongoing correspondence regarding your investment in the LM Managed Performance Fund ('the Fund').

Treatment of matured unitholdings

Due to the circumstances of the Fund prior to appointment of the Trustee, and particularly due to the delays on unitholder withdrawals being implemented by the Fund, we consider it equitable that all unitholders, including those with investments that had matured and not been paid or those which would otherwise have matured in accordance with investor instructions, be treated equally.

Prior to any distribution made by the Trustee, Court directions will be sought in relation to this matter and we will act in accordance with such Court directions.

Should the Court directions require a different treatment of matured unitholdings, we may need to undertake an assessment of unitholders who were impacted by delayed withdrawals (including your unitholding) and potentially seek further directions in relation to these unitholders.

Please note that the Trustee is not in a position to make any distribution in respect to your investment, regardless of whether the investment matured prior to the closure of the Fund.

Australian Income Fund

KordaMentha are Trustee of the Managed Performance Fund ('MPF'). KordaMentha are not Trustee of any other LM Fund, including the Australian Income Fund ('AIF'). The financial position of the MPF was and remains significantly

different to the financial position of the AIF. Furthermore, the AIF is not party to current litigation which is preventing the Trustee from making a distribution of general trust funds to investors.

Further information regarding this ongoing litigation can be found in the **attached** latest update to investors, dated 28 June 2018.

The return to investors in the MPF is expected to be lower than the return to investors of some other LM funds. It is expected that the return to unitholders of the MPF will be less than 5 cents in the dollar.

The Trustee will continue to provide updates as and when new information becomes available.

Kind Regards,

KordaMentha

Dear kordamentha

Kindly note that i have been waiting for my matured funds namely mpf since august 2012.

I cannot understand why kordamentha did not apply for the distribution of my matured funds as Fti did for their witholders of australian funds. My funds were matured and they should have already been settled before any kind of distribution because they were matured before insolvency.

So i am still waiting for justice in the distribution of my matured funds since august 2012.

Hoping to receive my matured money back without further delay as i need them to sustain my daily living.

Best regards

Charles borg

Dear Lorraine

Thank you for your email.

As per our update to investors dated 28 June 2018, the Trustee will be seeking Court direction in relation to the distribution methodology.

The Trustee has not yet commenced this process, sufficient notice will provided to all unitholders once these proceedings have commenced.

Kind Regards

KordaMentha

Subject: Mr. Charles Borg

Good morning,

We have clients asking about their position in relation to their investment in the LM Managed Performance Fund (LMMPF).

These clients had their investment maturing months before the LMMPF was put into liquidation, with LM Investment Management Limited sending out letters to these clients informing them about the delay in payment of their redemption. LMIM confirmed that their investment remains at 100% of its original capital value.

These clients are very concerned that KordaMentha will treat such clients the same as any other client who's investment matured after March 2013 (after the Liquidation started). We are aware that in your last update (Update 19) a note under in section **4.1 Return of monies to Unitholders** makes reference that KordaMentha is seeking an advice from the Court in relation to number of matters including the following;

- The treatment of unit holdings which may have been due to mature prior to closure of the fund, in accordance with unitholder instructions, however where redemption was not processed.
- Appropriate apportionment and calculation of distribution amount amongst unitholders.

Do you have an indication when the Court will give the advice?

Our clients and us believe that clients should not be treated the same because their investment was matured before the Court ordered the liquidation of the LM MPF.

From the updates being issued by KordaMentha, we believe that LM Investment Management Limited as trustees of LM MPF did not act in the best interest of shareholders, especially that a big percentage of the fund went into one project, Madison Real Estate, which the underlying investor was Peter Drake. I suggest, that KordaMentha explores the possibility of a Compensation Scheme by the Australian Regulator, as LMIM was an authorized Company by the Australian Regulator, and they should have participated in a Compensation Scheme.

Thanking you in anticipation,

Kind Regards,

Lorraine Falzon

Subject: Matter Number 119172015 - Trustee application for fee approval

Dear Unitholder

The purpose of this notice is to inform you that KordaMentha Pty Ltd in its capacity as the Trustee of the LM Managed Performance Fund (the **Trustee**) has made an application to the Supreme Court of Queensland seeking approval for payment of its professional fees.

The Trustee filed an interlocutory application (the **Application**) on 6 July 2018 seeking an order under section 101 of the Trusts Act 1973 (QLD) authorising payment of its professional fees from 15 August 2016 to 27 May 2018.

The application has been set down for hearing by a Justice of the Supreme Court at 10.00am on 7 August 2018.

On 27 November 2015, the Court made an order permitting the Trustee to serve the Application and its supporting material by (1) posting it on the website maintained by the Trustee with respect to the MPF and (2) notifying members of the nature of the Application and of the fact that the Application has been posted on KordaMentha's MPF website.

The following material has been posted on KordaMentha's MPF website, which can be accessed at http://www.kordamentha.com/creditor-information/australia/109:

- Interlocutory Application dated 4 July 2018
- Fourth Affidavit of Jarrod Villani sworn on 3 July 2018
- Exhibit JV-13 to the Fourth Affidavit of Jarrod Villani
- Orders made by Justice Applegarth on 27 November 2015

This material is available now to be downloaded by members at the above link.

Copies of the previous applications and affidavits referred to in the Fourth Affidavit of Jarrod Villani (excluding confidential exhibits) are also available for download on KordaMentha's MPF website.

Kind regards

KordaMentha

Subject: RE: Mr. Charles Borg

Dear kordamentha

Reference to your e-mail of today 2nd December 2018.

Kindly note that since you have just confirmed to me that my correspondence will be provided to the court, it would be much appreciated if kordamentha copy me because i need to hear from the court why i did not yet been refunded with the whole of my matured funds.
In my opinion matured funds before lm insolvency should have been refunded in full and before also any other funds that lm had in their responsability. Kindly note also that i cannot understand why there was already distribution of funds as fti did while my matured funds are still being kept as has been decided by kordamentha and not by the court.
I still insist that kordamentha should have applied for distribution of funds as fti did for australian funds.
My money were matured and kept by lm,but lm have sent me a letter that my money will be paid at 100 per together with accrued interest but afterwards kordamrntha have taken responsabilty of my matured funds and this letter has been ignored and korfamentha did not apply for the distribution of matured funds that lm has promised and garanteed at 100 per cent.

Since kordamentha has decided to treat all witholders matured and unmatured before and after lm insolvency the same before court decision, i still understand that such decision is against the law.

So i hope that you send my e-mails to the court by copying me as i need HONESTY AND TRUTH JUSTICE FROM THE COURT with regards distribution of funds.

I need again to remind you that my matured funds were due to me at 100 per cent before lm insolvency,before also kordamentha responsability,before also any kind of distribution of funds as fti did for their witholders. So this is against the law.

So again i hope to see all my e-mails sent to the court by copying me so that JUSTICE according to the law will be done by the court with regards distribution of funds.

Please action my request as soon as possible because my matured money have been kept without my authority since August 2012 which is before lm insolvency and before kordamentha has taken responsability. So such decision is against the law especially while there has already distribution of funds. Kindly note that equitability should be actiond for all funds and not on mpf of matured and unmatured funds only as kordamentha has decided.

So i hope that kordamentha send my e-mails to the court as confirmed by copying me so that justice as regards distribution of funds will be done honestly and truely without differences and according to the financial law under insolvency.
Thanking for your e-mail of today and i hope that my request will be done as soon as possible.

Best regards
Charles Borg

Subject: RE: Mr. Charles Borg

Dear Charles,

I refer to your emails of 1, 6, 10, 17 and 25 November.

The Trustee is currently preparing materials to seek directions from the court in relation to the matter of unit holdings which may have matured prior to the closure of the Fund. I confirm per your request, the court will be provided with a copy of your correspondence as a part of the directions process.

As previously advised, due to the circumstances of the Fund prior to appointment of the Trustee, and particularly due to the delays on unitholder withdrawals being implemented by the Fund, we consider it equitable that all unitholders, including those with investments that had matured and not been paid or those which would otherwise have matured in accordance with investor instructions, be treated equally. We expect that any distribution to unitholders in respect to their investments will be less than 5 cents in the dollar.

We will keep all unitholders updated in relation to the directions process.

Kind regards,

KordaMentha

Subject: RE: Mr. Charles Borg

Dear kordamentha

I have sent you four e-mails namely 1st, 6th,10th and 17th November 2018 and i am really surprised why i did not receive any kind of feedback which relates to my mfp funds for whom you are responsible.

I have just requested to send my e-mails to the australian court and to apply for the distribution of matured funds as fti did for their witholders whom have already distributed two installments.

I cannot understand why kordamentha is finding difficulty to do such simple request which may solve honesty,justice and reality towards all witholders of lm different of funds which lm was resposible and equally to all kind of funds.

I am begging you to do so because i need my matured money back in full as lm has promised me in writing before their insolvency.

I need to see justice and honesty towards distribution of funds. I need to be copied with such request. This request will help all witholders for the truth and does not do any harm.

I hope that kordamentha understand my request and apply without further delay.

Lm letter sent to all mpf matured funds should not be ignored especially by the court but kordamentha have to apply as fti did for their witholders.

I hope that kordamentha will do something to my request and reply to my e-mails or at least apply by copying me and send all my correspondence to the court so that i shall receive JUSTICE TO MY MATURED FUNDS.

Thanking once again for your co-operation in advance to the above

To: lminvestors <lminvestors@kordamentha.com>

Subject: RE: Mr. Charles Borg

Dear kordamentha

Thank you for your e-mail dated 1st November 2018.

Kindly note that before kordamentha has taken responsanility of mpf funds,my funds were already matured and i was a creditor for lm whom had promised me 100 per cent of my money together with accrued interest. So kordamentha should have applied for the distribution of matured funds as fti did whom they have already received two installments. So in my opinion since my funds matured before lm insolvency that lm has promised in writing to witholders of matured funds, such funds should have been distributed before any kind of distribution as we were all creditors for lm.

I hope that kordamentha will inform the responsible people of distribution of funds by sending them all my e-mails because justice and honesty according to the law should be done as i am very surprised in my situation.

I feel very frastrated because my funds have been kept by lm without my authority and after their insolvency all other responsible people after 6 years i can confirm that my situatuon remained the same.

So i appreciate if kordamentha apply by copying me because i need a fundamental reason why i did not received my matured money back since there were distribution of other funds.

Since lm went bankrupt i feel all funds are equal. I repeat and insist that matured funds should have settled first.

I hope that you understand my position and i hope also that kordamentha apply to the court by copying me by sending all my e-mails as i feel very frustrated with such situation as being stolen or betrayed considering the letters in hand sent to me by lm. Do you think that such letters written to us by lm before lm isolvency are nothing to the court or to any othery responsible persons who are responsible of distribution of funds?.

Since there has been distinction between funds as regards distribution, i understand that such distinction should be repeated as regards matured and unmatured.

So your assistance in applying to the court by copying me will be much appreciated as i need my matured funds of way back august 2012 very urgently.

My beliefs are in honesty and justice equal as regards distribution of funds when there is insolvency.

Thank you once again and i shall be waiting your assistance to my request.

Regards

Charles borg

Subject: RE: Mr. Charles Borg

Dear Charles,

I refer to our ongoing correspondence regarding your investment in the LM Managed Performance Fund ('the Fund').

Treatment of matured unitholdings

Due to the circumstances of the Fund prior to appointment of the Trustee, and particularly due to the delays on unitholder withdrawals being implemented by the Fund, we consider it equitable that all unitholders, including those with investments that had matured and not been paid or those which would otherwise have matured in accordance with investor instructions, be treated equally.

Prior to any distribution made by the Trustee, Court directions will be sought in relation to this matter and we will act in accordance with such Court directions.

Should the Court directions require a different treatment of matured unitholdings, we may need to undertake an assessment of unitholders who were impacted by delayed withdrawals (including your unitholding) and potentially seek further directions in relation to these unitholders.

Please note that the Trustee is not in a position to make any distribution in respect to your investment, regardless of whether the investment matured prior to the closure of the Fund.

Australian Income Fund

KordaMentha are Trustee of the Managed Performance Fund ('MPF'). KordaMentha are not Trustee of any other LM Fund, including the Australian Income Fund ('AIF'). The financial position of the MPF was and remains significantly different to the financial position of the AIF. Furthermore, the AIF is not party to current litigation which is preventing the Trustee from making a distribution of general trust funds to investors.

Further information regarding this ongoing litigation can be found in the **attached** latest update to investors, dated 28 June 2018.

The return to investors in the MPF is expected to be lower than the return to investors of some other LM funds. It is expected that the return to unitholders of the MPF will be less than 5 cents in the dollar.

The Trustee will continue to provide updates as and when new information becomes available.

Kind Regards,

KordaMentha
